SECTION B

ENEMY, WEATHER AND TERRAIN

1. Enemy. Enemy initiated activity during October showed a marked decrease from the preceding month. Contacts were light and involved small groups of enemy, usually five or less, with few enemy casualties. Incidents of sniper fire increased, especially at vehicles. On 25 October a squad from Company "H" caught five NVA off guard in a small clearing. The Marine unit opened fire on the surprised enemy, resulting in four NVA KIA's and five captured AK-47 rifles. On 21 October a squad from Company "I" observed 30 VC crossing the Long Yen vicinity AT 952641. The unit opened fire with small arms and an M-79, resulting in five VC KIA's and one AK-47 captured. A sweep of the area the following day disclosed an additional KIA and one WIA hiding in a bunker. A cache of 3000 pounds of rice, 60 pounds of fish, and 10 Chicom grenades was also found. Marine units found a total of 353 bunkers and four tunnels during this period. However, the large majority of bunkers were the family type which were found in a hamlet leveled after resettlement of its population.

a. Enemy units reported operating in the 1st Marines TAOR during October were the R-20th Bn, Q-82nd Bn, 3rd QD Bn, 223 Trans Bn, and Local Hamlet Guerrillas.

b. The number of mines and booby traps encountered by 1st Marine units in October has decreased from the preceding month. They continue to be made from U.S. ordnance, or fashioned from cans filled with C-4. A total of 164 anti-tank/anti-vehicular mines and booby traps were encountered, with 27 (16.4%) detonated. The remaining 137 (83.6%) were found and safely disarmed or destroyed. One of those detonated destroyed a civilian trash truck, killing two and wounding another. Anti-personnel mines and booby traps continue to inflict the majority of Marine casualties. From the preceding month, contacts were light and involved small groups of enemy, usually five or less, with few enemy casualties. Incidents of sniper fire increased, especially at vehicles. There was only one incident involving rockets during the month. At 2200 on 12 October, the enemy fired three 140mm rockets, one RPG, and one unknown type round at the 1st Marines TAOR. On 3 October, Company "M" found one rocket launching site vicinity AT 977633. A unit of the 181st RF Company found three 160mm bombs, one to be launched, plus one Bangalore torpedo and three bags of TNT vicinity AT 059653 on 24 October, resulting in five VC KIA's and one AK-47 captured. A sweep of the area the following day disclosed an additional KIA and one WIA in a bunker. A cache of 3000 pounds of rice, 60 pounds of fish, and 10 Chicom grenades was also found. Marine units found a total of 353 bunkers and four tunnels during this period. However, the large majority of bunkers were the family type which were found in a hamlet leveled after resettlement of its population.

2. Volunteer Informant Program (VIP). The VIP fund during the period continued to pay out large sums of money. The majority of ordnance was U.S. made and usually turned in by Vietnamese children. Listed below are the expenditures for the month of October.

Regimental Hqs	
1st Battalion	4,400\$ VN
2nd Battalion	65,445\$ VN
3rd Battalion	30,950\$ VN
Total:	100,795\$ VN

3. Ground Surveillance. Sensors continue to be employed by the 3rd Battalion, but with negative results.

4. Weather. The NE monsoon rains struck during October, depositing a total of 39.42 inches of rain. This was spread over a week long period at the first of the month and during the last days. The rains caused flooding of lowlands and closing of many roads in the TAOR. Reduced visibility caused a reduction in air operations, while reduced trafficability caused a reduction in armor operations. However, infantry units continued to patrol most of the TAOR. Enemy operations were also curtailed by the rain. The average high for the month was 91°, the low 72°. Average humidity was 88%.

5. Terrain. The 1st Marines' TAOR consists of fertile rice paddy land, flooded areas and sand dunes. Scattered throughout the TAOR are many hamlets, rivers, streams and bamboo hedges. Located in or passing through the 1st Marines' TAOR are routes 1, 18, 10, 1D, 4, 127, 124, 133, 538, and 540.

6. Operation PIPESTONE CANYON. 1st Marines, supported by elements of the 2nd Battalion, 5th Marines and elements of the 3rd Battalion, 51st ARVN Regiment continued search and destroy missions in the DOIGE CITY/30 NOI Island area. Contact was light, with only eight enemy-initiated contacts during the month. On the 18th and 19th, a cordon and search operation was conducted in My Nhai Village (1 Kilometer SE of Hill 55) utilizing 1st and 5th Marine units, elements of 2/51st and 3/51st ARVN's, NPHF's, and five Hoi Chanhs. The operation was successful in accomplishing its mission of screening the local population to identify and apprehend VC sympathizers and guerrillas. The population was resettled in a New Life Hamlet as part of the Accelerated Pacification Campaign (APC).

SECTION C
OPERATIONS1. GENERAL

a. The tempo of 1st Marines' operations quickened during October. In addition to its normal commitments, which include the defense of the Danang vital area; rocket belt security; the support of the Accelerated Pacification Campaign (APC); rice denial operations; and continuation of Operation PIPESTONE CANYON, THE 1st Marines participated in or conducted five battalion size or larger operations during the month. On 1 and 2 October, the 1st Battalion participated in a combined cordon and search operation with elements of the 51st ARVN Regiment in the Southern Tu Cau area of the Eastern TAOR in the vicinity of Phong Bo Hamlet (BT070628). During the period 11-13 October, the 1st Battalion conducted a cordon and search operation north of the SONG LA THO in the La Tho Bac, Dong Tien and Duc Ky hamlet complex as part of PHASE V, Operation PIPESTONE CANYON. On 12 and 13 October, the 2nd Battalion teamed up with elements of the 59th Regional Force Battalion and conducted a multi-company, helo-supported, cordon and search operation in the Northern Tu Cau area of the Eastern TAOR in the vicinity of Man Juan hamlet (BT035685). During the period 18-22 October, the 1st Marines conducted a combined, multi-battalion, helo-supported cordon and search operation of the La Huan and Giang La hamlet complex in Northwestern DODGE CITY as part of PHASE V, Operation PIPESTONE CANYON. The 1st and 3rd Battalions, 51st ARVN Regiment were employed in this operation. During the period 24-29 October, the 1st Battalion conducted a combined search and clear operation with the 5th Battalion, 2d ROKMC Brigade and elements of the 51st ARVN Regiment in the area along the 1st Marines/ROKMC boundary east of the VINH DIEN River.

b. In addition to the above, the 2nd Battalion continued to be responsible for the defense of the Eastern TAOR, including the Tu Cau Bridge (BT034648), the Cau Do Bridge (AT999705), the Ha Dong Bridge (AT991641), the Cau Ha Combat Base (BT071656) and the Leprosarium (BT098664). The 3rd Battalion continued to be responsible for the defense of the western TAOR, including Hill 37 (AT919598), the No Nam Bridge (AT999699), and the MGB Bridge (AT915586). The 3rd Battalion was also tasked with responsibility for maintaining one rifle company on Western GO NOI Island (PIPESTONE CANYON AO). The 1st Battalion continued its mission as Mobile Battalion (Regimental Reserve) throughout the month.

c. Normal patrols and ambushes were conducted throughout the 1st Marines' TAOR (less PIPESTONE CANYON), with continued emphasis on combined operations with ARVN, ROKMC, Regional Force and Combined Action units within the TAOR.

II-C-1

~~SECRET~~3/EJK/mgb
57502. OPERATION PIPESTONE CANYON

a. The month of October saw Operation PIPESTONE CANYON enter its sixth month. Company "L", was patrolling Western GO NOI Island, while on Eastern GO NOI, ARVN Soldiers and Korean Marines were conducting similar operations to deny the enemy his freedom of movement across his former island sanctuary and across his main line of communications into DODGE CITY, the gateway to the Danang Vital Area. Further to the north, in DODGE CITY itself, the 2nd Battalion, 51st ARVN Regiment was actively patrolling and ambushing along Route 4, further limiting the enemy's ability to move unhindered into Northern DODGE CITY.

b. As the month began, heavy rains were falling, turning both DODGE CITY and GO NOI Island into a quagmire. By 5 October, Western GO NOI was rapidly being inundated by the rising flood waters of the SONG KY LAM and the decision was made to extract Company "L" to Hill 37. Likewise, the 2/51st ARVN positions in DODGE CITY were becoming untenable and on the 7th it too was extracted and returned to their CP at BTOLL631. Two days later, on 9 Oct, 2/51st ARVN returned to DODGE CITY.

c. At 0600H on 10 Oct, PHASE IV of PIPESTONE CANYON was brought successfully to a close. Results for this phase of the operation were as follows:

FRIENDLY

KIA	WIAE	WIANE	MIA	NBC
13	95	15	0	11

ENEMY

DTRE	KIA/VC	KIA/WVA	PW/VC	PW/WVA	VCI	INC	CSWC

5750

e. At 0600H on 10 Oct, PHASE V of Operation PIPESTONE CANYON commenced. Simultaneously, the PIPESTONE CANYON AO was expanded north of the SONG LA THO to the 62 grid line, and west to a line connecting AT942592 with AT951550.

f. At 0600H on 11 October, the 1st Battalion commenced a search and clear operation in that portion of the AO north of the SONG LA THO in the La Tho Bac, Dong Tien and Duc Ky hamlet complex. At 1200H on the 11 Oct the Battalion S-2 detained five Vietnamese as possible VC infrastructure members. No further significant incidents occurred and the operation was terminated at 1000H on 13 October.

g. By far the most significant operation conducted by the 1st Marines within the PIPESTONE CANYON AO during October was the multi-battalion cordon and search of the La Huan and Giang La hamlet complex in northwestern DODGE CITY (VIC AT9860). After receiving intelligence that elements of the Q-82nd Battalion and a large number of VC infrastructure members were located in the target area, planning was completed and the operation commenced at 0645H on the 18 Oct. The 1st Battalion, with Companies "A", "B", and "C", plus two platoons from Company "G" landed by helicopter at L-Hour in LZ's PARTRIDGE (AT998602) and QUAIL (AT998593) after a combined artillery and air prep of the LZ's and the railroad berm. To the north, along the north bank of the SONG LA THO, between the railroad berm (AT94608) and the SONG AI NGHIA (AT975611), elements of the 3rd Battalion, 51st ARVN Regiment occupied blocking positions. To the southeast, elements of the 2nd Battalion 51st ARVN provided blocking forces between LZ QUAIL and Route 4 (AT984584). To the west, the 3rd Battalion with Companies "K", "L", and "M", plus Company "H", 2/5 were blocking along Route 4 from AT984584 to the intersection of Route 1-D, north along Route 1-D to the Golden Gate Bridge (AT968606), then along the north bank of the SONG AI NGHIA between the Golden Gate Bridge and the SONG LA THO. By 0730H, all of the 1st Battalion's units, plus 50 NPFF's from Dien Ban District, had completed their helilift into the LZ's and were attacking westward towards Phase Line Purple. By 1700H of D-Day, the cordon was set and 1/1 began preparing its night defensive positions. To this point, four VC had been killed, three during the air prep of LZ QUAIL and one by Company "K" as he attempted to escape from their cordon along Route 1-D. At 1900H on D-Day, the civilians began their exodus of the target area and filed across the Golden Gate Bridge to the civilian collection point located at the base of Hill 55. As the people filed by, a Chieu Hoi pointed out 19 VC attempting to hide among the civilians. By noon of the following day, some 813 civilians had been processed at the collection point. Screening by District PHOENIX personnel classified 50 persons as VC infrastructure members, while four others were classified as PW's from the Q-82nd Battalion. In the meantime, 1/1 was conducting a detailed search of the hamlet complex, destroying numerous bunkers and other enemy installations. Operating on orders from the Province Chief, NPFF's accompanying the 1st Battalion burned every house in the complex. A total of 14,000 pounds of rice were found during the search of the area and turned over to the District Chief for distribution to the people of La Huan and Giang La, who were to be resettled north of Hill 55 at Bich Bac (AT965624). By 1200H on the 21 Oct, 1/1 completed its search of the area and the operation was terminated.

II-C-3

Enclosure (1)

~~SECRET~~3/EJK/mgb
5750

h. Even before the La Huan/Giang La operation had terminated, a plan had been executed to conduct a company-size reconnaissance in force on Western GO NOI Island. At 0630H on 20 Oct, Company "C" was CHOPped to 3/1. Fifteen minutes later, at 0645H, the lead elements of the company were being helilifted on to Western GO NOI. For the next seven days, Company "C" patrolled the western portion of the island. Contact and sightings with small groups of VC/NVA were light, with most of the enemy activity being observed to the south of GO NOI, out of the PIPESTONE CANYON AO. At 1300H on 27 October, Company "C" was CHOPped back to 1/1 and its operation on Western GO NOI Island terminated.

i. As October ended, PHASE V of Operation PIPESTONE CANYON was continuing. Cumulative results as of 312400H October follow:

FRIENDLY

KIA	WIAE	WIANE	MIA	NBC

3/EJK/mgb
5750**3. OTHER OPERATIONS**

a. Election Security. On 26 October, the Regiment was tasked with providing security forces for local elections in Binh Ky Hamlet (BT055700), Le Son Hamlet (AT980660) and Thanh Son Village, centered just north of Hill 55. Security measures commenced on the evening of 25 Oct when Marine squad ambushes were established in the vicinity of each polling place. At daylight on 26 Oct, inner security was provided by Regional and Popular Forces, while Marine forces shifted away from the polling places to form an outer ring of security some 500 meters away. By 261500H, the elections were completed. There were no reported incidents of enemy terrorism or of attempts to disrupt the elections. Like the elections held on the 7th and 28th of the previous month, the elections of 26 October were completely successful.

b. Rice Denial Operations

(1) Rice denial operations conducted by the 1st Marines during October were characterized by continued heavy patrolling and ambushing in the rich rice producing areas astride the Song Yen, north of Hill 55 and along the Song Cau Bien, south of Nui Kim Son. These and other operations of the 1st Marines during the month proved extremely successful as rice in excess of 24,000 pounds was confiscated and turned over to local GVN officials for redistribution to refugees and other needy civilians.

(2) Highlights of 1st Marines' Rice Denial Operations and related activities during October 1969 follow:

(a) During the first week of October, the 3rd Battalion successfully employed amphibian tractors to destroy an estimated five acres of rice paddies, in the vicinity of Hill 22 (AT953667), which were declared by the Hieu Duc District Chief as belonging to the Viet Cong.

(b) On 10 October, a squad patrol from Company "I" found 3,000 pounds of rice in houses in the vicinity of (AT956660). CACO 2 was notified of the find and summoned to the area. After determining the rice to be in excess of local requirements, 1500 pounds were confiscated and turned over to Hieu Duc District for redistribution.

(c) During the period 13-20 October, patrols from the 2nd Battalion found more than 2,000 pounds of rice throughout the Eastern TAOR. All rice was turned over to the GVN for redistribution at the Tu Cau Resettlement Camp.

(d) During the period 18-21 October, 1/1 found an estimated 14,000 pounds of rice during a cordon and search operation of the La Huan and Giang La Hamlet complex, just southeast of Hill 55. This rice was turned over to Dien Ban District for redistribution to some 813 persons relocated during this operation.

b. Naval Gunfire. Naval Gunfire was employed in support of the 1st Marines on one occasion during October. On 24 Oct, the USS OZBOURN (DD-846) fired a total of 254 rounds of 5"/38 in support of the 1st Battalion during a combined search and clear operation with the 5th Battalion, 2d ROKMC Brigade in the Cam Sa area (Vic BT080645) of the Eastern TAOR. Ground damage assessment included 22 bunkers destroyed and one secondary fire.

c. Air Support

(1) The 1st Marines employed air support where it offered a significant advantage. Recognizing the shortage in helicopter assets and the limitations imposed by NE monsoon conditions, the Regiment attempted to substitute other means of transportation wherever possible.

(2) Statistics

(a) Helicopters (PIPESTONE CANYON/TAOR)

(c) Miscellaneous Ordnance. In addition to the above totals, the following ordnance was fired: 16 5 inch ZUNI Rockets, 625 2.75 FFAR rockets, 18,900 20mm rounds, 62,315 7.62mm rounds, and 1,550 40mm grenades.

(d) BDA included 14 enemy KBA, 6 bunkers, 1,950 feet of tree-line, 2,000 feet of trench line, two tunnels, 4 boats, 14 structures and one enemy supply point consisting of large piles of boxed supplies. There were 31 secondary explosions and 4 secondary fires reported.

(3) Operational Discrepancies. None.

(4) Downed and Damaged Aircraft. Five helicopters were temporarily disabled with mechanical difficulties in the 1st Marines' TAOR. All were in secure zones and were successfully repaired and flown back to base. On 18 October, one CH-46 was struck by one round of small arms fire during a troop lift.

d. Psychological Operations. During October, Psychological Operations focused on Rice Denial operations and exploitation of the rice harvest. An extensive operation was held in the PIPESTONE CANYON AO during the period 18-21 October in which 14,000 pounds of rice were captured and denied to the enemy. HE teams broadcasted and showed movies with Rice Denial themes throughout the Regimental TAOR. Aerial leaflet drops were made daily to aid in the effort to deny the enemy acquisition of locally grown rice. Psychological operations, in conjunction with Medcaps and Dentcaps, to promote sanitation and hygiene themes continued at an aggressive pace, as did hand distribution of BAN TIN and TU DO newspapers. Orientation courses for newly arrived personnel included Vietnamese Word Orientation and CORDS tours. Also, Personal Response teams were utilized to familiarize Marines with Vietnamese customs. The following totals are reported:

2. Marksmanship Training Report for October 1969. Ranges utilized by 1st Marine Regiment:

a. The 1st Battalion has a 1000 inch and FAM Fire Range located at BT014627. Weapons fired on this range vary from the M-16 to the 50 Caliber MG. During the month of October, 102 Marines were trained on this range. Training consisted of FAM Firing the M-16, calibration of battle sights and Quick Fire-Quick Kill techniques. Range hours totaled 13½.

b. There is a 1000 inch Range located at 2nd Battalion's CP. During the month, a total of 201 Marines FAM Fired the M-16, calibrated battle sights and received training in Quick Fire-Quick Kill techniques. A total of 17½ hours usage was recorded.

c. During the month of October, 477 Marines were trained on the 3rd Battalion's Range. FAM Firing, calibration of battle sights and Quick Fire-Quick Kill techniques were stressed and a total of 33 hours were completed.

3. Regimental Training Program. During October, the 1st Marines commenced a Regimental Training Program for Rifle Companies. Utilizing the combined talents of the 1st Marine Division's Mobile Training Team, the Engineer Training Team from the 1st Engineers, and instructors from the Regimental and Battalion staffs, this program was designed to provide each rifle company in the regiment with an intensive 12-day training cycle covering those military subjects considered most appropriate to meet the current operational needs of the Marine infantryman in Vietnam. Subjects included in this program include: Current S-2 and S-3 Briefings, Communications Security, Code of Conduct, Combat Intelligence, Reporting Procedures, Land Navigation, Drug Abuse, Combat Marksmanship, River Crossing, Hole Hunting, LZ Operations, Rules of Engagement, Individual Response, Mines/Boobytraps, Basic Demolitions, First Aid, Personal Hygiene, Basic Communications, Patrolling, Ambushing Techniques, Immediate Action Drills, Cordon Operations, Civic Action, Supporting Arms, and Small Unit Tactics. During the period 11-22 October, Company "K" successfully completed the training cycle. On the 25th, Company "L" commenced its 12-day training cycle, which is scheduled to terminate on 5 November.

UNCLASSIFIED

1. SUPPLY-LOGISTICS. This Command continues to use both supply point distribution and unit distribution. Class I-C, III and V are on unit distribution, all other classes of supply are on supply point distribution. Availability of supplies has improved during the past month. This trend should continue for several months as redeployment of 3rd Marine Division units continues. The main problem area has been a shortage of Motor Transport spare parts. This shortage has not caused a loss in combat readiness, but has caused a heavier burden on administrative personnel. Operation PIPESTONE CANYON continued, and resupply for this operation and other local operations has been handled through LSA PAYNE located at the J. H. MUIR Combat Base.

2. TRANSPORTATION. This Command has 20 trucks in direct support from "B" Company, 1st Motor Transport Battalion. In addition, Division Motor Transport has provided excellent support for troop lifts during October.

3. MAINTENANCE AND ENGINEER ASSISTANCE

a. Engineer effort for this period was satisfactory. Company "A" 1st Engineer Battalion is in general support and has completed the new Regimental Chapel, started work on the Regimental Classroom (200 seat) completed four tent decks and continued to conduct mine sweeps on the LOC's within our TAOR.

b. Equipment maintenance was provided by 1st FSR. The following table depicts the number of Tactical Equipment Repair Orders submitted and completed during October..

	<u>SUBMITTED</u>	<u>COMPLETED</u>
COMM/ELECT	161	52
ORDNANCE	64	54
MOTOR TRANSPORT	207	93
ENGINEER	0	0

4. EMBARKATION. This Command has had some difficulties with embarkation during this period because of the dual reporting system required. Most battalion embarkation personnel have been trained in the Mechanized Embarkation Data System. The MEDS is not being used within the 1st Marine Division at this time. The computer program is undergoing revision and until the new program is received by the Division the old loading forms system will be used.

CIVIL AFFAIRS-CIVIC ACTION

1. PUBLIC WORKS

a. The month of October was marked by an increase over the previous month with regards to progress within the New Life Hamlets. Relocation of many civilians into Ngan Cau (BT056656) has resulted in a concentration of public works projects in this hamlet. During October, 15 truckloads of lumber and 19 bags of cement were delivered to Ngan Cau (BT056656) and have been used to provide drier, more comfortable homes for the villagers. Ngan Cau has also received a culvert to be used in the hamlet's drainage system.

b. High water continues to be a health hazard at Xuan Tra (BT063675) due to the inadequacy of the drainage culvert placed in the road on 5 October 1969.

c. A total of 700 sheets of tin were picked up from Province by the village chiefs of Hoa Thai (AT985680) and Hoa Chau (BT005685) to repair homes damaged by the enemy. Four hundred-fifty sheets were delivered to the hamlet of Yen Ne (AT-005682) and 250 sheets to the hamlet of Giang Dong (BT003678). Twenty bags of cement were delivered to Nghia Dong hamlet to complete construction of the Go Cam Pagoda (AT910584). It is estimated that the pagoda will be completed in three weeks. Five truckloads of gravel were given to Dai Loc District Headquarters to repair a road washed out by the rains.

d. In the hamlets of Ngan Cau (BT056656) and Tu Cau (BT054656), medcap buildings are under construction and should be finished during November. A school is under construction at Ngan Cau (BT056656) and should be completed by the end of this month.

e. Nine truckloads of brick, two of lumber, and one of tin were transported from the Ave Maria Parish to the Phu Dong School site (AT923581). The school's foundation is complete at this time.

2. WELFARE

a. Throughout the 1st Marines' CAAOR, a combined total of 6,070 pounds of rice was provided to civilians. An additional 3,159 individual meals were provided to a large number of civilian personnel displaced by cordon and search operations.

b. Three hundred-twenty pounds of clothing, one hundred pairs of shower shoes and three truckloads of fire wood were distributed to the civilians in this CAAOR.

II-F-1

Enclosure (1)
~~SECRET~~

3. EDUCATION. Contributions were solicited this month within the 1st Marine Regiment to support the General Walt Scholarship Fund. As a result of this fund drive, the 1st Marine Regiment collected sufficient funds to support 119 scholarships each month. An additional 160 General Walt scholarships will be awarded in the 1st Marines' CAAOR each month by the 1st Marine Division.

4. HEALTH

a. During the month of October, 3,724 Vietnamese civilians were treated by Mobile and Battalion medcap stations. There were 20 Dentcaps conducted in this CAAOR during October. Several broadcasts on Health and Sanitation were made within the Regimental CAAOR during October. Two Health and Sanitation lectures were given in conjunction with medcaps, and 6,000 Health and Sanitation leaflets were passed out. During cordon and search operations, 175 pounds of soap were passed out, along with the leaflets.

5. AGRICULTURE. The Pig Project in Dai Loc (AT916578) continues to be supported with garbage from the 3rd Battalion messhall.

6. SOCIAL. Entertaining movies were shown by the 7th PsyOps Battalion on one occasion. A tour of refugee camps was arranged for officials from the Catholic Relief Society. Refugee camps visited were Ky Ton (AT930678) and Cam Tu (AT918603). A ceremony was conducted by Father Peter Hung at the Ave Maria Parish.

7. SECURITY

a. Security was provided at Duc Ky (2) (AT969607) for a period of three days for refugees from the Giang La and La Huan hamlets (AT-975595). One hundred and fifty-five rolls of barbed wire, 25 rolls of concertina, 50 engineering stakes and 4,200 sandbags were given to Ngan Cau (BT056656). A small amount of the above materials were used to secure a new school and a medcap building in this same hamlet.

b. Two cordon and search operations were conducted. One was at Ha Tay (BT013638) and resulted in the capture of one VCI. The second cordon was set around La Huan (2) (AT980600) and resulted in 813 persons detained.

8. SOLATIUMS. Two solatiums totalling 3500\$ VN were paid during the month of October for personal injuries and property damage. Approximately 20 solatiums are pending due to the lack of forms which have been on order for over a month.

SECTION G
COMMUNICATIONS

3/BVF/jhw
5750

1. During the month of October 1969, the 1st Marines' Communication Platoon continued to provide radio, telephone (integrated landline and radio relay), and teletype circuits from Hill 55 Combat Base to the 1st Marine Division and to the 3rd Battalion. Radio and wire were the principal means of communications with the 1st and 2nd Battalions. Comm/Crypto Guard for the 1st Battalion, 11th Marines was maintained by the Communication Center. The Communications Center received 1688 messages and transmitted 301 messages. A TT-171/U on loan from Message Center Platoon, Communication Company, Headquarters Battalion to the Communication Center and used on the incoming circuit.

2. The main area of concern during the month of October proved to be the radio relay communications between Hill 55 and the 7th Marines. Various difficulties were encountered throughout the month such as lack of back-up generators and RT units on the 7th Marines end of the circuit.

3. During September continued emphasis was placed on improving wire communications within the Regiment, on improving the electrical wiring on Hill 55 and on preparing for the upcoming CMMI.

4. General Military Subjects Training was held twice each week during October.

A hand-drawn diagram of a cell. It consists of an outer oval boundary. Inside, there is a smaller circle representing the nucleus, which contains a central dot representing the nucleolus. Several short, straight lines radiate from the nucleus towards the cell membrane.
