PART II
SECTION B
ENEMY, WEATHER AND TERRAIN

1. Enemy. Enemy activity was moderate during the month of March throughout the 1st Marines TAOR.

a. There was a slight decrease in enemy initiated activity within the 1st Marines TAOR during the month, characterized by limited attacks by fire, sniper/harrassing actions, mining/booby trap incidents and terrorist and propaganda activities. The contacts continued to be with small groups of enemy from local force units and the VC infrastructure. The enemy continued his efforts at disrupting the GVN pacification program and avoiding contact with 1st Marines units whenever possible other than by fire.

b. There were two rocket attacks during the month as follows:

(1) On 04 March at 0432H, DA NANG Air Base received a total of 16 122mm rockets from vicinity (AT935688). The results of the attacks were one USAF WIA and four buildings severely damaged.

(2) On 29 March between 0157H and 0453H, DA NANG Air Base, Marble Mountain Air Facility and Hill 34 received a total of 20 122mm rockets. A number of launch sites were suspected however only one launch site at (AT903707) was confirmed. Results of these attacks were; one WIA (H), moderate damage to one UH1E aircraft, minor damage to one Air America aircraft, minor damage to two vehicles, one building destroyed, major damage to one building, minor damage to three buildings and minor damage to the DA NANG Runway.

c. Significant events for the month of March were:

(1) On 15 March at 0605H, a Vietnamese Seal Team operating with the Quick Reaction Force observed eight enemy in boats on the river at (AT999549). The Seal Team initiated contact with small arms resulting in eight enemy KIA; there were no friendly casualties.

(2) On 26 March at 1700H, elements of 2/1 in conjunction with 134th RF Company made contact with six enemy at (BT030688) resulting in two VC KIA: two pistols, one M-79 and one 81mm mortar tube captured.

(3) On 29 March at 0240H, approximately 60 enemy entered TU CAU (H) (BT063658), killed two civilians, maimed six others, killed one RF and wounded four. The enemy burned several hooches and seized 20 weapons from the security force. No action was taken by RF's.

d. Units of the 1st Marines, in conjunction with FMP units operating within the 1st Marines TAOR, accounted for 18 KIA's.

e. Enemy units operating within the 1st Marines TAOR include elements of the Q.90, Q.91, and the Q.92 Battalions, the Q.82, Q.83, Q.84, Q.85 Local Force Battalions, D.9 NVA Battalion, Elements of the 38th NVA Regiment, the 575th and 577th Rocket Artillery Battalions, the R-20th Main Force Battalion, and the Q.55 Independent Company. Probable and suspected units include the T-87th Sapper Company; HAI VAN Engineer Company; T-89th Sapper Battalion and the 140th and 150th Transportation Battalions.

f. Booby trap and mine incidents totaled 69 during this month. Of these 51 were discovered and 18 detonated for a 74 percent detection rate.

g. There were 17 attacks by fire directed against 1st Marines' positions during March.

2. Volunteer Informat Program. VIP expenditures increased over the previous month's total. The majority of expenditures were paid to Vietnamese Nationals for ordnance. Listed below are the expenditures for the month of March:

Regimental Hqs	<u>500VN</u>
1st Battalion	<u>13,8200VN</u>
2d Battalion	<u>16,9503VN</u>
3d Battalion	<u>1,5000VN</u>

Total:	<u>32,3200VN</u>
--------	------------------

3. Ground Surveillance. There were a total of 130 metallic and 4,921 seismic activations recorded during the month of March. No fire missions were called on these activations.

4. Weather. Rainfall during the month was moderate with a total of 1.0 inches of rain. The average high temperature was 81 degrees and the low was 70 degrees. Humidity averaged 85 percent.

5. Terrain.

a. The terrain in the 1st Marines TAOR is divided into two primary features, the coastal plains and low mountains. The coastal plains consist of poorly drained flat areas of rice cultivation and dryland farming. Riceland elevations rarely exceed 20 meters and average five meters, in the area east of the low mountains and foothills, west of DA NANG.

b. There are low mountains within three kilometers of the coast, overlooking DA NANG. These low mountains are separated from higher mountain formations to the west by a rolling plain varying in width from three to nine kilometers. Slopes on the mountains are commonly 30 to 35 percent, becoming more gradual as they merge into the coastal plains. The highest elevation in this group is 364 meters.

c. West of the low mountains across the rolling plain, elevations rise sharply and the terrain is extremely rugged. Steeply-sloped mountains predominate for approximately one-third of the area along the entire western portion of the TAOR. The exception, other than the coastal plain, are the river valleys. Multi-canopied forest with dense undergrowth is prevalent throughout the mountainous area.

d. Rivers and streams fragment the TAOR, both E-W and N-S. The seven main rivers, the CU DE, VINH DIEN, CAU DO, TUY LOAN, VU GIA, THU BON and YEN are navigable by shallow-draft boats.

e. Located within the TAOR are Routes 1, 4, 538, 539, 540, 541, 542, 543, 544, and 587. All of these routes are elevated and pose no traffic-ability problems, except during and after heavy monsoon rains, when they are flooded in low spots.

PART II
SECTION C
OPERATIONS

1. GENERAL

a. The month of March saw a continued increase in enemy activity throughout the 1st Marines TAOR. Emphasis remained on intensified pre-emptive operations for rocket belt security in defense of the DA NANG Vital Area. Support of the accelerated pacification program continued with participation in the Combined Unit Pacification Program (CUPP).

b. 1st Marines effected Frag O 005-71 (Tab 1), (QUE SON Mountains Operation) in response to 1st Marine Division Operation Order 1-71 (Tab 2) (QUE SON Mountains Operations Mar-Apr 71).

c. Effected 1st Marines Frag O 006-71 (Tab 3) (Operations 20 Mar to 13 Apr 71) (assumption of 1st Marine Division Area of Operation).

d. On 27 March 1971, from 0920 to 1040 hrs, RADM H. J. ROTRIGE, (CHC), USN Pacific Fleet Chaplain visited OP REMO and OP 270 in the 1st Marines area of operation, receiving an operational brief from Col P. X. KELLEY, 1st Marines CO.

e. Operation UPSHUR STREAM terminated at 281550H March 1971.

2. COMBAT SUPPORT OPERATIONS

a. ARTILLERY

(1) Throughout the month of March the 1st Battalion, 11th Marines continued its assigned mission of providing direct support fires for Marine and other Free World Forces operating in the 1st Marines' TAOR. Battery 'L', 4th Battalion, 11th Marines provided reinforcing fires as required. The forward Battalion Command and Control Group continued tactical and limited technical control from Hill 34 (AT989706) with the 1st Battalion, 11th Marines Command Post (-) located at the Northern Artillery Cantonment (AT925795). At 0800 on 3 March Battery L ceased combat operations and commenced stand-down for re-deployment to CONUS.

(2) Displacements

(a) At 1025H on 2 March, four 107mm mortars displaced via helicopter from Hill 381 to Combat Support Base BALDY.

c. AIR SUPPORT

(1) General. Fixed Wing support for the Regiment decreased once again during March. This was due mainly to Regimental requested air strikes being pre-empted by Division for higher priority targets. Upon acceptance of the expanded TAOR, helicopter operations increased significantly. The Black Hammer, a combination of a HU1E carrying the light and two gunbirds, was utilized extensively during high threat periods and proved extremely valuable during the enemy attack on DUC DUC being credited with 27 KBA.

PART II
SECTION E
LOGISTICS

1. Supply-Logistics

a. The logistics posture of the 1st Marines remained at the same high level as attained in previous months. The Regiment possesses 99% of the Combat Essential Equipment rated by T/E and Special Allowances. 94% of this authorized Combat Essential Equipment is operationally ready. Redistribution of excess equipment between the Regiment and other Division units continued to fill T/E deficiencies and to assist in alleviating excesses. Emphasis is being exerted on the logistical preparations for the anticipated redeployment of this organization.

b. Supply:

(1) Supply point distribution, with Force Logistics Command providing all classes of supply, was utilized throughout the month, except for unit distribution for Classes I, III and V employed for 1st Battalion, 1st Marines, located at Hill 37.

(2) Resupply for Companys' assigned areas of operations was performed mainly by helicopters. Sufficient resources were provided for 617 lifts of a total of 815,238 lbs.

2. Lines of Communication. An adequate road network in good condition currently exists within the 1st Marines Tactical Area of Responsibility. Unusually favorable weather conditions during the reporting period allowed maximum use of existing roads.

3. Transportation. The Regiment was, as in previous months, augmented during the reporting period by vehicles from 1st Motor Transport Battalion. These trucks are utilized daily in performance of supply/resupply, troop movements within the DA NANG secure area and other housekeeping functions. These vehicles are allocated within the Regiment as follows:

HqCo	3
1st Bn	5
2d Bn	5
3d Bn	5

In addition to this regular motor transport augmentation, the 1st Marine Division continued to provide general motor transport support for requirements beyond the capability of the Regiment.

PART II
SECTION G
COMMUNICATIONS

1. During the month of March 1971, 1st Marines' Communications Platoon continued to provide radio, telephone and teletype circuits from Camp Perdue to the Battalions. Telephone and teletype circuits to the 1st and 2d Battalions were via integrated wire/radio relay, and via the 1st Marine Division cable to the 3d Battalion.
2. The Communication Center processed a total of 2035 messages, 367 outgoing and 1668 incoming. No significant circuit outages occurred, although some disruptions in service were encountered due to power failures and equipment malfunctions. During outages back up guard was provided by courier service. Communication/Crypto guard was maintained for 1st and 11th Motor Transport Battalion; guard for the 1st Battalion, 11th Marines was commenced as of 22 March.
3. Two AN/TRC-27 links were maintained by the Radio Relay section. One provided telephone/teletype service to the 2d Battalion at Camp LAUER, the other provided telephone service between 1st Battalion and the cantonment at Hill 65. On 22 March a new link was set up at Hill 34 to provide telephone/teletype communications for the 2d Battalion upon their move on 23 March. An outage period of three hours was noted to reestablish telephone/teletype communications during this move. Overall operational time for the two links 99.99 percent and 99.98 percent respectively.
4. The Tech Shop completed and processed a total of 142 TERO's during the month. A total of 38 items required 2d echelon repair, all of which were completed. The remaining 104 items required 3d echelon repair and were evacuated to 1st FSR. Of these 76 items were completed and returned, while 28 still remain at 1st FSR. Electricians performed numerous repair work throughout the cantonment. The most noteworthy being the use of emergency power for a two day period when a forklift hit the pole carrying commercial power to the cantonment.
