PART II
SECTION B
ENEMY, WEATHER AND TERRAIN

1. Enemy. Enemy activity increased in the 1st Marines' TAOR during January. Many intelligence and POW interrogation reports indicated that large scale attacks would take place during the coming TET period. This has been partially confirmed by the increase in sniper/harassing fire incidents and ambushes initiated by the enemy during the last part of the month.

a. There was one major enemy psychological operation during the month. On 2 January, in the vicinity of BT 067635, Company "H" found an archway 9 feet high and 5 feet wide made of evergreen boughs. Attached to the sides of the arch were 20 small NVA flags with a 2x3 foot flag implanted in front of the arch. Propaganda pamphlets attached to sticks were distributed in front of the arch.

b. The initiation of KINGFISHER operations within the TAOR has been most successful, not only in inflicting casualties upon the enemy, but in forcing enemy units to remain dispersed and in preventing build-ups of large concentrations of personnel.

(1) On 6 January, Company "A" KINGFISHER landed and engaged an enemy force in the vicinity of BT 075645, resulting in 15 VC KIA's and 1 detainee and the capture of 2 weapons, several grenades and documents.

(2) On 8 January, Company "A" KINGFISHER engaged approximately 9 NVA in the vicinity of AT 999554, resulting in 2 NVA KIA, 3 weapons captured and the locating and destroying of 46 bunkers.

(3) On 16 January, Company "A" KINGFISHER, in the vicinity of AT 951558, engaged an unknown size enemy force resulting in 7 NVA KIA's, 2 detainees, 4 weapons captured and documents. Company "B", in a further search of the area, found an additional 4 NVA KIA's, 3 weapons and detained 1 wounded person.

(4) On 23 January, Company "A" KINGFISHER engaged approximately 15-20 VC/NVA in the vicinity of BT 005578, resulting in 8 VC/NVA KIA's, 1 detainee, 1 weapon captured plus several grenades and documents.

(5) Of particular note is the KINGFISHER operation on the 16th of January. One of the detainees has since been identified as a Senior Captain, Commanding Officer, 3rd Battalion, 36th NVA Regiment. This

unit has been operating south of the 1st Marines' TAOR in the Que Son Mountains. The unit's move to the north is significant in the light of reports of an enemy build-up for attacks on the DaNang area during the forthcoming TET period.

(6) On 30 January, Company "A" KINGFISHER sighted 2 VC with weapons in the vicinity of AT 950554. A loudspeaker PsyOps aircraft, supporting the operation, broadcast an appeal to the VC to Chien Hoi. The 2 men indicated their willingness to return and were picked up. The operation resulted in 2 VC Ho Chi Minh's and 2 weapons returned.

(7) On 31 January, Company "A" KINGFISHER, while in flight, received fire from an unknown size enemy force in the vicinity of AT 958643. The platoon landed and engaged approximately 20 enemy resulting in 10 VC/NVA KIA's and 2 VC/NVA POW's, plus 8 weapons captured.

c. On 3 January, a detachment of the Provincial Reconnaissance Unit (PRU) conducted an operation in the vicinity of AT 957632 which resulted in 12 VC KIA's, 5 detainees and the capture of 4 weapons.

d. On 4 January, Company "H" observed an enemy force moving north in the vicinity of AT 947692. The enemy was taken under fire resulting in 10 VC/NVA KIA's, 5 weapons captured plus 14 grenades and documents.

e. There was one notable terrorist incident during the month. This occurred on 30 January when the Village Chief of Thanh Thuy was ambushed and killed on the road in the vicinity of BT 038650 by 3 men dressed in ARVN uniforms and carrying M-16 rifles. A search of the area was made, but no suspects were apprehended.

f. Units of the 1st Marines, in conjunction with CAP units and ARVN units operating within the 1st Marines' TAOR, accounted for 138 VC/NVA KIA's and 22 VC/NVA POW's during the month, plus 222 bunkers and 12 tunnels destroyed.

g. Enemy units operating within the 1st Marines' TAOR include the R-20th, Q-82nd, Q-83rd and Q-84th Battalions and elements of the 31st NVA Regiment. Suspected or probable units operating within the 1st Marines' TAOR are the V-25 Battalion and elements of the 30th Regiment. DECLASSIFIED

h. Mine and boobytrap incidents remained on a level with the previous month, with 151 found and 61 detonated. U. S. ordnance and home made mines, cans filled with explosive compositions, continue to make up the majority of mines and boobytraps encountered.

i. There were no rocket attacks during the period against 1st Marines' positions. However, on 4 January six rocket flashes were observed within the TAOR. Eight to ten more flashes were observed on 6 January. During the month, patrols found 18 rocket launch sites. Nine of these sites contained residue of launchings, i.e., nose caps and wooden bipods.

(1) There was a decided increase in mortar attacks on positions within the 1st Marines' TAOR. On the night of 3-4 January, three positions were mortared, receiving a total of 17x82mm rounds.

(2) There were 2 lob bomb incidents during the month. At 0030H on 4 January, a large explosion was observed in a hamlet in the vicinity of AT 929577. A check of this area by a Company "K" unit resulted in the discovery of a large crater from possibly a 250 pound bomb. There were no casualties. On the morning of 5 January, a 105mm round was found in the perimeter wire of the 2nd Battalion's C.P. Dents and scratches on the round indicated it had been used as a lob bomb. On 6 January, a VN boy led a unit from the 2nd Battalion to a lob bomb site in the vicinity of BT 063654. There were eight 60mm mortar rounds side-by-side in a trench and set for simultaneous launch.

(3) There were 9 B-40 (RPG) rocket attacks against 1st Marines' positions during the month, compared with none for the previous month. This may be an indication that the enemy is receiving new supplies of this type of ordnance.

3. Ground Surveillance. The majority of ground surveillance activity during January occurred in the 2nd Battalion's TAOR. During the month, 21 sensor activations were received and 2 fire missions were called consisting of 30 rounds of 105mm fire and 80 rounds of 81mm fire. A check of the target area following each fire mission revealed no enemy casualties.

a. The Regimental Headquarters instituted the use of the PPS-6 Radar during the month as part of the perimeter defense. Movement by small groups of 1-4 personnel have been detected, but only one fire mission was called due to friendly patrols in the vicinity.

4. Weather. The monsoon season continued with but few days of rain and only light rains amounting to 3.77 inches for the month. Neither enemy nor friendly operations were hindered by the NE monsoon weather. The average high was 80 degrees, the low 65 degrees. Humidity averaged 75 percent.

5. Terrain. The 1st Marines' TAOR consists of mountainous terrain in the extreme western portion, piedmont in the central portion and coastal plains in the eastern portion. The central and eastern portions are characterized by cultivated rice areas, villages and bamboo thickets. Some dryland farming exists in the eastern portion. Rivers and streams run throughout the TAOR, both N-S and E-W. Located within the TAOR are Routes 1, 13, 1C, 1D, 4, 12E, 12W, 13, 538 and 540. These roads are elevated and pose no navigational problems, except during and after heavy rains, when they become flooded.

SECTION C
OPERATIONS

1. GENERAL

(a) During the month of January, the tempo of operations of the First Marine Regiment remained at a high level. In addition to normal operational commitments, which include the defense of the Da Nang vital area; rocket belt security; rice denial activities; and support of the Accelerated Pacification Campaign (APC) through participation in the Combined Unit Pacification Program (CUPP), there occurred four significant events. During the period, the most significant event was the Regiment's improving and refining its KINGFISHER patrol concept by conducting 12 KINGFISHER patrols of the Regimental TAOR resulting in a total of 50 VC/NVA killed, 17 VC/NVA captured and 23 individual weapons captured. Secondly, on 24 January, the Second Battalion commenced a move from Cau Ha Combat Base to the combat base vacated by the Third Amphib Battalion (BT077704). This move was completed on 27 January 1970, when Second Battalion, Seventh Marines came under the operational control of the First Marines and moved into the Cau Ha Combat Base. The Second Battalion, First Marines area of operation was divided between the two Battalions by establishing a boundary from grid coordinates BT027637 to BT097677. Golf Company of Second Battalion, First Marines was CHOPPED to the Third Battalion to operate in the vicinity of Hill 22 (AT953667). Thirdly, on 27 and 22 January, elements of the 105th RF Company and 759th RF Company joined Marines on the Tu Cau and Golden Gate bridges, respectively, as the first phase of their eventually assuming responsibility for the defense of these positions. Plans call for the RF's to bear increasing responsibility for the defense of the bridges until such time as they are ready to assume complete control of these positions. Finally, during the period 11-28 January, the 2nd Provisional Land Clearing Company conducted a land clearing operation in the eastern portion of the Regimental TAOR. First, areas were cleared North and South of the Loprosarium (BT098664), including the NO-NAME Island area (BT085667), and then the unit moved south to the 2nd Battalion/ROKMC border to clear a 1000-meter area on both sides of the boundary line. Company "F", First Marines provided security for the land clearing company during the conduct of the operation. On 28 January, the land clearing operation was turned over to the 5th Battalion, 2nd ROKMC Brigade who provided security as the provisional unit moved into their TAOR to

(b) January was an active month for small unit operations, most of which were of company size. During the period 3-4 January, Company "A" conducted a search and clear operation along the Song Ky Lam River in southern DODGE CITY. Company "K" on 4 January, conducted a reconnaissance in force in south-western DODGE CITY. On 19 January, Company "A" conducted a cordon and search of Thai Cam (2) (AT976637). During

the period 25-26 January, Company "C" conducted a combined operation with the 27th Company, 5th Battalion, 2nd ROKMC Brigade along the southern boundary of the Second Battalion's TAOR. Company "I" conducted an operation in the Bo Ban area (AT965698) during the period 14-15 January.

(c) The CUPP experienced only minor adjustments during the month of January. It became evident, upon reevaluating the areas of operation of the Du Ky and La Tho Bac CUPP units, that no population centers were being covered. Accordingly the area of operation was adjusted to conform with the population which was centered in the Thai Cam and Bich Nam Hamlet areas. On 16 January, second squad, third platoon of Company "M" and its companion RF platoon from the 759th RF Company were shifted from Duc Ky Hamlet (AT985615) to Thai Cam Hamlet (AT978628) while the first squad, third platoon of Company "M" and elements of the 105th RF Company moved from the La Tho Bac area (BT001615) to Bich Nam Hamlet (AT991631). As the month ended, the disposition of CUPP forces within the First Marines was as follows:

<u>UNIT</u>	<u>HAMLET</u>	<u>LOCATION</u>
759th RF Company*	Chau Son Hamlet	AT950600
759th RF Company*	Bich Bac Hamlet	AT985630
163rd PF Platoon	Le Son (1) Hamlet	AT980660
94th PF Platoon	Tich Phu Hamlet	AT928590
96th PF Platoon	Giao Dong Hamlet	AT930570
85th PF Platoon	Hoa Phu Hamlet	AT910557

105th RF Company**	Bich Nam Hamlet	AT991631

*One platoon from the 759th RF Company per hamlet

**One platoon from the 105th RF Company OpCon to the 759th Company

(d) As the month ended, the First Battalion had responsibility for the security of the central TAOR, including the Cau Do Bridge (AT999705), the Ha Dong Bridge (AT991641) and the Mobile Combat Base at Phuong Luc (BT015628). The First Battalion also continued its mission as Mobile Battalion (Regimental Reserve) throughout the month. The Second Battalion, First Marines had responsibility for the defense of the north-eastern TAOR and the Nui Kim Son Combat Base (BT077704). The 2nd Battalion, 7th Marines (OpCon) had responsibility for the defense of the south-eastern TAOR, including the Tu Cau Bridge (BT034618), the Cau Ha Combat Base (BT073656), and the Leprosarium (BT098634). The 3rd Battalion had responsibility for the defense of the western TAOR, including Hill 37 (AT915581), the NO NAME Bridge (AT919599), the Marshall Bridge (AT915593), the MCB-Dai Loc Bridge (AT915577), and the Golden Gate Bridge (AT963606). The First Marines Regimental Headquarters remained at Hill 55 (AT970620).

- (c) No surveillance of the target area was made following the missions fired on 24 January.

C. Air Support.

(1) The First Marines employed air support where it offered a significant advantage. Recognizing the shortage of helicopter assets, and the limitations of transient NE monsoon conditions, the Regiment substituted other means of transportation wherever possible. With the curtailment of amphibious tractor support and the assignment of Second Battalion, Seventh Marines to the Regiment's operational control, the use of helicopter logistical and administrative missions increased. The number of troop lifts increased significantly due to KINGFISHER patrolling. The KINGFISHER heliborne combat patrol was

pioneered and developed by the First Marines and has been adopted throughout the First Marine Division. Twelve KINGFISHER patrols were conducted by the First Marines during January with a total of 50 enemy KIA (confirmed), 17 POW's, 23 individual weapons and a large quantity of documents, equipment and ordnance captured. On 22 and 23 January night aerial defensive fires were rehearsed around Hill 55, the Regimental CP.

(3) Operational Discrepancy. One operational discrepancy was submitted to the First Marine Division by First Marines. A CH-53 carrying an external load dropped two boxes of explosives in the First Marines TAOR. The explosives were not recovered and may very well have fallen into enemy hands. They had been prepared for external lift by U.S. Army and ARVN personnel at LZ60. An operational discrepancy was submitted to recommend corrective procedures for the loading units.

(4) Downed and Damaged Aircraft. One LOH-6 was shot down and destroyed at AP993610 on 17 January. On 21 January a disabled CH-46 landed at LZ-490 and was later evacuated by CH-53D to Marble Mountain Air Facility. On 30 January a UH-1E was down with mechanical problems at LZ-491. It was repaired and flown to MMAF.

(5) Forty-seven enemy fire incidents resulting in one aircraft destroyed, 16 damaged and 6 air crewmembers wounded were reported to First Marines. This was an extremely large increase over previous months, attributable to an increase of enemy activity, and higher aircraft exposure during the KINGFISHER missions.

(1) During the month of January, an intensive effort was made by the 1st Marines to induce the enemy to Chieu Hoi. EARLYWORD aerial broadcasts were used in conjunction with KINGFISHER tactical operations on two (2) occasions during January. Chieu Hoi themes of both nostalgic and threatening natures were broadcasted from Hill 55 to a circling O-2 aircraft. This aircraft transmitted the messages to the ground through its external speaker system. On 30 January, tactical aircraft spotted two (2) VC trying to hide in a tree line south of Hill 55. EARLYWORD was called on station and a Chieu Hoi broadcast was addressed to these VC in their hiding place. The VC followed the instructions broadcasted by laying down their weapons and moving into a cleared area with their hands raised. USMC ground forces picked up these Hoi Chams and recovered an AR-47 rifle and a .45 caliber pistol. On 31 January, EARLYWORD used similar tactics to persuade several VC to emerge from their hiding places north of Hill 55 during another KINGFISHER operation. Ten (10) POWs were taken in that operation.

(2) EB teams and Armed Propaganda teams were employed on several occasions to implement Operation SAVE-A-LEG in the eastern TACR. Attitude Surveys were conducted in Ngan Cau (BT058652), Tu Cau (BT046656), and Xuan Tra (BT066676) hamlets by 29th Civil Affairs Company. Results of these surveys have indicated areas likely to be affected by Operation SAVE-A-LEG.

(3) An Audio-Visual team was used during January to show health and sanitation movies at Lo Son (1) resettlement hamlet (AT986657). A Vietnamese MedCap team was employed to treat the sick and pass out health and sanitation materials after the movie showing.
