CONFIDENTIALPERSONNEL AND ADMINISTRATION

1. Personnel. The personnel situation remained in category two due to the cadre of Company A, 1st Tank Battalion. Command of Company C, 1st Tank Battalion was relinquished to Commanding General, 1st Marine Division on 25 February 1970 to remain in country upon redeployment of the 1st Tank Battalion. Due to the criteria established for personnel to redeploy (primarily personnel with April and May rotation tour dates), it was necessary to "trade" on a one for one basis, those personnel with late RTDs in OF 3500, 2500, 2800, 3000 with other Division units not redeploying, for personnel meeting the criteria in order to have sufficient personnel to redploy with the Battalion for accountability and to have some semblance of continuity on arrival at destination. With prior planning and close liaison with the Division Personnel Office, these reassignments were executed smoothly.
2. Promotions. Ninety-three promotions were effective during the month of February in the grades Pfc through Master Sergeant. There were 3 Meritorious Combat Promotions.
3. Awards. Fourteen personnel were recommended for personal awards. Four awards were presented to members of this Battalion, two of which were Purple Heart Medals.
4. Rest and Recreation. Seventy-three out-of-country and no in-country rest and recreation quotas were received. Sixty-six out-of-country quotas were utilized.
5. Tour Extensions. Nineteen requests were processed and approved for overseas tour extensions. The 1970 cumulative man-month total for overseas extensions is 204.
6. Administration. Frequent staff visits to Company Offices was necessitated due to planned redeployment. Emphasis being placed on the importance of Service Record books, personnel plates, timely and proper reporting. Sample Unit Diary entries and other administrative requirements connected with redeployment were distributed to appropriate company commanders.
7. Status as of 282400H February 1970.

Subj: Command Chronology input for February 1970

1. Weather: February's weather was mild with several extremely warm days which seemingly forecast an early summer this year. The high was 93 degrees and February's low was 61 degrees. The average temperature was 79 degrees. Very little precipitation fell causing a below expectation total of .8 inches.

2. Mine and RPG Incidents: Despite the continued favorable operational conditions for tanks there was no increase of mine incidents. Only one tank, B-42, suffered mine damage. That incident occurred on 25 February in the vicinity of AT922555 and resulted in 4 WIA (Evac) and 2 WIA (Non-evac). It was an 80 lb box mine and the stretch of road it was placed on was a frequently mined area as it is constantly used by convoys.

3. Indications: February ended the battalion operations in Viet Nam. With one Company remaining behind spread throughout the Division AO it is expected that the trend of frequent mines and the threat of RPG damage will continue. With the fewer tanks at each position it could be expected that the enemy would feel more secure in attacking them. Mines will undoubtedly pose the most serious threat and only continual awareness will prevent damage to many vehicles and personal injury.

CONFIDENTIALOPERATIONS AND TRAINING

1. Operations. During the month of February the 1st Tank Battalion continued to support the 1st Marine Division and the 2nd ROK Marine Brigade throughout Quang Nam Province, providing direct fire support to infantry search and clear, and search and destroy operations, as well as road sweeps and convoy security, counter-rocket and counter-mortar fire, perimeter defense and armored mobile reaction operations. On 25 February 1970, the battalion was placed in a Standdown Status preparatory for redeployment to CONUS. On this date Company C was chopped OPCON/ADCON to CG, 1st Marine Division assuming all tanks commitments within 1st Marine Division TAO. Subsequent to standdown, all efforts were directed toward packing of supplies and equipment, and preparation of tanks and rolling stock for surface movement to CONUS. A vigorous program was instituted to insure the utmost cleanliness of all tanks, motor transport vehicles, equipment and general supplies prior to packing, to preclude, insofar as possible, the inadvertent introduction of any foreign matter into the United States. On 19 February 1970, in response to a request of this command, the CG, 1st Marine Division authorized Standdown and advance staging of Company A, 1st Tank Battalion and two sections of flame tanks at the Bridge Ramp staging area. On 28 February 1970, the battalion had staged a total of 21 M48A3 Gun tanks and 4 M67A2 flame tanks at the Bridge Ramp staging area.

a. Company A remained in a Cadre status. One M-51 VTR remained as a table of equipment deficiency. The Company Command Post continued to be co-located with that of the 1st Tank Battalion. On 19 February 1970, Company A assumed a Standdown status and commenced movement of tanks to the staging area in vicinity of the Bridge Ramp. As of 28 February Company A had staged 15 of 17 Gun tanks at the Bridge Ramp.

b. Company B (Rein) continued in direct support of the 1st Marines and 5th Marines. The Company Command Post is located with the 1st Marines on Hill 55 (AT 970621) with a forward Command Post co-located with the 5th Marines at the An Hoa Combat Base (AT 874475). On 25 February the tanks of Company B moved to Hill 55. While moving from Phu Lac (6) toward Hill 37 one tank hit an estimated 80 lb. mine in vicinity AT 922555 heavily damaging the tank and resulting in 4 WIA (Evac) and 2 WIA (Non-Evac). On 26 February the company commenced movement to the 1st Tank Battalion CP at the rate of one platoon per day in preparation for a 1 March Standdown.

CONFIDENTIAL

c. Company C (Rein) remained in direct support of the 7th Marines and 2nd ROK Marine Brigade. Company C provided support to the 7th Marines with one platoon at the Company Headquarters at LZ Baldy (BT 133453) and one platoon at Fire Support Base Ross (BT 025342). One platoon from Company C supported the 2nd ROK Marine Brigade in ground operations in the ROKMC area of operations. One section continued operations with the 2nd ROK Marine Brigade on Barrier Island (BT 2054) until 15 February. On 25 February Company C was chopped OPCON/ADCON to CG, 1st Marine Division and assumed all tank commitments in the 1st Marine Division TAOR. The company tank assets were redistributed as follows: 1st Platoon, minus one tank - 5th Marines; 2nd Platoon, minus one tank - 1st Marines; 3rd Platoon, minus one tank - 7th Marines; section of three tanks - 2nd ROK Marine Brigade. Headquarters tank section remained with the Company Command Post, which was relocated to the 1st Tank Battalion Command Post (AT 997723).

d. Company A (-), 5th Tank Battalion continued in direct support of the 26th Marines with the Company Command Post co-located with the 26th Marines (AT 950758). Tanks were deployed with one section of tanks each at: NamO Bridge (AT 929838); Hill 19C (AT 888802); Hill 10 (AT 923695); and Hill 41 (AT 929663). One platoon located at the 1st Tank Battalion Command Post, remained in general support of the 1st Marine Division. A section from this platoon has been employed on Southern Sector Defense Command OP Marlin (AT 974705) in support of the Hoa Cam Training Center personnel manning the OP and to provide counter-rocket fire capability. Three tanks from the general support platoon were administratively deadlined during the month due to personnel shortages. On 25 February 1970, Company A assumed a standdown posture, with the exception of one heavy tank section of the 3rd platoon at Hill 10. On that date the company moved to the 1st Tank Battalion. On 27 February, the heavy section at Hill 10 moved to the 1st Tank Battalion CP and commenced standdown. The company concentrated all efforts to clean and prepare the tanks for redeployment.

e. The tanks of H&S Company were employed in general support of the 1st Marine Division as a tank reserve and to provide counter-rocket fire. During February, a section of flame tanks has been used in SSDC to burn possible ingress routes to the cantonments. During the period 3-20 February 1970 a section of flame tanks was employed in the 2nd Battalion, 26th Marines area for burn operations. Two of the three flame tank sections were administratively deadlined during February due to personnel shortages. On 19 February these two sections were placed in a standdown status in preparation for redeployment, and by the end of the month four flame tanks had been staged at the Bridge Ramp staging area.

The decrease in rainfall each successive month increases the mobility of tracked vehicles, enhancing their effectiveness in combat operations, and enabling the tanks to move from road sweeps to field operations. It can be surmised that tanks will be in great demand in the months ahead.

CONFIDENTIAL

4. Weather. The month of February brought a decrease in precipitation as the Northeast Monsoon gradually dissipated. Also, the cloudiness decreased during February with 15 days mostly clear with sunshine. The average temperature was 75 degrees F, with a high of 89 and a low of 61. The total rainfall for the month was 1.8 inches in the Danang area.

The tank was the lead element in a convoy enroute to Hill 55. There were no RPG rocket incidents involving 1st Tank Battalion.

6. Indications.  7. Enemy movement
 - a. Hoa Vang: At 12200H/Jan/70, VC held a meeting of their Village Chiefs and District Chiefs at Grids BT094654. Purpose: Each Village Chief and his installation must buy for them 250 packs of Korean noodle, 350 cans of rations, 150 or 200 A.30 batteries, all these stuff must be deposited at their Province Chief before 20 January 1970. Besides, they also ordered all children must deposite 05 bullets of every type. Opinion: The information is polymerized with VC's intention to support foodstuffs of their Dong Huan (Winter-Spring) Campaign and during the PNT time. DIOCEval F-3
