PART IINARRATIVE SUMMARY

On 1 April, the First Engineer Battalion sailed from DaNang aboard the USS DELUTH, with an ultimate destination of Camp Pendleton.

A demolition team from the battalion participated in an Air movement/Civil Disturbance Training exercise conducted 18 - 20 May 1971.

Command Post personnel displayed their readiness to effectively give engineer support to infantry units, during the 7th Marine's CPX of 25 - 27 May 1971.

During 21 - 25 June 1971, the First Engineer Battalion participated in MAB-FEX 1 - 71, Bell Thumper. The highlight of the exercise was the successful completion of a fire support base. This proved the battalion's ability to perform this mission.

Company A sailed from Viet Nam on 23 June aboard the USS PEORIA 1183 enroute to San Diego. (arrived 9 July 1971)

During May and June, the First Engineer Battalion cleared approximately forty-five miles of fire breaks aboard Camp Pendleton.

Throughout this period Company "A" (Rein), 1st Engineer Battalion furnished close combat and general engineer support to the Third Marine Amphibious Brigade. An average of (15) combat engineers were employed as demolition teams rendering close combat support to the 1st Marine Regiment on platoon and company size operations. An average of (160) personnel were employed daily in general engineer support to the Third Marine Amphibious Brigade and the Force Logistic Command. This support consisted of disassembling Butler buildings, repairing and removing existing facilities, operating water points, rehabilitating of cantonments in preparation for their turnover to US or ARVN forces, and destructions of designated USMC positions.

On 1 May 1971 the 3rd Platoon returned to the Company area after six years of furnishing close combat support to the 3rd Battalion 1st Marines.

On 7 May 1971 Company "A" (Rein) submitted its last SITREP to the III MAB as operational responsibilities of the III MAB were turned over to US Army units.

On 10 May 1971 the demilitarization of Camp 14 (3rd Bn 1st Mar) was completed and the water point secured.

On 22 May 1971 limited construction was started on a cyclone security fence around the American Culture Center in Danang. This phase of the project was completed on 27 May 1971.

On 23 May 1971 1,883 sq. ft. of engineer and motor transport equipment was re turned to the CONUS on Amphibious Fleet Shipping.

On 26 May 1971 the 2nd Platoon returned to the company area after furnishing close combat support to the 2nd Battalion 1st Marines for a period of six years.

On 26 May 1971 the water point at Hill 34 was turned over to the ARVN.

On 27 May 1971 Company "A" (Rein) started its stand down phase in preparation for its return to the CONUS as a unit.

General Engineer support was provided as evidenced by the completion of (8) III MAB work orders.
