PART II  
NARRATIVE SUMMARY

ENCLOSURE (1)

---

DECLASSIFIED

CONFIDENTIALPERSONNEL AND ADMINISTRATION

1. Personnel. During the period of this report the personnel situation remained in category two (2) due to the cadre of Company A and Company A, 1st ATs and remained stable with a net gain of 46 enlisted personnel. During this period shortages continued in MOS's 2141, 2151, 2171 and 1811 causing deadlining of essential tanks for lack of maintenance personnel and crews for vehicles. Replacements for the Southern Sector Defense Command continued to be on a man-for-man basis.
2. Promotions. Fifty-two promotions were effected during the month of August in the grades Private First Class through Master Sergeant, thirteen of these promotions were attained through Meritorious Combat Promotion.
3. Awards. Thirty-four personnel were recommended for personnel awards. Fourteen awards were presented to members of this Battalion, one of which was a Purple Heart Medal.
4. Rest and Recreation. Six in country and fifty-two out-of-country rest and recreation quotas were received. Six in-country and thirty-three out-of-country quotas were utilized.
5. Tour Extensions. Twenty-four request were processed and approved for overseas tour extensions. The 1969 cumulative man-month total for overseas extensions is 707.
6. Administrative. Although personnel administration changed over to the new IRAM reporting system, very little difficulty was encountered in transition. Periodic staff visits were made in administrative, personnel, legal and S&C/RPS matters. Three companies received their Battalion Quarterly Administrative Inspection by the Battalion Adjutant and Personnel Officer. Emphasis over this entire period was the importance of timely and proper reporting procedures, especially in the handling of personal effects, recommendations for awards, and promotions. The Battalion Personnel Officer processed three emergency leave and thirteen special leave requests.

CONFIDENTIALINTELLIGENCE

1. Weather. The month of August was favorable for tank operations throughout most of First Marine Division TAOR. The mean high temperature for the month was 96 degrees and the mean low was 79 degrees. The average rainfall was zero inches.

2. Mines and RPG Incidents. There was an increase of mining and RPG incidents compared to the previous month. Three tanks hit mines and one was hit by an RPG. On the 21st of August, B41, while working on Go Noi Island, struck an unknown size mine. Two men were injured, treated locally, and not evacuated. The suspension on the right side was damaged and the tank was moved into a defensive position. Early the next morning it was hit with an RPG, during a ground attack. This action resulted in the death of the tank commander, two crewmen WIA-EVAC, and one crewman WIA NON-EVAC. An unknown size mine, believed to be command detonated, made a hole in the hull of H56 and set off the tank 90mm ammunition. The tank burned completely and all four crewmen were medevaced.

On the morning of the 28th, B-21 struck a 40lb box mine while working with 2nd Battalion, 1st Marines near the coast (BT071652). The suspension on the right side was damaged with the compensating idler wheel and number 1, 2, and 3 roadwheels sheared. None of the crewmen were injured.

3. Past Activities. During the month of August the level of enemy activity increased sharply in the Southern Sector and throughout the 1st Division TAOR. On the night of the 11th, 3rd MP Battalion, 44th ARVN Artillery, and Hoa Cam ARVN Training Center received mortar and ground attacks. They accounted for 4 NVA KIA and 4 POW's. They were later found to be from the 9th and 11th Battalions of the 31st NVA Regiment. On the 23rd and 24th, 2nd Battalion, 7th Marines engaged elements of the 1st NVA Division in the southwest portion of their new TAOR. Tanks of Second Platoon, Charlie Company were dispatched from Fire Support Base Ross, but became mired in the wet paddies and forced to return to ROSS.

4. Indication. As seen from the increased activity, the enemy still maintains the capability to make sapper attacks and attacks by fire. With the pending monsoons, tank operations are expected to be severely limited. Intelligence reports point to a new offensive (the third phase according to NVA documents) beginning between the 2nd and 5th of September. The 2nd of September is the most mentioned date, as it is the Anniversary of Ho Chi Minh's proclamation of Independence in 1945.

CONFIDENTIALOPERATIONS AND TRAINING

1. Operations. During the month of August the 1st Tank Battalion continued to support the infantry regiments of the 1st Marine Division and the 2nd Brigade ROKMC throughout the Southern I Corps by providing close direct fire support to infantry search and clear/search and destroy operations as well as road sweep and convoy security, counter-rocket and mortar fire, perimeter defense and armored mobile reaction force operations.

Company A remained in a cadre status. One (1) M51 VTR continued as a Table of Equipment deficiency. The Company A Command Post continued to be co-located with that of the 1st Tank Battalion.

Company B (Rein), remained in direct support of the 5th and 7th Marines Regiments, with two platoons in support of the 5th Marines and two platoons in support of the 7th Marines until the 20th. On 20 August Company B dropped direct support of the 7th Marines and assumed the mission of direct support of the 1st Marines, who assumed a significant portion of the 7th Marines AO. The 5th Marines assumed the remainder of the 7th Marines AO, thereby greatly increasing Company B's AO. Company B supported the 1st and 5th Marines with two platoons each. These platoons supported the 1st Marines from the Riviera on the coast, to hill 55 in the center and hill 37 in the west of the AO. With the 5th Marines the two platoons remained split between Phu Loc (6) and An Hoa Combat Base. The mining incidents in Company B's AO have increased in size and intensity as indicated by the loss of B41 on 22 August 1969.

Company C (Rein), supported the 1st Marines until the realignment took place on 20 August. At this time they dropped Direct Support of 1st Marines and assumed the mission of Direct Support of 7th Marines who had relieved the 196th Brigade USA south of the ROKMC and 5th Marines, adding 168 square miles to the 1st Marine Division TAOR. Company C continued direct support of the 2nd Brigade ROKMC. On 8 August, Company C dropped OPCON of 1st Platoon Company A, 5th Tank Battalion who returned to the 26th Marines. Company C provided support to the 7th Marines with one platoon and the Company Headquarters operating out of LZ Baldy (BT1345) and one platoon operating out of Fire Support Base Ross (BT0434).

The tanks of the H&S Company Tank Platoon have been used to augment Company B and in a counter-rocket fire role within the Southern Sector Defense Command. Two of these tanks were employed along with two flame tanks to bolster the Hoa Cam Training center and 3rd MP Battalion defenses during the high threat period between 12-15 August. One tank in support of Company B was lost to a command detonated mine. When not supporting Company B the remaining tanks provided General Support to the 1st Marine Division.

Company A (Rein), 1st Anti-Tank Battalion remained in a cadre status. The Company Command Post remained co-located with that of the 1st Tank Battalion.

2. Task Organization

II-3

ENCLOSURE (1)  
CONFIDENTIAL

The task organization of the 1st Tank Battalion as of 31 August 1969 was:

CONFIDENTIAL

Company A (-): Cadre

Company B (Rein): 2 Platoons and Company Headquarters  
D/S 1st Marine Regiment.  
2 Platoons and Forward Command Post  
D/S 5th Marine Regiment.

Company C (Rein): 2 Platoons and Company Headquarters D/S  
7th Marine Regiment.  
1 Platoon D/S 2nd Brigade ROKMC.

3. Battalion CP Ground Actions. The 1st Tank Battalion conducted 62 patrols and ambushes in the Battalion Area of Responsibility within Southern Defense Command.

4. Ammunition Expenditure.

## EQUIPMENT AND DOCUMENTS CAPTURED

TANK OPERATIONS..... 0  
SSDC OPERATIONS..... 82mm Mortar Baseplate, Intrenching  
Tool, NVA Letter, 2 AK-47,  
2 Bangalores, 1 30-Lb shaped  
charge, 34 Chicom grenades,  
1 B-40 launcher, 5 B-40 rounds,  
11 Home made "coke" grenades,  
1 140mm rocket.

6. Training. Training of 1st Tank Battalion personnel during the month of August concentrated on General Military Subjects, MOS Training, and Weapons Safety. Subjects pertaining to the combat environment in the Republic of Vietnam were emphasized. Subjects covered in the weekly Battalion Officers' and Staff NCO school were; the Effects of the RPG 2 and 7, Search Procedures and Apprehension/Restraint, Ground Safety and the tactical situation within the 1st Tank Battalion.

7. Summary. Once again the tanks of the 1st Tank Battalion proved their versatility as the Division's Mobile Striking Force by maneuvering throughout the increased TAOR of the 1st Marine Division and the 2nd Brigade ROKMC giving close combat support to infantry operations. The month of August showed an increase in contact with the enemy as evidenced by the two tanks lost to mines and the 26 VC/NVA KIA by tank operations.

SOUTHERN SECTOR DEFENSE COMMAND

During the reporting period the Commander, Southern Sector Defense Command coordinated and controlled more than 1350 activities in support of the defense of the Sector and the DaNang, vital area. There were twenty enemy and eleven friendly initiated contacts resulting in six VC/NVA KIA, four (4) POW's and eleven USMC/ARVN WIA. The following is a compilation of enemy weapons and equipment captured as a result of these contacts:

## 137 Chicom/homemade grenades

- 1 RPG-2 Launcher
- 5 B-40 rounds
- 2 Bangalore torpedoes
- 2 AK-47 rifles
- 1 30 pound satchel charge
- 1 82 mortar baseplate
- 1 140mm rocket

Assorted 782 and first aid gear was also captured. In addition two surprise firing devices and four tunnels were discovered and destroyed.

The most significant contact in the Southern Sector occurred in the early morning hours of 12 August 1969. An estimated company size NVA sapper unit was discovered in the act of launching an attack on the Hoa Cam Training Center, 44th ARVN Artillery Battalion, and 3rd Military Police Battalion. Initial contact occurred at 0135 when a Hoa Cam defensive position made contact with a small group of NVA. This and subsequent small contacts apparently disorganized the attackers. Contact was maintained until 0750 when a reaction force picked up two POW's and lost contact with the retreating NVA. During the course of the attack approximately fifteen 140mm rockets impacted within the Sector but caused negligible damage and no casualties. Expeditionary deployment of reaction forces prior to daylight accounted for three NVA KIA, four POW's and the enemy weapons and equipment listed above.

A concentrated training program for personnel manning outposts and counter-rocket sites was continued and has proved its effectiveness during several small probes and contacts involving these position. The training has stressed familiarity with all types of weapons used on the outposts to include firing of the weapons, map reading, procedures for requesting supporting arms, and infantry squad and platoon tactics.

Close cooperation of all tenant units within the Southern Sector has continued and is a primary contributing factor to the success of Sector Operations. Continuous liaison with tenant and adjacent units insures the steady dissemination of vital information and rapid forwarding of operation and intelligence information.

CONFIDENTIALLOGISTICS

1. Table of Equipment Deficiencies. During the month of August, Table of Equipment Deficiencies were decreased and the Battalion reached 87% of allowances for equipment and supplies. Noticeable deficiencies within mission orientated equipment were: Helmets, CVC (43), Radio Sets, AN/VRC-12 (10), Filter Units, Gas Particulate, MBA2 (11), Recharging Units, CO2 (2), Compressor, M-5 (1), Recovery Vehicle, M51 VTR (1), Truck, Cargo, M54A2C (1), Utility Vehicle, M151A1 (3), Lubricating and Service Unit, JOM-1 (1), Radio Sets, AN/GRC-125 (3), and Mixing and Transfer Units, M-5 (3). The lack of these items is detrimental to the fulfillment of this Battalion's mission.

2. Major Table of Equipment Items Received. There were 21 M48A3 Tanks received on the R&E Program. In addition one M48A3 Tank, one M50A1, and one Welding Machine, Trlr Mtd, LM-62 were received as Table of Equipment Deficiencies.

3. Maintenance. The maintenance situation during August changed considerably in comparison to July. There were 21 M48A3 Tanks received through the FY-69 R&E Program. One M48A3 Tank, and one M50A1 were received as Table of Equipment Deficiencies. A total of 4 AVDS-1790 engines, 4 transmissions, and one engine for a M50A1 were received from field maintenance support. 3 M48A3 Tanks received mine damage during the month resulting in a combat loss of 1, and heavy suspension damage to the other 2. The Battalion had with no tank recovery capability due to a Table of Equipment Deficiency of one M51 Recovery Vehicle, and three VTR's being deadlined for engines.

4. Supply. During August, the Battalion Supply Platoon prepared approximately 1125 requisitions and processed an average of 250 Supply Advice Cards per week. Also during the month, a Supply Fill Rate of 25% was attained as compared with 15% reported in July.

5. Fiscal. No significant change.

6. Cantonment Maintenance and Improvements. Self help projects continued to improve the defensive positions, perimeter wire, and living spaces. In the messhall, the enlisted mens deck was tiled, and a stone wall for the Sergeants mess area was started. The booster pump and holding tank for the fresh water well was installed, placing the well in operation.

7. Medical.

a. Sick Call and Immunizations. There were 409 sick call visits during the month of August. 45 immunizations were given and 27 tuberculin skin tests were administered.

b. WIA, KIA, AND NON-EFFECTIVES. There were 11 men on the sick list during the month, 4 were medical illnesses, 6 were non-hostile injuries, and 1 was hostile. There was one man with medical illness evacuated out of country. There was one KIA. Total man days lost to Battalion due to injury or illness was 53.

CONFIDENTIALCIVIC ACTION

1. Medical Civic Action Program (MEDCAP). During August 15 MedCaps were held in the Hamlets of Cam Hoa, Phong Bac, Yen Bac, and Phuoc Thai. A total of 455 people were treated. A 15 year old girl from Cam Hoa Hamlet was placed in FLC Children's Hospital for a bullet wound she received in her knee.
2. Psychological Operations (PSYOPS). PSYOPS Leaflets were distributed in Cam Hoa Hamlet, Phong Bac Hamlet, Yen Bac Hamlet, and Phuoc Thai Hamlet on a daily basis. Their themes were Sanitation, Rewards and Pro GVN. Due to projector trouble, movies were shown only twice during August to the people of Phong Bac and Yen Bac Hamlets. There were approximately 500 people in attendance at each movie.
3. Materials and Goods Distributed. During August the following materials and Goods were distributed:
  - a. 6300 pounds of swill
  - b. 430 bars of soap
  - c. 200 pounds of rice
  - d. 1 truck load lumber
4. Summary.
  - a. During August one truck load of lumber was delivered to the Hamlet Chief of Cam Hoa Hamlet to help in building a new school.
  - b. Periodic checks were made on the 15 year old girl from Cam Hoa Hamlet under treatment for a bullet wound in her knee.
  - c. No Solatium payments were made during August.

CONFIDENTIALCOMMUNICATIONS-ELECTRONICS

1. Projects Completed. A Communications-Electronics inspection of H&S Company tanks was completed on 29 August 1969. A rating of satisfactory with discrepancies was awarded by the Inspecting Officer. Preparations were made to fully comply with current orders concerning use of the KAC-PZ for reporting coordinates. A refrigerator was obtained to allow proper cold storage for a portion of the dry cell batteries used in the Battalion.
2. Projects Pending. Preparations were began for the forthcoming reconstruction of the communications bunker. Wire construction within the cantonment is being altered in conjunction with reconstruction of new bunkers and to eliminate trouble areas now existing.
3. Message Summary. During the month of August the First Tank Battalion Communications Center processed 1390 incoming and 65 outgoing messages.
4. Summary. The reinspection of the Command and Material Management Inspection was conducted by a Division Inspecting Team. The Communication of the First Tank Battalion was awarded a rating of satisfactory.

4/11  
 120100 out 121105 returned  
 982 707 HIL 34 (E) same  
 Patrolling perimeter, came upon 4 VN males at grid approx 982 707. When approached, the 4 males began to run across paddie. Fired one shot in the air, one male stopped and the other 3 ran into a brush area. The one male that stopped was taken prisoner. At the same time, there were 3 other VN males with weapons across the rice paddie that ran into the same brush area. Weapons were not identified. Did not give chase because of prisoner. Prisoner was brought in for questioning.
