DECLASSIFIED

PART IV
SECTION B

Enemy Weather and Terrain

(1) Enemy: The enemy situation within the 1st Marines TAOR continued to be characterized by small unit actions to harass friendly static defenses while mining incidents decreased. Total incident and VC initiated incidents decreased significantly. According to the translation of a captured document in the 3rd Battalion TAOR on 25 June, the VC have been stymied in their infiltration into the TAOR. The intense patrolling and concentration of ambushes on known infiltration and withdrawal routes has made enemy movement almost impossible.

Agent reports and a significant contact by ARVN forces south of Hoi An continues to indicate that elements of the V-25th MF Battalion are operating in this area.

A reliable agent reported to Quang Da Sector that on 25 June, one company of the V-25th was located at (BT 116548). The O-12th and R-20th are apparently still reorganizing from 1st Marines reconnaissance in force into their base areas. The major concentration of activity has been by approximately one platoon of the O-15 operating along the Song Tam Giap and Song La Tho from (BT 058591 to AT 986609) between the 1st and 2nd Battalions, west to the railroad track.

Debriefing of Battalion S-2's indicates that the O-15 is probably operating out of the Phase II Stone area grid square (AT 9859).

(2) Weather: The weather for the 1st Marines TAOR was again characterized by clear skies and a gradual warming trend. The average maximum and minimum temperatured were 93 and 75 degrees respectively while humidity averaged 81 percent. Visibility was marred only by occasional early ground fog and late afternoon showers. Winds were predominately from the north-northwesterly direction, shifting to a southwesterly direction during the latter part of the month. Average velocity was 7 knots and gusts up to 10 knots. Increasing temperatures continued to have an adverse effect on helicopter lift capabilities. This was particularly apparent at higher altitudes.

(3) Terrain: Trafficability on established primary and secondary routes of communications throughout the 1st Marines TAOR remained generally good. An improvement was noted especially on National Route #1 from Danang to Hoi An where spot repair is currently underway. Cross country movement remained good in some areas while others were subjected to irrigation for the rice-planting season. As a result of the irrigation, the major man-made obstacle, rice-paddy dikes are being rebuilt, which will have some negligible effect on breaking and checking vehicle mobility.

PART II

SECTION C

OPERATIONS

1. MISSION

The mission of the 1st Marines (Rein in the DA NANG Combat base is to establish and maintain a reconnaissance screen throughout the assigned TAOR, and in Operating Area (OA) when assigned; conduct unilatral offensive operations within the assigned TAOR and in OA as directed; conduct unilateral and/or coordinated offensive operations through the CTZ as directed occupy and defend the assigned TAOR establishing a mutually supporting rear area defense within the assigned TAOR sector coordinating the resources of all tenant activities therein; be prepared to deploy anywhere in the RVN by the most expeditious means; within indicated time from first warning order. (a) one reinforced rifle company within four (4) hours. (b) one reinforced Infantry battalion (less above company) within twelve (12) hours, one regimental Command Group within twelve (12) hours; prepared to establish and operate a Task Force Headquarters by providing organic personnel and equipment augmented by Division Headquarters.

2. OPERATIONS

The First Marines continues to accomplish its assigned mission. Activities with the First Marines TAORresulted in 136 VC KIA (Conf), 54 VC KIA (Prob), 257 Vietnamese civilians detained for processing and 16 VC POWs captured. This was accomplished by conducting 6,024 fire team and squad sized patrols and ambushes; 43 platoon size activities; and 68 company size operations. During the month of June 1967, the First Marines participated in one Division Operation (CALHOUN) from 250600H June 67 to 011200H July 1967, and one Battalion Operation by the Second Battalion, First Marines called Operation BROWN from 181200H June 67 to 221400H June 1967. Second and Third Battalions continued agressive patrolling and observation of this critical Rocket/Mortar Belt and security of vital bridges and installations.

3. AIR SUPPORT AND DEFENSE

A. GENERAL. Air support requirements declined slightly due to the absence of large unit VC contacts. Battalion and Division sized operations outside the TAOR also found the enemy unwilling to consolidate.

(1) Personnel. 28 June 1967, Captain J. M. REGAN reported as 3/1 ALO replacement for Captain W. W. FRAYICH (RCD July). Our next scheduled ALO/FAC departure will be in August 1967.

DECLASSIFIED

(2) Helicopters. Availability was good throughout the month except during Operation CALHOUN, where the lack of C&C aircraft (UH-1) series hampered the CO's recon capability. Direct support aircraft averaged 5.6 hours of support per day until June 24. On 25 June Operation CALHOUN began and direct support aircraft's average availability was 10 hours per day. Using the working birds almost exclusively, helicopters lifted 1177 persons and 152,930 lbs of cargo in support of the 1st Marines (includes Operations BROWN and CALHOUN). One Sparrow Hawk was requested but cancelled due to excessive response time.

(3) Fixed Wing. Close Air Support sorties numbered 63. The drop from last months 107 reflects the lack of VC concentrations found in and around the TAOR. Still fixed wing expended 168,500 lbs of ordnance upon the enemy. Flare ships were "emergency only" use from 1 to 24 June.

(4) Statistics. Are presented in a more meaningful manner this month. One "mission" may involve 2 to 16 aircraft (sorties) and 1 to Xm "waves" or "trips". For this report a "trip" is a transfer from on LZ to another of a useful load (pax/cargo) the statistics reflect these differentiations:

(a) Helicopter

| MISSIONS | Number of: | | |
|---|---|---|---|
| 1. Troop Lift | Missions | Sorties | Trips |
| 1. Troop Lift | 33 | 66 | 65 |
| 2. Logistics | 49 | 98 | 150 |

| SUB TOTAL | 70 | 107 | — |
| TOTAL | 342 | 649 | 427 |

4. FIRE SUPPORT COORDINATION (ARTILLERY) AND NAVAL GUNFIRE

A. General. During June, Fire Support Coordination within the 1st Marines TAOR cotinued on a normal basis, with no unusual incidents.

(1) Early in the month, extensive targeting was conducted in conjunction with the Regimental S-2 in the river complex south of HOI AN as a result, Artillery was albe to destroy or damage a considerable number of VC boats, trenches and bunkers in that area.

(2) Liaison visits were exchanged with the Coastal Surveillance Center to affect closer coordination between Swift Boats off the coast and the OP's at Marble Mountain and Crows Nest.

(3) Mortar Battery, 1st Battalion, 11th Marines returned to the 1st Battalion, 11th Marines Command Post position from NUI LAC SON on 7 June 1967.

B. Operation BROWN. Battery "B", 1st Battalion, 11th Marines displaced to DIEN BAN on 18 June to support the 2nd Battalion, 1st Marines. Initially, Battery "G", 3rd Battalion, 11th Marines provided direct support until the 2nd Battalion maneuvered within range of Battery "B". Battery "B" returned to their primary position on 22 June 1967.

C. Operation CALHOUN. Batteries "A" and "B" and a Command Group from the 1st Battalion, 11th Marines displaced on 24 June to the DUY XUYEN area to support the operation during the initial phase. When the maneuver battalions changed direction and moved toward the sea on 29 June, the 1st Battalion, 11th Marines Command Group and Battery "A" displaced to their cantonment positions, and Battery "B" displaced to grid BT 092554. Reconnaissance battalion sent a liaison officer to the 1st Marines Command Post to coordinate Recon Team Fire Support with the maneuver units. The SLF also sent a liaison officer to the Regimental Command Post which facilitated Fire Support Coordination with the SLF.

D. NAVAL GUNFIRE. During June four ships reported on station to support the 1st Marines. The USS TAYLOR arrived on station at 080700H and departed on 090200H. The HMAS HOBART supported the 2nd Battalion, 1st Marines from 180600H until 220600H on Operation BROWN. A Naval Gunfire Liaison Team was attached to the 2nd Battalion, 1st Marines during the operation. The USS HUBBARD was on station from 200600H until 201900H firing missions in support of the 4th Battalion, 51st Regiment. Naval Gunfire Spot Teams from the 1st Battalion, 11th Marines were attached to the 51st Regiment to call and adjust the naval gunfire. The USS ST. PAUL supported the 1st Marines on Operation CALHOUN during the period 260730H until 281630H.

DECLASSIFIED

PART II

SECTION D

TRAINING

A. Quotas for formal school were filled within the First Marines. Each Battalion and Company conducted their own GMS Training within their command.

1. Two attended Vietnamese Language, OKINAWA.
2. Three attended Field Radio Opers Crse, OKINAWA.
3. Three attended Basic Ammo Tech Crse, OKINAWA.
4. Two attended Basic Inf Wpns Repair, OKINAWA.
5. One attended NCO Leadership, OKINAWA.
6. One attended Registered Publications, JAPAN.
7. One attended Field Wire Crse, OKINAWA.
8. Six attended Vietnamese Language, DA NANG.
9. Three attended PsyOps Orientation Crse, DA NANG.

DECLASSIFIED

PART II

SECTION E

## COMBINED ACTION PROGRAM

There was no increase in the 1st Marines CAP program during June, but plans have been formulated and submitted for establishment of three new CAP's by the 2nd Battalion. The month of June saw an increase in the pacification effort through the increased use of PsyOps leaflets, broadcasts and the Cultural Drama Teams.

There was an increase in the number of enemy contacts made by the CAP's during the month. There were sixteen (16) contacts in June as opposed to only twelve (12) during May. These contacts resulted in (1) USMC KIA, (2) USMC WIA, (1) PF WIA and (1) RF KIA. The enemy losses included (6) VC KIA (Conf), (7) POW's and (24) Detainees. There were two weapons captured, a K-44 and an 03 Springfield. The most significant incident during the month occured at CAC D-2 where a PF from the CAP was confirmed by HOA VANG to be a VC. (See 1st Marines Intsum 15 June 1967).

DECLASSIFIED

PART II
SECTION F
LOGISTICS

1. Logistics Situation. Logistics support for the Regiment was adequate for the support of combat operations.

2. Supply.

a. The stock levels have increased to 68% operating stocks.

b. Since the opening of the Self-Service Class II Type II supplies are now more easily obtained.

c. H-138 Handsets for AN/PRC-25 Radio Sets are in short supply, the impact during combat operations is critical when replacement handsets are required to maintain constant radio contact with field units. This situation will be alleviated by using H-13 Handsets of AN/PRC-10 Radio Sets as authorized by MCBul 4700 of 17 Feb 1967.

3. Service.

a. Motor Transport support has been excellent for the month of June, each Battalion has been furnished five (5) housekeeping trucks daily, and augmented by additional trucks from Division as required.

b. The receipt of the 3/4 ton trucks authorized by Division special allowance has greatly benifetted each unit as having the ideal capacity desired for most runs. The use of the 3/4 ton trucks frees the housekeeping trucks which were normally assigned the smaller loads. Each Battalion has at least two 3/4 ton trucks, with the remainder of four due in the near future.

c. The Regiment was authorized a special allowance of 2 boats with 33 hp outboard engines. These were picked up on 23 June 1967.

DECLASSIFIED

DECLASSIFIED

PART II

SECTION G

CIVIL AFFAIRS/CIVIC ACTION

1. Of major significance was the formal rededication of the rebuilt HIEU NHON District Headquarters near HOI AN and the return to duty of its wounded District Chief, Mr. SINH, on 19 June. Prior to the VC over-running and destruction of the District Headquarters on 13 March, the HIEU NHON RD Program and general pacification efforts were progressing extremely well; they receded considerably upon incapacitation of the District Chief and partial demoralization of his staff, the RD Teams, local defense forces, and local villagers. The incident clearly stood out as a strong propaganda victory for the VC until 19 June. It is felt extremely significant that the District Chief returned to pursue originally planned pacification objectives, and that relatively rapid reconstruction of the District Headquarters was effected with maximum GVN support. With this continued attitude and persistance upon the part of GVN, a major political set-back can be averted, and significant steps forward toward securing the local population, winning their support, and creditably countering VC propaganda can be realized. Specific, unprecedented action in the nature of troop disposition has been taken by the 1st Marines in order to promote and ensure maximum support in revitalizing the District's current and future padification efforts. A Company (-) patrol base has been established in the immediate proximity of the District Headquarters compound. In accordance with agreements with the QUANG DA Special Zone Commander, QUANG NAM Province Chief, and HIEU NHON District Chief, the operations of this Marine position are fully coordinated/integrated with local Vietnamese defense forces to ensure maximum security for the Headquarters complex and surrounding areas, provide direct support for local RD efforts, and bolster the confidence and morale of local troops and villagers. This action will most assuredly increase the prestige of the District Chief and his RD program, while simultaneously assisting to create an atmosphere relieved of excessive security pressures, allowing him to better concentrate the majority of his attention in the field of Revolutionary Development.

2. 1st Marines contribution to the QUANG NAM RD Program continued in the form of extensive MedCap/DentCap, support of and liaison with 14 RD Teams, initiation of self-help CA projects, support and assistance rendered GVN Officials, constant liaison with CORDS and GVN Officials, and constant provision of TAOR security. The Ha Thanh Dam project continues to be the major CA project being coordinated by the 1st Marines. Certain unforeseen construction difficulties and temporary obstacles have been encountered; however, they are being remedied as they occur through the effective and willing cooperation of Marines, local GVN, and CORDS Advisors. The completion of this project is tentatively planned for the latter part of July, and is considered extremely critical to rice and crop irrigation in the portion of the I Corps National Priority Area bounded on the west by the railroad bed, on the east by the SONG VINH DIEN, on the north by the SONG CAU DO, and on the south by the HOA VANG-DIEN BAN District boundary. Other self-help projects sponsored by the 1st Marines S-5 Section and completed were two bridge-culverts, 4 wells, 2 large MSR culvert inserts, and completion of removal from the VINH DIEN River of 1,000,000 $VN worth of cap-

tured logs handed over to GVN. Road construction continues on Route #14 from south of Hill 55 east toward DIEN BAN, and also from Route #1 east across the VINH DIEN River to the 3rd Battalion's CP. These routes, initially being constructed for military purposes, will become major civilian transportation nets in the future. The opening of these more remote areas first for military clearing operations, will secondly provide accessibility and assist in creating the proper facilities for GVN pacification. Heavy earth-moving has nearly been completed in the NUI KIM SON area to ready a refugee resettlement site for approximately 300 refugee families. In addition, the NUI KIM SON market place has been relocated to a more optimum locale. Both of these projects are primarily GVN efforts, with Marine assistance where required, and are coordinated in conjunction with the 2nd portion of the ARVN HUNG QUANG I (Phase 2) resettlement campaign.

3. During Operation CAHOUN, 25-30 Jun, 11 refugees and 26,000 pounds of captured rice were received at the 1st Marines ISA. Every effort was made to obtain the services of the QUANG NAM refugee service, which processed the persons and handled their disposition. All 26,000 pounds of rice were turned over to GVN Officials.

4. During the reporting period nothing of extreme political significance occurred within the TAOR. All hamlet elections of late within the TAOR were conducted without incident. Recently, direct outward attempts by the local VNQDD party to express gratitude and conficence in US support for GVN efforts have been observed. The local VNQDD political leaders continue efforts to consolidate and resolve factional differences within the party, and to generally lay effective ground work for the National Elections in September. It is expected that the coming months will see increased VNQDD faction infighting, but not necessarily outward-type incidents. The party's major attempt at the moment is to strive for party unity and keep overt incidents to a minimum. It can also be expected that due to a large VNQDD membership within local RD Teams (80%), the RD Cadre themselves may be heavily utilized for campaign purposes relative to future local and national elections. This could prove disruptive to RD Team efforts because of VNQDD inter-faction differences, and to support of these efforts by the Provincial government because of possible inter-party rivalries. Local intelligence sources indicate that the VC have apparently adapted the strategy during the current hamlet elections to not outwardly interefere with the conduct and processing of the elections, but instead concentrate on political activities and infiltration once the elected officials have been placed in office. Due to the comparative villager enthusiasum, interest, and support for low level free elections, the VC have apparently felt it to their disadvantage to overtly interfere with the elective process.

5. The following commodities were distributed during June:

a. To 1st Battalion. 3000 pounds rice, 300 pounds of clothing, 400 pounds soap, 300 rice bags, 250 school kits, and 1 case cooking oil.

b. To 2nd Battalion. 5200 pounds rice, 200 pounds soap, 75 pounds clothing, 6 dozen toothbrushes/tooth paste tubes, 3 cases cooking oil.

c. To 3rd Battalion. 3000 pounds rice

d. To VIS, HOI AN. Forty 1"x6"x14' boards.

e. To DIEN BAN District Hq. 200 Kilos of whitewash and 26 Kilos of dye.

f. To 1st Marines sponsored self-help school project at LONG GHAU (3). 20 bags cement, 200 bricks, 20-4"x6"x10' timbers, and 4-8"x8"x10' timbers.

g. To 1st Marine sponsored self-help bridge-culvert projects near DUONG SON (2). 47 bags cement, 30 pieces of 6 meter re-bar, 3 cubic meters of gravel, 5½ cubic meters of sand, and 3 plywood boards.

6. MedCap activity for the First Marine Regiment rendered treatments to 13,447 civilians, while DentCaps treated 113 persons. This in compared to 13,945 and 248 respectively for May. In addition, emergency medical evacuations and treatments were arranged for 15 civilians.

DECLASSIFIED

PART II

SECTION H

PSYCHOLOGICAL OPERATIONS

1. During the month of June 1967, the 1st Marines PsyWar Team briefed 7 officers and 12 Staff NCOs. The PsyWar Team also briefed Dr. Janice HOPPER and her party on their study of Psychological Operations.

2. During the month there were 148 hr. 45 min. of loudspeaker broadcasts, 7½ hours of films a 2hr. presentation by the Division Band, and 5 days of performances by Culture-Drama Teams. The topics of the broadcasts were Chieu HOI Appeals, Medcap, VC Atrocities, VC taxation; Rewards program, Music and News, and Special broadcasts by former VC and local officials and operational warnings and notices to the population. The break-down of broadcasting agencies was as follows:

| | |
|---|---|
| 244th Psy Ops Company | 79½ hrs. |
| 1st Marines (ground) | 58¼ hrs. |
| 1st Marines (aerial) | 2½ hrs. |
| 9th ACS | 8½ hrs. |

3. During the month there were 1,892,350 pieces of Psy Ops material distributed. Of these, 153,350 pieces were distributed by hand, 294,000 pieces were distributed by 1st Marines by air, and 1,445,000 were dropped by the 9th ACS. Of this total, 560000 were dropped in support of Operation CALHOUN. The themes were as follows:

a. By air (9th ACS)

| | |
|---|---|
| Safe Conduct Passes | 300,000 |
| Chieu Hoi/Reconciliation | 545,000 |
| Blood in VC Hands | 25,000 |
| VC Mines kill innocent Civilians | 25,000 |
| Mine & Booby Trap Rewards | 150,000 |
| Nature of Operation (CALHOUN) | 300,000 |
| Notice to Population (CALHOUN) | 100,000 |

b. By air (1st Marines)

| | |
|---|---|
| Safe Conduct Passes | 41,000 |
| Chieu Hoi Appeals | 83,000 |
| VC Steal Rice | 35,000 |
| Keep VC out of your Homes | 30,000 |
| Don't Support the VC | 70,000 |
| Weapons/Mine Rewards | 35,000 |

c. By Hand

| | |
|---|---|
| Chieu Hoi Appeals | 10,300 |
| Mine & Booby Traps | 34,500 |
| Weapons Rewards | 35,000 |
| Health & Sanitation | 51,625 |

DECLASSIFIED

| | |
|---|---|
| VC Steal Rice | 3,700 |
| Don't Harbor VC | 2,300 |
| Flag of Peace/Flag of Death | 3,000 |
| Marines Are Friends | 200 |
| Notice to Population | 3,000 |
| Rural Life Magazine | 825 |
| Free South Newspapers | 8,900 |

PART II
SECTION I
COMMUNICATION-ELECTRONICS

1. Wire Section, Regimental Communication Platoon laid new rubber-covered cables from 1st Marines CP south on Highway 1C to Btry "B", 1st Bn 11th Marines position. Seventh Marines laid cable north from their CP on Hill 55 to tie in at Btry "B" position. This new cable replaces field wire cables which had been in position about a year and were rapidly deteriorating. All telephone wires running up and down Highway 1C are now permanent cable attached to 1st MarDiv telephone poles. 1st Marines telephone lines running north from the CP along Highway 1C were swung into the Division cable allowing field wire cables to be torn out along that route also.

2. With the help of 5th Comm Bn and Comm Co, Hq Bn, two 55 ft telephone poles were installed adjacent to the CCC Bunker. Wire and Radio Sections, Regimental Communication Platoon then installed RC-292 and UHF antennas atop these poles. This action significantly improves radio communications from the CP by adding height.

3. 1st Lt. J.S. [redacted] was assigned as Assistant Regimental Communication Officer. He was later reassigned as 3d Bn Communication Officer.

4. Regimental Communication Platoon provided communication support for the visit of the Under Secretary of the Navy.

5. Regimental Communication Platoon provided communication for the Regimental Forward Command Post operating at the 1st Bn CP during Operation CALHOUN.

SEQUENTIAL LISTING OF SIGNIFICANT EVENTS

01 Battalion 6s lifted from LZs to Division Headquarters for Change of Command Colonel RADICS, Colonel STARK and Lieutenant Colonel BELL to First Battalion, First Marines "D" and return. Flareship placed on emergency only basis.

02 Major General ROBERTSON visited First Marines, Colonel RADICS to Third Battalion, First Marines for Awards Ceremony.

03 Major ANDREWS and Major MURTHA to Second Battalion, First Marines for conference. Major MARRON and staff to KHANH DUC for recon.

04 Colonel RADICS to Second Battalion, First Marines with congressional Committee Team. Major RICE to recon Third Battalion, First Marines TAOR.

05 Colonel RADICS to First Battalion, First Marines for Change of Command.

06 Major REESE observed and controlled air strikes south of TAOR.

07 Major General ROBERTSON and Colonel RADICS visited all Battalions. One UH-34 was lifted out of Railbird LZ by one CH-53.

09 Colonel HUGHES visited First Marines. Congressional party to First Battalion, First Marines. Major REESE to Third Battalion, First Marines for Battalion (-) operation.

10 (16) UH-34s lifted 140 Marines from Marble Mountain to BT 103658. Colonel RADICS visited First Battalion, First Marines.

13 Major General ROBERTSON visited CAC-D-2 and presented awards.

15 Colonel RADICS and party to HOI AN for Awards Ceremony.

16 Colonel RADICS recon TAOR.

18 Operation BROWN commenced. Colonel RADICS recon operation area. One emergency leave lifted from Second Battalion, First Marines to DANANG.

19 Lieutenant Colonel [redacted] recon operation area.

20 Colonel RADICS recon operation area, visited Second Battalion, First Marines forward CP. Secretary of NAVY visited First Marines.

21 Major ANDREWS and staff visited SLF. Major MARRON recon operation area. CH-53 lifted Ontos from operation area.

22 All Battalion 6s to Regiment for planning conference.

DECLASSIFIED

23 Lieutenant Colonel HEWLETT recon TAOR and south. Major MANON recon DUY XUYEN.

24 General ROBERTSON visited Third Battalion, First Marines. Colonel RADICS and Regimental CP to First Battalion, First Marines for operation CALHOUN. Flagship return to normal availability.

25 Major General ROBERTSON visited First Battalion, First Marines.

26 Colonel RADICS visited forward position.

27 Colonel RADICS visited forward positions. General KRULAK visited First Battalion, First Marines. Colonel RADICS visited Division.

29 Air strike caused friendly casualties. Incident under investigation.

PART III

SECTION B

SEQUENTIAL LISTING OF SIGNIFICANT EVENTS

041722H Lieutenant General CUSHMAN, Major General ROBERTSON and Congressional Sub-Committee visited Second Battalion, 1st Marines to discuss the M-16 rifle.

051300H Lieutenant Colonel G. E. PETRO assumed command of 1st Battalion, 1st Marines relieving Lieutenant Colonel VAN D. BELL who became the Regimental Executive Officer.

071315H Major General ROBERTSON visited the 1st Marines from 1315H to 1715H.

081130H Congressman LONG visited 1st Battalion, 1st Marines from 0800 to 1130 concerning the M-16 rifle.

131310H Major General ROBERTSON visited CAC-D-2 and CAC-D-4.

180700H Second Battalion, 1st Marines commenced Operation BROWN in the GO NOI ISLAND Complex.

181515H Major General NICKERSON visited CAC-D-5 departed at 1545H.

201505H The Honorable Mr. CHARLES F. BAIRD Under Secretary of the NAVY (designate) and Major General ROBERTSON visited the Regimental Command Post and departed 1650H.

211355H Major General ROBERTSON and Brigider General DOOLEY visited Second Battalion, 1st Marines in the field on Operation BROWN.

241400H Second Battalion, 1st Marines terminated Operation BROWN and returned to Regimental TAOR. Statistics for Operation BROWN (23 USMC WIA, (18) VC KIA (Conf), (19) VC KIA (Prob), (1) VC POW and (7) Vietnamese detainees.

241000H Major General ROBERTSON visited 3rd Battalion, 1st Marines and departed 1055H. Major General NICKERSON visited CAC-D-3, 4, 6, 7 and 8. 1st Marines Command Post opened at BT 104583 at 1800H in preparation for Operation CALHOUN. Company "E", 2nd Battalion, 7th Marines OpCon to the 1st Marines as of 241130H for Operation CALHOUN.

250600H Division Operation CALHOUN commenced in the vicinity at VC Base Area 116 to destroy or capture enemy supplies and equipment.

DECLASSIFIED

SECTION C (Civil Affairs/Civic Action)
SEQUENTIAL LISTING OF SIGNIFICANT EVENTS

1 June - The CAO briefed CAP Leaders and Battalion CAP Officers/NCOs on CA/PsyOps programs.

2 June - The CAO held detailed briefings for the S-5s of the 1st and 3rd Battalions.

5 June - A visit was held with the convalescing HIEU NHON District Chief in Danang to encourage and ascertain his intentions to return to his rebuilt headquarters. RD Team QNA/02 in LO GIANG was hit by VC resulting in 1 RD worker KIA and 4 WIA.

8 June - The rip-rap stone-concrete retaining wall along the irrigation canal near the Ha Thanh Dam was completed by local villagers.

8 June - DUY XUYEN District Chief killed in his headquarters by exploding mine.

9 June - Driving of steel piling commenced at Ha Thanh Dam site.

10 June - Commodities procurred through GVN channels delivered to villagers of DUONG SON (2) for bridge-culvert project.

11 June - CORDS concept announced as replacing OCO concept in QUANG NAM Province.

11 June - Salvage from SONG VIEN DINH of approximately 1,000,000 $VN worth of logs captured from VC completed.

12 June - Lt. Col. JENKINS relieved Lt. Col. KANE as Senior MACV Advisor for QUANG NAM Sector.

13 June - Five 1st Marines sponsored self-help well projects completed by villagers of DUONG SON (3).

15 June - RD Team QNA/24 inserted into the hamlet of QUANG CHAU in HOA CHAU Village.

16 June - Two 1st Marines sponsored irrigation culverts beneath the MSR completed in conjunction with local villagers.

17 June - VNQDD commomorated death of party foundor, NGUYEN-THAI-HOC.

18 June - Commandant, USA Civil Affairs School, Ft. GORDON, Georgia, was briefed by CO, 1st Marines, and visited the Ha Thanh Dam, an RD Team, and a CAP.

19 June - HIEU NHON District Headquarters was rededicated after rebuilding following VC attack in March. Mr. SINH returned to duty as District Chief during elaborate rededication ceremony.

DECLASSIFIED

20 June - RD Team QUẢNG/20 inserted into LONG CHÂU (3), VINH PHUOC, DIEN BIÊN District.

27 June - 1st Marines sponsored bridge-culvert self-help project completed by DUONG SON (2) Villagers.

27 June - Local villagers commenced repair of coffer dam in conjunction with Ha Thanh Dam project.

28 June - Major JORDON replaced Major LIZELL as Senior DIEN BIÊN Subsector Advisor.

29 June - Second 1st Marines sponsored bridge-culvert self-help project completed by DUONG SON (2) Villagers.

30 June - Total refugees and captured rice evacuated from Operation CALHOUN through 1st Marines LSA and handled by 1st Marines S-5 Section were 11 and 26,000 pounds respectively.

PART III

SECTION D (Psychological Operations)

SEQUENTIAL LISTING OF SIGNIFICANT EVENTS

9 June - An LVTP transporting the 3/1 Psy Ops loudspeaker struck a mine. There were no Marine casualties but the loudspeakers were damaged.

14 June - 3/1 utilized a captured VC Cadreman to make a series of broadcasts.

18 June - DIEN BAN District reported a VC ground broadcast in the area south of the District Headquarters.

18 June - Members of the 244th Psy Ops Company began working directly with 1st Marines to train and assist the Regiment's Psy War personnel.

VIETNAM 1:25,000 AMS series L8020, sheet 6640I S, 6640IV S, 6640II N, 6640III N.

(b) RegtO P3800.1A (SOP for Intelligence)

TIME ZONE: H

1ST MARINES S&C CONTROL NO. 0062A-67

1. SUMMARY OF ENEMY SITUATION

a. In the past three months there have been no indications of a concentration of MF VC units in what is known as Base Area 116 (AT 9044).

b. The last confirmed report of a MF unit operating in proximity to Base Area 116 was prior to Operation Canyon on 6 April 67.

(1) The 3rd Battalion, 3rd NVA Regiment was reported located in GS (BT 0446) during the month of April.

(2) The 3rd Battalion attacked an ARVN Convoy at (BT 113497) on 24 March 1967 and withdrew southwest into GS (BT 0446).

c. The 1st Marines have received no agent reports to indicate that any MF units have moved into Base Area 116.

d. PIIU readouts as of 11 June 67 indicate heavy fortifications only in peripheral areas (See Appendix 2).

e. The 116 Base Area may very well be an avenue of approach and exit into Go Noi and/or the 1st Marine Division TAOR.

f. Recon units working the northern portion of this area have sighted only small units moving along trails (3-5 men).

g. Population: Duc Duo, Que Son, Duy Xuyen Districts of Quang Nam Province lie partially or totally within the study area. The number of hamlets, villages, and population within each district are as follows:

Duc Duc (D) - 5 Villages, 23 Hamlets, Population - 22,920
Que Son (D) - 4 Villages, 18 Hamlets, Population - 15,292
Duy Xuyen (D) - 7 Villages, 30 Hamlets, Population - 31,908

h. Terrain (See Appendix 1 to this Annex)

i. It is possible that several units (V-25th, Q-12th, Quang Da Central Committee) could withdraw into Base Area 116. (See Appendix [illegible] to this Annex) Disposition [illegible]

j. There are reports in this area of training sites, hospitals, rice caches, etc. (See Appendix 2).

k. Most likely that any encounter with the VC would be with service and/or supply cadre. They probably will avoid contact with Marines at all costs.

l. If MF VC units are encountered, their most likely tactic would be to ambush.

2. ESSENTIAL ELEMENTS OF INFORMATION

a. Determine if NVA and MF units are operating in Base Area 116. If so, what units and their location.

b. Determine if Base Area 116 is being actively used by enemy units.

c. Determine if enemy will employ heavy mortars and/or recoilless rifles in case of an attack. If so, what type and caliber of weapon? Where was the firing position located? What method of fire control was employed?

d. Determine current combat effectiveness of enemy units.

e. Determine what tactics the enemy will employ during attacks.

f. Determine what avenues of approach the enemy used to reinforce their units.

g. Determine what means of communication the enemy employed.

h. Determine routes of withdrawal enemy will utilize after the attack.

i. Determine physical and mental condition of the enemy during attack.

j. Determine what enemy uniforms/weapons are present during the attack.

3. RECONNAISSANCE AND OBSERVATION MISSIONS

a. Orders to Subordinate Units.

DECLASSIFIED

DECLASSIFIED

(1) All Units:

(a) Conduct aggressive reconnaissance patrols and utilize observation and listening post.

(b) Report all enemy contact including strength, disposition and identification.

(c) Aerial observer support request will be forwarded to the Regimental S-2.

b. Request to higher, adjacent and supporting units.

(1) CG, 1st Marine Division:

(a) Provide Tactical Air Observer/Ground Reconnaissance support as requested.

(b) Provide aerial photography as requested.

(c) Provide Military Interrogation Team as requested.

(2) Adjacent and Supporting Units.

(a) Provide information on enemy activity affecting friendly operations.

(b) Provide current enemy situation.

4. MEASURES FOR HANDLING PRISONERS, CAPTURED DOCUMENTS, AND CAPTURED MATERIAL

a. See reference (b) for detailed instructions.

b. A Mobile Interrogation Team from Saigon is available to all units. Request for these teams will be made to the Regimental S-2.

c. All captured documents will be forwarded to the Regimental S-2 after capture to be forwarded to Division Exploitation Team for processing.

5. MAPS AND PHOTOGRAPHS

a. Standard reference maps: See reference (a).

b. Aerial photography requests will be made to the Regimental S-2.

6. COUNTERINTELLIGENCE

SECRET

a. See reference (b) for detailed instructions.

b. The following counterintelligence measures will be implemented.

(1) Maintain strict control of classified material and limit access to a strict "need to know" basis.

(2) Immediately report the loss or compromise of classified material to the Regimental S-2.

(3) Comply strictly with communications security measures.

(4) A Counterintelligence Team will be available for the duration of the operation.

(5) Intelligence Cadre from Hoi An will be available as requested.

c. Challenge and Password

(1) Challenge and password, unless compromised or otherwise changed, will normally be in effect from 1200H to 1159H.

(2) The Regimental S-2 will be notified immediately when compromise of the challenge and password is suspected.

7. REPORTS AND DISTRIBUTION

a. Reporting of any and all information with regards to the enemy must be continuous. Reports will be submitted to the S-2 or S-3 in accordance with the procedures set forth in Operation Order 125-67.

Appendix 1 (Terrain) to Annex B (Intelligence) to Operation Order 125-67.

1. TERRAIN:

a. Base Area 116 is a protrusion of the Annamite Mountains which are extremely rugged. Dense undergrowth forest severely restricts movement; foot movement at a slow rate is possible along existing trails. Slopes often greater than 14% exist with relief over 300 meters. The tree trunks are normally straight, commonly buttressed, and intertwined with woody vines and shrubs. This combination forms an almost impenetratable undergrowth. Many small streams meander through the mountain area, many of them no more than trickle in the dry season. The mountains are frequently obscured by low hanging cloud layers especially during the early morning hours when visibility is considerably lessened.

b. The ricelands surrounding the mountain area, especially the southeast and eastern portion often flood to depths of 6 to 18 inches, but during the dry season (March-October) the fields are left in stubble or dry crop. Ricelands are almost entirely compartmentalized and are always an obstacle to tracked and wheeled vehicles. Riceland dikes are generally 0.3 to 1.0 meter high and 0.3 to 0.6 meters wide.

c. Inter-Provincial route 535/536 which junctions at BT 025345 travels approximately 28 kilometers along the southern portion of the study area. Vehicle movement west of Que Am is non existent. The road base is natural earth, 3.0 to 4.5 meters wide. Off road dispersal is poor. Sharp curves exist where the road passes through the mountain at (AT 9835) to (AT 9436). The road surface is subjected to frequent interdiction and is presently heavily cratered. The bridges are foot passable but are prohibited to tracked and wheeled vehicles.

d. The Song Thu Bon is 35 to 300 meters wide and has a bottom consisting of sand rock and silt. It is navigable to pirogues and other shallow-draft native craft the year round.

e. Suitability for Underground construction

(1) Mountains

DECLASSIFIED

(a) Tunnel type - well suited; access easy.

(b) Bunker type - generally suited

(2) Ricelands

(a) Tunnel type - moderately suited

(b) Bunker type - moderately suited

f. Cross-country movement is generally unsuited for [illegible] types of vehicles. Movement for foot troops is presently fair to good.

1. DISPOSITION OF ENEMY FORCES

a. V.25th Battalion Strength 400 men

(1) Formation:

| | |
|---|---|
| V-26 Co. | Strength 100 men |
| V-27 Co. | Strength 100 men |
| V-28 Co. | Strength 120 men |
| V-29 Co. | Strength 150 men |

(2) Personalities:

| | |
|---|---|
| NGUYEN LONG | CO |
| TPEU | XO |
| TOAN | PO |

(3) Weapons:

| | | | |
|---|---|---|---|
| 60mm Mort | (3) | 12.7 MG | (1) |
| 81mm Mort | (3) | PRC-10 | (1) |
| 57mm RR | (3) | PRC-9 | (1) |
| B-40 RL | (18) | Individual Weapons | |

(4) Each one of the companies has 81mm Mortars, 60mm Mortars, 57mm RR, LMG's, BAR's, AR's and PRC-10 radios. Also individual weapons.

(5) The V-25th Battalion is fairly well trained and equipped. The V.25th and R.20th Battalions have been known to exchange personnel and operating areas. The Cadre of the V.25th are either NVA or have been trained in the north.

b. Q-12th LF Company Strength 80 men

(1) AKA: Y-62 Co.
Hoi An Co.

(2) Personalities:

| | |
|---|---|
| LE PIEU | CO |
| NGUYEN NGOC | XO |

DECLASSIFIED

(3) Weapons:

| | | | |
|---|---|---|---|
| 60mm Mort | (1) | K-50 | (40) |
| SMG | (9) | K-44 | (36) |
| AR's | (18) | M-1 | (14) |

c. Quang Da Provincial Unit

(1) Very little is known of this unit concerning strength, personalities and weapons. This unit is reported to be the Central Control Committee for Quang Nam (P) and controls all the units (Local Force and Main Force) in the area. The last reported location of this unit was in GS 0846.

d. Reinforcements:

(1) Main Force: The 3rd NVA Regiment is capable of reinforcing Base Area 116 within 24-48 hours after movement commences, however, this unit has been badly mauled by recent operations in the Que Son Valley. It has an estimated strength of 1173 personnel in three battalions. The 21st NVA Regiment which has also suffered heavy losses recently in the Que Son Valley is capable of reinforcing within 2-4 days.

(2) Local Force: The 72nd Quang Tin Provincial Mobile Battalion could reinforce enemy units in the 116 Base Area within 24-48 hours after movement commences.

(3) Military Irregular Force: Information is practically non-existent on guerrilla and irregular forces in Base Area 116. However, each of the 71 hamlets in the area can be expected to posses self-defense forces of 5-8 men who perform M&I activity, that is, set up punji pits, booby traps, mines, etc. They very rarely initiate offensive action. Each village (16) in the area probably possesses a platoon consisting of 25-35 men. These platoons are lightly armed. They have the capability to engage, and occasionally do engage small units. The platoons will not venture far from their population base.

DECLASSIFIED

1. SITUATION

a. Enemy Forces. See Annex A (Intelligence), current INTSUMS, and Perintreps.

b. Friendly Forces.

(1) 1st MarDiv conducts military operations in I Corps Tactical Zone (ICTZ) in support of and in coordination with CG, I ARVN Corps and in other areas of RVN as directed by III MAF to destroy VC/NVA main and guerrilla forces; conducts operations to support Revolutionary Development (RD) activities in established TAORS and other areas; and conducts other operations as directed by III MAF; provides combat and combat service support units in support of 1st Marines.

(2) U.S. 7th AIRFORCE provides air defense and supports ground action in ICTZ.

(3) U.S. 7th FLEET provides shore bombardment and Naval Gunfire support of forces operating ashore in ICTZ.

(4) USNFV, in coordination with VNN, detects and restricts enemy seaborne infiltration routes into ICTZ.

(5) 1st Marine Aircraft Wing conducts aerial counterinsurgency (CI) operations against VC/NVA in ICTZ, provides fixed and rotary wing tactical units for all weather support of 1st MarDiv ground forces, RVNAF and other U.S. and FWMAF.

(6) MACV Advisory Groups provide advice to RVNAF and perform liaison functions between RVNAF and U.S./FWMAF.

(7) ARVN forces conduct operations against VC/NVA forces throughout RVN. I ARVN Corps, in coordination with III MAF, in ICTA, supports RD; defends provincial capitols, district towns, logistics and operating bases and other significant political and economic centers; opens and secures LOC's; protects and controls national resources; assists National Police in eliminating VC infrastructure; and conducts sustained unilateral offensive ground operations against VC/NVA forces, bases, and supply distribution points. Commander, QUANG DA Special Zone conducts operations and supports RD in QUANG NAM Province.

(8) Air Base Defense Battalion coordinates defense of DANANG Air Base and assigned TAOR with 1st Marine Units.

(9) 244th PsyOps Company, USA, Advises 3rd PsyWar Battalion, ARVN for the conduct of psychological operations in ICTZ.

(10) Company C, 5th SFGA, and subordinate detachments, advises, assists and supports VN Special Forces and selected district HQ at civilian irregular defense groups (CIDG) camps throughout ICTZ.

2. MISSION. First Marines maintain control of assigned sector of DA NANG TAOR, conduct unilateral and combined offensive operations in First Marine Division area of responsibility and in I Corps Tactical Zone as directed. Ensure coordinated planned surveillance, immediate acquisition, and employment of maneuver forces against enemy mortar or rocket sites within a 10,000 Meter arc from BT 0174. Support GVN Revolutionary Development Programs consistant with capabilities.

3. EXECUTION

a. Concept of Operations. Annex B (Concept of Operations)

b. 1st Battalion, 1st Marines

(1) Conduct unilateral and combined offensive, security, and surveillance operations within assigned sector.

(2) Conduct coordinated, unilateral and combined operations outside the DA NANG TAOR.

(3) Support RD in assigned sectors as directed.

(4) Conduct CAC operations in accordance with reference (d).

(5) Maintain coastal surveillance within assigned sector and establish ground reconnaissance and observation when operating in other coastal areas to detect infiltration of contraband or personnel.

(6) Be prepared for deployment anywhere in RVN on twelve hour notice.

(7) Maintain alert forces as directed by reference (e).

c. 2nd Battalion, 1st Marines

(1) Conduct unilateral and combined offensive, security, and surveillance operations within assigned sector.

(2) Conduct coordinated, unilateral and combined operations outside the DA NANG TAOR.

(3) Support RD in assigned sector as directed.

(4) Conduct CAC operations in accordance with reference (d).

DECLASSIFIED

(5) Maintain security of LOC's as assigned.

(6) Maintain coastal surveillance when operating in coastal areas to detect infiltration of contraband or personnel.

(7) Be prepared for deployment anywhere in RVN on 12 hour notice.

(8) Maintain alert forces as directed by reference (c).

(9) Ensure coordinated, planned surveillance and interdiction of possible enemy mortar and rocket sites with a 10,000 meter radius from BT 0174. Increase high density patrolling activities to ensure coverage. See Appendix 5 to Annex C of reference (b).

d. 3rd Battalion, 1st Marines

(1) Conduct unilateral and combined offensive, security, and surveillance operations within assigned sector.

(2) Conduct coordinated, unilateral and combined operations outside the DA NANG TAOR.

(3) Support RD in assigned sector as directed.

(4) Conduct CAC operations in accordance with reference (d).

(5) Maintain observation posts at Marble Mountain Complex.

(6) Maintain coastal surveillance within assigned sector and establish ground reconnaissance and observation when operating in other coastal areas to detect infiltration of contraband or personnel.

(7) Be prepared for deployment anywhere in RVN on 12 hour notice.

(8) Maintain alert forces directed by reference (c).

(9) Ensure coordinated, planned surveillance and interdiction of possible enemy rocket and mortar firing sites within a 10,000 meter radius from BT 0174. Increase high density patrolling activities to cover that area. See Appendix 5 to Annex C of reference (b).

e. Coordinating Instructions

(1) See Annex I (Rules of Engagement).

(2) Control of captured rice, food, money, medicines, and contraband in accordance with Annex J (Controlled Items).

DECLASSIFIED

(3) See Annex K (Psychological Operations).

(4) Defense Readiness Conditions and MACV Security Conditions. See Annex H (Alert Postures/Defenses).

(5) Reports in accordance with reference (g).

(6) Fire Support Coordination, Naval Gunfire, Artillery and Air Operations. Annex D (Fire Support Coordination), Annex E (Artillery), Annex F (Naval Gunfire Support) and Annex G (Air Support).

(7) All matters relating to operations outside assigned sectors, and coordination/cooperation with QUANG NAM Sector or higher Headquarters will be forwarded to this Headquarters for action. Battalions are directed to conduct close and continuing liaison with district Headquarters.

(8) Maximum use will be made of Vietnamese Liaison personnel (interpreters, liaison officers, KCS, etc. during conduct of operations for indentification and intelligence purposes.

(9) Maximum effort will be made at all time to support GVN in its effort to extend control over the people and land area of RVN. RD and psychological operations will be emphasized and USAID/JUSPAO representatives, in assigned areas, will be utilized to the maximum extent in planning, supporting, and executing these activities. (Annex M Civil Affairs).

(10) Operations and all associated activities will be conducted in such a manner as to minimize non-combatent casualties and damage to civilian property. Annex I (Rules of Engagement).

(11) Close coordination will be established in assigned sectors with Province/Sector, District/Sub-Sector, and RD personnel through direct liaison and through U.S. Advisory personnel in regard to security and assistance for the above headquarters and RD teams.

(12) Contact right to left.

(13) Upon receipt of this order, 1st Marine OpO 377-66 is cancelled.

4. ADMINISTRATION - LOGISTICS. See references (c) and (h).

5. COMMAND AND COMMUNICATION - ELECTRONICS

a. Command

(1) Command relations. 1st Marines exercises coordination/cooperation/liaison with QUANG DA Special Zone (QDSZ) and 51st ARVN Regiment; and coordination/cooperation with Senior Advisors, QDSZ.

DECLASSIFIED

(2) Basic underlying command relations between 1st Marines and ARVN forces will be one of cooperation and coordination.

(3) As a matter of U.S. policy, U.S. forces will not be placed under command or OpCon of allied commanders. However, this restriction does not preclude temporary tactical direction of U.S. forces by ARVN Commanders under exceptional circumstances and by mutual agreement, or temporary direction of ARVN forces by U.S. commanders under certain circumstances. Matters of this nature will be forwarded to this Headquarters.

TIME ZONE: H

1. SUMMARY OF ENEMY SITUATION

a. See Appendix 1 (Intelligence Estimate)

b. See current PERINTREP'S, INTSUM'S, SPOTREP'S.

2. ESSENTIAL ELEMENTS OF INFORMATION

a. The below listed EEI's are in addition to those levied by reference (b), and current SICRS.

(1) Determine the strength, composition and disposition of enemy forces in the vicinity of the DA NANG Combat Base.

(2) Determine the identification of units, suspected or confirmed, presence of new units, boundaries, strength and commanders.

(3) Determine the disposition of artillery/mortar units.

(4) Determine suspected or confirmed presence of anti-aircraft weapons and their caliber.

(5) Determine the military objectives of regular and irregular forces operating in the vicinity of the DA NANG Combat Base.

(6) Determine the enemy capability to jam or intercept our communications.

(7) Determine suspected or confirmed presence of enemy chemical, biological and/or atomic units which could affect our mission.

DOWNGRADED AT 3 YEAR INTERVALS

DOD DIR 5200.10

DECLASSIFIED

SECRET

(8) Determine logistic build-up in or near our area of interest.

(9) Determine if the Viet Cong will attack the 1st Marines TAOR. If so, when, where, and in what strength? Special attention to the Hoi An River Area.

(10) Determine what active and passive defense measures are employed by the VC.

(11) Determine the methods of operation employed by the VC. Special attention to warning signs and signals and attack and withdrawal signals.

(12) Determine what roads, trails and waterways may be utilized for infiltration for small or large scale attacks vibinity of the 1st Marines TAOR.

(13) Determine the location of suitable HLZ's within the 1st Marines TAOR.

(14) Determine if there are any marked changes in the attitude of the local populace towards Marines within the DA NANG area. If so, what factor caused the change?

(15) Determine the effect that the "CHIEU HOI" program has on the VC.

(16) Determine the effect of the Psychological Operations effort in the 1st Marines TAOR.

(17) Determine the enemy's system of names, numbering and the coordinates of geographic areas and cultural features. Special attention to VC terminology and locations of hamlets, villages, and districts.

3. RECONNAISSANCE AND OBSERVATION MISSIONS

a. Orders to Subordinate Units.

(1) All Units:

(a) Conduct aggressive reconnaissance patrols and utilize observation and listening posts.

(b) Report all contact with VC or VC initiated incidents by the most expeditious means available.

(c) Establish relations with village and hamlet authorities as appropriate.

(d) Establish surveillance of all roads, trails, and waterways suspected of VC traffic within each units area of responsibility.

(e) Initiate control of civilian traffic as required.

(f) Utilize AN/TPS-21 and AN/PRS-1 (SID).

(g) Provide a detailed report of all mining incidents utilizing 1st MarDiv Form 8092.

(h) Aerial observer support request will be forwarded to the Regimental S-2.

b. Request to Higher, Adjacent and Supporting Units.

(1) CG, 1st Marine Division:

(a) Provide Intelligence as obtained.

(b) Provide Tactical Air observer/ground reconnaissance support as requested.

(c) Provide aerial photography as requested.

(d) Provide Counterintelligence and Photo interpretation assistance as requested.

(e) Provide ITT support as requested.

(2) Adjacent and Supporting Units:

(a) CO, 5th and 7th Marines:

(1) Provide Intelligence as obtained.

(b) Others:

(1) Provide Intelligence as obtained.

(2) Provide information bearing on current EEI's as obtained.

4. MEASURES FOR HANDLING PRISONERS, CAPTURED DOCUMENTS, AND CAPTURED MATERIALS

a. See reference (c) for detailed instructions.

b. Provide Spot Interrogation report to include:

(1) Date, Place and Circumstances, Surrounding Capture/Return

DECLASSIFIED

(2) Individual's Name, Age, Ethnic Background.

(3) Rank or position and unit, Military or Political.

(4) Interrogation status, present location, planned disposition.

(5) Concise statement concerning extent of individual's knowledge, mission, unit's mission, location, and can individual lead unit to enemy location.

c. All captured weapons, documents, and materials will be forwarded to the Regimental S-2.

5. MAPS AND PHOTOGRAPHS

a. Standard reference maps: See reference (a).

b. Aerial photography request will be made to the Regimental S-2.

6. COUNTERINTELLIGENCE

a. See reference (c) for detailed instructions.

b. The following counterintelligence measures will be continuous.

(1) Maintain strict control of classified material and limit access to a strict "need to know" basis.

(2) Immediately report the loss or compromise of classified material to the Regimental S-2.

(3) Comply strictly with communication security measures.

c. Challenge and Password

(1) Challenge and password, unless compromised or otherwise changed, will normally be in effect from 1200H to 1150H.

(2) The Regimental S-2 will be immediately notified when compromise of the challenge and password is suspected.

7. REPORTS AND DISTRIBUTION

A. Reporting of any and all information with regard to the enemy must be continuous. Reports will be submitted to the S-2 or S-3 in accordance with the procedures set forth in operation order 301-67.

Annex B (Concept of Operations) to Operation Order 301-67

TIME ZONE: H

1. MISSION: As stated in basic order

2. Concept of Operations:

a. General. 1st Marines deploys forces within DA NANG TAOR; establishes necessary command, control, and coordinating facilities within assigned sector to direct, coordinate and supervise the execution of assigned tasks; coordinates with adjacent units in defense of DA NANG base area, airfields and ancillary facilities; conducts unilateral and combined operations within assigned sector and elsewhere as directed: Coordinates with GVN authorities on support of RD, assists in training and support of RF/PF units; assumes operational control of Combined Action Platoons (CAP), within assigned sector.

b. Offensive Operations.

(1) Unilateral combined or coordinated offensive operations designed to destroy VC/NVA forces, making maximum use of advantages possessed in mobility and fire power.

(2) Aggressive patrols of all sizes and an extensive recon screen throughout TAOR and Division RAOR.

(3) Offensive and reconnaissance operations will be coordinated with Commander, QDSZ. Emphasis will be placed on support of RF/PF and ARVN forces.

(4) Every effort must be applied to gaining the most accurate intelligence on enemy order of battle.

c. The following operations in support of RD/Civic Action/Pacification Program will be conducted.

(1) Support of RD within assigned sector; See Annex (M) to basic order.

(2) Assume OPCON of Marine elements of CAC's within assigned sector. In coordination with GVN authorities, assist in training of RF/PF units.

DOWNGRADED AT 3 YEAR INTERVALS
DECLASSIFIED AFTER 12 YEARS
DOD DIR 5200.10

DECLASSIFIED

(3) Conduct an active Civic Action Program in coordination with province, district and RD officials.

d. Defensive Operations.

(1) 1st Marines is tasked with active, coordinated surveillance of rocket/mortar belt area in northern portion of assigned sector in defense of airfields and ancillary facilities at DA NANG.

(2) 1st Marines participates in defense of designated vital U.S. or GVN installations as directed.

(3) 1st Marines defends selected bridges and LOCs within TAOR and others as directed by CG 1st MarDiv.

(4) 1st Marines plans and conducts as necessary operations within and exterior to assigned sector to defend, relieve, or reinforce critical friendly bases and population centers; prepares to assist friendly units in contact with rapid, mobile reaction forces.

e. All battalions will be prepared on 12 hours notice for employment anywhere in RVN. Upon commitment of one battalion, remainder of 1st Marines prepares for deployment on an additional 12 hours notice.

(3) Annex G (Air Support)

2. MISSION: The 1st Marines Fire Support Coordination Center will exercise overall responsibility for the coordination of all supporting arms in the 1st Marines TAOR and assigned areas of operation.

3. EXECUTION:

a. Concept

(1) FireSupport coordination will be in accordance with references (b) and (c) except as modified below.

b. 1st Bn, 1st Marines/2nd Bn, 1st Marines/3rd Bn, 1st Marines

(1) Coordinate fires within sector of TAOR.

(2) Coordinate directly with adjacent 1st Marines units for fires falling within 500 Meters of common boundaries.

(3) Coordinate with Regimental FSCC for fires falling within 500 meters of adjacent Regiments or separate Battalions.

(4) Be prepared to operate a forward FSCC to coordinate supporting arms outside the TAOR when directed.

DECLASSIFIED AFTER 12 YEARS
DOD DIR 5200.10

DECLASSIFIED

[redacted]

c. Coordinating Instructions

(1) Rules of engagement - See Annex I

(2) Daily contacts will be made to ensure accurate and timely knowledge of no fire/free fire zones.

(3) Targets will not be attacked by air, artillery or naval gunfire without positive approval by appropriate FSCC. This procedure is a departure from the objectives set forth in paragraph 2104 of reference (c).

(4) Recommendations for special bomb zones and specified strike zones will be submitted to the Regimental FSCC for consolidation and submission to higher headquarters.

4. TARGET INFORMATION:

a. Annex A (Intelligence).

b. As maintained by the S-2 Section.

c. TPQ-10 targets are solicited from Battalions and will be forwarded to Regimental FSCC for consolidation and submission to higher headquarters.

d. Battalions will maintain a current list of permanent defensive targets for units and installations under their control. A copy of subject targets and changes thereto will be submitted to Regimental FSCC as they occur.

e. Restricted Targets

(1) Every effort will be made to preserve religious, cultural, medical and public utility installations. Fires in heavily populated civilian areas will be governed by the rules of engagement.

5. AIRCRAFT SAFETY

a. Sev-A-Plane. The air space utilized by the DA NANG Air Base transits the 1st Marines TAOR. To insure aircraft safety and facilitate supporting arms firing in this area, the sev-a-plane system described in reference (b) will be followed.

b. Air sentries positioned at artillery positions, artillery forward observers and naval gunfire. Spotters will order a "Check Fire" when friendly aircraft are observed approaching or in a danger area.

c. Restrictive Fire Plan. When massed artillery and/or naval gunfire could endanger a simultaneous air support mission. A restrictive fire plan may be instituted. Restrictive fire plans will be established as set forth in reference (b)

[redacted]

6. SAFETY OF GROUND FORCES

a. No Fire Zone.

(1) A no fire zone may be established around units to protect them from friendly supporting arms.

(2) Fires will not be delivered into a no fire zone without clearance from the controlling unit.

(3) No fire zones established by Battalions will be forwarded to Regimental FSCC.

b. Fire Coordination Line.

(1) A line between two forces beyond which fires may not be delivered without coordinating with the effected force. It is normally established to coordinate fires between two coverging forces. The FCL is established by the headquarters which controls both forces and should follow easily identifiable terrain features whenever possible.

(2) Supporting fires falling within 500 meters of a FCL must be cleared with the adjacent unit FSCC.

7. COMMUNICATION - ELECTRONICS

a. Annex L (Comm-Elect).

b. In the event land line communications are lost with the Regimental FSCC, Battalion FSCC's will activate the Artillery Battalion fire direction net.

TIME ZONE: H

1. SITUATION. Same as basic order.

2. MISSION. Naval Gunfire Support Unit (TU 70.8.9) provides naval gunfire support against Viet Cong targets in RVN in support of COMUSMACV/RVNAF operations ashore.

a. Naval gunfire support ship availability (ships, CTZ and dates) will be promulgated periodically by CTU 70.8.9.

b. CG III MAF promulgates a planned utilization of available NGFS ships designating unit to be supported, dates of availability and FSA.

c. Coordinating Instructions.

(1) Requests for NGFS in direct support of ground operations will be forwarded to the Regimental FSCC. Requests are in turn forwarded to Division FSCC and, if approved, are sent to III MAF/SA I Coprs.

(2) Requests for NGFS will be submitted by the Regimental FSCC in the format set forth in Appendix I and will be put in one of the following categories:

(a) Preplanned Missions. A preplanned mission includes NGFS for a scheduled ground operation on preplanned targets known at least 48 hours in advance.

(b) Nonscheduled Missions. A nonscheduled mission is one requiring quick reaction (less than 48 hours notice) by a NGFS ship already assigned in general support of I CTZ.

(c) Emergency Missions. An emergency mission is one in which a unit is under attack and for which sufficient artillery support is not available. Such requests may be submitted directly to a NGFS ship known to be in general support of the Regiment. In other cases emergency mission requests will be forwarded to the Division FSCC by the 1st Marines by the most expeditious means available.

DECLASSIFIED AFTER 12 YEARS
DOD DIR 5200.10

[redacted]

(3) Rules of Engagement. See Annex L.

(4) Reports. The following report will be submitted through Regimental FSCC by units supported by NGF, in time to be forwarded to Division FSCC by 0630 daily.

| CODE | INFORMATION |
|---|---|
| A | Call sign and posit of NGFS ship as of 0600 |
| B | Call sign of supported unit |
| C | 1. Number of missions/type/ and number of rounds fired during previous twenty-four hour period as of 0600. |
| | 2. Target description and surveillance. |
| D | Time NGFS Ship shifted to another spotter or unit for support and call sign of new spotter or unit. |
| E | 1. Time ship reports on station. |
| | 2. Time ship departs station, reason and estimated time of return if applicable. |

Nonapplicable codes may be omitted. Reports may be made by telephone using KAC 138 in reporting ships position.

4. COMMUNICATIONS.

a. Communications will be established and maintained with assigned NGFS ship by the Regimental FSCC and by the Shore Fire Control Party (SFCP) when it is controlling NGFS in direct support of a battalion.

b. The follwoing communications security aids will be used in radio communications with NFGS ships:

(1) Authentication--KAA 60

(2) Numeral Code--KAC138

(3) Operations Code KAC132

c. Voice radio call signs of NGFS ships will be promulgated concurrently with individual ship assignments.

d. Coordinating Instructions.

(1) Communications IAW annex L (Communications-Electronics) and ref (d).

(2) Frequencies IAW ref (c)

(3) See Appendix II for CTG 70.8 designators for naval gunfire nets and frequencies.

(4) Call signs IAW ref (c).

(5) Strict adherence to authentication procedures is mandatory. All suspect transmissions must be challenged.

APPENDIXES:

1. Naval Gunfire Support Mission Request Format.
2. Naval Gunfire Frequencies and Designation.
3. SFCP Availability for 1st Marines Regiment.
4. Coastal Surveillance Craft, Availability of.

Appendix A (NGFS Mission Request Format) to Annex F (Naval Gunfire) to Operation Order 301-67.

1. The following format will be used by Regimental FSCC in submitting Preplanned and Nonscheduled mission requests. Necessary information will be supplied by the requesting battalion.

FM: Requesting Unit

TO: CG 1st MarDiv Rein

Classification

NGFS Mission Request

1. Type of mission (preplanned or nonscheduled)

a. Type of operation and brief concept of operations.

b. Number and type of ships required.

c. Coordinates for ship to report to.

d. Coordinates for target or target area.

e. Time to be on station by local DTG.

f. Expected duration of mission.

DECLASSIFIED

[redacted]

g. Type of target

h. U. S. Force.

i. Frequencies by circuit designators and call sign of spotter.

j. Unit to be supported/Operation nickname.

2. The following format will be used by Regiment in submitting Emergency Mission Requests received from Battalions:

Precedence: Immediate or Flash

FM: Requesting Unit

TO: NGFS ship in general support of 1st Marines or to Division FSCC.

INFO: CG 1st MarDiv Rein

Classification

NGFS Mission Request

1. Emergency Mission Request

a. Unit to be supported/Operation nickname.

b. Number of ships required/name of intended firing ship(s).

c. Coordinates for ship to report to.

d. Coordinates of target or target area.

e. Unit/U.S. Force FSCC requesting mission.

f. Call sign of spotter or observer.

g. Non-U.S. spotter is (is not) authorized.

Appendix C (SFCP Availability for 1st Marine Regiment) to Annex F (Naval Gunfire) to Operation Order 301-67

1. Two Shore Fire Control Parties, each consisting of a NGF Liaison team and a NGF Spot team, are maintained by 1st Bn, 11th Marines, which is the direct support Artillery Battalion for 1st Marine Regiment.

2. The SFCP's can be broken down into smaller units for assignment at the rifle company level. SFCP personnel are listed below for a typical Battalion sized operation:

Liaison Team (assigned to Battalion Command Group)

Naval Gunfire Liaison Officer/USN-O-2
Liaison Team Chief/0849-E-5
Liaison Team Ass't/0849-E-4
Radio Operator/2531/E-4
Radio Operator/2531/E-3
Radio Operator/2531/E-2

Spot Team (Two) (assigned to Company Command Groups)

Spot Team Chief/0849-E-5
Spot Team Ass't/0849-E-4
Radio Operator/2531-E-3
Radio Operator/2531-E-2

3. In addition to the Battalion SFCP, a Regimental Liaison Team is maintained and will function as a coordinating agency for all NGFS in a Regimental sized operation.

4. Additional information pertaining to NGF utilization, capabilities, availability or procurement will be supplied by the Regimental FSCC/Naval Gunfire Officer.

Appendix D (Coastal Surveillance Craft Availability of) to Annex F (Naval Gunfire) to Operation Order 301-67

1. Task Group 115.1 is the U.S. Naval/Coast Guard Coastal Surveillance Group operating in the Coastal Waters of 1st Marines TAOR. The following type of units conduct continuous patrol within Two miles of the Coastline.

   a. Coast Guard Cutters (WPB), mount five 50. Cal Machine Guns and one 81mm Mortar.

   b. "SWIFT"/Patrol Boats (PCF), Mounts Three 50. Cal. Machine guns and one 81mm Mortar.

2. While the primary mission of the units is to prevent infiltration of hostile material or personnel through the coastal waters of I Corps, they can provide Exfiltration Patrol Services, Illumination using 81mm mortars and destructive fire, utilizing both 81mm mortars and 50. Cal. machine gun. Since these units are rarely more than 10 miles apart, they are capable of rapid response at any point along the coast. However, for usage of these units the following applies:

   a. It is not the intent of the Patrol Units to solicit Naval Gunfire/Support Missions, but to apprise ground forces of support which can be made available when alternate assets with a prime mission of such support are either unavailable or unsuitable.

   b. Normal requests for any support service, whether Exfiltraion Patrol, Illumination or Gunfire Support should be submitted at least 24 hours prior to the event.

   c. Exfiltration Patrol or Illumination may be provided in cases where time does not permit normal requests by establishing direct liaison with waterborne patrol units.

   d. Only urgent gun fire missions may be provided through direct liaison without CTG 115.1 approval. "Urgent" is defined as a situation when friendly forces are in positive contact with the enemy, or hostile fire, and Naval Gunfire Support is required to minimize friendly losses. Non-urgent Gun Fire support missions may not be fired without CTG 115.1 approval.

3. Procedures:

   a. Normal Requests: Units requesting TG 115.1 support (Market time) indicates identity of unit(s) to be supported, Voice calls and VHF frequencies on which these units can be reached, (Exfiltration Patrol, Illumination, Gunfire Missions, Etc.) Time support is to commence and expected duration. Request channel is to CO 1st Marines, Thence CG 1st MarDiv who will relay it through CG 111 MAF to CTG 115.1 info CTG 115. Request should be submitted at least 24 hours prior to the event.

DECLASSIFIED

b. Exfiltration Patrol or Illumination in cases where time does not permit normal requests and "Urgent" gunfire missions.

(1) Coast Guard Cutters (WPB) maintain continuous guard on 4085 KCS SSB/USB(V) and 46.4 MCS VHF/FM(V) and either 277.8 or 301.0 mcs uhf, Call ENFIELD COBRA QUEBEC or ENFIELD COBRA PAPA, depending on whether WPB is in northern or southern patrol area. May also be called "ANY ENFIELD COBRA UNIT".

(2) "Swift" / Patrol boats (PCF) maintain continuous guard on 4085 KCS SSB/USB(V) and periodically come up on 46.4 MCS VHF / FM(V), and can guard any other VHF/FM circuit. Call "ENFIELD COBRA FOXTROT" or "ENFIELD COBRA GOLF", depending on whether or not PCF is in northern or southern area. May also call, "ANY ENFIELD COBRA UNIT".

(3) All command Junks normally carry one PRC 25 and guard 46.6 MCS VHF/FM call "HUNG BAI".

(4) Markets time forces will answer, call up, "ANY MARKET TIME UNIT".

(5) Any ground unit sighting suspicious acting/appearing craft off the coast can report them to coastal Patrol units directly using contact procedure outlined in sub-para. 3B.

ANNEX G (Air Support) to Operation Order 301-67

Ref: (a) Annex G (Air Support to 1st MarDiv Operation Order 301-67
(b) Annex E (Tactical Air Operation) to III MAF LOI 1-66
(c) FMFM 7-1, Fire Support Coordination
(d) FMFM 7-3, Air Support
(e) FMFM 3-3, Helicopterborne Operations
(f) MACV Directive 95-4
(g) Force Order 03100.1
(h) Division Order 003400.9B

Time Zone: H

1. SITUATION: See basic order.

2. MISSION: See Annex D (Fire Support Coordination)

3. PROCEDURES:

a. General.

(1) Tactical air operations coordination responsibilities and procedures will conform to existing doctrine as contained in references (a) through (e).

(2) General procedures and operational restrictions governing the use of U.S. Military air delivered firepower in RVN are contained in reference (f).

(3) Air strikes within TAOR/RZ must be under the positive control of a TACP, TAC(A) or ASRT. Air activities outside the 1st Marine Division TAOR/RZ will be in accordance with Annex I (Rules of Engagement).

b. Execution.

DOWNGRADED AT 3 YEAR INTERVALS
DECLASSIFIED AFTER 12 YEARS
DOD DIR 5200.10

DECLASSIFIED

[redacted]

(1) Air request will be submitted via normal air channels. Routine requests should be submitted to the Regimental Air Liaison Officer by 0945 and priority requests by 1645 on the day prior to the day of execution. The Regimental ALO will screen and consolidate these requests and forward them to the Division Air Officer in accordance with the provisions of reference (a). Emergency requests may be submitted at any time. Requests for air support will be submitted in the formats set forth in Appendixes A and B. Routine and priority requirements submitted subsequent to the above time frames will either be delayed or supported only at the expense of earlier acknowledged requirements of a lower priority. When availability permits assignment of helicopters in direct support of the regiment, greater latitude in the foregoing time frames is [illegible]. Since helicopter availability is unpredictable, however, battalions are encouraged to adhere to these time frames whenever possible.

(2) Air-ground planning and liaison will be established for all company strength and larger unit operations involving extraordinary air support. This planning liaison will be initiated by the Division Air Officer at the requests of the ground unit. Requests for such liaison will be forwarded via the Regimental ALO. To ensure adequate and timely support, planning and liaison should be established a minimum of 48 hours prior to the operation. It is emphasized that air requirements derived from these conferences must be submitted in accordance with normal air request procedures and should reach the Regimental ALO no later than 0945 the day prior to the operation.

(3) On-call missions may be scheduled in support of a particular operation. Aircraft so scheduled are not normally available for missions other than those for which specifically scheduled.

(4) In keeping with the doctrine outlined in reference (d) maximum utilization of forward air controllers with assault units is especially encouraged.

4. RESOUCES AND CONSIDERATIONS

a. Resources

(1) Fixed wing tactical air support may be provided from either DA NANG (MAG-11) or CHU LAI (MAG-12 and MAG-13) based air groups depending on the missions to be accomplished and the availability of aircraft. When 1st MAW aircraft are providing close and immediate support for 1st Marine Division forces actively engaged in combat, standard Marine close air support doctrine applies as outlined in reference (d).

(2) Helicopter support for 1st Marine Division (Rein) in the DA NANG TAOR/RZ will normally be provided by MAG-16, located at Marble Mountain Air Facility. Helicopter support doctrine is outlined in reference (c). Overall coordination for the employment of helicopter resources rests with CG, III MAF.

[redacted]

(3) On-Call Support

(a) Med Evac. UH-34 and UH-1E escort helicopters are available on Condition III alert at MMAF day and night. Med Evac aircraft are requested through the DASC by use of the TAR net using the format shown in Appendix C. Units without entry into the TAR net may obtain this service through adjacent units or by landline. Appendix C contains guidelines for assigning priorities to Med Evac requests.

(b) Sparrow Hawk. Two CH-46 and two UH-1E escort aircraft are on Condition III alert during daylight hours at MMAF for lifting of a reinforced rifle squad. Sparrow Hawk is requested through normal air request channels, using the format as outlined in Appendix D. Requests for Sparrow Hawk must be approved by the Regimental Commander prior to their submission to Division.

(c) Bald Eagle. Two CH-46 aircraft are on a condition V alert status. In the lifting of a Bald Eagle force they are combined with the two CH-46's and two UH-1E gunship escort of the Sparrow Hawk mission. A Bald Eagle mission must be approved by the Division Commander. Requests for Bald Eagle will be processed through the Regiment.

(d) Fast Reaction Gunships. Two UH-1E gunships are on a condition III standby at MMAF. They are normally launched as escort for the Sparrow Hawk/Bald Eagle Force. One may be launched by the DASC as TAC(A) when necessary.

(e) Aerial Observer. During the hours of darkness one aircraft on Condition IV alert is available through normal air request channels.

(f) Flareship. One aircraft is airborne in the DA NANG area throughout the hours of darkness. Priority service is provided to units in contact with the enemy. An additional aircraft is kept on Condition IV alert at DA NANG or CHU LAI airfields. Flareship requests are passed via normal air request channels and may be pre-planned or on-call.

(g) Close Air Support. Strike aircraft on Condition III alert at DA NANG and CHU LAI are available at all times through normal air request nets. These aircraft are loaded with mixed ordnance. During periods of marginal weather a "Scud Alert" is available. Aircraft on "Scud Alert" are normally armed with low delivery ordnance such as napalm and 20MM.

(4) The use of herbicides for defoliation will be requested as outlined in reference (g) through normal request channels.

(5) Aerial delivered Riot Control Agents (CS) are available for use by ground forces through normal air request channels. Reference (h) provides guidelines for use of RCA. Normal lead time will be given when requesting RCA.

DECLASSIFIED

b. Considerations.

(1) The daily commitments of 1st MAW limited helicopter assets dictate that restraints be observed in the employment of helicopters. To this end, every effort will be made at all levels of command to consolidate helilift requirements thereby ensuring efficient utilization of assets. When time is not a factor helicopters will not be used for routine transportation of personnel and materials between points connected by serviceable roads or reasonably timely fixed wing transport flights.

(2) Alert status of aircraft. Appendix E.

(3) Aircraft armament codes. Appendix F.

(4) Target weather minimums. Appendix G.

(5) Priority classification guidelines. Appendix H.

5. COMMAND AND COMMUNICATION - ELECTRONICS

a. Communication-Electronics. Annex L (Communication-Electronics).

b. Control Agencies.

(1) FSCC. See Annex D

(2) TACC (TADC). The 1st Marine Aircraft Wing TACC (TADC) is located within the DA NANG TAOR.

(3) DASC. The DASC serving the DA NANG TAOR/RZ is located in the 1st Marine Division CP.

Med Evac Priority System

1. Med Evac Priorties. The orginator of a request for helicopter medical evacuation will classify each such request as either ROUTINE, PRIORITY, or EMERGENCY. Definitions of these classifications are as follows:

   a. Routine: Evacuation of deceased personnel; evacuation of a patient with minor injury or illness; or the routine transfer of a patient from one medical facility to another.

   b. Priority: Evacuation of seriously wounded, injured, or ill personnel who require early hospitalization, but whose immediate hospitalization is not a matter of life or death.

   c. Emergency: Evacuation of critically wounded, injured or ill personnel whose immediate evacuation is a matter of life or death.

[redacted]
(When Completed)

DECLASSIFIED

This classification is justified when a casualty falls into one the following categories:

(1) The casualty is unconscious from a head wound.

(2) The casualty is in severe shock.

(3) The casualty is actively bleeding.

(4) The casualty has suffered the loss of an arm or leg, has an abdominal wound, or has a penetrating chest wound.

(5) The casualty is paralyzed.

2. Considerations. Prior to requesting emergency helicopter evacuations the following will be assessed by the ground commander:

a. Security of the landing zone and freedom from interdicting enemy fire.

(1) If insecure, movement of evacuee to a secure area will be attempted.

(2) If movement is impossible, every effort will be exerted to utilize supressive fire by local unit small arms, artillery, aircraft, or a combination while evacuation is in progress.

b. Communication between ground commander and aircraft is essential to exchange pertinent information concerning landing approach, pick up point, and terrain characteristics.

c. Provide assistance to pilot in locating the pick up point. The use of hoist should only be undertaken when the terrain and vegetation make landing impossible, a landing site cannot be cleared, and movement of the casualty is impossible.

d. Rarely will ambulatory casualties require emergency helicopter evacuation.

APPENDIX E (Alert Status of Support Aircraft) to Annex G (Air Support) to Operation Order 301-67

Time Zone: H

1. GENERAL

a. CG, 1st MAW requires aircraft and crew be maintained in such a state of readiness so as to be airborne from time of call within the time limits prescribed below. The alert status condition will be as specified in the aircraft schedule and will be in accordance with the following codes:

| | CONDITION | ALERT STATUS | AIRCRAFT STATUS |
|---|---|---|---|
| (1) | Condition I | 2 Minutes | Cockpit manned engine running |
| (2) | Condition II | 5 Minutes | Cockpit unmanned |
| (3) | Condition III | 15 Minutes | Cockpit unmanned |
| (4) | Condition IV | 30 Minutes | Cockpit unmanned |
| (5) | Condition V | As directed | Cockpit unmanned |

2. RECONSTITUTING INSTRUCTIONS

APPENDIX H (Air Operations Priority System) to Annex G (Air Support) to Operation Order 301-67

Time Zone: H

1. PRIORITIES. Priorities, with the exception of MANDATORY priority, will be assigned each mission by the requesting agency and will be monitored and confirmed by the Assistant Chief of Staff, G-3 and/ or the Division Air Officer, as appropriate. Commanders will consider priorities assigned to missions in making their decision to conduct flights in marginal weather. The following priorities are established:

   a. ROUTINE. Administrative or tactical transport of personnel, material or equipment, where time is not a critical factor and delay will not endanger lives or loss of material. Applied to air targets, this category includes missions against targets that are not time sensitive, for example, bridges and buildings.

   b. PRIORITY. Tactical movement of personnel, material or equipment where excessive delay will jeopardize successful accomplishment of the mission. This category includes air strikes on targets that are time sensitive, i.e., of a fleeting nature such as enemy troops, vehicles, and vessels. It also includes cargo operations where delays will result in excessive material loss through spoilage or seizure by the enemy.

   c. EMERGENCY. Mission involves safety of human lives or requires immediate transport of vital supplies or equipment. Medical evacuation of wounded personnel and air support of units under attack including resupply of ammunition or medical supplies are examples of emergency missions.

   d. MANDATORY. Mission is emergency in nature and involves safety of human life or national prestige to the extent that normally unacceptable risks will be accepted to accomplished mission. This priority will only be assigned to a mission by CG, III MAF or CG, 1st MAW. Mandatory missions will not be cancelled because of weather.

Annex H (Alert/Defense Postures) to Operation Order 301-67

Ref: (a) 1st MarDiv OpO 301-67
(b) COMUSMACV Directive Number 525-2

TIME ZONE: H

1. ALERT/DEFENSE POSTURE

a. Concept of Ground Defense Operations. Reference (a) assigned 1st Marines responsibility for the defense of assigned sector (Annex C to this order.) Each battalion has in turn been assigned a sub-sector.

b. The Commander of each sub-sector is responsible for coordination of all ground defense measures within assigned boundaries. Commanders of units and organizations located in each sub-sector are responsible for local security of their installation unless otherwise directed by this headquarters.

c. Execution

(1) 1st Bn, 1st Marines; 2nd Bn, 1st Marines; 3rd Bn, 1st Marines.

(a) Assigned operational control of all organizations and units within assigned sub-sectors for ground defense planning and during the execution of ground defense operations.

(b) Commanding Officers of 1st, 2nd and 3rd Bn, 1st Marines designated sub-sector commanders of assigned sub-sectors.

(c) Issue orders as necessary to accomplish assigned defense mission.

2. SECURITY CONDITIONS AND ACTIONS REQUIRED (MACV)

a. Security Condition WHITE: Will exist whenever information indicates need for unusual precautions to be exercised on part of all MACV personnel throughout Vietnam unless specifically localized by direction of COMUSMACV. Such conditions will be announced for specified period of time and may be expected during holidays or events having special significance in Republic of Vietnam. Sensitive periods or dates which require special precautions are announced periodically by Embassy or MACV Memorandum.

DOWNGRADED AT 3 YEAR INTERVALS
DECLASSIFIED AFTER 12 YEARS
DOD DIR 5200.10

[redacted]

DECLASSIFIED

Action Required:

(1) Avoid large crowds.

(2) Do not remain in area of civil disturbance.

(3) Insure compliance with provisions of reference (d) for personnel in liberty status.

(4) Enter villages only as necessary in performance of duties.

(5) Inspect vehicles for booby traps.

(6) Adhere to curfews as established by this & higher Hq.

b. Security Condition GRAY: Will exist in an area upon receipt of warning of a disorder where safety of American personnel, property, or installations is likely to be threatened.

Action required:

(1) Intensify provisions of Condition WHITE.

(2) Curtail visits to villages to maximum extent.

(3) Minimize use of government vehicles.

c. Security Condition YELLOW: Will exist in a specific area or all of Vietnam when disorders of significance occur which threaten MACV or other American personnel, property, or installations, or when an attack has occurred against any of the above.

Action required:

(1) Intensification of provisions of a. and b. above.

(2) Terminate all liberty.

d. Security Condition RED: Will exist throughout Vietnam when a significant deterioration of internal security within Republic of Vietnam has occurred, or external aggression against Republic of Vietnam has taken place or is imminent.

Action required:

(1) In addition to security measures specified for security condition YELLOW, personnel will review classified Document Removal Destruction Plans.

3. DEFENSE READINESS CONDITIONS (MACV)

a. There are five Defense Readiness Conditions, reference (a), with DEFCON 5 being peacetime normal and DEFCON 1 condition of maximum readiness. Normal Defense Readiness Condition for MACV is DEFCON 3. Each of these DEFCONS has associated with it a universally applied exercise term, which is used only during conduct of defense readiness condition tests or exercises. Actual readiness terms, short definitions, and exercise terms are set forth below:

| ACTUAL READINESS TERM | SHORT DEFINITION | EXERCISE TERM |
|---|---|---|
| DEFCON 5 | Normal readiness | FADE OUT |
| DEFCON 4 | Increased intelligence watch and strengthened security measures | DOUBLE TAKE |
| DEFCON 3 | Increase in force readiness above that required for normal readiness | ROUND HOUSE |
| DEFCON 2 | Further increase in force readiness but less than maximum readiness | FAST PACE |
| DEFCON 1 | Maximum force readiness | COCKED PISTOL |

(1) Further definitions, situations under which each might be declared and command readiness actions pertinent to each DEFCON are included in Appendixes (1) through (5).

(2) Defense Readiness Conditions need not necessarily be declared in sequence. Any condition, 5 to 1, may be declared as situation requires. On declaration of DEFCON of greater readiness, action required of lesser readiness conditions whether declared or not, are automatically required.

(3) In event Defense or Air Defense Emergency is declared, prior to declaration of DEFCON 1, forces will immediately assume posture of maximum readiness.

b. Classification

(1) To enable rapid dissemination of readiness status, terms DEFCON 5, 4, 3, 2 and 1, together with DTG and declaring command, may be transmitted in clear over nonsecure circuits.

(2) Fact that force is actually increasing its posture of readiness is classified information.

DECLASSIFIED

(3) Fact that tests, exercise or drills are being conducted is not classified.

(4) Association of DEFCON with its related exercise term is not classified.

(5) Short definitions, as set forth in paragraph 3.a. above, may be related to their appropriate DEFCON "For Official Use Only" basis.

(6) Association of DEFCONs and exercise terms with verbatim definitions or situations listed for each DEFCON in Appendices 1 through 5 is CONFIDENTIAL.

c. Press Queries. When assuming DEFCON requiring greater degree of force readiness, precautions will be taken to minimize public speculation. However, should queries be received from news media concerning readiness action being taken, following reply will be given: "We do not comment publicly on state of readiness or alert status of forces of this command."

d. Exercises

(1) Test or exercise directives, designed to simulate declaration of increased readiness conditions, will only use designated exercise terms.

(2) Term DEFCON will not be used for exercises. Press queries concerning readiness exercises will be handled as in paragraph 3.c. above.

(3) Term ALERT will not be used in connection with readiness test and exercises.

(4) Foregoing instructions are applicable to all component and subordinate commands within MCV.

4. ANTI-AIR WARFARE.

a. Division Operations SOP.

5. ANTIMECHANIZED WARNING AND ALERT CONDITIONS.

a. Division Operations SOP.

(h) CTG 115 Op Order 201-67
(i) MACV Directive Number 95-4
(j) 1st MarDiv Order 03400.9

1. GENERAL

a. Rules of engagement herein are prescribed to minimize noncombatant personnel and property losses which may occur in execution of military operations against enemies of RVN.

b. The use of unnecessary force leading to noncombatant battle casualties in areas temporarily controlled by enemy will embitter the population, drive them into the arms of the enemy, and make the long range goal of pacification more difficult and costly. Circumstances in RVN call for exercise of restraints not normally required on the battlefield. All unit commanders will apply only that force necessary to accomplish their mission, giving due regard to safety of their command and importance of preventing injury to noncombatant populace.

c. Incidents of noncombatant casualties and destruction of property by RVNAF and US combat forces are exploited by the enemy to the fullest extent to enhance their objectives, to foster resentment against GVN and US and to permanently alienate the people from GVN.

d. The 1st Marine Regiment will establish a reputation of being able to move at will throughout assigned area of responsibility and to defeat any enemy force encountered. Concurrently, 1st Marine Regiment units will constantly demonstrate their concern for the safety of noncombatants, compassion for the injured and willingness to aid and assist the sick, hungry and dispossessed.

2. APPLICATION. All commanders are directed to plan and conduct operations in accordance with following guidelines:

DECLASSIFIED AFTER 12 YEARS
DOD DIR 5200.10

[redacted]

DECLASSIFIED

a. Both military and psychological objectives of each operation will be considered.

b. Troop indoctrination briefings will be held before each operation to emphasize both short and long range importance of minimizing noncombatant battle casualties.

c. Concurrent air/ground planning to ensure proper selection of helicopter landing zones and proper employment and integration of artillery, naval gunfire and air strikes will avoid unnecessary damage to lives and property of noncombatants.

d. Forward air controllers will be briefed on areas where air strikes should not be called because of the presence of friendly or potentially friendly populace. Such information must be sought from local officials at province and district level.

e. Free strike zones should be configured to avoid populated areas except those in accepted enemy bases.

f. Operations should be planned in coordination with province/sector and district/subsector chiefs with due regard to security of plans. A liaison officer from Marine forces conducting operations in a particular province/sector should be positioned at district/subsector headquarters for coordination. District/subsector advisors will perform this function in absence of liaison officer.

g. With due regard to the security and sucess of the mission, people will be warned of impending air strikes or operations by leaflets and broadcasts whenever possible. This warning should emphasize that the enemy, by his presence, makes action necessary and that the enemy is directly responsible for damages resulting from combat in populated areas.

h. Hamlets and villages may be attacked without prior warning if the attack is in conjunction with a ground operation involving movement of ground forces through an area, and if, in the judgment of the ground commander, his mission would be jeopardized by such warning.

i. Hamlets or villages not associated with ground operations will not be attacked without prior warning (by leaflets and/or speaker system or other appropriate means) even though light fire is received from them.

j. Participation of Vietnamese forces in operations will be encouraged so that the war does not appear to be a US action against Vietnamese people. Regional and Popular Force participation will be sought at Marine battalion or company level so they may assist in search of private dwellings, obtain information and contribute to the desired effect of cooperative war effort.

k. Assignment to Marine Forces of qualified RVNAF liaison officers from appropriate RVNAF commands is essentail and will be arranged between Marine commanders and appropriate advisors for each significant operation. These liaison officers, through their knowledge of the area of operations and the population, can assist in identification of personnel and can help ensure close coordination with all Vietnamese forces.

l. In carrying out search and destroy operations, take all practicable measures to minimize destruction of indigenous private property and to ensure its proper control, disposition, and safeguarding. Plans will include procedures for protection of private property and reporting, security and disposition of excess supplies.

m. A civic action plan shall support each operation even if the area has been controlled by the enemy. As each situation dictates, operation plans shall provide for utilization of all available assets to include a program for dispensing of medical supplies, transportation and distribution of emergency rations, medical evacuation of injured or sick regardless of suspected or known political affiliation, and light engineering work within the capabilities of tactical units.

n. Whenever possible, utilize appropriate leaflets, airborne loudspeakers, ground loudspeakers and/or face-to-face teams to separate noncombatants from the enemy. Annex K (Psychological Warfare).

o. The following practices are self-defeating and shall not be tolerated:

(1) Employment of unobserved and unregistered harassing and interdiction fires upon a populated area, when attack from that area is not indicated by available information.

(2) Use of heavy supporting arms upon populated areas when resistance received is not such as to impede maneuver of our forces to objective or accomplishment of mission.

(3) Use of noncombatant civilians as the point for combat patrols or for a unit in approach march.

p. Established rules of good military conduct and discipline shall be enforced.

3. CONDUCT OF OPERATIONS

a. General

DECLASSIFIED

[redacted]TIAL

DECLASSIFIED

(1) Local instructions shall specify where challenges are required. In those instances where a challenge is required the sequence of engagement shall be:

(a) Normal challenge.

(b) If person challenged makes an overt attempt to avoid apprehension, opens fire or commits any other hostile act and thereby endangers life of challenger, challenger may fire.

(c) Unit commanders may prescribe illumination prior to firing if local circumstances allow.

(d) Requirement for challenge may be waived by local commander if required by tactical situation and no friendly forces are known to be operating in the area.

(2) Magazines will not be inserted in weapons in a camp area during daylight hours unless under attack.

(3) Warning shots will not be employed on contact with enemy with exception of daytime control of waterborne traffic. Craft failing to respond to challenge may be warned by fire.

(4) Rounds will not be chambered in individual weapons unless contact with enemy is imminent. Senior Marine present will determine if, in his judgement, measures must be taken to preserve lives of 1st Marine Regiment personnel. Initiation of any offensive or defensive formation implies imminent contact with enemy.

(5) Within TAOR and RAOR, and during operations in areas external thereto, establishment of a curfew is the responsibility of GVN officials. Assistance in enforcing curfew will normally devolve upon 1st Marine Regiment organizations and units. In such instances, indigenous personnel will be informed of time limits involved and requirement for strict adherence. It will be further explained that purpose of the curfew is to ensure that innocent civilians are not mistaken for enemy and shot.

b. Destruction of VN Property

(1) Civilian dwellings will not be burned, nor will private property and livestock, be destroyed except as an unavoidable consequence of combat actions. Therefore, the firing of tracers into dwellings will be avoided unless absolutely necessary to accomplish the commanders mission.

(2) Destruction of Vietnamese dwellings and livestock as a measure of denying their use to enemy is left to RVNAF units. Requests from Vietnamese authorities for employment of 1st Marine Regiment to perform such destruction will be referred to this Hqs.

DECLASSIFIED

c. Artillery/Naval Gunfire.

(1) Use of artillery and naval gunfire against known or suspected enemy targets in hamlets and villages occupied by noncombatants is governed by following criteria:

(a) All attacks will be controlled by airborne or ground observers or RVNAF observers and will be executed only after US/GVN/RVNAF approval as appropriate.

(b) Except as specified below, hamlets or villages not associated with ground operations will not be attacked without prior warning (by leaflets and/or speaker systems or other appropriate means) even though fire is received from them.

(c) Villages and hamlets may be attacked without prior warning if the attack is in conjunction with a ground operation involving maneuver of ground forces through the area, and if in the judgement of the ground commander, his mission would be jeopardized by such warning.

(d) The use of incendiary type ammunition will be avoided unless absolutely necessary in the accomplishment of the commander's mission.

(2) In areas exclusive of villages and hamlets, artillery fire and naval gunfire may be directed against enemy forces in contact in accordance with normal procedures. However, unobserved fire will be directed only at targets or target areas declared hostile by GVN, VN liaison personnel, or air and/or ground observers. Further, unobserved naval gunfire will be employed only under exceptional circumstances and in cases where:

(a) Requested naval gunfire support missions fall within specified strike zones approved by GVN/RVNAF as appropriate.

(b) Requested naval gunfire support missions cannot be observed due to geography, weather or other factors.

(c) No US ALO's, FAC's or airborne artillery spotters trained in naval gunfire spotting are available. (Conduct of naval gunfire support missions under this provision must be undertaken as an acknowledged deviation from standard procedures.

(3) All supporting arms missions with exception of barrages and preplanned unobserved fires will be controlled by an airborne or ground FAC, forward observer, NGF Spot Team or RVNAF observer. All observed and unobserved fires, except barrages, will be executed only after US/GVN/RVNAF approval, as appropriate.

[redacted]DENTIAL

DECLASSIFIED

(4) The following measures are effective within the market time area which extends along the south Vietnamese coast from the mouth of the rivers out to sea to an average of about 16 miles.

(a) No water craft shall be taken under artillery fire, NGF, air attack or any other armed attack unless target craft has:

1. Been certified as nonfriendly by cognizant Coastal Surveillance Center for this area. Coastal Surveillance Center can be contacted by telephone through DA NANG Operator to Roadrunner 39, (1st Marine Regiment subordinate units coordinate through 1st Marine Regiment COC).

2. Identified as nonfriendly by conducting offensive operations against friendly forces.

(5) Following measures are effective in the RVN/Cambodian Border Area:

(a) All fire missions with intended target areas within 2000 meters of the RVN/Cambodian border will be observed. This requirement is in addition to applicable control procedures stated elsewhere in this directive.

(b) Fire missions with intended target areas more than 2000 meters from the RVN/Cambodian border may be unobserved, subject to applicable control procedures stated elsewhere in this directive.

(c) Fire missions will not be conducted where dispersion could result in fire being placed on or over the RVN/Cambodian border.

d. Air

(1) All targets selected for an air strike will be approved by Province Chief or through higher ARVN authority.

(2) All pilots will endeavor to minimize noncombatant casualties and civilian property damage. Strikes will not be executed where identification of friendly forces is in doubt.

(3) All pilots will have knowledge of the disposition of friendly forces and/or civilians prior to conducting strikes. This information may come from ground or air briefing.

(4) For purposes of this order, references to Forward Air Controller (FAC) also encompass and apply to Marine Tactical Air Coordinator Airborne (TACA) and Aerial Observers (AO) when appropriate.

(5) USAF, USMC, and USN strike aircraft will normally be controlled by the following in order of preference as listed.

*(a) US Air Force ALO/FAC or Marine TACA/FAC.

*(b) VNAF FAC/FAO.

*(c) USAF MSQ-77 (SKY SPOT) or USMC TPQ-10.

*Under VFR conditions, when a USAF, USMC, or VNAF FAC is not available, a qualified Army Target Identifying Pilot (TIP) may designate the target and flight leader of strike aircraft will control strike.

(6) In an emergency, when no qualified means of control is available, following personnel may designate a target for strike aircraft:

(a) Commander of a ground unit or US advisor to a unit engaged with Viet Cong.

(b) US pilot of an airplane or helicopter supporting a ground unit, who has radio contact with ground unit involved and/or can identify friendly positions in relation to enemy positions.

(c) US pilot of an airplane or helicopter required to operate within vicinity of hostile village or hamlet for the purpose of conducting a medical evacuation or supply mission, and where enemy fire presents an immediate threat to lives of helicopter or transport crew.

(7) Close Air Support missions that involve strikes on hamlets or villages must always be controled by a FAC. If attack on a village or hamlet is deemed necessary and is executed in conjunction with a ground operation involving movement of ground forces through an area, attack may be made without warning; however, appropriate US/GVN/RVNAF approval is required, except in emergencies. If an attack on a village or hamlet is not in conjunction with any immediate ground operation, inhabitants must be warned by leaflets and/or loudspeaker system prior to attack and must be given sufficient time to evacuate area.

e. Specific Instructions for Close Air Support to Include Interdiction (Day or Night):

(1) ALO/FAC will:

(a) Have thorough knowledge of ground scheme of maneuver.

DECLASSIFIED

(b) Make every effort to secure VNAF observer to assist in directing an air strike. If VNAF observer is not available and ALO/FAC is authorized to direct air strikes.

DECLASSIFIED

(c) Maintain reliable communications with ground unit and with strike aircraft.

(d) Make positive identification and mark target.

(e) Ensure that strike pilots are aware of friendly locations in relation to the target, characteristics of target area, and local weather conditions.

(f) Use 1:50,000 scale maps of target area, and photographs when available.

(2) Strike Pilots will:

(a) Always be under control and have direct radio contact for a strike with a FAC or designated control agency (airborne or ground).

(b) Have visual contact with the target or target marker except as noted in paragraph (e) below.

(c) Always ascertain position of friendly troops (or civilians, when applicable).

(d) Ascertain local conditions regarding weather, target area, and surrounding terrain characteristics.

(e) Defend themselves against ground fire providing:

1. Source of fire can be visually identified.

2. Strike can be positively oriented against source.

3. Fire is of such intensity that counter-action is necessary.

(f) Strike at night only with flares, unless under control of TPQ-10 or MSQ-77.

f. Border Restrictions for Aircraft Conducting Assigned Missions in RVN.

(1) Aircraft will not cross demilitarized zone or Cambodian border unless specific authorization is obtained by this Hq.

(2) All FACs operating in vicinity of border will have a 1:50,000 map of target area. Maps, mosaics, and photos will be made available to pilots.

DECLASSIFIED

(3) Joint operations-intelligence facilities will be established and complete prestrike briefings and poststrike debriefings will be conducted for strikes within 5000 meters of border, when practical.

(4) Cambodian border restrictions which are additional to above:

(a) Strike aircraft within 5000 meters of Cambodian border will be under positive control of FAC or MSQ-77/TPQ-10. Authority to waive this requirement must be obtained by this Hq.

(b) All organizations responsible for planning or execution of missions within 5 km of the border will have posted in operations a 1:25,000 or larger scale map on which the Cambodian border is distinctly marked, on RVN side, to depth of 5 km.

(c) Aircraft supporting border outposts (fire support, reconnaissance, supply, and transportation) are allowed to operate as necessary in outpost area, but will neither cross nor fire across the border.

g. Jettison

(1) Munitions will be jettisoned only in designated specified strike zones.

(2) During night or IFR conditions, aircraft will be under positive radar control while jettisoning.

(3) During day VFR drops will be monitored by radar whenever possible.

h. US Armed Helicopters

(1) US Army and US Marine armed helicopters will be marked "US Army" or "US Marines," as appropriate, and may be manned with all-US crews at unit commanders discretion.

(2) If target involves noncombatants, such as in hamlet or village, an RVNAF observer will be aboard helicopter whenever possible and US/GVN/RVNAF approval to fire must be obtained unless the situation clearly presents an immediate threat to the lives of the crew.

i. Air Reconnaissance and Aerial Surveillance Missions

DECLASSIFIED

(1) Operational restrictions placed upon reconnaissance aircraft near RVN/Cambodian border for the purpose of insuring that inadvertent overflights do not occur, preclude aerial reconnaissance over large areas within RVN where significant enemy activity is known to be taking place. In order to eliminate immunity of such areas to observation and photography, these restrictions may be waived on a case-by-case basis.

(2) Requests for reconnaissance coverage in areas which present a danger of overflight or border violation will be forwarded through normal reconnaissance request channels.

(3) US Army OV-1 aircraft may be armed with target marking ordnance while on surveillance missions.

4. POST OPERATIONS

a. Where feasible, follow each operation with PsyWar/CA team to explain to population what happened and how to avoid future noncombatant casualties.

b. Following each operation wherein noncombatant casualties and/or property damage have occurred, coordinate with province/district chief concerned on prompt identification of those affected. Consideration should also be given at this time to appropriate civic action measures. See Annex M to this Order.

5. MISCELLANEOUS

a. USMC units do not have the authority to exercise police powers over Vietnamese people; hence majority of controls will have to be established by National Police, Army of Vietnam Military Police, or other ARVN military units and Regional and Popular Force units as appropriate. In event of civil disturbance, nearest Vietnamese National Police establishment will be notified. 1st Marine Regiment units will take no action other than to defend themselves and US property.

b. Use of Riot Control Agents. Reference (j).

DISTRIBUTION: Annex X (Distribution) to Operation Order 301-67

DECLASSIFIED

[redacted]

Copy___of___Copies
1st Marines (Reinf)
DA NANG, RVN
271200H JUN 67

Annex J (Controlled Items) to Operation Order 301-67

Ref: (a) MACV Directive Number 525-7
(b) FoxceO 0346C.5

Time Zone: H

1. POLICY. Control measures will be established in order to limit enemy access to the following controlled items; rice, money, medicine, contraband and food caches consistent with guidelines below:

a. Rice

(1) The rice which fills enemy caches is the product of an increasingly burdensome enemy tax program imposed on peasantry in areas which the enemy controls or to which they have access. Discovery of this rice and its return to villagers in the immediate area constitutes an opportunity for generation of a major psychological impact in support of US/RVN objectives. Use of recovered rice for civic action purposes also reduces the drain on government rice supplies and transportation. It is desired, therefore, that Marine commanders be alert in order to exploit enemy rice stocks for civic action purposes and also to reduce the drain on government rice supplies and transportation.

(2) Rice harvests will be controlled on a planned basis within the capability of available forces. Requests to destroy rice or rice fields which cannot be controlled will be referred to this Hqs. Approval of such destruction will be granted only when assurances that legitimate food needs of the local populace can be anticipated and provided for by GVN provincial authorities, monitored and assisted by US members of the Provincial Team.

(3) Commanding Officers will insure that these provisions are carefully explained to all hands. Further, rice and foodstuffs will be destroyed only as a last resort. Where on-hand resources are inadequate for evacuation of such rice and foodstuffs, assistance will be requested from higher echelon. Where rice caches are destroyed a written report will be submitted to this Hq.

(4) Procedures to be followed in protection of rice crops are:

DECLASSIFIED AFTER 12 YEARS
DOD DIR 5200.10

DECLASSIFIED

[redacted]

(a) Determine areas which produce large quantities of rice and establish priorities for protecting these areas.

(b) Conduct joint and combined military and police operations to protect people during rice harvesting.

(c) Protect convoys transporting rice harvest to agricultural cooperatives and farmers associations.

(d) Initiate propaganda activities and psychological warfare urging people to sell their rice only to GVN authorities or legal rice traders.

(e) Deny to the enemy, rice from paddies farmed or controlled by him. If enemy rice paddies are not accessible, consideration will be given to the use of herbicides to destroy the crop. Final decision to use herbicides always rests with GVN and always requires complete coordination of US and GVN agencies involved.

(5) Specific instructions for protection of rice harvests are contained in 1st MarDiv Op Order 302-66 (Golden Fleece).

b. Money

(1) The enemy relies heavily on extortion of money from RVN populace to finance his aggression. They have extorted about 2 to 4 billion piasters during the past twelve months. About 75% of this money was extorted from the people in the form of an alleged tax on agricultural produce and industrial goods; the balance was extorted from commercial civilian traffic on roads, trails and waterways of RVN. Many of these "tax collection" points are in areas which are accessible from the 1st MarDiv area of responsibility and can be successfully interdicted. Within assigned sectors of the TAOR and during operations outside the TAOR, organizations will coordinate with ARVN, PF, and RF, those activities aimed at neutralizing enemy sources of money and money instruments. These activities are primarily attacks on enemy "tax collection" points on roads and waterways and provision of assistance to local populace in evading so-called enemy taxes and bond-selling efforts. Captured funds will be handled in accordance with reference (b).

c. Medicines

DECLASSIFIED

(1) The enemy obtains medicines from Communist countries and by direct or indirect purchase in RVN from commercial establishments. NVN units bring a basic supply of medicine with them from North Vietnam and thereafter depend primarily on local purchase. Medicines are transported from cities and towns by every means of transportation using roads, trails, and waterways to enemy distribution points. Some medicines are also obtained by selective hijacking of civilian traffic. Local enemy sources of medicine must be identified and neutralized.

(2) Captured or abandoned enemy medical stores or material including medical items which are determined or suspected to be contaminated, outdated or uncertified will not be intentionally destroyed.

(3) Captured enemy medical supplies may be used for the care and treatment of wounded or sick enemy personnel, but only when such use is under the supervision of enemy medical personnel. The enemy medical supplies will not be used by U. S. medical personnel except in an emergency due to nonavailability of U. S. medical itsms of the type required.

(4) Captured enemy medical supplies have great potential for harm due to unknown enemy standards of quality and doubtful enemy capability for adequate quality control of items. Release of captured medical supplies to local GVN officials or other relief agencies in the field will not be made except in cases of urgent humanitarian need when U. S. supplies of the type and quantity required are not available. Such release will be limited to types and quantities of items required to meet the existing medical emergency as determined by the U. S. Military Surgeon in the incident area. The release will be reported in the next sitrep to include types and quantities of items, date of release, name and location of recipient(s) and intended purpose for which released.

(5) Every effort shall be made to extract all captured medical supplies by capturing units through established channels. If all available means have been exhausted and extraction remains impossible, they shall be left intact and in place. Date, location, and estimate of quantities shall be reported to this headquarters.

d. Contraband.

(1) All contraband seized by units will be turned into this headquarters for appropriate disposal.

e. Food Caches.

DECLASSIFIED

(1) Large food caches, obviously over and above needs of local population as determined by local GVN officials, will be reported to this headquarters for appropriate disposal. For extractions, where private ownership is claimed, a receipt system will be utilized. General security for extraction operations and packaging materials and transportation may be provided if requested by GVN officials. Plans should provide for availability of these resources. The following measures, as a minimum, should be coordinated with the local GVN officials.

(a) Procedures for informing GVN officials of locations and amounts of food supplies discovered.

(b) Procedures for provision of necessary labor, packaging materials, and transportation to permit extraction.

(c) Provision for GVN to furnish receipts for supplies extracted when private ownership is claimed.

(d) Procedures for use of 1st MarDiv personnel to furnish security elements during extraction operations.

2. MISSION

a. Communication elements plan install, operate, and maintain continuous and reliable communications systems and facilities to support a combat base environment and 1st Marine Regiment concept (s) of operation.

3. EXECUTION

a. Concept of Operations. ANNEX B (Concept of Operation)

b. Communication-Electronics Concepts.

(1) Combat base communication-electronics systems are semi-permanent installations employing wire and radio relay for primary transmission paths backed up by tactical radio equipment. Engineering of this system must provide an inherent flexibility which facilitates rapid expansion, integration, and support of tactical communications. The combat base communication-electronics system provides and supports:

(a) Communication Center.

(b) Regimental telephone system.

(c) COC and FSCC circuits.

(d) Liaison and coordination circuits with adjacent 1st Marine Division (Rein) and RVNAF forces within the DA NANG TAOR.

(2) Communication-Electronics support for amphibious and/or ground operations extending away from a combat base is provided by tactical equipment resources. Communication planning for operations must consider integration and maximum employment of existing combat base communication systems and facilities.

DECLASSIFIED

DECLASSIFIED

c. Headquarters Company

(1) Plan, install, operate, and maintain a communication-electronics system to support the following Regimental Combat Base facilities.

(a) Regimental Communication Center

(b) Regimental Telephone Switching Control

(c) CCC and FSCC wire, radio, and radio relay communications.

(2) Activate additional Regimental radio nets as directed.

(3) Be prepared to activate additional radio circuits to 1st Marine Division (Rein) headquarters as directed.

(4) Be prepared to establish and maintain necessary communication facilities for a Regimental Command Group in a field location upon minimum notice.

(5) Provide communication guard for all 1st Marine Regiment units and supporting/reinforcing units as directed.

(6) Provide liaison coordination communications with adjacent, supporting and reinforcing USMC units and with MACV, RVNAF, and GVN forces/organizations as directed by this headquarters.

(7) Perform other communication services as directed by this headquarters.

d. 1st Battalion, 1st Marines
2nd Battalion, 1st Marines
3rd Battalion, 1st Marines

(1) Plan, install, operate and maintain communications to support sector assigned and be prepared to provide communications in support of tactical operations.

(2) Be prepared to provide communication guard to attached, reinforcing, supporting or external units as directed by this headquarters.

(3) Provide liaison and coordination communications with adjacent, supporting and reinforcing USMC units and with MACV, RVNAF, and GVN forces/organizations in assigned sector as required and/or as directed by this headquarters.

e. Air Support Communications. References (a), (b), and this annex.

DECLASSIFIED

f. Artillery Communications. Reference (a) and this annex.

g. Naval Gunfire Communications. Annex F (Naval Gunfire Support), reference (a) and this annex.

h. Coordinating Instructions.

(1) Communication procedures in accordance with references (a), (d), effective ACP's, JANAP's and directives of higher headquarters.

(2) Communication security in accordance with ACP 122.

(3) Plan, coordinate, and integrate combined action unit communication systems to support operations with emphasis on requesting reinforcing and supporting fires.

(4) Lateral communications as coordinated between adjacent units.

(5) Activate radio relay immediately in the event of land line failure to this headquarters. In case of radio relay failure ensure back-up radio facilities available.

(6) Provide press service with communication support only when such support has been cleared with this headquarters and does not interfere with tactical operations.

(7) Messenger

(a) Utilize established helicopter courier service as required by teletype outage.

(b) Supplementary vehicular messenger service, when required, will be as coordinated by this headquarters.

(8) Radio

(a) Frequencies, reference (a).

(b) Voice and tactical radio call signs, reference (a).

(c) Intra-unit reassignment of frequencies as promulgated by reference (a) will be coordinated with and approved by this headquarters. This headquarters will then submit changes to 1st Marine Division Headquarters for final approval and promulgation by change to reference (a).

(d) Enforce transmission security procedures and utilization of authentication and numeral codes to reduce enemy communication intelligence gathering capability.

DECLASSIFIED

(c) Maintain radio logs as dictated by the tactical situation.

(f) Interference and jamming reports in accordance with reference (c). Submit to 1st Marine Division Headquarters, info this headquarters. (Reports of friendly interference should contain station call, signal strength, and degree of interference.).

(9) Wire

(a) Provides the basic communication paths in a defensive posture and should be engineered and installed to provide a minimum of interruption due to enemy interdiction.

(b) Prepare and submit two copies of circuit diagram for all combat base internal and external metallic circuits to include radio relay. Extent of unit circuit diagram will include test frame and connecting cable pairs installed by this headquarters.

(c) Prepare and submit two copies line route map of all external metallic circuits to include radio relay.

(d) Installation crews and trouble shooting teams must be constantly alert for ambushes, mines and booby traps.

(10) Radio Relay. Frequency assignment as directed by this headquarters.

(11) Visual and Sound. Reference (a).

(12) Communication Center.

(a) Term tape relay procedures in accordance with ACP 127.

(b) Maximum utilization electrical transmission means directed.

(13) Cryptographic

(a) On-line and off-line procedures in accordance with current directives.

(b) Be prepared to provide ARVN units with low level cryptographic support.

(14) Authentication and Numeral Code.

(a) KAC-Q Series. The KAC-Q series combined authentication/numeral code is used throughout the I Corps Tactical Zone by III MaF forces and I Corps Advisors and will be used exclusively within this division on all internal nets.

DECLASSIFIED

(b) KAC-138. KAC-138 is the effective numeral code for joint use within the Pacific Command and will be used between units not possessing KAC-Q series.

(c) KAA-60. KAA-60 has been designated as the RVN in-country authentication system for joint usage. It will be used between units not holding the KAC-Q series.

(15) Operation Code.

(a) KAC-P___ Series. The KAC-P series is employed within the I Corps Tactical Zone by III MAF units and I Corps advisors and will be used within this division on all internal nets.

(b) KAC-132. KAC-132 is the U.S. Navy Operations Code (Pacific Area) and will only be used when units do not hold the KAC-P series.

4. ADMINISTRATION AND LOGISTICS

a. 1st Mar AdminO 301-67.

b. Supply and Maintenance.

(1) Organic maintenance capability will be augmented as necessary to meet specific field requirements.

(2) Communication planning must encompass establishment of an organic electronics repair and replenishment capability within the logistics support area to include:

(a) Maintenance float.

(b) Repair facilities consisting of personnel and equipment.

(c) Stocks of high usage items and items susceptible to combat damage, e.g., antennas, antenna bases, handsets, charged BB-451's and a capability to recharge, etc.

(3) Lost PRC-25/VRC-12 series radio equipment will be reported in accordance with reference (c).

(4) Combat teams will be positioned at this headquarters and lower, if necessary, to provide third echelon and overflow second echelon repair.

(5) In preparation for tactical operations, care must be exercised to ensure that correct levels of operating spares are available and readily accessible for each piece of equipment.

DECLASSIFIED AFTER 12 YEARS
DOD DIR 5200.10

SECRET

(9) Cooperative for American Relief Everywhere (CARE) provides food assistance, development tools, and clothing throughout Quang Nam Province.

2. MISSION

The First Marine Regiment (Rein) will, through Civic Action, support 1967 GVN Pacification objectives by reinforcing the established government of the Republic of Vietnam, developing the pride and self-respect of the populace, helping the people contribute to their own social and economic improvement, meeting and assisting GVN to meet the immediate basic needs of the people, and assisting to gain the support and friendship of the populace for the Government of South Vietnam.

3. EXECUTION

a. Concept of Operations. The First Marines support, initiate, and conduct civic action programs based upon the needs of the people, the plans and objectives of the government, and the resources available in order to carry out the assigned mission.

(1) The general policy, guidance, direction, and concepts contained in references (c) and (d) will apply and be observed by all subordinate commanders in implementing Civic Action Programs.

(2) Specific Civic Action Programs initiated, supervised, assisted, or conducted by subordiante units will be those requested/approved by the Vietnamese Government (ie. Hamlet, Village, District), and are to be governed by the policy and direction as outlined in reference (d), Chapter IV.

(3) Civic Action functions are to be transferred to the Government of Vietnam as soon as practicable.

b. 1st Battalion, 2nd Battalion, 3rd Battalion, 1st Marines.

(1) Initiate Civic Action projects within the Civic Action Area of Responsibility assigned by reference (e).

(2) Be prepared to augment, assist, advise, and support GVN/ARVN civic action and rural development projects in the assigned CAAOR when and as directed by this headquarters.

(3) Upon request by local GVN officials, directly support ARVN and GVN civic action projects within the assigned CAAOR only upon approval by this headquarters and upon full coordination with the District Chief, Subsector Advisor, and District OCO representative.

(4) Maintain contact and effect liaison with Revolutionary Development Cadre Teams within the assigned CAAOR.

DECLASSIFIED

(5) Continue the Medical Civic Action Program withing assigned CAAOR in accordance with reference (f).

(6) Coordinate with civic action activities of CAC units within the assigned CAAOR, to best and most economically assist the 1967 GVN RD program in accordance with reference (g).

(7) Conduct troop indoctrination on a continuing basis and in accordance with the direction found in reference (h).

(8) Minimize noncombatant battle casualties by planning and conducting operations in accordance with reference (i).

(9) Assist local villagers in obtaining all available services of the District and Province. Help to bring the Government to the people and communicate the people's needs to the Government.

c. Coordinating Instructions.

(1) Civic Action Areas of Responsibility within the 1st Marines TaOR are assigned by reference (e).

(2) Subordinate units will effect continual liaison with appropriate local government echelons within their CAAOR's (to include respective OCO/MACV advisory counterparts). Battalion CAO's are authorized direct liaison with local officials up to and including District Chiefs. The Regimental CAO will be the principal Civil Affairs contact for liaison with Provincial Officials/Sector MACV Advisors/and Assistant Provincial OCO Representatives.

(3) Subordinate units will direct their civic action efforts toward areas unsaturated by GVN/ARVN civic action programs, thereby providing for a better overall distribution of socio-economic betterment.

(4) Subordinate units will avoid civic action efforts in designated New Life or Consolidated Hamlets which possess an RDC Team. Encouragment should be given the people of these hamlets to work through the RDC Team for desired projects.

(5) Battalions will coordinate all civic action projects with the local District Chief and MACV Subsector Advisor, the Regimental CAO, and District OCO Representative in order to preclude unnecessary duplication of effort, inefficient expenditure of funds and/or commodities, and to ensure proper and beneficial integration with Provincial pacification plans and objectives.

DECLASSIFIED

(6) When initiating and encouraging Self-Help projects, emphasis will be first given to encouraging and assisting the lowest GVN echelon to request commodities and support via GVN channels. The assisting unit should then monitor the progress of this request, coordinating with the MACV Subsector Advisors in order to ensure fulfillment. Upon GVN's inability to fulfill the request, and upon their subsequent approval of USMC fulfillment, the Battalion provides commodity support via USMC channels.

(7) General Priority of projects should be: first, those which help meet the basic needs of security, health, and sanitation; second, those which improve the agricultural economy, community facilities, and education; and third, any others.

4. ADMINISTRATION AND LOGISTICS

a. Daily reports will be made to the Regimental CAO concerning any Civic Affairs activity or results within assigned CAAOR's. All other reporting will be submitted in accordance with reference (d), Chapter VI.

b. Serious incidents involving the civilian population will be reported in accordance with reference (j).

c. Requests for MedCap and Civic Action supplies will be submitted to the Regimental CAO in accordance with reference (d), Chapters V and VIII.

d. Combat and non-combat claims will be processed as directed by reference (d), Chapter XII.

e. Solatium payments will be made and reported in accordance with reference (d), Chapter VII.

f. Requests for Civil Affairs support non-organic to the Battalion, and other than provided by the District, will be forwarded to the Regimental CAO.

g. Civilian casulties requiring hospitalization will be evacuated to USOM Hospital, Danang. Casulties of an emergency nature will be evacuated by helicopter to NSA Hospital, Danang (ET 068718).

h. Captured enemy caches of food, clothing, and medical supplies will be forwarded to the appropriate District Headquarters for future utilization as GVN officials dictate.

APPENDIX 2 (Revolutionary Development Cadre Team) to ANNEX M (Civil Affairs) to Operation Order 301-67

General Concept of RDC

In 1967, the Revolutionary Development Program will be the focal point of the GVN 1967 Pacification Plan and subsequent planning and operations of both the Free World Forces and the GVN. The Revolutionary Development Cadre Teams constitute the GVN's main present effort to regain the confidence and loyalty of the rural population. Some of these 59 man cadre teams have been assigned to work in various hamlets throughout the TAOR for such purposes as strengthening local security and defense; stimulating and re-enforcing local political leadership and organization; improving social, health, and economic conditions; and gathering intelligence on the local VC. To the extent that this effort achieves its political and psychological purposes, and expands numerically and geographically, pacification will acquire a momentum in rural QUANG NAM which will ultimately deprive the VC of that popular support which is indispensable to their military and political success.

It is important to recognize that the RDC program is & must remain a GVN responsibility, with U.S. in an unobtrusive advisory and support role. This is not so much a matter of Vietnamese national pride or internal Vietnamese political rivalries, important as these two factors may be; it is a much more fundamental matter of recognizing and accepting what experience with the cadre to date has clearly demonstrated--namely, that without Vietnamese Leadership, knowledge, and initiative, the Cadre Program cannot achieve its purposes. In fact, the lower the operating level, and the closer it is to the village and hamlet population, the more important is this emphasis and reliance on Vietnamese leadership, Vietnamese knowledge, and Vietnamese initiative. The Free World Forces can only keep the VC from winning. The pacification of the hamlets and the winning of the hearts and minds of the people must be done by the Vietnamese Government's forces.

Mission

To communicate the Government's interest to the people and the people's aspirations to the Government, and to stimulate the people's self-interest so that it may be reoriented along wholesome, approved lines.

Organization

See Tab A (RDC Organization) to Appendix 2 (RDC Teams) to Operation Order 107-67.

The 59 man cadre group is composed of three (3) main elements; the command element; the military element or people's main force; and the construction element, which contains both the civil affairs and the New Life Development components.

DOWNGRADED AT 3 YEAR INTERVALS
DECLASSIFIED AFTER 12 YEARS
DOD DIR 5200.10

DECLASSIFIED

[redacted]

The cadre unit consists of [illegible] group leader, who is also the political officer, and a staff of 5 technicians. These technicians are: 1 intelligence officer, 2 commo-liaison cadre, and 2 medics.

The militia element consists of 34 men. Divided into three 11-man squads, this unit's primary function is to provide security for the RD group and for the entire hamlet. In addition, they organize and train the people's militia.

The third element of the RD group is the construction element which consists of 18 cadre, including the leader. Ten of these cadre are members of the civic affairs team, and 7 are members of the New Life Development Team. The civic affairs team is divided into 3 cells of 3-men each. These are the Census Grievance Cell, the Administration Cell, and the Motivational Cell. The primary mission of the Civic Affairs team is to assist the group leader and the hamlet officials in the administration of the hamlet's political, economic and social affairs. The New Life Development team consists of 6 cells of one man each: the Educational/Cultural Cell; The Sanitation and Hygiene Cell; the Land Reform Cell; the Agriculture and Cottage Industry Cell; the Cooperative Cell; and the Public Works Cell. As the names indicate, each of these cells has a responsibility of working closely with the various individuals in the hamlets who have an interest in these particular activities. For example, the Educational/Cultural Cell will work closely with the hamlet school teachers and religious leaders.

It is reiterated that, with very few exceptions, the 59-man cadre are not technicians or experts. The cadre serves primarily as a catalyst to get the local people involved in the various programs. Further, the effectiveness of the 59-man Cadre Group is most often determined by the interest and participation in the program of provincial and district officials.

Training

The cadre, after being recruited at the province level, are sent to the National Training Center (NTC) at Vung Tau where they undergo a 12-week training program. The cadre groups are divided into two categories for training purposes.

The first category is the leadership group which consists of the group leader, the deputy group leader, and the two inter-team leaders. The leaders go through a leadership training program which is broken down to three periods of training: 4 weeks para-military training; 4 weeks of political, New Life Development, civil affairs training; and 4 weeks of leadership and organizational concept training.

The second category consists of the remaining 55 members of the team. The 55-man category undergo a more basic training program consisting of 5 weeks of para-military training, 5 weeks of political, New Life Development, and civil affairs training, and 2 weeks of organizational concepts training.

DECLASSIFIED

Although this trainign is designed for the 59-man group, the individual cadre, while undergoing training, is not assigned to a particular slot within the group. It is only when the 59-man group returns to the province, that the province chief assigns the individuals to the various slots in the T/O.

The training program at VUNG TAU stresses physical fitness, proper attitude, and a sense of dedication to serve the people in the hamlet. All individuals must qualify in various aspects of the training program including weapons firing, tactics, civic affairs, and motiviational training.

The average age of the cadre undergoing training at VUNG TAU is approximately 21 years, and the average level of education is the 5th grade. Obviously, the depth and scope of instruction is limited and basic. The desire is not to train soldiers, politicians, or technicians, but rather to train Revolutionaries - men and women who are motivated and dedicated to work with the people in the hamlet.

Upon graduation from VUNG TAU, the cadre return to QUANG NAM Province and immediately receive a 2-3 week Province-conducted course of instruction, wherein they are acquainted with specific problems and objectives in the areas in which they are to be deployed. On completion of this training, the cadre are inserted into a hamlet to represent GVN at the lowest and most important level of government. Periodic, specialized retraining courses for specific cadre are conducted by Province as required.

Province RDC Support

The RD Cadre Teams are a provincial resource and are responsive to the Province Chief in their support to Provincial RD Programs. The U. S. provides advise to the Province Chief on RD matters, to include RDC, through the Provincial OCO (Office of Civil Operations) Team.

The OCO Assistant Provincial Representatives (RD Planning and Operations) have primary responsibility for this advise. They are responsible for arranging U.S. logistical and financial support for the RDC and will insure coordination on RDC matters among the other OCO Assistant Provincial Representatives.

The OCO Provincial Representative is responsible for the coordination of Provincial Revolutionary Development Budgets and USAID-supplied provincial commodity support with planned RDC activities.

The MACV Senior Advisor is responsible for the military aspects of security and will coordinate the integration of the various armed elements into overall security plans. In addition, the Sector Advisor has a strong supporting role in other aspects of RD and economic programs. In this latter role the Sub-Sector Teams at the District level are utilized to give advisory support to the RD Program and the activities of the RDC.

DECLASSIFIED

SECRET

The CDC Assistant Provincial Representative (Psy Ops) is responsible for psy ops support to the RDC activities.

District RDC Support

The District Chief is responsible for the operational use and direction of the teams at the District level. He reads and signs each report submitted by the Team Leader to the Provincial Control Committee at the Provincial Headquarters. The District Chief also ensures that the team contributes to the District Operations and Intelligence Center. He should ensure radio communications between his teams and the District Headquarters. Where possible, he can assist the teams in their Civic Action by helping to provide such things as tin roofing, cement, tools, seed, fertilizer, etc. Where merited, he should see that team members receive medals and other benefits, in the same manner as PF's/RF's.

RDC Team Methods of Operation

The RDC cadre are units specially trained to gain the support and confidence of the population. The District Chief sends them to a hamlet where the Team Leader, in consultation with the Hamlet Chief, works out a priority of tasks to be performed in the hamlet. This could include such things as assistance in building the local school, well digging, road repairs, house repairs, and then attention to individual families in the form of assistance with crops and family tasks.

While the team is working with the people, it explains the position of the government, clarifies the dangers of the Viet Cong, explains to the people how to oppose the Viet Cong, and collects whatever intelligence is available on local Viet Cong units or cadre. The team emphasizes that if the people expose Viet Cong, and indicate where and when they operate, the team will come to the defense of the people, or if necessary, call reinforcements.

In time, and if the team is winning the support of the population, the villagers will begin to volunteer information on VC cadres, caches, and plans. The team, of course, must protect the people who provide this information. Concentration by the RDC Teams will be in conjunction with the following Eleven Point Pacification Criteria for 1967:

1. Destroy the Viet Cong Infrastructure.
2. Learn the People's Aspirations and Grievances.
3. Elect and organize the Hamlet Government.
4. Create Hamlet Militia and organize the People's opposition to the Viet Cong.
5. Promote Education and Culture.

6. Promote Health and Sanitation.

7. Assist in Land Reform.

8. Develope Agriculture, Animal Husbandry, Cottage Industry, and Fisheries.

9. Develope Cooperatives and Associations.

10. Develope lines of communications and public works.

11. Ensure Recognition of the people's and soldier's contribution.

RC Team locations within 1st Marines TAOR

The following hamlets presently contain RD Cadre Teams. They will operate within these hamlets for at least the first six months of 1967.

APPENDIX 1 (Office of Civil Operations) to ANNEX M (Civil Affairs) to Operation Order 301-67.

General Concept

The Office of Civil Operations (OCO) at the Province level is responsible for the U.S. Mission's civil support of the Vietnamese pacification/revolutionary development effort in Quang Nam Province. Its purpose is to obtain a fully-integrated, enhanced, and intensified U.S. civil contribution to that effort, and to provide integrated, unitary direction of all U.S. civil operations and personnel in the Province.

Organization

In Quang Nam Province there is an OCO Provincial Representative, responsible for all U.S. civilian activities and personnel in the Province, and directly responsible to the OCO Regional Director in Danang. In order to assist the Provincial Representative, a provincial OCO staff exists as depicted in TAB A to this Appendix. It is composed of a Staff Assistant, a representative for each District, and five Assistant Provincial Representatives in the fields of Public Safety, RD Planning, RD Operations, PsyOps, and New Life Development. The latter directs an advisory staff, consisting of RD Support, Self-Help, Refugees, Chieu Hoi Program, Logistics, Agriculture, Education, Public Health, and Public Works.

Method of Operation

The OCO Provincial Representative is the principal advisor/U.S. representative to the Province Chief on non-military matters. He and the Assistant Provicial Representatives, in addition to providing a unified, coordinated U.S. support effort to the Quang Nam provincial government, advise and assist their Vietnamese counterpart-section in their particular field of operations. They continually remain abreast of their counterpart-section's performance in daily governmental functioning, and constitute a vital link between Free World Forces and the Government of Vietnam. They coordinate with the local military commanders in Quang Nam, and must be aware of joint US-GVN operations in order to help ensure maximum efficiency, optimum support, and proper coordination on the part of the GVN and U.S. commodity support.

# INSTRUCTIONS FOR KEEPING JOURNAL

**1. Heading:**

*a.* Unit or Section:

(1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

(2) Enter designation of section if this is a section journal maintained by a general staff section.

*b.* Place: Enter coordinates or name of locality.

*c.* From: Enter date, time, and time zone that journal is opened.

*d.* To: Enter date, time, and time zone that journal is closed.

**2. Body:**

*a.* Time In:

(1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal. Enter time information is received within section.

*b.* Time Out:

(1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

*c.* Serial No.: Number each entry consecutively as information is received by keeper of journal.

*d.* DTG: Enter date/time group of radio message.

*e.* Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

*f.* Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

**3. Ending:**

*a.* Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

*b.* Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

**4. Journal File:**

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

# INSTRUCTIONS FOR KEEPING JOURNAL

**1. Heading:**

*a.* Unit or Section:

(1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

(2) Enter designation of section if this is a section journal maintained by a general staff section.

*b.* Place: Enter coordinates or name of locality.

*c.* From: Enter date, time, and time zone that journal is opened.

*d.* To: Enter date, time, and time zone that journal is closed.

**2. Body:**

*a.* Time In:

(1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal. Enter time information is received within section.

*b.* Time Out:

(1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

*c.* Serial No.: Number each entry consecutively as information is received by keeper of journal.

*d.* DTG: Enter date/time group of radio message.

*e.* Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

*f.* Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

**3. Ending:**

*a.* Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

*b.* Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

# INSTRUCTIONS FOR KEEPING JOURNAL

**1. Heading:**

*a.* Unit or Section:

(1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

(2) Enter designation of section if this is a section journal maintained by a general staff section.

*b.* Place: Enter coordinates or name of locality.

*c.* From: Enter date, time, and time zone that journal is opened.

*d.* To: Enter date, time, and time zone that journal is closed.

**2. Body:**

*a.* Time In:

(1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal. Enter time information is received within section.

*b.* Time Out:

(1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

*c.* Serial No.: Number each entry consecutively as information is received by keeper of journal.

*d.* DTG: Enter date/time group of radio message.

*e.* Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

*f.* Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

**3. Ending:**

*a.* Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

*b.* Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

**4. Journal File:**

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

# INSTRUCTIONS FOR KEEPING JOURNAL

**1. Heading:**

*a.* Unit or Section:

(1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

(2) Enter designation of section if this is a section journal maintained by a general staff section.

*b.* Place: Enter coordinates or name of locality.

*c.* From: Enter date, time, and time zone that journal is opened.

*d.* To: Enter date, time, and time zone that journal is closed.

**2. Body:**

*a.* Time In:

(1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal. Enter time information is received within section.

*b.* Time Out:

(1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

*c.* Serial No.: Number each entry consecutively as information is received by keeper of journal.

*d.* DTG: Enter date/time group of radio message.

*e.* Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

*f.* Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

**3. Ending:**

*a.* Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

*b.* Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

**4. Journal File:**

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

# INSTRUCTIONS FOR KEEPING JOURNAL

**1. Heading:**

*a.* Unit or Section:

(1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

(2) Enter designation of section if this is a section journal maintained by a general staff section.

*b.* Place: Enter coordinates or name of locality.

*c.* From: Enter date, time, and time zone that journal is opened.

*d.* To: Enter date, time, and time zone that journal is closed.

**2. Body:**

*a.* Time In:

(1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal. Enter time information is received within section.

*b.* Time Out:

(1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

*c.* Serial No.: Number each entry consecutively as information is received by keeper of journal.

*d.* DTG: Enter date/time group of radio message.

*e.* Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

*f.* Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

**3. Ending:**

*a.* Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

*b.* Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

**4. Journal File:**

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

# INSTRUCTIONS FOR KEEPING JOURNAL

**1. Heading:**

*a.* Unit or Section:

(1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

(2) Enter designation of section if this is a section journal maintained by a general staff section.

*b.* Place: Enter coordinates or name of locality.

*c.* From: Enter date, time, and time zone that journal is opened.

*d.* To: Enter date, time, and time zone that journal is closed.

**2. Body:**

*a.* Time In:

(1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal. Enter time information is received within section.

*b.* Time Out:

(1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

*c.* Serial No.: Number each entry consecutively as information is received by keeper of journal.

*d.* DTG: Enter date/time group of radio message.

*e.* Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

*f.* Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "I", information disseminated to troops or subordinate units; "F", filed in journal file.

**3. Ending:**

*a.* Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

*b.* Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

**4. Journal File:**

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

# INSTRUCTIONS FOR KEEPING JOURNAL

**1. Heading:**

*a.* Unit or Section:

(1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

(2) Enter designation of section if this is a section journal maintained by a general staff section.

*b.* Place: Enter coordinates or name of locality.

*c.* From: Enter date, time, and time zone that journal is opened.

*d.* To: Enter date, time, and time zone that journal is closed.

**2. Body:**

*a.* Time In:

(1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal. Enter time information is received within section.

*b.* Time Out:

(1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

*c.* Serial No.: Number each entry consecutively as information is received by keeper of journal.

*d.* DTG: Enter date/time group of radio message.

*e.* Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

*f.* Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

**3. Ending:**

*a.* Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

*b.* Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

**4. Journal File:**

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

# INSTRUCTIONS FOR KEEPING JOURNAL

**1. Heading:**

*a.* Unit or Section:

(1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

(2) Enter designation of section if this is a section journal maintained by a general staff section.

*b.* Place: Enter coordinates or name of locality.

*c.* From: Enter date, time, and time zone that journal is opened.

*d.* To: Enter date, time, and time zone that journal is closed.

**2. Body:**

*a.* Time In:

(1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal. Enter time information is received within section.

*b.* Time Out:

(1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

*c.* Serial No.: Number each entry consecutively as information is received by keeper of journal.

*d.* DTG: Enter date/time group of radio message.

*e.* Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

*f.* Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

**3. Ending:**

*a.* Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

*b.* Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

**4. Journal File:**

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

(1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal. Enter time information is received within section.

*b.* Time Out:

(1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

*c.* Serial No.: Number each entry consecutively as information is received by keeper of journal.

*d.* DTG: Enter date/time group of radio message.

*e.* Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

*f.* Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

**3. Ending:**

*a.* Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

*b.* Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

**4. Journal File:**

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

# INSTRUCTIONS FOR KEEPING JOURNAL

**1. Heading:**

*a.* Unit or Section:

(*1*) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

(2) Enter designation of section if this is a section journal maintained by a general staff section.

*b.* Place: Enter coordinates or name of locality.

*c.* From: Enter date, time, and time zone that journal is opened.

*d.* To: Enter date, time, and time zone that journal is closed.

**2. Body:**

*a.* Time In:

(1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal. Enter time information is received within section.

*b.* Time Out:

(1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

*c.* Serial No.: Number each entry consecutively as information is received by keeper of journal.

*d.* DTG: Enter date/time group of radio message.

*e.* Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

*f.* Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

**3. Ending:**

*a.* Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

*b.* Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

**4. Journal File:**

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

# INSTRUCTIONS FOR KEEPING JOURNAL

**1. Heading:**

*a.* Unit or Section:

(1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

(2) Enter designation of section if this is a section journal maintained by a general staff section.

*b.* Place: Enter coordinates or name of locality.

*c.* From: Enter date, time, and time zone that journal is opened.

*d.* To: Enter date, time, and time zone that journal is closed.

**2. Body:**

*a.* Time In:

(1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal. Enter time information is received within section.

*b.* Time Out:

(1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

*c.* Serial No.: Number each entry consecutively as information is received by keeper of journal.

*d.* DTG: Enter date/time group of radio message.

*e.* Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

*f.* Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

**3. Ending:**

*a.* Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

*b.* Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

**4. Journal File:**

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

# INSTRUCTIONS FOR KEEPING JOURNAL

**1. Heading:**

*a.* Unit or Section:

(1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

(2) Enter designation of section if this is a section journal maintained by a general staff section.

*b.* Place: Enter coordinates or name of locality.

*c.* From: Enter date, time, and time zone that journal is opened.

*d.* To: Enter date, time, and time zone that journal is closed.

**2. Body:**

*a.* Time In:

(1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal. Enter time information is received within section.

*b.* Time Out:

(1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

*c.* Serial No.: Number each entry consecutively as information is received by keeper of journal.

*d.* DTG: Enter date/time group of radio message.

*e.* Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

*f.* Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

**3. Ending:**

*a.* Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

*b.* Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

**4. Journal File:**

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

# INSTRUCTIONS FOR KEEPING JOURNAL

**1. Heading:**

*a.* Unit or Section:

(1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

(2) Enter designation of section if this is a section journal maintained by a general staff section.

*b.* Place: Enter coordinates or name of locality.

*c.* From: Enter date, time, and time zone that journal is opened.

*d.* To: Enter date, time, and time zone that journal is closed.

**2. Body:**

*a.* Time In:

(1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal. Enter time information is received within section.

*b.* Time Out:

(1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

*c.* Serial No.: Number each entry consecutively as information is received by keeper of journal.

*d.* DTG: Enter date/time group of radio message.

*e.* Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

*f.* Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

**3. Ending:**

*a.* Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

*b.* Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

**4. Journal File:**

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

# INSTRUCTIONS FOR KEEPING JOURNAL

**1. Heading:**

*a.* Unit or Section:

(1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

(2) Enter designation of section if this is a section journal maintained by a general staff section.

*b.* Place: Enter coordinates or name of locality.

*c.* From: Enter date, time, and time zone that journal is opened.

*d.* To: Enter date, time, and time zone that journal is closed.

**2. Body:**

*a.* Time In:

(1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal. Enter time information is received within section.

*b.* Time Out:

(1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

*c.* Serial No.: Number each entry consecutively as information is received by keeper of journal.

*d.* DTG: Enter date/time group of radio message.

*e.* Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

*f.* Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

**3. Ending:**

*a.* Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

*b.* Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

**4. Journal File:**

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

# INSTRUCTIONS FOR KEEPING JOURNAL

**1. Heading:**

*a.* Unit or Section:

(1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

(2) Enter designation of section if this is a section journal maintained by a general staff section.

*b.* Place: Enter coordinates or name of locality.

*c.* From: Enter date, time, and time zone that journal is opened.

*d.* To: Enter date, time, and time zone that journal is closed.

**2. Body:**

*a.* Time In:

(1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal. Enter time information is received within section.

*b.* Time Out:

(1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

*c.* Serial No.: Number each entry consecutively as information is received by keeper of journal.

*d.* DTG: Enter date/time group of radio message.

*e.* Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

*f.* Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

**3. Ending:**

*a.* Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

*b.* Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

**4. Journal File:**

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

# INSTRUCTIONS FOR KEEPING JOURNAL

**1. Heading:**

*a.* Unit or Section:

(1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

(2) Enter designation of section if this is a section journal maintained by a general staff section.

*b.* Place: Enter coordinates or name of locality.

*c.* From: Enter date, time, and time zone that journal is opened.

*d.* To: Enter date, time, and time zone that journal is closed.

**2. Body:**

*a.* Time In:

(1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal. Enter time information is received within section.

*b.* Time Out:

(1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

*c.* Serial No.: Number each entry consecutively as information is received by keeper of journal.

*d.* DTG: Enter date/time group of radio message.

*e.* Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

*f.* Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

**3. Ending:**

*a.* Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

*b.* Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

**4. Journal File:**

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

# INSTRUCTIONS FOR KEEPING JOURNAL

**1. Heading:**

*a.* Unit or Section:

(1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

(2) Enter designation of section if this is a section journal maintained by a general staff section.

*b.* Place: Enter coordinates or name of locality.

*c.* From: Enter date, time, and time zone that journal is opened.

*d.* To: Enter date, time, and time zone that journal is closed.

**2. Body:**

*a.* Time In:

(1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal. Enter time information is received within section.

*b.* Time Out:

(1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

*c.* Serial No.: Number each entry consecutively as information is received by keeper of journal.

*d.* DTG: Enter date/time group of radio message.

*e.* Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

*f.* Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

**3. Ending:**

*a.* Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

*b.* Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

**4. Journal File:**

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

# INSTRUCTIONS FOR KEEPING JOURNAL

**1. Heading:**

*a.* Unit or Section:

(1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

(2) Enter designation of section if this is a section journal maintained by a general staff section.

*b.* Place: Enter coordinates or name of locality.

*c.* From: Enter date, time, and time zone that journal is opened.

*d.* To: Enter date, time, and time zone that journal is closed.

**2. Body:**

*a.* Time In:

(1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal. Enter time information is received within section.

*b.* Time Out:

(1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

*c.* Serial No.: Number each entry consecutively as information is received by keeper of journal.

*d.* DTG: Enter date/time group of radio message.

*e.* Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

*f.* Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

**3. Ending:**

*a.* Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

*b.* Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

**4. Journal File:**

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

# INSTRUCTIONS FOR KEEPING JOURNAL

**1. Heading:**

*a.* Unit or Section:

(1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

(2) Enter designation of section if this is a section journal maintained by a general staff section.

*b.* Place: Enter coordinates or name of locality.

*c.* From: Enter date, time, and time zone that journal is opened.

*d.* To: Enter date, time, and time zone that journal is closed.

**2. Body:**

*a.* Time In:

(1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal. Enter time information is received within section.

*b.* Time Out:

(1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

*c.* Serial No.: Number each entry consecutively as information is received by keeper of journal.

*d.* DTG: Enter date/time group of radio message.

*e.* Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

*f.* Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

**3. Ending:**

*a.* Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

*b.* Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

**4. Journal File:**

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

# INSTRUCTIONS FOR KEEPING JOURNAL

**1. Heading:**

*a.* Unit or Section:

(1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

(2) Enter designation of section if this is a section journal maintained by a general staff section.

*b.* Place: Enter coordinates or name of locality.

*c.* From: Enter date, time, and time zone that journal is opened.

*d.* To: Enter date, time, and time zone that journal is closed.

**2. Body:**

*a.* Time In:

(1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal. Enter time information is received within section.

*b.* Time Out:

(1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

*c.* Serial No.: Number each entry consecutively as information is received by keeper of journal.

*d.* DTG: Enter date/time group of radio message.

*e.* Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

*f.* Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

**3. Ending:**

*a.* Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

*b.* Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

**4. Journal File:**

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

*e.* Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

*f.* Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

**3. Ending:**

*a.* Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

*b.* Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

**4. Journal File:**

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

# INSTRUCTIONS FOR KEEPING JOURNAL

**1. Heading:**

*a.* Unit or Section:

(1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

(2) Enter designation of section if this is a section journal maintained by a general staff section.

*b.* Place: Enter coordinates or name of locality.

*c.* From: Enter date, time, and time zone that journal is opened.

*d.* To: Enter date, time, and time zone that journal is closed.

**2. Body:**

*a.* Time In:

(1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal. Enter time information is received within section.

*b.* Time Out:

(1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

*c.* Serial No.: Number each entry consecutively as information is received by keeper of journal.

*d.* DTG: Enter date/time group of radio message.

*e.* Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

*f.* Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

**3. Ending:**

*a.* Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

*b.* Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

**4. Journal File:**

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

# INSTRUCTIONS FOR KEEPING JOURNAL

**1. Heading:**

*a.* Unit or Section:

(1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

(2) Enter designation of section if this is a section journal maintained by a general staff section.

*b.* Place: Enter coordinates or name of locality.

*c.* From: Enter date, time, and time zone that journal is opened.

*d.* To: Enter date, time, and time zone that journal is closed.

**2. Body:**

*a.* Time In:

(1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal. Enter time information is received within section.

*b.* Time Out:

(1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

*c.* Serial No.: Number each entry consecutively as information is received by keeper of journal.

*d.* DTG: Enter date/time group of radio message.

*e.* Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

*f.* Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

**3. Ending:**

*a.* Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

*b.* Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

**4. Journal File:**

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

# INSTRUCTIONS FOR KEEPING JOURNAL

**1. Heading:**

*a.* Unit or Section:

(1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

(2) Enter designation of section if this is a section journal maintained by a general staff section.

*b.* Place: Enter coordinates or name of locality.

*c.* From: Enter date, time, and time zone that journal is opened.

*d.* To: Enter date, time, and time zone that journal is closed.

**2. Body:**

*a.* Time In:

(1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal. Enter time information is received within section.

*b.* Time Out:

(1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

*c.* Serial No.: Number each entry consecutively as information is received by keeper of journal.

*d.* DTG: Enter date/time group of radio message.

*e.* Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

*f.* Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

**3. Ending:**

*a.* Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

*b.* Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

**4. Journal File:**

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

**1. Heading:**

*a.* Unit or Section:

(1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

(2) Enter designation of section if this is a section journal maintained by a general staff section.

*b.* Place: Enter coordinates or name of locality.

*c.* From: Enter date, time, and time zone that journal is opened.

*d.* To: Enter date, time, and time zone that journal is closed.

**2. Body:**

*a.* Time In:

(1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal. Enter time information is received within section.

*b.* Time Out:

(1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

*c.* Serial No.: Number each entry consecutively as information is received by keeper of journal.

*d.* DTG: Enter date/time group of radio message.

*e.* Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

*f.* Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

**3. Ending:**

*a.* Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

*b.* Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

**4. Journal File:**

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

*f.* Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "I", information disseminated to troops or subordinate units; "F", filed in journal file.

**3. Ending:**

*a.* Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

*b.* Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

**4. Journal File:**

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

# INSTRUCTIONS FOR KEEPING JOURNAL

**1. Heading:**

*a.* Unit or Section:

(1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

(2) Enter designation of section if this is a section journal maintained by a general staff section.

*b.* Place: Enter coordinates or name of locality.

*c.* From: Enter date, time, and time zone that journal is opened.

*d.* To: Enter date, time, and time zone that journal is closed.

**2. Body:**

*a.* Time In:

(1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal. Enter time information is received within section.

*b.* Time Out:

(1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

*c.* Serial No.: Number each entry consecutively as information is received by keeper of journal.

*d.* DTG: Enter date/time group of radio message.

*e.* Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

*f.* Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

**3. Ending:**

*a.* Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

*b.* Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

**4. Journal File:**

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

(1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

(2) Enter designation of section if this is a section journal maintained by a general staff section.

*b.* Place: Enter coordinates or name of locality.

*c.* From: Enter date, time, and time zone that journal is opened.

*d.* To: Enter date, time, and time zone that journal is closed.

**2. Body:**

*a.* Time In:

(1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal. Enter time information is received within section.

*b.* Time Out:

(1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

*c.* Serial No.: Number each entry consecutively as information is received by keeper of journal.

*d.* DTG: Enter date/time group of radio message.

*e.* Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

*f.* Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

**3. Ending:**

*a.* Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

*b.* Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

**4. Journal File:**

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

# INSTRUCTIONS FOR KEEPING JOURNAL

**1. Heading:**

*a.* Unit or Section:

(1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

(2) Enter designation of section if this is a section journal maintained by a general staff section.

*b.* Place: Enter coordinates or name of locality.

*c.* From: Enter date, time, and time zone that journal is opened.

*d.* To: Enter date, time, and time zone that journal is closed.

**2. Body:**

*a.* Time In:

(1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal. Enter time information is received within section.

*b.* Time Out:

(1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

*c.* Serial No.: Number each entry consecutively as information is received by keeper of journal.

*d.* DTG: Enter date/time group of radio message.

*e.* Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

*f.* Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

**3. Ending:**

*a.* Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

*b.* Closing: Journals are closed daily, or at the end of periods or phases prescribed by higher authority.

**4. Journal File:**

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

(2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

*c.* Serial No.: Number each entry consecutively as information is received by keeper of journal.

*d.* DTG: Enter date/time group of radio messages.

*e.* Incidents, Messages, Orders:

(1) Important incidents, messages, and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

*f.* Action Taken: This column is used to indicate administrative action taken, such as routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "I", information disseminated to troops or subordinate units; "F", filed in journal file.

**3. Ending:**

*a.* Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

*b.* Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

**4. Journal File:**

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

# INSTRUCTIONS FOR KEEPING JOURNAL

**1. Heading:**

*a.* Unit or Section:

(1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

(2) Enter designation of section if this is a section journal maintained by a general staff section.

*b.* Place: Enter coordinates or name of locality.

*c.* From: Enter date, time, and time zone that journal is opened.

*d.* To: Enter date, time, and time zone that journal is closed.

**2. Body:**

*a.* Time In:

(1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal. Enter time information is received within section.

*b.* Time Out:

(1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

*c.* Serial No.: Number each entry consecutively as information is received by keeper of journal.

*d.* DTG: Enter date/time group of radio messages.

*e.* Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

*f.* Action Taken: This column is used to indicate administrative action taken, such as routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

**3. Ending:**

*a.* Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

*b.* Closing: Journals are closed daily or at the ends of periods or phases prescribed by higher authority.

**4. Journal File:**

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

Encl: (1) Proposed Citation

1. In accordance with the provisions of reference (a), it is recommended that Captain David L. WISEMAN 079615/0302 USMC, attached to and serving with Headquarters Company, 1st Marines be awarded the Bronze Star Medal for meritorious achievement.

2. Captain WISEMAN in his performance of duties as assistant Operations Officer was responsible for much of the operational planning, preparation of plans and orders, and coordination with other organizations which contributed in a large part to the success of 1st Marines operations during the period 19 January 1967 to 7 June 1967. His skill, professional knowledge and perserverance was displayed to good advantage in the preparation of OPERATION STONE on which he worked 36 hours straight until its completion. He also participated in OPERATION STONE working tirelessly in assisting in the coordination and control of the regiment in the field. In addition to preparing the plans for OPERATIONS CANYON and UNION he acted as the Operations Officer for the regimental headquarters remaining in the assigned tactical area of responsibility while the Regimental Command Group displaced forward. Captain WISEMAN displayed extraordinary skill, tact, professional knowledge, and patience in the training of both officer and enlisted members of the S-3 Section. He accomplished liason missions with both USMC and ARVN units which took him through enemy contested territory and exposed him to the enemy, small arms fire, and mines. His performance of duty during this period was as inspiration to all who served with him.

3. The facts contained in the proposed citation are personally known to me.

4. The award is for direct participation in combat operations and the Combat Distinguishing Device is recommended.

5. Captain WISEMAN has been awarded the Purple Heart Medal.

6. Captain WISEMAN has not been recommended for any awards previously which have not as yet been awarded.

7. Captain WISEMAN was transferred to Marine Barracks, Naval Disciplanary Command Portsmouth, New Hamphire on 7 June 1967.

8. No foreign awards have been recommended or awarded to Captain WISEMAN for this action.

9. No additional recommendations are being submitted in connections with this same action.

10. Due to the transfer of the Commissioned Officer this organization was unable to obtain his middle name.

E. J. RADICS

In the name of the President of the United States, the Commanding General, Fleet Marine Force, Pacific takes pleasure in presenting the BRONZE STAR MEDAL to

CAPTAIN DAVID L. WISEMAN

UNITED STATES MARINE CORPS

for service as set forth in the following

PROPOSED CITATION:

"For meritorious service while serving as Assistant Operations Officer of the First Marines in connection with operations against insurgent communist (Viet Cong) forces in the Republic of Vietnam from 19 January 1967 to 7 June 1967. With exceptional dedication and skill Captain WISEMAN performed the many and sensitive tasks which facilitate the efficient and effective operations of the First Marines. He was tireless and painstaking in coordinating the activities of subordinate and adjacent units. He travelled extensively in every sector of the area of responsibility in the performance of his duties at great personal risks from enemy snipers and mines. His intelligence and tact in dealing with Vietnamese officials was largely responsible for a smooth working relationship characterized by good will and cooperation on both sides. His resolute and skillful performance throughout his tour was a source of inspiration to all with whom he was associated. Captain WISEMAN upheld the highest traditions of the Marine Corps and the United States Naval Service."

Captain WISEMAN is authorized to wear the Combat "V".

FOR THE PRESIDENT,

V. H. KRULAK
LIEUTENANT GENERAL, U. S. MARINE CORPS

Encl: (1) Proposed Citation

1. In accordance with the provisions of reference (a), it is recommended that First Lieutenant Harold Lee HONBARRIER 092079/1302 USMC, attached to and serving with Headquarters Company, 1st Marines be awarded the Navy Commendation Medal for meritorious achievement.

2. First Lieutenant HONBARRIER upon joining the 1st Marines was assigned duties as the Scout Sniper Platoon Leader. From the beginning he screened and interviewed over three hundred Marines who had been nominated or volunteered for the Scout Sniper Platoon. Having finally selected the 35 Marines who were to form the platoon he set up a training schedule which included training in compass and map reading, radio procedures, cover and concealment and conducted firing with the sniper rifle. In less than four weeks the Scout Sniper Platoon had been trained to a fine edge capable of being employed in two man teams. First Lieutenant HONBARRIER has travelled many miles through the First Marines Tactical Area of Responsibility, over roads and trails by vehicle and on foot which were subject to enemy mining and sniper fire at great personal risk. First Lieutenant HONBARRIER participated in Operations STONE, CANTON, LAFAYETTE and UNION. Under his leadership the snipers accounted for over 100 confirmed Viet Cong kills in a four month period. His skill, devotion to duty, perseverance in the face of adversity and his raw courage and stamina contributed in large part to the exceptional performance of the men he led. First Lieutenant HONBARRIER's performance of duty throughout was an inspiration to both his seniors and juniors.

3. The facts contained in the proposed citation are personally known to me.

4. The award is for direct participation in combat operations and the Combat Distinguishing Device is recommended.

5. First Lieutenant HOMBARRIER has been awarded no other personal decorations or awards.

6. First Lieutenant HOMBARRIER has not been recommended for any awards previously which have not as yet been awarded.

7. First Lieutenant HOMBARRIER was transferred to 5th Marine Division on 7 June 1967.

8. No foreign awards have been recommended or awarded to First Lieutenant HOMBARRIER for this action.

9. No additional recommendations are being submitted in connection with this same action.

E. J. RADICS

In the name of the President of the United States, The Commanding General, Fleet Marine Force, Pacific takes pleasure in presenting the NAVY COMMENDATION MEDAL to

FIRST LIEUTENANT HAROLD LEE HONBARRIER

UNITED STATES MARINE CORPS

for service as set forth in the following

PROPOSED CITATION:

"For meritorious service while serving with Headquarters Company, First Marines in connection with operations against insurgent communist (Viet Cong) forces in the Republic of Vietnam from 16 October 1966 to 7 June 1967, while serving as Platoon Leader of the Scout-Sniper Platoon. First Lieutenant HONBARRIER participated in Operations STONE, LAFAYETTE, CANYON and UNION and daily local missions with his platoon. He formed the Scout-Sniper Platoon, trained it to a fine edge and then led it in its increasingly effective and deadly activities against the Viet Cong. Under his leadership the snipers accounted for over 100 confirmed Viet Cong kills in a four month period. His skill, devotion to duty, perserverence in the face of adversity and raw courage and stamina contributed in large part to the exceptional performance of the men he led. By his outstanding leadership, initiative and professional skill, Lieutenant HONBARRIER upheld the highest traditions of the Marine Corps and the United States Naval Service."

Lieutenant HONBARRIER is authorized to wear the Combat "V".

FOR THE PRESIDENT

V. H. KRULAK
LIEUTENANT GENERAL, U. S. MARINE CORPS
COMMANDING

In the name of the President of the United States, the Commanding General, Fleet Marine Force, Pacific takes pleasure in presenting the BRONZE STAR MEDAL to

LIEUTENANT COMMANDER JOSEPH HAROLD BURKE

UNITED STATES NAVY

for service as set forth in the following

PROPOSED CITATION:

"For meritorious service in connection with operations against insurgent communist (Viet Cong) forces in the Republic of Vietnam while serving as the Regimental Dental Officer, First Marines from 4 November 1966 to 15 June 1967. Lieutenant Commander BURKE consistently carried out his duties with outstanding skill and resourcefulness, attending to the needs of over 500 personnel under combat and field conditions. Lieutenant Commander BURKE volunteered to conduct Dental MEDCAPS in villages both inside and outside the First Marines Tactical Area of Responsibility. With complete disregard for his own safety he travelled at great personal risk by land vehicle, helicopter or on foot over insecure roads and trails and air spaces which were subject to enemy mining and sniper fire, into hamlet where Viet Cong have operated in order to continuously dispense Dental treatment to the the villagers. By his alert observation and prompt reporting of intelligence he was directly responsible for the acquisition of two Viet Cong in a village where he was conducting a MEDCAP. Lieutenant Commander BURKE operated on more than 700 Vietnamese civilians and thereby made highly significant contributions to the Civic Action Program of the 1st Marine Regiment. Lieutenant Commander BURKE's participation in Operation UTAH is noteworthy in that he significantly assisted in the establishing and the operation of a field clearing and treatment station for casualties. Lieutenant Commander BURKE's untiring initiative, professional ability and selfless devotion to duty were in keeping with the highest tradition of the United States Naval Services."

Lieutenant Commander BURKE is authorized to wear the Combat "V".

FOR THE PRESIDENT,

V. H. KRULAK
LIEUTENANT GENERAL, U. S. MARINE CORPS
COMMANDING

STATEMENT OF CAPTAIN SAMUEL L. BLACK 077616/0302 USN

15 June 1967

Since his arrival at the 1st Marines in November, Lieutenant Commander BLACK has been the leading component of the Regimental CORDAP Program. He has energetically carried out a roving dental treatment program for 7 months throughout the entire 1st Marines TAOR, where none significantly existed before, requiring a total thus far of 701 surgical treatments. Lieutenant Commander BLACK continually performed dental surgery Mondays and Fridays in the local hamlets of Phong Le, Dong Son, Ton Ho and Cua Dian; and the market places of Hieu Duc, Vinh Vien, Thanh Quit, and Van Tho. Significantly, Lieutenant Commander BLACK has indeed personally served to help amplify certain basic needs of the local villagers, and to foster an interest in a critically needed dental care program. His service, in addition to relieving numerous painful conditions, has definitely assisted in making social inroads to many areas, and in providing a basis for greater mutual understanding and cooperation between the Vietnamese and U. S. Marine forces.

SAMUEL L. BLACK
CAPT USNC

Encl: (1) Proposed Citation
(2) Statement of Witness

1. In accordance with the provisions of reference (a), it is recommended that Lieutenant Commander Joseph Harold BURNS, 605560/2100, U. S. Navy, attached to and serving with Headquarters Company, 1st Marines be awarded the BRONZE STAR MEDAL for meritorious service.

2. During the period of 4 November 1966 to 15 June 1967 Lieutenant Commander BURNS consistently carried out his duties in an exceptionally professional manner. Lieutenant Commander BURNS volunteered to provide Dental services for MEDCAP, conducted by the Civil Affairs Section of the First Marines in the hamlets and villages both inside and outside of the First Marines Tactical Area of Responsibility. He traveled by land vehicle, helicopter or on foot into villages where the Viet Cong operated and over roads and trails which were subject to heavy mining and enemy sniper fire. From 4 November 1966 to 15 June 1967, Lieutenant Commander BURNS has visited the villages of Phong Son (1), (2), and (3), Yen Ho, Phong Le (1) and (2), Son Ham, Dieu Long, Qua Giang, Thanh Vuit, Vinh Dien and Dai Loc Son on Dental MEDCAP. He also provided Dental Care during County Fair Operations. During his visits to these villages he operated on 761 patients. During Operation STONE he significantly assisted the Regimental Surgeon in establishing and operating a field medical treatment center at the Dong An Dai Air Strip, which provided casualties with battlefield medical treatment. On the night of 16-17 February 1967, during Operation STONE accurate intelligence reports indicated that the Viet Cong were going to mortar the medical facility. Lieutenant Commander BURNS by outstanding leadership example supervised the rapid breakup of camp and moving, in the middle of the night by LVTP to a more secure area. Lieutenant Commander BURNS has also provided for the continuous Dental Care of over 500 personnel during this period. His capable and professional ability together with his untiring and unselfish attitude of getting the job done under the most trying conditions in the field has merited the respect of all with whom he has come in contact.

3. The facts contained in the proposed citation are personally known to me and are completely substantiated by the statement of the eye-witness which is contained in enclosure (2).

4. The award is for direct participation in combat operations and the Combat Distinguishing Device is recommended.

5. Lieutenant Commander BURKE has received no previous awards.

6. Lieutenant Commander BURKE has not been recommended for any awards previously which have not as yet been awarded.

7. Lieutenant Commander BURKE was detached on 15 June 1967 for further transfer to Naval Dental School, National Naval Medical Center, Bethesda, Maryland.

8. No foreign awards have been recommended or awarded to Lieutenant Commander BURKE for this same period.

E. J. RADIGAN
