TRAINING AND OPERATIONS

During the month of June the 1st Tank Battalion participated in four major operations:

Operation Nevada Eagle

Tanks of Company A and Ontos of Company A (ATs) operated in support of the 101st Airborne on this operation which took place northwest of Hue. This operation was successful and resulted in 26 NVA kills for the vehicles of 1st Tank Battalion.

Operation Houston

This operation has been underway for some time southwest of Hue. Tanks of Company A and Ontos of Company A (ATs) have been in support of 1/5 on this operation which has taken place along Route 1 south from Phu Bai. The vehicles have been used in several capacities, sweep forces, reaction units, security - throughout the operation, and they continue to support the infantry in this way.

Operation Allenbrook

This operation has been in progress for some time. Support has varied from a company (-) to a heavy section of tanks throughout the month. These tanks have been furnished by Company B, Company B, 5th Tank Battalion, and Company C. The tanks have been vulnerable to mines since they have been channelized to roads with the advent of the spring rains.

Operation Mameluke Thrust

This operation presently has a platoon (Rein) in support of it. These tanks are being supplied by Company B and Company B, 5th Tank Battalion and are being used as C.P. defense and road sweep security. These tanks also have hit several mines due to being restricted to the roads because of wet terrain.

Company A (-) (Rein) is located in the Phu Bai/Gia Le area where they are in direct support of Task Force X-Ray. The company has provided support for two major operations throughout the month. These operations have been successful and the tanks have been well utilized. Tanks are also provided for defense of the Phu Bai Command.

The tanks of Company B (Rein) have been engaged in operation in the 7th Marines AOR. Two major operations are in progress in this area; Operation Allenbrook and Operation Mameluke Thrust. The tanks are used as convoy security and reaction forces. They also support the infantry by fire when possible since the wet paddies have limited most off-road movement.

The 2d Platoon, Company B, was detached from 1st Tank Battalion on

WEATHER: June mean high temperatura was 92 degrees, low was 77. The 25 year average for June is 91 and 77 degrees. Rainfall totaled 2.62 inches which is slightly below the 25 year average of 2.80.

INTELLIGENCE: Enemy activity was relatively light in all operating areas. There were numerous reports of buildups in preparation for a large scale assault but Operations Allen Brook and Mameluke Thrust kept the enemy threat away from the DaNang vital area. Enemy reconnaissance teams were active in the Southern Sector and were spotted from time to time by friendly patrols. On several occasions, brief skirmishes were fought with one to four enemy.

Tanks of the 1st Tank Battalion detonated 13 mines and had 5 tanks hit by RPG's. There were numerous instances of tanks receiving small arms fire. This was normally long range fire and primarily harassed rather than damaged the vehicles.

15 June and went afloat with BMT 2/7 on that date. On 18 June, Company B joined the 1st Platoon, Company A which had been acting as Division Reserve.

Company C (Rein) is in general support of the 1st Marine Division. The Company C C.P. is now located in the 1st Tank Battalion cantonment. The company also has responsibility for the security of both major bridges in the SSDC AOR.

Company B, 5th Tank Battalion (Rein) has been providing tanks for road sweeps, C.P. security and Operation AllenBrook. One platoon is in support of the 2nd ROK Brigade in the Hoi An area.

Company A, 1st Antitank's (Rein), remains in direct support of Task Force X-Ray with headquarters at Gia Le. The company has one platoon in direct support of the Phu Bai Defense Command. One platoon is in support of 1/5 on Operation Houston

The task organization for the 1st Tank Battalion (Rein) is as follows:

Company A (-) (Rein): D/S Task Force X-Ray (Phu Bai)

Company B (Rein): D/S 7th Marines (DaNang)

Company B, 5th Tank Battalion (Rein): D/S 27th Marines (DaNang)
One platoon: D/S 2nd Brigade ROKMC (Hoi An)

Company C(Rein): G/S 1st Mar Div (DaNang)

Company A, 1st AT's (Rein): D/S Task Force X-Ray (Phu Bai)

During the month of June the M67A2 flame tanks expended approximately 15,000 gallons of diesel fuel and napalm in support of various units throughout the 1st Marine Division AOR.

The 1st Tank Battalion conducted 60 patrols and ambushes in the Battalion Area of Responsibility. No significant contacts were made by these patrols.

Total ammunition expended during June by the 1st Tank Battalion follows:

WEAPONS CAPTURED: one (1) RPG-2, one (1) Chinese rifle, AK-47's, five (5) SKS Carbines

Training for the 1st Tank Battalion (Rein) was centered on Technical MOS training and weapon safety was also stressed. A battalion team conducted classes for all companies on marijuana during June. A division team conducted a lecture and application period on ambush techniques for the reaction platoons in the SSDC. Subjects covered on the weekly Battalion Officers and Staff NCO's School were Informal Investigations, Special Courts Martial and Duties of the President and Court Members of the Court Martial.

Southern Sector Defense Command

The CO, 1st Tank Battalion through the 1st Tank Battalion COG, continues to initiate and control defensive activities within the Southern Sector. During the month, 701 activities were conducted by SSDC tenant units including four special activities of squad size and platoon size.

A land clearing project in the SSDC was commenced during the latter part of June in the area of (AT9970). This consisted of firing incendiary charges from an LVT E-1 and also detonating several Fuel-Air Explosive devices which clear brush and collapse tunnels.

At 042400H, an estimated four enemy fired upon the perimeter bunkers of 7th Communications Battalion at (AT991712). The bunkers returned fire forcing the enemy to withdraw and a reaction force was dispatched to maintain contact. The enemy, however, was able to evade the reaction force and they suffered unknown casualties. There were no friendly casualties.

At 160130H, a 7th Communications Battalion ambush opened fire on several VC who came out of a cave. The VC returned fire and threw a grenade, then withdrew to the east leaving one (1) VC KIA. A reaction force was dispatched but no more contact was made. Friendly casualties were two (2) USMC KIA and one (1) USMC WIA (med-evac). Equipment which was found with the enemy was one (1) AK-47 with ammunition, and a cartridge belt with magazines and grenades.

At 170125H, a fire team size patrol from the 7th Communications Battalion fired on an enemy force at (AT987708). The enemy fled leaving one (1) VC who was wounded. A reaction squad maneuvered into a flanking action with negative results. Results were one detainee with no friendly casualties.

At 250215H, a Marine from 7th Communications Battalion entered a friendly minefield at (AT993734) detonating a mine resulting in his own death. There were no other casualties from the incident.

At 272215H, a patrol from 7th Communications Battalion received a grenade and automatic weapons fire from (AT986707). The patrol returned fire and a reaction force was dispatched but the enemy withdrew with unknown casualties. Friendly casualties were one (1) USMC WIA (non-evac).

LOGISTICS

On 30 June 1968 the 1st Tank Battalion had a shortage of the following 32 major end items that are considered critical: one 30 KW generator, five M48A3 tanks, one M67A2 flame tank, one M51 VTR, one M37B1 truck, one M54A2G truck, three High Pressure Cleaning Units (steam jennys), seven Xenon searchlights, ten AN/VRC-12 radios, and two AN/PRC-25 radios. The lack of 40 deep water fording kits, six caliber .50 machineguns, 18 caliber .30 machineguns, 45 CVC helmets, an adequate amount of tank track to replace unserviceable track, and tank suspension repair parts are also considered to be critical. To fill previously existing T/E deficiencies, this Command received two AN/PRC 25 radios, one caliber .30 machinegun and 24 TA-1/PT telephones during June. Under the R&E program, this Command received two M54A2G 5 ton trucks and two M543A2G.

Supply activities operated normally during June although supply response was considered only fair. Major emphasis was placed on the upgrading of priorities on all critical items with particular attention given to the use of the Special Commanders Assistance Request program (SCARS).

The transportation of cargo and personnel to our units in the field has presented very few problems this month. Rough Rider convoys continue to be the main source of cargo transportation to our units in the Phu Bai TAOR. However, 30 personnel and 11,500 pounds of cargo were transported to Phu Bai by air. The Motor Transport Platoon logged a total of 30,654 miles, hauled 600 S/T of cargo and transported 12,978 passengers in the I Corps area this month.

The Battalion maintenance platoon performed quite well this month in repairing the increasing number of combat damaged vehicles. During this reporting period thirteen tanks were damaged by mines and seven damaged by RPG anti-tank rockets. As a result of this combat damage, one M67A2 flame tank and one M48A3 gun tank were condition coded combat losses and seven of the mined tanks are still undergoing organizational repair. Selective interchange of suspension repair parts is still considered to be a key factor in the rapid repair of mine damaged vehicles. The lift and recovery capability of the Battalion has improved since May, however, one M51 VTR is still a T/E deficiency and another is presently being repaired by this Command. Field maintenance support improved considerably over that of last month, especially in the availability of components in the Direct Exchange program.

The completion date of the new 500 man mess hall has been extended to mid-July due to other priority commitments assigned to the Seabees. Continued rebuilding of the perimeter fighting positions and protective wire was carried out on a day to day basis. New urinals were constructed within the cantonment and latrines were obtained through the 1st Marine Division Engineer Officer to

prevent sanitation problems. Of special significance during this reporting period was the completion of a new 89' X 94' helopad and a 10' X 24' X 8' ammunition bunker by the 1st Engineer Battalion.

Concession services have operated satisfactorily during June. The barber shop was relocated to a more advantageous location which places all PX concessions in one area. The Vietnamese Gift Shop employed workers at their own expense to improve and remodel their shop with new shelving and cabinets thereby increasing their stock capability and providing better service. Negotiations are presently underway to acquire the services of a Vietnamese portrait painting concession.

COMMUNICATIONS

During the month of June, installation of communication facilities in the Alternate COC bunker was completed. Two switchboards SB-22 were stacked to accommodate primary trunk lines paralleling those in the primary COC bunker. Radio mounts were installed to provide for the Southern Sector command and Battalion tactical net.

A trunk line was installed to Charlie Battery First LAAM Battalion. This provides a direct trunk to all major commands in the Southern Sector Defense area.

Preparation of the one platoon of tanks to be sent afloat was completed.

During the month of June, 1119 incoming and 71 outgoing messages were processed by the Tank Battalion Communications Center.

MEDICAL

There were 710 Sick Call visits during the month of June. Three-hundred and forty-seven immunizations were given and forty-eight tuberculin skin tests were administered. Eighteen men were wounded as a result of hostile action. Of these, twelve were hospitalized and six were treated and returned to duty. There were 34 men on the Sick List during June. Six of these were carried over from the previous month. Of the 28 admitted to the Sick List during June, eleven were medical illnesses, twelve were hostile injuries and five were non-hostile injuries. There were fifteen men evacuated out of country; six hostile injuries and nine medical illnesses. Total man-days lost to the battalion secondary to illness or injury were 200 days.

There were seven cases of venereal disease diagnosed and treated, six of which were contracted in the DaNang area.

Five Hospital Corpsmen were detached from the BAS; two rotating to CONUS for duty, one evacuated out of country with a medical illness, and two were lost due to inter-division transfer. One hospital corpsman was received on board for duty.

~~UNCLASSIFIED~~CIVIC ACTION

The Phong Bac Pig Project consumed much of the section's time, including treatment of sick pigs with medicine procured from the Army Veterinarian. A Vietnamese Aid Station was built just outside the battalion main gate to provide better health care than can presently be provided by MEDCAPs.

PSYOPS continued to emphasize "Support GVN", "Rewards", Sanitation "Chieu Hoi" and "Allied Assistance". Movie nights were well attended on 11 and 25 June. Movies shown included Cartoons, Chieu Hoi and Pro-GVN features.

During June the following materials were distributed:

- 24,000 pounds of garbage
- 160 bars of soap
- 22 sheets of tin
- 3/4 truck load of lumber
- 3 bags of cement
- 3 gallons of paint

10 June 1968

From: Commanding Officer
To: Commanding Officer, 1st Tank Battalion (Rein), (S-3)
Subj: Activity Report for the Week of 2-8 June 1968

1. During the week road sweeps and convoy escort in conjunction with Operation Mameluke Thrust were the primary activities. Heavy rains in the area of operation confined movement mainly to the roads. On 5 June B32 and F23, while providing security for engineers, were hit by RPG's (coord. 184555). B32 returned fire, resulting in one confirmed NVA KIA, and marked targets for air strikes. On 6 June B32 and F23 were joined by B34 and while providing security for engineers working on culvert damage (coord. 193588) they received recoilless rifle and mortar fire. B32 and B34 returned fire with unknown results. On 8 June B51, on a road sweep from Hill 55 to Hill 37, hit a mine (coord. 975595) resulting in damage to the left side suspension system.
2. Sniper fire continued to be reported from road sweeps on the Liberty Road. No casualties or enemy kills have been reported to this unit.
3. 4th Plt. - During the week the 4th Plt. began providing security for road sweeps from AnHoa to the northwest as work commenced on opening the road to AnHoa.
4. No other significant activities have been reported to this unit.

Subj: Activity Report for the Week of 9-15 June 1968

1. During the week road sweeps in support of Operation Mameluke Thrust and a sweep with 1st Bn., 26th Marines south of Hill 55 (Dodge City Area) were the primary activities. On 11 June Y31 and Y34, while escorting a convoy from Thung Due to Hill 52, were taken under fire by a 57 recoilless rifle and mortars (coord. 192559). Y31 and Y34 returned fire and destroyed the enemy firing positions resulting in two enemy kills. On 13 June, at approximately the same location as above, Y-31 and Y34 again came under recoilless rifle and mortar fire. While maneuvering and returning fire Y31 hit a mine and Y34 took five recoilless rifle rounds. An air strike was then called and results were unknown. On 13 June B13, SB22 and SB24, in support of the 1st Bn., 26th Marines, fired on enemy positions in a tree line (coord. 982566), and were credited with four enemy kills as a result of their fire.

a. Totals for the week are as follows:

- (1) 6 NVA killed, confirmed
- (2) 1 mortar site destroyed
- (3) 1 recoilless rifle site destroyed

2. The 2nd platoon continued to provide security for road sweeps working to clear the road from An Hoa to the northwest.

3. No other significant activity was reported to this unit for the week.

Subj: Activity Report for the Week of 16-22 June 1968

1. Convoy escorts and road sweeps in support of Operation Mameluke Thrust continued to be the primary activity during the week. On 20 June in the vicinity of Hill 52 (coord. 788553) one incoming mortar round hit near two tanks and resulted in one WIA (medevac) for this unit. On 22 June, while on a road sweep from Hill 65 to Hill 52, B13 hit a 35-40 lb. mine (coord. 818552) resulting in damage to the suspension system and the left side.
2. The 2nd platoon, at An Hoa, continued to work on road sweeps to the Liberty Bridge. On 20 June B21 detonated a "Bouncing Betty" which caused shrapnel damage to the xenon searchlight.
3. No other significant activity was reported to this unit for the week.
