#### Harrative Summary

UNCLASSIFIED

- 1. March 1968 was characterized by a reduction in enemy artillery/rockets, by clearing weather and support missions more in keeping with the normal amphibian tractor role. The Battalion continued to be OpCon to the Third Marines whose MQ was maintained at Cua Viet.
- 2. One platoon (-) of A Co was in direct support to 1st Bn, 3d Marines in the area south of the Cua Viet and for part of the month another platoon of A Co was direct support to BLT 2/4 in the area north of the Cua Viet. During these commitments, four LVT were mined, including one which was an LVTE-1 (engineer mine clearance vehicle). Two LVTP-5 also were hit by RPG rockets.
- 3. B/1/3 continued to man and defend Base Area C-4, under OpCon of 1st Am-Trac Bn (-) Rein. Elements of B/1/3 had contact with MVA or VC twelve times during the month. The enemy continued light to moderate infiltration south by filtering through bush and sand dunes bordering the 1st AmTrac Bn boundary. He was repeatedly spotted by MOD or PPS-5/-6 radar and taken under mortar/artillery fire. Base Area C-4 was hit by enemy artillery six times during the month, a new high.
- 4. Cua Viet Port Facility enlarged its population with arrival of River Assault Group "B" on 9 March; these fourteen LCM-6 conversions are also known as Dong Ha River Security Group. The Cua Viet Port Facility received arty/rocket incoming on eleven occasions this month. Enemy contact by patrols and ambushes of the 1st AmTrac Bn occurred five times.
- 5. B Co, 1st AmTrac Bn conducted a sweep of the Resettlement Ville, north bank of Cua Viet on 5 and 19 March; on 10 March B Co set in vic (MD 316688) as a blocking force for BLT 2/4.
- 6. Enemy artillery, 2 or 3 rounds, landed in Cua Viet approximately 07584, (10 Mar) 0810H and went unreported by the LST moored at the ramp. At 0845H, one round struck class V staged on the ramp igniting a fire and setting off many explosions. The fire spread to the Bulk Fuel farm and during the day continued, destroying over 400,000 gallons of fuel in pods and hurling shells fragments in an area extending to 900 meters. Hany huts were destroyed and others damaged. The wind prevailed favorably all day, considerable pine growth and wooden huts were upwind and escaped destruction.
- 7. Two reported sightings of enemy tracked vehicles occurred this month: 18 and 23 March. The first was described as a single vehicle at YD 295683, heavily camouflaged, moving S/SE and spotted across the desert by Marines at C-4. Tanks and infantry went out to intercept it and found nothing, nor did an AO sent to the area. Not even tracks were found. Several old men were found who had been carrying huge stacks of hay. It is speculated that, walking in a group, they presented the appearance of a long rectangle of grey/tan material mistaken for a vehicle. The second sighting report came from U.S. Advisors on A-1. It was of a mobile rocket launcher vic YD 283-763.

#### **DECLASSIFIED**
