

Hi Steve

Was really good to see everyone this year. As a few mentioned - maybe we should have a gathering every 6 months since several may not last another year!

Here are a few of the Air Am. newsletters that were published. They were informative little newsletters with lots of pictures. You can add them to your library.

I am sorting thru a few boxes of misc.

Seems after Sept 11 - aviation really has dried up. I had hope several jobs would have materialized but they never did. So - I'm afraid that's it!

All the best and Thanks for your untiring efforts.

e-mail:

See you

Tony

I noticed among all the clutter I received an e-mail regarding Texas Tech which is enclosed. IS THIS TRUE?

I came across an envelope with misc checks made out to civil air transport. This one was mar 24 '71 - it is interesting to go back to my log book and see where the trip was - and the check was stamped "Bank of China"

Nothing of note here - CAT was a part 121 carrier and issued our tickets. Once in the U.S. - the other carriers had never heard of CAT and they would look it up to see if it existed and would always exclaim "We never heard of CAT"
