CONFIDENTIALPERSONNEL AND ADMINISTRATION

1. Personnel. During the period of this report, the personnel situation remained in category two (2) due to the cadre of Company A, 1st Tank Battalion and Company A, 1st Anti-Tank Battalion. A net gain of 36 enlisted personnel was realized. At the present time 88% of SNCO's are aboard against authorized manning level. Shortages remained in MOS's 2141, 2151, 2171, 3516 and 1811 causing deadlining of essential tanks for lack of maintenance personnel and crews for vehicles. Replacements for the Southern Sector Defense Command continued to be on a man-for-man basis.
2. Promotions. Fifty promotions were effected during the month of July in the grades of Private First Class through Master Sergeant. Eight of these promotions were attained through Meritorious Combat Promotion.
3. Awards. Fourteen personnel were recommended for personal awards. Eleven awards were presented to members of this Battalion, one of which was a Purple Heart Medal.
4. Rest and Recreation. Nine in-country and sixty out-of-country rest and recreation quotas were received. Nine in-country and forty-six out-of-country quotas were utilized.
5. Tour Extensions. Eleven requests were processed and approved for overseas tour extensions. The 1969 cumulative man-month total for overseas extensions was 563.
6. Administration. There were no significant difficulties encountered in administration during July. The Battalion Personnel Officer processed four emergency leave and thirteen special leave requests.

CONFIDENTIALINTELLIGENCE1. Weather

Once again during the month of July weather conditions were favorable for the continuation of combined tank-infantry operations throughout the 1st Marine Division Area of Responsibility. The mean high temperature for the month was 96 degrees and the mean low was 78 degrees. The total rainfall for the month was 6.04 inches.

2. Mines and RPG Incidents

This month was noteworthy in the fact that there were only two mining incidents and negative RPG incidents. One tank from Company C detonated a Surprise Firing Device with negative damage to the tank and negative injuries to the crew. An H&S Company tank set off a Surprise Firing Device resulting in 1 USMC WIA NON-EVAC and moderate damage to the tank.

3. Indications

During the month of July the level of enemy activity in the Southern Sector Defense Command was lower than in previous months. However, there were sightings and light contacts which resulted in minor casualties to allied troops. From an analysis of intelligence reports it is believed that the enemy is faced with a serious shortage of food, although he is able still to conduct sapper attacks and attacks by fire. The tenant units within the Southern Sector Defense Command remain in a high state of readiness to delay or repulse small scale attacks upon the installations within the Southern Sector of the DaNang vital area.

CONFIDENTIALOPERATIONS AND TRAINING1. Operations.

During the month of July, elements of the 1st Tank Battalion continued to support infantry regiments of the 1st Marine Division and the 2nd Brigade ROKMC throughout the Southern I Corps by providing road sweeps and convoy security, counter-rocket and mortar fire, perimeter defense, and providing fire support for search and clear and search and destroy operations.

Company A remained in a cadre status. The Company received two tanks, thereby filling Table of Equipment deficiencies. One (1) M51 VTR continued as a Table of Equipment deficiency. The Company A Command Post continued to be co-located with that of the 1st Tank Battalion.

Company B (Rein) remained in Direct Support of the 5th and 7th Marine Regiments, with two platoons in support of the 5th Marines and two platoons in support of the 7th Marines. The Company B Command Post remained co-located with that of the 7th Marines, and the forward Command Post remained co-located with that of the 5th Marine Regiment. The two platoons in direct support of the 7th Marines were extensively employed on Hills 10, 37, 41, 55 and 65 bringing direct fire to bear on sighted enemy movement as well as infiltration routes. The two platoons in direct support of the 5th Marines provided bridge security at Phu Loc (6), road sweeps, and perimeter defense for the An Hoa Complex.

Company C (Rein), continued to be tasked with Direct Support of the 1st Marine Regiment and the 2nd Brigade ROKMC. The Company C Command Post remained co-located with that of the 3rd Battalion, 1st Marines. The 1st Platoon remained in support of the 2nd Brigade ROKMC. The 2nd and 3rd platoons in support of the 1st Marine Regiment providing direct fire support. Operation Pipestone Canyon decreased in intensity with tanks providing security for the land clearing operation. On 20 July, Company C assumed OPCON of 1st Platoon Company A, 5th Tank Battalion which provided direct support to the 1st Marines. Three of the four H&S Company tanks in support of Company C returned to the 1st Tank Battalion Command Post.

Two tanks of the H&S Company Tank Platoon were utilized in a counter-rocket fire role within the Southern Sector Defense Command. The remaining four H&S Company tanks provided General Support to the 1st Marine Division.

Company A (Rein), 1st Anti-Tank Battalion remained in a cadre status. The Company Command Post remained co-located with that of 1st Tank Battalion.

2. Task Organization.

The task organization of the 1st Tank Battalion as of 31 July 1969 was:

Subjects covered in the weekly Battalion Officers' and Staff NCO School were Veterans Administration Benefits, Personal Response, NBC and the tactical situation within the 1st Tank Battalion.

7. Summary. Once again the tanks of the 1st Tank Battalion proved their value as a mobile striking force as they maneuvered throughout the 1st Marine Division and 2nd Brigade ROKMC TACRs to support infantry operations. The month of July proved to be relatively inactive insofar as enemy initiated action is concerned. Contact was extremely light throughout the month, with tanks being credited with two kills.
