INSTRUCTIONS FOR KEEPING JOURNAL

1. Heading:

    a. Unit or Section:

        (1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

        (2) Enter designation of section if this is a section journal maintained by a general staff section.

    b. Place: Enter coordinates or name of locality.

    c. From: Enter date, time, and time zone that journal is opened.

    d. To: Enter date, time, and time zone that journal is closed.

2. Body:

    a. Time In:

        (1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

        (2) Section Journal. Enter time information is received within section.

    b. Time Out:

        (1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

        (2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

    c. Serial No.: Number each entry consecutively as information is received by keeper of journal.

    d. DTG: Enter date/time group of radio message.

    e. Incidents, Messages, Orders:

        (1) Important incidents, messages and orders are recorded as they are made known.

        (2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

        (3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

        (4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

        (5) Oral messages are reduced to writing and processed like written messages.

    f. Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "I", information disseminated to troops or subordinate units; "F", filed in journal file.

3. Ending:

    a. Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

    b. Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

4. Journal File:

    Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

INSTRUCTIONS FOR KEEPING JOURNAL

1. Heading:

    a. Unit or Section:

        (1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

        (2) Enter designation of section if this is a section journal maintained by a general staff section.

    b. Place: Enter coordinates or name of locality.

    c. From: Enter date, time, and time zone that journal is opened.

    d. To: Enter date, time, and time zone that journal is closed.

2. Body:

    a. Time In:

        (1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

        (2) Section Journal. Enter time information is received within section.

    b. Time Out:

        (1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

        (2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

    c. Serial No.: Number each entry consecutively as information is received by keeper of journal.

    d. DTG: Enter date/time group of radio message.

    e. Incidents, Messages, Orders:

        (1) Important incidents, messages and orders are recorded as they are made known.

        (2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

        (3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

        (4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

        (5) Oral messages are reduced to writing and processed like written messages.

    f. Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

3. Ending:

    a. Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

    b. Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

4. Journal File:

    Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

INSTRUCTIONS FOR KEEPING JOURNAL

1. Heading:

    a. Unit or Section:

        (1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

        (2) Enter designation of section if this is a section journal maintained by a general staff section.

    b. Place: Enter coordinates or name of locality.

    c. From: Enter date, time, and time zone that journal is opened.

    d. To: Enter date, time, and time zone that journal is closed.

2. Body:

    a. Time In:

        (1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

        (2) Section Journal. Enter time information is received within section.

    b. Time Out:

        (1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

        (2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

    c. Serial No.: Number each entry consecutively as information is received by keeper of journal.

    d. DTG: Enter date/time group of radio message.

    e. Incidents, Messages, Orders:

        (1) Important incidents, messages and orders are recorded as they are made known.

        (2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

        (3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

        (4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

        (5) Oral messages are reduced to writing and processed like written messages.

    f. Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

3. Ending:

    a. Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

    b. Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

4. Journal File:

    Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

3. Ending:

 a. Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

 b. Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

4. Journal File:

 Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

INSTRUCTIONS FOR KEEPING JOURNAL

1. Heading:

   a. Unit or Section:

      (1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

      (2) Enter designation of section if this is a section journal maintained by a general staff section.

   b. Place: Enter coordinates or name of locality.

   c. From: Enter date, time, and time zone that journal is opened.

   d. To: Enter date, time, and time zone that journal is closed.

2. Body:

   a. Time In:

      (1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

      (2) Section Journal. Enter time information is received within section.

   b. Time Out:

      (1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

      (2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

   c. Serial No.: Number each entry consecutively as information is received by keeper of journal.

   d. DTG: Enter date/time group of radio message.

   e. Incidents, Messages, Orders:

      (1) Important incidents, messages and orders are recorded as they are made known.

      (2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

      (3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

      (4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

      (5) Oral messages are reduced to writing and processed like written messages.

   f. Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

3. Ending:

   a. Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

   b. Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

4. Journal File:

   Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

INSTRUCTIONS FOR KEEPING JOURNAL

1. Heading:

   a. Unit or Section:

   (1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

   (2) Enter designation of section if this is a section journal maintained by a general staff section.

   b. Place: Enter coordinates or name of locality.

   c. From: Enter date, time, and time zone that journal is opened.

   d. To: Enter date, time, and time zone that journal is closed.

2. Body:

   a. Time In:

   (1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

   (2) Section Journal. Enter time information is received within section.

   b. Time Out:

   (1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

   (2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

   c. Serial No.: Number each entry consecutively as information is received by keeper of journal.

   d. DTG: Enter date/time group of radio message.

   e. Incidents, Messages, Orders:

   (1) Important incidents, messages and orders are recorded as they are made known.

   (2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

   (3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

   (4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

   (5) Oral messages are reduced to writing and processed like written messages.

   f. Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

3. Ending:

   a. Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

   b. Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

4. Journal File:

   Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

INSTRUCTIONS FOR KEEPING JOURNAL

1. Heading:

    a. Unit or Section:

        (1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

        (2) Enter designation of section if this is a section journal maintained by a general staff section.

    b. Place: Enter coordinates or name of locality.

    c. From: Enter date, time, and time zone that journal is opened.

    d. To: Enter date, time, and time zone that journal is closed.

2. Body:

    a. Time In:

        (1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

        (2) Section Journal. Enter time information is received within section.

    b. Time Out:

        (1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

        (2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

    c. Serial No.: Number each entry consecutively as information is received by keeper of journal.

    d. DTG: Enter date/time group of radio message.

    e. Incidents, Messages, Orders:

        (1) Important incidents, messages and orders are recorded as they are made known.

        (2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

        (3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

        (4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

        (5) Oral messages are reduced to writing and processed like written messages.

    f. Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

3. Ending:

    a. Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

    b. Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

4. Journal File:

    Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

INSTRUCTIONS FOR KEEPING JOURNAL

1. Heading:

    a. Unit or Section:

        (1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

        (2) Enter designation of section if this is a section journal maintained by a general staff section.

    b. Place: Enter coordinates or name of locality.

    c. From: Enter date, time, and time zone that journal is opened.

    d. To: Enter date, time, and time zone that journal is closed.

2. Body:

    a. Time In:

        (1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

        (2) Section Journal. Enter time information is received within section.

    b. Time Out:

        (1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

        (2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

    c. Serial No.: Number each entry consecutively as information is received by keeper of journal.

    d. DTG: Enter date/time group of radio message.

    e. Incidents, Messages, Orders:

        (1) Important incidents, messages and orders are recorded as they are made known.

        (2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

        (3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

        (4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

        (5) Oral messages are reduced to writing and processed like written messages.

    f. Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

3. Ending:

    a. Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

    b. Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

4. Journal File:

    Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

1ST MARINES SAC CONTROL NO: 00110-66

Operation Plan 369-66

Ref: (a) Maps: VIETNAM 1:50,000 AMS Series L701 Sheets 6757 II, 6757 III and 6757 IV
(b) 3d Marine Division Operation Plan 369-66
(c) 1st Marines Operation Order 343-66

Time Zone: Hotel

Task Organization: No change.

1. SITUATION

   a. Enemy Forces. See current ISUMS.

   b. Friendly Forces. Reference (b).

   c. Assumptions

      (1) That the Viet Cong will attempt to terrorize harvesters, gain access to ripened rice paddies and confiscate all available rice from which they have been denied.

      (2) That the requirement will exist to provide protection to rice harvesters during the harvesting seasons.

2. MISSION. 1st Marines conducts operations to protect Vietnamese Nationals and the rice crop during the main harvest seasons to deny the VC valuable foodstuffs, stifle his control over the local populace and increase the Viet Cong's logistical problems.

3. EXECUTION

   a. Concept of Operations. The most effective echelon to coordinate rice harvesting procedures is at the Infantry Battalion and Village Chief level thereby proving to the populace that the local Marine Force is there to protect them against VC encroachment and enhancing district village, hamlet and Marine relationships. No set pattern is applicable to all rice harvesting areas, however the following methods, tactics and procedures will prevail:

      (1) Patrols operating near the periphery of the TAOR coordinate patrol and ambush activities with local villagers to protect them while harvesting and transporting rice.

      (2) Marine and ARVN/RF/PF forces coordinate in search and clear operations. Upon conclusions of search and clear operation, the Marine units establish outposts and ambushes, to safeguard the rice harvesting area, while ARVN/RF/PF forces escort the local populace to and from the rice fields to harvest crops.

(3) Aggressive patrolling around the periphery of rice fields provides a screen of protection for local villagers, while RF/PF guard rice storage areas.

(4) Marine and ARVN units coordinate activities to patrol and ambush as appropriate to protect the local populace and rice storage areas.

(5) Extended search and clear operations outside of the TAOR allows sufficient time for helicopters to transport local villagers to the area of operations, harvest the rice crop and then transport the rice back to a safe area.

(6) Village Chiefs make arrangements to transport rice to safe area by bus or sampan.

(7) Marine units make arrangements to transport rice to safe area by tracked or wheeled vehicle, water craft and aircraft.

b. **First Battalion, 4th Marines.** Conduct operations for harvest protection in assigned sector.

c. **Second Battalion, 4th Marines.** Conduct operations for harvest protection in assigned sector.

d. **Third Battalion, 1st Marines.** Conduct operations for harvest protection in assigned sector.

e. **Attached Companies.** Be prepared to support harvest operations as directed.

f. **Coordinating Instructions**

(1) This plan provides for operations during the principal harvest seasons of May and October 1966.

(2) Direct liaison between participating units is authorized.

(3) Unclassified Code name is Golden Fleece II.

(4) Offensive operations will be conducted concurrently and will have priority during Golden Fleece Execution.

(5) This plan effective for planning on receipt and execution on order.

(6) This plan supports reference (b).

(7) Report commencement and termination of harvest protection operations in assigned sector.

4. **ADMINISTRATION AND LOGISTICS.** No change.

5. **COMMAND COMMUNICATIONS-ELECTRONICS**

   a. Communications in accordance with reference (c).

   b. Request additional communications support from this headquarters.

CHU LAI, VIETNAM
250800H March 1966

Annex A (Psychological Warfare) to Operation Plan 369-66

Ref: (a) 1st Marines Operation Order-343-66

Time Zone: Hotel

1. SITUATION

    a. General. The VC satisfies many of his support requirements by prey-
      ing upon the local populace. One of these, his problem of providing
      rations for Viet Cong troops, is satisfied by confiscating from the
      people, a large portion of the semi-annual rice harvest. If this
      practice can be successfully disrupted, the Viet Cong War effort
      will be seriously curtailed.

    b. Enemy Forces. See current ISUMS's and SIR's as issued.

    c. Friendly Forces

       (1) 27th PsyOps Field Detachment

          (a) Provides leaflet and poster reproduction support as re-
             quired.

          (b) Provides U-10 aircraft support as required.

          (c) Provides Audio/Visual support as required.

       (2) 1st Marine Aircraft Wing

          (a) Provides UH1E aircraft as required for direct broadcasts.

2. MISSION. The Psychological Warfare mission in Operation Golden Fleece II is:

    a. Inform the local populace of the purpose and scope of the operation
      thereby exploiting its psychological effect.

    b. Encourage cooperation by local populace to provide intelligence as
      follows:

       (1) Information concerning the whereabouts and movement of Viet Cong
          units and individuals, location of Viet Cong weapons caches,
          mines, booby traps and hideouts.

       (2) Warning to friendly troops of intended or imminent Viet Cong
          actions against friendly forces.

    c. Promote confidence among the populace in the capability of the ARVN,
      USMC and local authorities to provide continued security for the
      populace.

d. Encourage Viet Cong defections within the area of operations.

3. EXECUTION

a. Concept of Operations

(1) Phase I: During the weeks prior to the operation, through various media, inform the populace of the impending operation and its purpose. The purpose of this phase is to develop the confidence which will result from fulfilled promises. This should not reveal the exact area of operations or time frame, but should be presented in very general terms.

(2) Phase II

(a) Through various media and face to face persuasion, encourage the local populace to cooperate with friendly forces, providing information and warnings to friendly troops.

(b) Posters, leaflets and audio means will be directed at local VC and VC sympathizers to present the picture of a better life with GVN, the folly and eventual failure of the Viet Cong movement, and the means by which the VC may surrender and enjoy the better life of a free Vietnamese.

(3) Phase III: During the last two weeks of the operation and weeks following, remind the people of the success of the operation and show how their cooperation contributed to its success and the accomplishment of a peaceful, productive and oppression-free harvest. Assure the people that during future harvest periods, they will enjoy the same peace and security because of the strength and consideration of their government, supported by the United States.

b. Tasks

(1) Regimental and Battalion PsyWar Officers

(a) Inform participating troops of psychological themes and objectives, and means to be employed in their accomplishment, including face-to-face persuasion.

(b) Provide participating troops with dual-language copies of the leaflets, posters and briefs of audio messages which will be used in order that they may discuss these subjects in an intelligent and knowledgeable manner and better understand the PsyWar program.

(c) Provide selected troops with leaflets (VN language) for hand-to-hand delivery to members of the population with whom they come in contact during the operation.

(d) Develop and recommend themes and material to support the overall program as favorable opportunities and instances develop. Submit this material for review and approval prior to dissemination.

(e) Be alert for instances which may occur where certain elements of the program may result in adverse results or do not produce desirable effects.

(f) Be alert for incidents in which friendly forces may be in an unfavorable light, and be ready to counter-act such incidents with appropriate PsyWar action.

o. Coordination

(1) New themes and material will be coordinated and approved by Regimental, Division and III MAF Psy War sections prior to promulgation.

(2) Themes to be stressed

(a) The people will no longer be oppressed, taxed and preyed upon by the Viet Cong.

(b) Cooperation with local authorities, ARVN and United States Forces will hasten the day of freedom from VC oppression.

(c) The GVN and the United States have a sincere interest in the welfare and happiness of the Vietnamese people.

(d) The military power of the GVN, supported by the United States will result in defeat of the VC and continued security for the people of RVN.

4. ADMINISTRATION AND LOGISTICS. Request for routine PsyWar support will be forwarded using current PsyWar request forms.

5. COMMAND AND SIGNAL. In accordance with reference (a).

BY COMMAND OF COLONEL MITCHELL

W. M. BLEDSOE
Lieutenant Colonel, U. S. Marine Corps
Executive Officer

DISTRIBUTION: Same as reference (a).
