PART IINARRATIVE SUMMARY1. INTRODUCTION.

a. General. During June 1968 III Marine Amphibious Force Headquarters was located in East Danang, Republic of Vietnam. The average personnel strength was 153,077, an average of 668 under the previous month.

b. Activities. III MAF continued to be guided by COMUSMACV Letter of Instruction (LOI 3-66) dated 30 March 1966 in pursuit of III MAF objectives for June 1968.

2. OVERALL EVALUATION.

a. During the month of June allied forces continued operations to deny enemy units entry into the ICTZ, to destroy enemy forces in ICTZ, to deny the enemy the use of supply bases and staging areas for attack, and to deny him access to food producing areas.

b. The level of hostilities in ICTZ dropped sharply during the period. Frustrated in his attempts to launch a major offensive and having suffered severe losses from the spoiling attacks of III MAF units in May, the enemy sought to avoid action in order to concentrate his efforts on resupply, replenishment and training of his forces.

c. In northern ICTZ attacks by fire along the DMZ continued, but ground action was relatively light. In Quang Nam Province, elements of the 1st Marine Division continued Operation MAMELUKE THRUST and ALLEN BROOK to disrupt enemy efforts to concentrate for an attack in the Danang area.

d. During June III MAF initiated three new operations in ICTZ, Operation SWIFT SABER (8-14 June) utilizing the 7th Fleet's SLF Bravo, Operation NORFOLK VICTORY (19-29 June) and VANCE CANYON (21 June -).

e. In all, III MAF conducted a total of fourteen major unit operations accounting for 3,953 enemy KIA.

5. INTELLIGENCE.

a. General Enemy Situation. During the month of June there were a number of significant contacts although they were scattered and no pattern of offensive activity developed. The Go Noi Island/Hoi An area produced the most consistent activity. Based upon activity, PW interrogations and agent reports, enemy forces in this area were considered to have recuperated most quickly from losses suffered during May. Attacks by fire characterized the enemy initiated activity during the month. Incoming rounds were regularly received at friendly installations along the DMZ, although at times only in the nature of harassing fire. Toward the end of the month the volume began to increase slightly. This was particularly noticeable

in the Khe Sanh area after the press announcement of friendly withdrawal from the combat base. Near Khe Sanh, the largest contacts occurred toward the middle of the month when 186 and 131 NVA were KIA by 3/4 (USMC) on 15 and 18 June respectively. PW's identified their unit as the 88th Regiment of the 308th Division. Earlier, the 102nd Regiment of this division had been identified by PW's and documents, and prisoners taken on 7 and 10 June identified their unit as the 83rd Engineer Regiment. This engineer regiment reportedly had the mission of building a road from the Xe Pon River (XD 7832), on the Laos/Quang Tri Province border, to Hue, while the two regiments of the 308th Division would attack Khe Sanh. Aerial photography confirmed the completion of 30 km of the road but large attacks against Khe Sanh did not occur. Additionally, indications of the presence of elements of the 304th Division around Khe Sanh began to diminish. In the northeastern portion of the province, there were several contacts but major portions of the 320th Division appeared to have withdrawn into the DMZ. Toward the end of the month ARVN and U.S. Forces contacted enemy forces east of Quang Tri City. In one contact, the 1st Air Cavalry Division accounted for 225 enemy KIA and 38 PW's. The enemy unit was identified as the 814th Battalion of the Quang Tri Liberation Front. During the late evening hours of 15 June approximately 15 unidentified aircraft, believed to be enemy helicopters, were reportedly sighted in the DMZ area. Since that time there have been numerous sightings, both visual and by radar, of unidentified, slow-moving UFO's in the DMZ area and seaward toward Tiger Island. No hard evidence of these aircraft has yet been received. In Thua Thien Province the enemy was occupied with resupply and assimilation of replacements for most of the month. Enemy units withdrew westward to their base areas in the face of friendly sweep operations. The most significant contact of the period occurred on 3 June, 16 km southeast of Hue (YD 970160) when elements of the 101st Airborne Division and the ARVN Black Panther Company killed 104 enemy and through PSYOPS broadcasts, induced 86 enemy, primarily from the K-4 Battalion/5th Worksite and the C-117th LF Company, to surrender. Friendly operations sweeping west into enemy base areas 101 and 114 met little resistance, but uncovered large quantities of enemy equipment. In Quang Nam Province few sizeable engagements occurred, but the pattern of enemy activity indicated that the forces in this area were recovering more quickly than units elsewhere from the losses sustained during May. In the early part of June the 26th Marines had three successive contacts eight km south of Hill 55 (AT 985597). From the 15th through the 26th of the month enemy activity was concentrated in the Go Noi Island/Hoi An area and was the center of enemy initiated activity in I Corps. Many caches of arms and ammunition were found in the

area from Hoi An to Thuong Duc, the most significant of which was a 21 June find of a large amount of ammunition and weapons including 77 - 122mm rocket warheads, along a trail at (ZC 138647) 12 km north of Thuong Duc. This find appeared to have been hastily abandoned by the enemy. In Quang Tin Province and Quang Ngai Province activity was at a low level during the month. Two contacts on 5 and 7 June near enemy base area 117, resulting in 37 NVA KIA, were believed to be against elements of the 1st VC and 3rd NVA Regiments of the 2nd NVA Division. On 12 June in the same area Americal elements received approximately 30 rounds of 60mm mortar fire, some of which contained CS gas. The enemy also used a portable flame-thrower which was subsequently captured. Despite the increased threat in the province from elements of the 2nd NVA Division, enemy initiated activity did not increase. The enemy units probably withdrew from contact to accomplish resupply activities and training of replacements. Documents captured on 14 June west of the Dak Pek CIDG Camp in Kontum Province, identified elements of the previously unlocated 21st Regiment of the 2nd NVA Division. For the most part, activity in Quang Tin Province consisted of harassing attacks by fire, mining incidents and terrorism. The most significant terrorist activity occurred on 29 June when CAP 1-3-4 at Son Tra Village (BT 6201) received a mortar attack and satchel charges. Mortars were also fired into the village and houses set afire. The fire spread rapidly and destroyed 80% of the village. The incident resulted in 15 RD Cadre, 73 civilians killed and over a hundred civilians wounded. Routes 14 and 534 continued to show increased traffic and improvements. Photography revealed Route 534 cleared and widened as far as Hiep Duc. Heavy sampan activity was noted along the Song Thu Bon and Song Tranh Rivers. In Quang Ngai Province, the most significant development was the probable movement of the 22nd and 2nd Regiments of the 3rd NVA Division into the province from Binh Dinh Province. This information was given by a PW, a member of the 2nd Regiment, who was captured southwest of Ba To. The PW stated that the Division had left Binh Dinh approximately 1 May. Despite the increase in enemy forces in the province, enemy activity remained at a low level and was characterized by terrorism and mining incidents.

d. Counterintelligence.

(1) Propaganda and Subversion. Propaganda activity for the month of June was approximately one-third that of the preceding month. Most of the propaganda was in the form of lectures with a few instances of the use of leaflets and movies being reported.

(2) Terrorism. VC acts of terrorism have increased by ten over that of the preceding month, although the number of abductions decreased by almost 1600 from that of the last reporting period.

(3) Espionage and Sabotage. Incidents involving VC espionage activity continued to indicate low level agent activity with one report of an intelligence cell consisting of six females between 17 and 21 years of age. Acts of sabotage decreased from that of the preceding month, however, there was a marked change in the type of sabotage in that there were several instances of placing explosive devices in vehicles and one instance of the use of limpet mines used on a Navy barge at Chu Lai.

6. LOGISTICS.

a. General.

(1) The logistical posture remained satisfactory during the month of June. Material movement and construction progress were aided by good weather. The enemy continued to harass port facilities in ICTZ with artillery attacks and the ASP at Dong Ha was destroyed on 20 June with a resultant loss of approximately 11,900 short tons of Class V material.

(2) Colonel L. C. NORTON reported III MAF on 29 June as the prospective Assistant Chief of Staff, G-4.

b. Dental.

(1) Dental Civic Action (DENTCAP) conducted by III MAF Dental Companies during the month of June was as follows:

Patients treated: 2,840
Dental procedures: 6,085

(2) Periodic visits were made throughout the month of June to III MAF Dental facilities and to the NSA Station Hospital, Danang.

c. Embarkation.

(1) Air LOC. Three airfields in ICTZ were closed for repairs at times during the month of June: Ha Tan due to runway obstructions; Duc Pho to C-123/130 planes due to runway roughness and An Hoa for runway resurfacing. Six operational hazard reports were submitted incident to the An Hoa Airfield. Current resurfacing of that airfield will negate these reported hazards.

(2) Sea LOC. Sea logistical support for the reporting period evidenced a smooth and timely flow of cargo to all ports in ICTZ. Availability of shipping and a marked reduction in cargo backlog for surface shipment contributed to the effective sea logistical effort.

(3) Road LOC. 28 resupply convoys, 29 retrograde convoys and three unit moves were scheduled during June. Cargo movement to northern I Corps during the reporting period totaled 5,871 S/T.

d. Engineer.

(1) Road and Bridge Resume. Enemy interdiction and harassment remained at a moderate level during June with one bridge and 15 culverts being damaged or destroyed by enemy actions. Specific events were the destruction of the bridge at YD 295283 on Col Co Road by fire on 6 June and the damaging of the Bon Ren Bridge by a Vietnamese vehicle on 19 June. Engineer restoration and improvement efforts throughout the ICTZ during June gained 80 feet of culvert installed or repaired, 245 feet of bridging repaired, 553 feet of new bridging constructed, and 1040 feet of tactical bridging installed in support of tactical operations. Prominent among these efforts were the opening of the Hue Railroad Bridge to Class 4 traffic, the completion of the Thang Quit Bridge, the asphalt paving of Hai Van Pass commencing 24 June and the opening of Route #5 from the Liberty Bridge site to An Hoa on 10 June. Upgrading and maintenance operations upon other primary LOC's continued with maximum engineer capabilities being employed during this advantageous construction weather.

(2) Other construction. Extensive expansion of several major facilities and the construction of new major facilities

in support of the forces in northern I Corps has continued throughout the month. Engineer support for the Combined Action Program has continued at a high level of progress, while added impetus to several major civic action projects resulted in the completion of the Cam Lo water reservoir and marked progress on the Ha Thanh Dam Project. These and other tactical support commitments have continued to demand optimum employment of all available engineer assets in the I Corps Tactical Zone.

e. Food Services.

(1) The III MAF Subsistence Operational Analysis Report for the month of May was submitted to HQMC on 4 July 1968. Summary of the report is as follows:

(2) The direct exchange of chromium chambered rifles to III MAF units continued. During the month of June, approximately 6,244 weapons were exchanged bringing the total weapons exchanged/issued since December 1967 to approximately 41,053.

(3) On 20 June the ASP at Dong Ha was struck by enemy artillery fire. The fires that were started swept through the entire ASP resulting in its complete destruction. Approximately 7,546 S/T of USMC and 4,427 S/T of U.S. Army Class V assets were lost.

h. Supply.

(1) The major commands of III MAF submitted funding and shipping instructions to CG, FLC for the issue of the 1968-1969 monsoon material. CG, FMFPac released funds for monsoon material during the latter part of June, which allowed the release of material positioned at MCSC Barstow prior to the 1 July 1968 target date.

(2) Supply administrative procedures were established for the transfer of the administrative control of the 5th and 7th Communication Battalions from FLC and 1stMarDiv, respectively, to III MAF.

(3) The III MAF Supply Assistance Team visited H&S Company, III MAF, 2nd CAG and Sub-Unit #1, 1st Radio Battalion during the month. These visits completed the initial quarterly visits to administratively controlled supply accounts.

b. Civic Action

(1) During the month of June the III Marine Amphibious Force Civic Action Program provided continued support in supplying commodities, educational efforts, medical treatments, and construction projects. Distribution of significant commodities included 23,829 pounds of clothing, 112,583 pounds of food, and 12,341 pounds of soap. During June 136,762 persons were treated at MEDCAPS and 6,603 persons were treated at DENTCAPS. Educational efforts continued to show significant increase with 584 classes held and 7,095 persons in attendance. Major civic action construction projects accomplished were as follows; four churches, three dispensaries, fourteen dwellings for fourteen families, three fences, twenty-two wells and six schools/sixteen classrooms.

(2) Coordination of civil affairs activities continued at all levels among US/FWMAF, ARVN and GVN officials throughout ICTZ and ensured continuity, concentration of effort and effective employment of resources for civic action in I Corps. Increased cooperation was noted in the people's enthusiasm for self-help projects and their willingness to provide intelligence information. In Quang Ngai and Quang Tin Provinces there were 1,315 responses to the Volunteer Informant Program during the month of June. MEDCAP activities are considered to be the most effective programs in gaining the confidence and cooperation of the Vietnamese populace in Quang Tri and Thua Thien Provinces. The general attitude of the populace throughout Quang Nam Province is one of continued cooperation with GVN and US/FWMAF.

(3) Narrative.

(a) 1st MarDiv. 1st MarDiv graduated 12 trainees from its 6th KCS "Boot Camp" class during the reporting period. Field assignments: 1stDiv - 5, AmerDiv - 5, and 1st CAG - 2.

(b) 3rd MarDiv.

1 KCS Huong Phieu was KIA while operating in Cam Lo District, Quang Tri when an Australian advisor pulled a VC propaganda sign out of the ground, detonating a booby trap. Previously during the operation, Huong Phieu and two other scouts had located 12 booby traps. Funeral arrangements were made with his family. A death gratuity of 60,000\$VN was paid to his NOK.

2 KCS class of 8 recruits commenced on 16 June at the training center in Quang Tri City. Graduation for this class is scheduled for 20 July.

3 KCS attached to 3rd ReconBn continued to be utilized effectively in ambush and counter-ambush situations, and

long range reconnaissance patrols throughout the division AO.

(c) AmerDiv. Planning is underway at Americal Division to conduct a course of instruction in the English language for division KCS. Scouts are to receive this instruction prior to being assigned to operating units.

(d) 1stAirCavDiv.

1 On 23 June KCS assigned to Company B, 2/12 Cav intercepted NVA telephone conversation. Information gained resulted in ambush of estimated NVA company vic YD 371216. One KCS was credited with two NVA KIA.

2 Emphasis is being placed on formal recognition of KCS for acts of valor and meritorious performance in the form of RVN military awards.

(e) 1stCAG.

1 KCS attached to 1st CAG are being utilized to teach Marines VC tactics and organization.

2 CAP squad leaders report KCS very effective in patrolling and ambush techniques.

3 One KCS conducts daily visits to each populated hamlet in the CAP's area of responsibility. KCS has gained much information from the people on enemy movement and locations.

g. Narrative Summary.

(1) General.

(a) On 29 June, the monthly combined PSYOP conference was held at III MAF HQ. Representatives from CORDS, MACPD, VIS, I Corps, III MAF PSYOP and Chieu Hoi attended. Agenda items included: status of regional VIS activities; III MAF/I Corps "Phoenix" (Attack on Viet Cong Infrastructure) Campaign; establishment of district-level PSYOPS committees; utilization of Hoi Chanh in PSYOPS effort; and revitalization of pro GVN campaign.

(b) III MAF conducted PSYOPS orientation course during the period 10-12 June. 24 personnel representing all major III MAF commands attended.

(2) Chieu Hoi Campaign. 352 Hoi Chanhs rallied in I Corps during June. Monthly total was second only to 375 recorded in December 1967.

(3) Anti NVA Campaign.

(a) Anti NVA Campaign continued to focus on enemy vulnerabilities as disclosed by ralliers/surrenderees. Reports indicated that low food stocks, poor medical treatment, illnesses, especially malaria, and constant harassment by GVN/US tactical elements had produced low morale in many NVA units.

(b) Information provided by three ralliers on 3 June resulted in intensive PSYOPS/tactical effort against elements of the enemy K-4 and K-10 Battalions in the vicinity of Hue and produced 60 PW's and 8 ralliers.

(4) Anti VC Campaign.

(a) PSYOP efforts against the VC continued to stress "quick reaction" targeting of enemy vulnerabilities and selective exploitation of VC terrorist actions. Americal Division reported two mine incidents within one week on Highway #1, resulting in a total of 24 civilians killed. A quick reaction leaflet was distributed in a limited area to exploit civilian anger at enemy terrorism and to appeal for identification and location of the local VC.

(b) Americal Division also reported VC attack on the refugee camp at Son Tra, Binh Son District, Quang Ngai Province on 28 June which resulted in 73 civilians and 15 Revolutionary Development personnel killed. PSYOPS was provided to support an extensive civic action program designed to assist survivors and to encourage the civilians to provide information which would lead to the location of the VC attackers.

(5) Support GVN.

(a) During the period 19-23 June Vietnamese Armed Forces Day observances were held throughout ICTZ. In Danang PSYOPS participation included a joint US/ARVN exhibit and daily aerial broadcasts by Flight "A", 9th ACS. Movies were shown daily and 30,000 leaflets/booklets were distributed to more than 22,000 visitors. PSYOPS effort stressed the themes "Support your Government" and "GVN with FWMAF assistance certain to overcome aggression."
