~~CONFIDENTIAL~~PERSONNEL AND ADMINISTRATION

1. Personnel. During the period of this report the personnel situation remained in category two (2) due to the cadre of Company A and Company A, 1st AT Bn, and remained stable with a net loss of 19 enlisted personnel. During this period shortages continued in MOS's 3516, 2141, 2151, 2171 and 1811 causing deadlining of essential tanks and trucks for lack of maintenance personnel and crews. Replacements for the Southern Sector Defense Command continued to be on a man for man basis.
2. Promotions. One hundred and eight promotions were effected during the month of September in the grades Private First Class through Master Sergeant. There were 4 Meritorious Combat Promotions.
3. Awards. Twenty-two personnel were recommended for personal awards. Thirty-nine awards were presented to members of this Battalion, twenty-four of which were Purple Heart Medals.
4. Rest and Recreation. Seven in-country and sixty out-of-country rest and recreation quotas were received. Seven in-country and forty-three out-of-country quotas were utilized.
5. Tour Extensions. Eighteen requests were processed and approved for over-seas extensions. The 1969 cumulative man-month total for overseas extensions is 815.
6. Administrative. Periodic staff visits were made in administrative, personnel, legal and S&C/RPS matters. Two companies received their Battalion Quarterly Administrative Inspection by the Battalion Adjutant and Personnel Officer. Emphasis over this entire period was the importance of timely and proper reporting procedures, especially in the handling of personal effects, recommendations for awards and promotions. The Battalion processed three (3) emergency leaves and ten (10) special leave requests.

~~CONFIDENTIAL~~INTELLIGENCE

1. Weather. The weather during the month of September severely curtailed Tank activity throughout most of the First Marine Division TAOR. The mean high temperature dropped from 96 degrees of last month to 91 degrees in September. The low fell from 77 degrees to 75 degrees. The major weather change affecting tank employment was the increase in rainfall from a trace in August to 12.80 inches in September.

2. Mines and RPG Incidents. There were no RPG incidents, but mining incidents increased from 3 last month to 5 in September. Two tanks hit mines while on road sweeps resulting in road wheels blown off but no casualties. On the afternoon of the 20th, B42 detonated an 80 lb box mine while carrying troops on the outside. The explosion caused 5 WIA EVACS and 5 WIA NON-EVAC. The damage was restricted to the road wheels on the left being sheared.

On the morning of the 25th, B Company's 1st platoon left Hill 55 for an operation in the Dodge City Area with the 1st Marines. At 0900H B12 struck a 40lb box mine which caused moderate damage to the vehicle. The afternoon of the same day, B14 struck an 80lb box mine resulting in moderate damage to tank and 1 WIA NON-EVAC.

3. Indications. With the onset of the monsoon season, Tank operations will be restricted. If able to move from their cantonments, the vehicles will be restricted to hard surface roads and high ground. Current intelligence reports show enemy build-up in base camp areas with expected rocket attacks to occur during any lull in the rain. Hoa Can ARVN Training Center in SSDC continues to be a likely target of both mortar and ground attacks.

~~CONFIDENTIAL~~OPERATIONS AND TRAINING

1. Operations. During the month of September the 1st Tank Battalion continued to support the infantry regiments of the 1st Marine Division and the 2nd Brigade ROKMC throughout the Southern I Corps by providing close direct fire support to infantry search and clear and search and destroy operations as well as road sweep and convoy security, counter-rocket and mortar fire, perimeter defense and armored mobile reaction force operations.

Company A remained in a cadre status. One (1) M51 VTR continued as a table of equipment deficiency. The Company A Command Post continued to be co-located with that of the 1st Tank Battalion.

Company B (Rein) remained in direct support of the 1st and 5th Marine Regiments. The Company Command Post is co-located with that of the 1st Marine with a forward Command Post co-located with the 5th Marines. Company C provided support to the 7th Marines with one platoon and the Company Headquarters at LZ Baldy and one platoon at Fire Support Base Ross. One Company C platoon landed with the ROKMC in Operations Defiant Stand, and upon completion of this operation continued to operate out of the ROKMC Brigade Command Post.

The tanks of H&S Company Tank Platoon have been used to augment Company B, to provide counter-rocket fire, and to provide General Support to the 1st Marine Division as a Tank Reserve.
