NARRATIVE CONTACT SUMMARYLATE ENTRIES

1. 2nd Bn, 1st Marines BOC received information that VC wearing gray uniforms with packs and weapons, in groups of two and threes, were observed in vicinity of AT 995615 by units of 1/9 at 1700. 1/9 units had been observing subject VC since 1630H and had requested clearance to fire, which had been granted. 2/1 received additional position reports from 1/9 as to VC group of approximately 100 in the vic of AT 995625. At 1805, 2/1 took control of fire mission and commenced artillery and 81mm mortar fire. Artillery fire was directed at area where VC were last located. Area bounded by AT 999627, BT 002627, BT 000618, and AT 997618 was the target. Fire mission was then commenced by 81mm mortars starting at BT 000615 searching and traversing north towards coordinates BT 002623. Missions fired included 41 105 rounds, 12 155 rounds, and 84 81mm HE rounds. After first artillery barrage, 2nd platoon, F Company located at the HA DONG Bridge reported a body of 20 Vietnamese moving from the vicinity of BT 000624 towards BT 009629. This unit also observed at this time a group of Vietnamese moving from hamlet at BT 008639 towards hamlet at BT 001635. Smoke was observed at first hamlet mentioned, after people left. This indicated that the body of Vietnamese who had left subject hamlet had possibly caused smoke, due to the fact that no fire had been directed at that hamlet. 1/9 FSCC was contacted as to effect of our fire; it was observed to be right on last observed position of VC and had covered area well in depth. Due to darkness and scattering of VC units, no units were dispatched, but 2/1 units were alerted to this VC activity.

2. E Company located at BT 038632 observed 2 VC within 25 meters of their position at 2235H. Perimeter fired heavy volume of M-14 fire and observed two VC falling. Area was searched with negative results. A search at first light disclosed heavy blood trails disappearing 75 meters down nearby trail.

Contact Summary for 31 August as of 1100H.

E Company located at BT 038632 observed 1 VC moving across rice paddy 200 meters in front of the perimeter at 310030H. Three M-79 rounds were fired at VC. Area was swept at first light with the finding of blood trails. Huts in area were searched and villagers questioned with negative results.

Additional information on E Company's, company size patrol.

E Company's company size patrol in the area of the village of THANH TRUONG on 30 August observed numerous young men working in the area and numerous PF units patrolling. As patrol moved through area, company corpsman treated 34 civilians.
