PART II

NARRATIVE SUMMARY

1. During this reporting period Force Logistic Support Group, Bravo continued to provide the necessary maintenance and service for various units located within the Chu Lai Combat Base and the Coordination of ISA Requirements in conjunction with operation Union II, Adair, and Calhoun. The U. S. Army continues to produce and provide baked goods for the support of units within the Chu Lai TAOR.
2. COLONEL SHELLY, Commanding Officer, 3rd Force Service Regiment and Lt Colonel Hill visited this command on 1-2 June 1967; also Colonel LOW, Commanding Officer, Force Logistic Support Group, Alpha, visited on 9-10 June 1967. The FLC training/NBC NCO visited this command pertaining to training matters and inspection of NBC supplies on 17 and 18 June 1967.
3. Brigadier General, HERBOLD, Commanding General, Force Logistic Command visited the Chu Lai New Life Village on 23 June 1967. He was briefed on the current activities of the Chu Lai New Life Village by the Civic Action Team, General Herbold observed the Buddhists Pagoda, Catholic High School, and the Catholic Orphanage which are now under construction and supported by the FLSG-B Civic Action Team. He also observed the Catholic Church and the Civil Affairs Aid Station for the Vietnamese civilians who reside in this area.
4. The medical aid station treated 1065 patients, 880 patients in the civil affairs section. There were 683 immunization administered by the aid station.
5. The building program within the Force Logistic Support Group, Bravo complex still remained suspended, but a special construction project is now in progress to build a new fire station to provide service for all Chu Lai installation and the local population upon request.

PART III

SEQUENTIAL LISTIN OF SIGNIFICANT EVENTS

1. FLC Organizarion committed to combat and the SLF: Not Applicable

2. FMF Organization not committed to combat:

a. Personnel. During this reporting period, this Command has experienced the loss of Marine Corps personnel for the ninth consecutive month, despite this fact, morale remains high.

b. Administration. No significant changes.

c. Intelligence. No significant changes.

d. Training.

(1) In addition to the regularly scheduled technical and on-the-job training conducted by the respective sections within the various companies of this command, the training listed below was held:

(a) School on M16 Rifle and Fam Fire

(b) Command Orientation

(c) Special school om M16 Rifle

(d) Officer and Staff NCO School

(e) Bulk Fuel Contact team

(f) Rough Terrain forklift Contact team

(g) School on 36 KW, 353 series generator for ROK marines

(2) This Command has also sent to the various locations, personnel to attend:

(a) NCO School

(b) Vietnamese Language School

(c) Operation and maintenance School on M16 Rifle

e. Special Operations. During the reporting period phase II of operation Union terminated on 5 June 1967. The LSA remained in the field in support of those units remaining in the Tam Ky area and in support of operation Adair, from 13 June to 24 June 1967 and operation Calhoun which commenced 25 June 1967.

f. Command Relations. No significant changes, other than outlined in part I of this report.

g. Equipment. No significant changes other than the reduced allowance of equipment imposed on this Command in support of Operation Union phase II, Adair, and Calhoun. Maintenance Company continues to provide 3rd echelon support to USMC units, other U. S. Army services and the Republic of Korea Forces in the Chu Lai TAOR.

h. Logistics.

(1) The shipment of material North continues to move with little difficulty.

(2) Motor Transport Performance

(a) Short tons of cargo carried: Tactical 520 and logistical 6,690.

(b) Personnel transported: Tactical 75; logistical 25,169

(c) Mileage covered: Tactical 1,339; logistical 52,344

i. Community Relations.

(1) Civic Action. During the month of June the FLSG-B Civic Action Team continued it's full support towards the construction of the Buddhists Pagoda, Catholic High School and Catholic Orphanage. There was seventy-five homes sprayed with DDT.

The following loads of material were transported to the village in support of civic action projects:

31 loads of scrap lumber

110 bags of cement

6 loads of sand

1 load of scrap tin

1 load of reinforcement rods

The FLSG-Bravo Medcap program treated 1,152 Vietnamese for various ailments.

(2) Industrial Relations. To date there are 115 Vietnamese employed under the Organization and Maintenance fund. The break down is as follows: 40 house maids, 6 barbers, 7 waitresses, and 6 barboys.

J. Communications. During the month of June 1967, Radio Section continued to provide the LSA with radio communications needed to support Operations Union II, Adair, and Calhoun. The section maintained a station on the FLC control Net, and also the FLSG-B Command Net to the LSA. The section guarded the Chu Lai Defense Net the entire month, and provided all radio communications for actual yellow alert during the month. A covered circuit to FLC was installed, which is not at this time fully operable due to equipment difficulties. Daily preventive maintenance of organic equipment continues, and plans have been made to train radio operators from each company who will act as operators in event of an alert. This action is necessary due to the critical shortage of personnel within the Communication Platoon.

(a) During the month of June 1967, the FLSG-B Message center handled 879 incoming teletype messages and 139 outgoing teletype messages for a total of 1018 messages processed. This includes on-line encrypted, courier and U. S. Mail messages. In addition, the message center transmitted 2757 and received 21, 191 data cards via the IBM transceiver for a total of 23,948 data cards. A half duplex circuit was reestablished with Chu Lai Instrument Coordination to be used as a back up circuit. Message Center continues to guard for the 188th Maint. Bn., an Army Unit.

(b) During the month of June 1967 the Wire Section provided telephone communication for the FLSG-B area operating switchboards continuously. New lines were installed to U. S. Army radio 37 Signal Bn. Tropo, two (2) new lines to 1st/FSR, and a hot line from Mars Radio Station to 1st Hospital Company.

(c) During the month of June 1967, 62 work orders in addition to performing routine 2nd echelon maintenance was performed by the tech shop. Cables were fabricated by the tech shop to be used in conjunction with covered shot.
