LOGSUM #20

PERIOD: 17 May to 2 Jun 1966

1. Logistical Situation. The overall logistical situation is good. A general problem area has been the excessive amount of time required for communications equipment at 3d echelon.

2. Supply and Distribution.

a. Shortages of individual equipment exist within the unit, and this would become a critical problem should the battalion reach authorized personnel strength figures. Items of particular concern are holsters, pneumatic mattresses, helmet covers, mess utensils and ponchos. Valid obligations have been established for these shortages.

b. Four hundred sets of tropical utilities and one hundred pair of jungle boots are required to bring the battalion to the authorized level of one pair of boots and two sets of utilities per man.

c. Stocks of individual insect repellent and bulk malathion have not been received in adequate quantity to satisfy demands. Valid requisitions have been submitted as required.

3. Maintenance.

a. General Status. Good

b. Other Significant Problem Areas. The deadline rate of all groups of equipment does not exceed 10 percent. There no critical shortages of repair parts.

4. Base Development and Construction. This unit has recently moved into a new cantonment located South of Marble Mountain. No construction is planned at this time.

5. Other Services. No significant problems.

6. Transportation. N/A

7. Status of Logistical Installations. N/A

LOGSUM #21

PERIOD: 3 Jun to 18 Jun 1966

1. Logistical Situation. The overall logistical situation is good. A general problem area has been the excessive amount of time required for communications equipment at 3d echelon.

2. Supply and Distribution.

a. Shortages of individual equipment exist within the unit, and this would become a critical problem should the battalion reach authorized personnel strength figures. Items of particular concern are helmets, pneumatic mattresses, helmet covers, mess utensils and ponchos. Valid obligations have been established for these shortages.

b. Twelve hundred sets of tropical utilities and 546 pair of jungle boots are required to bring the battalion to the authorized level of one pair of boots and two sets of utilities per man.

c. Stocks of individual insect repellent and bulk malathion have not been received in adequate quantity to satisfy demands. Valid requisitions have been submitted as required.

d. This unit has not received a sufficient quantity of Universal Joints (2520-765-4779), for the M-422, to sustain the safe operations of the Battalion's vehicles. Mud and sand generate rapid deterioration of this part and demand for replacements have far overwhelmed supply availability. This condition is considered critical and relief measures are required if this unit's M-422 vehicles are to remain safe and operational.

3. Maintenance.

a. General Status. Good

b. Other Significant Problem Areas. The deadline rate of all groups of equipment does not exceed 15 percent. There are no critical shortages of repair parts.

4. Other Services. No significant problems.

3. Summary of enemy activity

a. 020815H - Company "B" platoon size patrol located at (BT066631) received 3 rds small arms fire from vicinity (BT067627). Flank security squad deployed and received approximately 50 rds from unknown number of VC at same location. Marines returned approximately 140 rds 7.62mm and 5 rds M-79. Search was made of area with negative results. No USMC casualties.

b. 020850H - One (1) tank accompanying Company "B" platoon detonated mine at (BT062623) causing moderate damage to engine and undercarriage. Mine made crater 3X3X4 feet. Believed mine to be 105mm round with pressure-type device. No USMC casualties. Tank retrieved for repairs.

c. 020950H - Company "B" platoon point located at (BT068607) received approximately 60 rds automatic fire from estimated 3-4 VC located vicinity (BT071608). Point returned 25 rds 7.62mm and 2 rds M-79. VC withdrew under fire to the west. One (1) USMC WIA (evac). VC casualties undetermined.

d. 021055H - One (1) disabled tank being towed by another located at (BT060629) observed three (3) VC wearing green uniforms, camouflaged helmets and rifles of unknown type observing tanks from behind wall in ruins located on western bank of VIEN DIEN River (BT055629). Disabled tank fired two (2) 90mm rds scoring direct hits on ruins. Three (3) VC bodies were seen flying in the air when first rd hit wall. A Marine helicopter on station made a low pass over ruins and reported seeing 3 VC bodies lying in ruins and 3 rifles. VC appeared to be dead. Recovery of bodies or weapons could not be made because of river. No USMC casualties. Three (3) VC KIA.

e. 021505H - Company "B" squad size patrol found one (1) M-79 rd on path leading across hedge row at (BT062628). Round was embedded in ground with nose pointing up. Round believed to be booby trapped and was blown in place. Squad continued moving along path. Next to last man tripped explosive device believed to be a 60mm mortar rd resulting in one (1) USMC KIA and two (2) USMC WIA (evac). Tripping device could not be determined. Squad searched area for additional booby traps with negative results.

f. 021900H - Company "B" fire team located in tree line (BT065645) observed through field glasses one (1) VC wearing khaki shirt and armed with rifle of unknown type at (BT059649). VC appeared to be preparing to fire into Company "B" CP located at (BT062647). Fire team took VC under fire with approximately 100 rds 7.62mm and moved towards VC's position. While closing on VC's position, fire team received 11 rds rifle fire from vicinity of VC's position. Upon reaching VC's position, fire team received one (1) rd of rifle fire and observed a man running across rice paddy approximately 150 meters away. Fire team pursued by fire expending 60 rds of 7.62mm. Fire team searched area with negative results. No USMC casualties.

3. Summary of enemy activity

a. 050640H - Company "B" platoon patrol discovered an M-26 grenade booby trap along trail at (BT056347). Grenade had a monofilament trip wire running across trail and connected to safety pin. Grenade blown in place. Search made of immediate area for additional booby traps with negative results. No USMC casualties.

b. 050745H - Company "C" platoon patrol located at (BT031665) received approximately 50 rds small arms fire from an estimated 2-4 VC in tree line located at (BT033673). Platoon returned approximately 100 rd 7.62mm and 6 rds M-79 while two squads moved towards VC. VC withdrew under fire. Search of VC position revealed approximately 20 expended .30 caliber shell casings and 30 expended .45 caliber shell casings. No USMC casualties. VC casualties could not be determined.

c. 050850H - Company "C" platoon patrol tripped a VC booby trap at (BT-029671) resulting in 2 USMC KIA (evac). Booby trap believed to be concussion type because of loud noise and relatively few pieces of fragments produced. KIA's were approximately 10 meters apart conducting search of terrain when booby trap was tripped.

d. 050730H - Company "A" received report from HQ HAI Village Chief that a local villager had seen several VC (exact number of VC not given) bury 2 mines on road at (BT079695). Mines location marked with 3 bamboo sticks. One (1) squad with engineers sent to reported mine location and found small mound of dirt on road with 3 bamboo markers. Engineers dug into dirt mound with negative results. Immediate area searched with negative results.

e. 050940H - Company "D" squad patrol located at (BT102650) received 200 rds automatic and semi-automatic small arms fire from estimated 10 VC in tree line vicinity (BT105648). Initial VC fire resulted in 3 USMC KIA (2 evac). A squad with 3 on-tos were dispatched from Company "D" CP (BT-089654) to reinforce squad being engaged with VC. Both squads deployed and fired approximately 500 rds 7.62mm, 8 rds M-79 and 1 rd 3.5 rocket. On-tos fired approximately 10 rds of 106mm. Artillery mission called on VC as they withdrew with excellent coverage of target. 102 rds of 105mm HEAT were fired during the artillery mission. Airborne spotter reported observing 6 VC KIA (body count) and 1 VC KIA in artillery impact area. Both squads moved into artillery impact area and searched area with negative results. Many civilians were seen moving through the area and it is believed that they carried away the VC bodies. No weapons or equipment were found.

f. 051130H - Company "C" squad patrol found 24 rds of U.S. .30 caliber carbine ammunition beside an abandoned house located at (BT065673). Rds were lying in open. Search of the immediate area was made with negative results. Ammunition forwarded to 9th Marines.

g. 051825H - Commanding Officer, 1st Battalion, 1st Marines, with 3 on-tos located at (BT072622) received 150-200 rds automatic and semi-automatic small arms fire from an estimated 15-20 VC located in houses and huts generally surrounding his position. A platoon size relief column, reinforced with tanks and LVT's was dispatched from Company "B" position located at (BT066166).

12). Ontos returned fire with 12 rds 106mm, 200 rds 7.62mm and 200 rds .30 caliber. One (1) rd 106mm hit house causing secondary explosion. No USMC casualties. VC casualties undetermined.

h. 051830H - Company "B" reinforced platoon, proceeding to assistance of 3 ontos under enemy fire at (BT072622) came under heavy automatic, semi-automatic and rifle grenade fire from an estimated VC platoon, strength 30-40 men located in tree line vicinity (BT066617). Platoon deployed and assaulted VC position. Two (2) secondary explosions resulted from 90mm tank fire. VC broke contact and withdrew. Platoon moved through prepared VC position and noted 11 VC bodies (body count) and several weapons. Platoon continued toward ontos position and linked up with them at 1920 hours. Platoon attempted to sweep village on their return to Company B position, but tanks began getting bogged down in paddies and darkness necessitated the by-pass of the VC positions. Two (2) male VCS were captured. No USMC casualties.

i. 051920H - Three (3) ontos were returning to battalion CP (BT073650) when lead ontos detonated what was believed to be an anti-tank mine at (BT072633), resulting in 4 USMC WIA (4 evacs). WIA included Battalion Commander. Moderate damage to ontos consisted of 1 road wheel and 1 track blown. Two (2) reinforced squads dispatched from Company "D" to provide security for ontos until returned at first light in the morning.

j. 051920H - Company "A" platoon patrol base located at (BT084697) received 150-200 rds of automatic and semi-automatic small arms fire from an estimated 15-20 VC located vicinity (BT081702) and (BT085691). Company "A" platoon returned 200-250 rds 7.62mm and called artillery mission on VC positions. Fifty-eight (58) rds HEAT and 44 rds WP 105mm artillery fired with good coverage of VC positions. Two (2) squads searched VC positions after artillery mission and found 1 VC KIA (body count) and 1 VCS WIA. No weapons found. VC KIA wore black trousers and gray shirt. No documents found on body. VCS WIA was 60 year old male, slightly burned by WP on left foot. VCS will be turned over to ITT for interrogation in the morning. No USMC casualties.

k. 052015H - Company "D" CP located at (BT089654) received 50-60 rds small arms fire and 3 rds 60mm mortar fire from an estimated 15-20 VC located vicinity (BT086655) and (BT089657). Company "D" returned estimated 2000 rds 7.62mm and 85 rds 60mm mortar fire on VC positions causing VC to break contact and withdraw. Two (2) squads searched VC positions with negative results.

3. Summary of enemy activity
 - a. 070515H - Company "D" CP located at (BT127633) killed 1 VC male who walked into Marine perimeter. VC apparently unaware of Marine presence and attempted to flee when he detected Marines. Search of body revealed no documents, equipment or weapon. VC wearing black pajamas.
 - b. 070715H - Company "C" platoon patrol located at (BT036673) captured 1 male VCS attempting to hide from Marine patrol. VCS was dressed in black shirt and black shorts. VCS appeared to be hostile towards the Marines. Action: turned VCS over to HOA VANG District Headquarters for interrogation.
 - c. 070845H - Company "B" patrol at (BT104650) and Company "D" patrol at (BT098648), each fired 200 rds small arms fire at 3 VC running across open area at (BT102651). One (1) VC was KIA by Marine small arms fire. An air observer plane (on station over area) fired upon the 2 remaining VC wounding 1. The 2 VC managed to reach a nearby treeline. Tanks supporting Company "B" fired at the VC position. Area searched by Company "B" patrol and found 1 VC KIA dressed in black clothing and 1 VC WIA dressed in black shirt and khaki shorts. No documents or weapons were found. Results: 1 VC KIA (body count) and 1 VC WIA (turned over to ITT for further interrogation). No USMC casualties.
 - d. 070855H - While conducting sweep, Company "D" detonated 1 grenade booby trap at (BT114632) resulting in 1 USN WIA (evac). Grenade believed to be ChiCom with trip wire across path.
 - e. 070910H - During Company "D" sweep, 1 man stepped into punji trap 13X13 foot at (BT111630) resulting in 1 USMC WIA (evac).
 - f. 070940H - Company "D" platoon patrol located at (BT104633) received 30 rds of small arms fire from an estimated 4 VC that were located in tree-line near small unoccupied hamlet at (BT104633). Company "D" called in an artillery mission on target with excellent effect. Patrol dispatched and searched area with negative results.
 - g. 071020H - Company "B" platoon patrol located at (BT098641) discovered 1 M-26 grenade, 6 M-79 (40mm) rds and 1 81mm mortar rd, all rigged as booby traps along trail at (BT098641). Booby traps were all trip type devices with unknown types of detonators. Booby traps destroyed in place. USMC casualties.
 - h. 071606H - Company "C" platoon patrol located at (BT045685) tripped 2 booby traps twenty meters apart that were activated by 1 trip wire at (BT045685). The booby traps were concussion grenades. One (1) USMC was wounded (evac). Area searched for other booby traps with negative results. One (1) USMC WIA (evac).
 - i. 071820H - Company "M" 3/1, platoon patrol located at (BT084697), discovered 1 shotgun shell, 12 gage U.S. make, booby trap located at (BT084697). The booby trap had a pressure type firing device. Booby trap destroyed in place. No USMC casualties.

3. Summary of enemy activity
 - a. 080820H - Mike 2 patrol located at (BT084697) discovered (1) serrated fragmentation type grenade booby trap with a pressure type detonator. Grenade was set with a trip wire stretched across trail west of small hamlet. Patrol blew the booby trap in place.
 - b. 081020H - Charlie 2 patrol located at (BT045682) received 40-60 rounds of small arms fire from an estimated seven Viet Cong located in small hamlets at (BT049685) and (BT045684). Patrol returned 200 rounds 7.62mm, 24 rounds of M-79, and 1 round of 3.5, possibly killing one Viet Cong who fell from the roof of a house when hit with Marine small arms fire. Viet Cong withdrew to the east along a trail. Hamlet was searched by patrol which discovered two male Vietnamese hidden in high brush east of hamlet at (BT057682). Both VCS had identification cards with what appeared to be forged information. No other documents were found in possession of VCS. Both VCS were turned over to ITT (DA NANG) for further interrogation. No USMC casualties.
 - c. 082130H - Delta 1 platoon position at (BT105655) was probed by approximately five Viet Cong who approached the position from the south. Marines opened fire with approximately 30 rounds 7.62mm; Viet Cong returned fire with an undetermined number of small arms rounds and one grenade. Two Marines were slightly wounded by incoming fire. Fire-team searched the area for VC casualties with negative results. Two USMC WIA (non-evac).

091920H - 1-1 CP received approximately 50 rounds of incoming sniper fire from (BT071652) and (BT067655). Fire was returned with 4 rounds 90mm cannister, and 200 rounds .30 caliber machine gun by tanks at the CP. One elderly Vietnamese female was wounded in the exchange of fire. She was brought to the CP by relatives and admitted to the Battalion Aid Station for treatment. No USMC casualties.

091930H - Charlie 3 CP at (BT085642) sighted 7 or 8 individuals who appeared to be armed with rifles at (BT098620). They appeared to be placing a mine in the road at these coordinates. Ontos fired 6 .50 caliber spotting rounds and 2 106mm recoilless rifle rounds. Area was observed through field glasses. Negative results reported.

092019H - Delta 1 CP at (BT114648) received two rounds of incoming mortar fire believed to be 60mm. Rounds exploded approximately 100-150 meters from the CP. Artillery fire mission was called on suspected enemy mortar position at (BT117641) and (BT122639). (36) round mission covered target area. No report on Viet Cong casualties.

092130H - Bravo Company squad at Dien Ban District Headquarters report ARVN captured one Viet Cong at (BT059571). Viet Cong was moving toward the bridge located at (BT597588). Captive was placed in custody of security officials at DIEN BAN District Headquarters.

100201H - Delta listening post at (BT108645) observed 5-6 Viet Cong approaching their position at a distance of about 50 meters. Listening post engaged Viet Cong with one hand grenade. Viet Cong fired 5-6 rounds small arms, and withdrew. No USMC casualties.

2: 100500H to 110500H June 1966

3: Summary of enemy activity

a. 100605H - Delta platoon engaged in sweep at (BT104647) detonated a booby trap resulting in one USMC KIA. Booby trap appears to have been grenade type. The grenade was attached to the base of a tree with a trip wire stretched across trail. (1) USMC KIA.

b. 101040H - Delta Company Helicopter resupply at (BT106646) received 20 rounds incoming carbine fire from a small hamlet at (BT106642). Fire was returned with 100 rounds 7.62mm, 12 rounds 60mm mortar, and 12 rounds 40mm, M-79. A search of the area was made with negative results. No USMC casualties.

c. 101227H - Delta sweep unit at (BT104645) detonated a booby trapped M-26 fragmentation grenade. Grenade was attached to a five gallon can which was buried with configuration similar to that of a punji trap. The mouth of the can was covered with straw matting. Grenade was detonated by pull type device attached to matting. (1) USMC WIA.

d. 101505H - Mike Company sustained one WIA when patrol at (BT082692) detonated a booby trapped 20mm shell casing. It is believed shell casing held a secondary projectile activated by a crude firing pin. Body of booby trap was forwarded to S-2 for further evaluation. (1) USMC WIA.

e. 101615H - Delta sweep unit detonated a booby trap at (BT094638). Device is believed to have been an anti-personnel mine, locally constructed. Device was employed along a tank trail and appears to have been pressure detonated. (1) USMC WIA.

f. 101920H - Mike Company received 200-300 rounds of small arms fire, automatic and semi-automatic, from an estimated 4-5 Viet Cong at (BT078699) and (BT074705). Fire was returned with 500 rounds 7.62mm, 5 rounds 40mm, M-79, 6 rounds 3.5 rocket, and 9 rounds 60mm mortar. One Viet Cong, possibly carrying a weapon, reportedly fell. No USMC casualties.

g. 102115H - Bravo Company at (BT065624) reports two Viet Cong in hamlet at (BT065620). Company interpreter heard Viet Cong yelling for the people in the area to stay indoors from 1900H to 0700H. Eleven 60mm mortar rounds were fired into the area to break up possible Viet Cong assembly area. Results are unknown.

ACTIVITY REPORT

Bravo: Operating in hamlets of the PHONG HO Complex, Bravo Company destroyed a total of 400 meters of interlocking trench line. In addition 196 individual fighting holes were destroyed. Ten females were interrogated by ITT Team. No information of positive intelligence value obtained.

Charlie: Interrogated total of 16 indigenous personnel. Four of these were males. Ages ranged from 50-70 years. No information of positive intelligence value was obtained.

Delta: ITT Team interrogated 60 civilians from HA QUANG Village. Five men were interrogated. They stated that the primary occupation of village males is fishing. Males depart the hamlets of the complex in the morning, and do not return until evening. Meals are brought out to them. Remainder of personnel interrogated were women and children. All claimed no knowledge of Viet Cong activities.

7th Engineers: Sweep team reports finding three booby trapped M-26 fragmentation grenades. Two were located at (BT066667), the other at (BT066668). Trip wire wiring devices were employed in each incidence. Numerous punji pits, 4-5 feet deep, were found in the same area. All pits were destroyed. Booby traps were blown in place. Engineers report civilians leave the area when Marines approach.

Alfa: 102225H Alfa Company discovered a booby trap tied to a tree near the trail with a trip wire stretched across trail. Cans were hanging in trees near this area, probably as markers. This device is thought to be a ChiCom fragmentation grenade. Also in the same area Alfa Company found a VC home-made anti-personnel mine (pressure type) buried alongside the tank trail. Alfa also found an unknown type grenade with a trip wire across the path.

INTELLIGENCE SUMMARY

1. 1st Battalion, 1st Marines/95-66
2. 110500H to 120500H June 1966
3. Summary of enemy activity
 - a. 110800H - 111800H ITT with Bravo Company reports interrogation of villagers at (BT101635) reveals that on 3 June approximately 200 Main Force troops wearing khaki and green uniforms passed through villages at given coordinates. The Viet Cong were proceeding in an easterly direction toward coastal hills, vicinity (BT114643). Villagers report Viet Cong pass this village every seven or eight days and do not return. Armament of VC units consists of unidentified weapons. Main Force units speak in strange dialect. In addition to Main Force units, villagers report there are seven to ten local guerrillas armed with carbines and sub-machine-guns. Fences and trenchlines have recently been constructed by villagers throughout the hamlet complex on orders of local guerrillas. According to Vietnamese interrogated by ITT Team, ten villagers have been killed by Viet Cong booby traps in the past month. People are openly hostile toward Viet Cong. S-2 rates report F-6.
 - b. 110800H - 111800H ITT with Delta Company reports villagers at (BT098633) volunteered the following information: There were seven guerrillas in the village on 8 June, armament unknown. In the past month there have been as many as fifty irregular force Viet Cong in the area, including some females. Villagers further reported that almost all young males are Viet Cong. Viet Cong have not been in the hamlet in significant strength for several weeks. S-2 rating of F-6.
 - c. 110830H - Alfa 2 at (BT037679) apprehended two VCS. VCS were found in house, and detained as ID card of one appeared to have been altered. VCS will be forwarded to ITT for further interrogation.
 - d. 110940H - Charlie 3 at (BT094633) detonated a booby trap resulting in two USMC WIA. Platoon had completed sweep and was setting in. Marine dropped gear on the booby trap, exploding it. It is believed that booby trapped ordnance was 60mm mortar round. Two USMC WIA (evacuated).
 - e. 111140H - Delta reports three civilians detonated a booby trap at (BT101637). The booby trap consisted of a fragmentation grenade activated by a trip wire. Three civilians wounded by the blast, one later died. Delta evacuated wounded to Battalion Aid Station.
 - f. 111610H - Mike 3 patrol at (BT083692) sustained one WIA when a pressure detonated booby trap was exploded. Believe device was a 20mm aircraft shell casing with crude firing pin packed with glass and metal fragments. General configuration similar to that of booby trap encountered by Mike patrol on 10 June. One USMC WIA.
 - g. 111725H - Bravo Company at (BT065621) found one 60mm mortar round, two blasting caps with twelve inch fuses, and 20 pounds of C-4. Cache was located in a small hole in the middle of a field. It was covered with straw. Six pounds of C-4 and mortar round were blown in place.

ACTIVITY REPORT

1. Today CP reports: Two elderly Vietnamese reported to the Battalion CP following LVT mine incident. They were brought to the command post voluntarily, and gave the following information: Marines and vehicles should not use the old road running south from the Battalion area. Approximately (30) Viet Cong have come to the hamlets in this area from the southwest. They usually travel via the old road. Viet Cong are armed with rifles and submachine guns, and wear either grey or green uniforms. On the nights of 10 and 11 June it is reported that they have placed mines in the rice paddies and along the stream in CS (BT0867). The Viet Cong warned civilians to stay indoors from 1800H to 0600H. While passing this information the Viet Cong also exhort the villagers to join the Peoples Liberation Front. S-2 rating of F-3.

2. Bravo Company reports: On 12 June, Bravo ITT Team interrogated 105 civilians. During the days sweep, the company destroyed (90) Viet Cong fighting holes, demolished (4) enemy bunkers, and destroyed (1) trenchline (15) feet long. Interrogation of civilians produced no information of positive intelligence value.

3. Charlie Company reports: Company destroyed a (30) meter trenchline at (BT091632) and a (40) foot tunnel at (BT084618). Charlie 3 discovered a booby trapped W.F. grenade at (BT091632). The grenade was placed in a can next to a trail. The can was tied to a tree and a monofilament fishing line was tied to the grenade and across the trail to a tree. The pin in the grenade had been removed, anyone walking into the line would have pulled the grenade out of the can. This device appeared to be at least one week old. Engineer attachment blew the grenade in place. Charlie 2 discovered a booby trapped ChiCom grenade at (BT086620). Fishing line was used as trip device. The grenade was (5) yards forward of the trip wire and on a downhill incline. This device appeared to be more than one week old. Engineers blew the grenade in place. The ITT Team with Charlie Company interrogated (12) females with negative results. ITT Team later interrogated a VCS. This man said that on 3 June approximately 200 Viet Cong in khaki uniforms passed through CAM HAI Village, Hamlet #5 at (BT098632) moving in an easterly direction. He also said that from (2) to (10) guerrillas have been in the vicinity of CAM HAI (BT098632) every night with loudspeaker warning the people to remain indoors during the hours of darkness. VCS states all Viet Cong guerrillas in this area are strangers. There are no new fences or trenchlines. The people appear indifferent toward the Viet Cong. S-2 Comment: This is the third report of a Main Force unit in this area. It appears possible that there may be a Viet Cong Reactionary/Psychological Warfare unit infiltrating into this area. It is believed that estimates of personnel are exorbitant (possibly due to multiple sightings of the same unit).

2. 130500H to 140500H June 1966
3. Summary of enemy activity.
 - a. 130735H - Bravo 1 at (BT072615) received approximately (10) rounds incoming sniper fire from tree line at (BT072615) and (BT071611). Returned (80) rounds 7.62mm machine-gun. No USMC casualties.
 - b. 130800H - Charlie 2 at (BT090622) noted what seemed to be a Viet Cong minefield at (BT090620). Artillery mission called in. Four secondary explosions were noted.
 - c. 130840H - Charlie 2 at (BT083618) found one concussion type booby trap. Ordinance was blown in place.
 - d. 131125H - Mike patrol at (BT057683) discovered (1) homemade booby trap. Device was composed of tin can with black powder filler, and shrapnel producing agents. Device was blown in place.
 - e. 131135H - Mike patrol at (BT083692) found (1) ChiCom fragmentation grenade booby trap. Grenade pressure detonated. Blown in place.
 - f. 131145H - Delta Company at (BT109637) discovered small cache of equipment. Items recovered include (3) packs, clothing, (2) notebooks, and North Vietnamese currency. Cache was located near a well.
 - g. 131315H - Alfa Company patrol at (BT069679) apprehended two males. One male is reported to have run from patrol. Initial reports indicated VCS had seven ID cards in their possession. Interrogation of suspects and examination of documents revealed one male had been cleared at HOA VANG District two days previous. Cards proved to be voting documents. Suspects released.
 - h. 131515H - H&S Company patrol moving across rice paddy at (BT066652) received approximately (20) rounds long range sniper fire from vicinity (BT-057653). Patrol returned fire with (200) rounds 7.62mm, and called in (15) rounds 81mm mortar. Viet Cong broke contact and fled. Searched area with negative results. No USMC casualties.
 - i. 131615H - Delta Company received information from village cadre attachment regarding a Viet Cong cave in the hamlet of HA QUANG (4). One squad with an LVT-E was dispatched to check this area. At (BT105644) cave was located. As Marines approached the position, (3) incoming grenades were received from the cave. Squad moved up and threw (2) grenades into the position. LVT was utilized to uncover the position. Search of area produced (1) VC KIA, (1) badly damaged K-50 sub-machine-gun, (2) magazines, (1) cartridge belt, assorted medical dressings and numerous documents. In the immediate area, (4) other small caves and one large bunker were found. All were destroyed.
 - j. 131840H - Alfa squad size ambush at (BT066678) apprehended one Vietnamese male in the vicinity of their ambush site. Man produced proper identification and was released.
 - k. 131845H - Antenna Whip 41 (Army Advisors) report elements of 1st Bn, 51st Inf. (ARVN) at (BT066696) made contact with an estimated squad of Viet Cong at (BT065695). Fire was exchanged with no known casualties to either side.

ACTIVITY REPORT

1. Bravo interrogated (10) males and (51) females with negative results. Bravo destroyed one (15) foot tunnel, (1) bunker, (86) fighting holes, and (50) punji stakes in the vicinity of (BT071610). Also found a sack containing (1) Pana Sonic Radio, (2) diaries and (1) Viet Cong song book. All items were forwarded to S-2 for further evaluation.
2. Charlie reports ITT Team interrogated a civilian (male) in BINH MINH #1. He stated that many Viet Cong came to BINH MINH #1 GS (BT0861) on 5 June 1966. The VC told the people to stay inside after dark. The VC were all armed but the villagers did not know what type of weapons they carried. No females were with the VC. This man has two sons in the Viet Cong, they do not stay at home. Their names are:

NGUYEN THONG; age 28

LE DINH DIEN, age 27

The Viet Cong collected taxes and passed out propaganda. They came from the vicinity of Marble Mountain. The ITT Team believes this is reliable information. ITT Team interrogated (10) people in the vicinity of BINH MINH #1 and DONG THOI Village GS (BT0861) and GS (BT0962). All stated that Viet Cong have not been in area for a long time, but they had previously been instructed by the Viet Cong to stay indoors after dark. Charlie 2 found a booby trapped punji pit at (BT089618). Engineers set a charge in the punji pit, a secondary explosion was noted. Charlie 2 found a mine at (BT088620) which appeared to be U.S. M-16 tomato can type with three prong pressure fuses. Engineers blew it in place. Charlie Company destroyed numerous fighting holes, trenches, and punji pits on a line from (BT080618) to (BT090620). The holes were about five feet apart, and all appeared over one month old. At 131830R Charlie Company found a Viet Cong propaganda sign erected over trail at (BT086617). Sign appeared old and was weather beaten.

b. TRA KHE Village vicinity GS (BT0768) - (35) VC stay in village during day and go out at night and plant booby traps and harass American forces. Known weapons are (2) M-14 rifles, (1) 81mm mortar and (1) 60mm mortar. These VC are primarily local guerrillas. Two Viet Cong Village Chiefs stay in this area also (MAI DANG BA, chief of HOA HAI and PHAM TONG, chief of HOA LONG). Also reports indicate that a North Vietnamese officer stays in this area. S-2 estimates (10) to (15) VC.

c. TRA LO Village vicinity GS (BT0968) - (40) VC in this area. They usually remain in village during day or go fishing off the coast. No information as to weapons or equipment. These VC are believed to be local guerrillas. S-2 estimates (15) to (20) VC.

d. VIEM DONG Village vicinity GS (BT0965) - (50) VC reportedly stay in this area during day and go out nights. No information as to weapons except they are reported to have (1) 60mm mortar. These VC are guerrillas and supposedly have (5) or (6) Hard Corps troops with them to aid in planning and propaganda work. S-2 estimates approximately (20) VC.

ACTIVITY REPORT

1. 140700H to 141600H: 1st Battalion, 1st Marines, conducted a detailed two platoon search and destroy mission in the vicinity of GS (BT0965). Support was provided by (2) tanks from Bravo Company, 3rd Tank Battalion, (2) Ontos from 3rd AT Battalion, and (2) Amphibious Tractors from 1st Amphibious Battalion. Sweep units collected approximately 300 civilians from the village of VIEM DONG. The majority were females and children, with a few elderly males. ITT and CIT Teams conducted selective interrogation of villagers from central collection point. No information of concrete intelligence value was obtained. Villagers state that last significant influx of Viet Cong into village occurred one month ago. At this time approximately (50) VC were in the area. The body of one male was found in the village. S-2 estimates age to be in mid 40's. Man had died of single gunshot wound through the side. Family stated individual was killed during the night of 13 June by aircraft on strafing run. (There were no aerial strafing runs in this area at that time) conclude man was possible Viet Cong, killed by Marine ground action.

2. Bravo Company: Company interrogated 120 female, and 15 male civilians in 10 hour period. (1) VCS returned to Battalion CP for further interrogation. (60) Viet Cong fighting positions destroyed. (3) bunkers destroyed. Company uncovered cache with intelligence documents and (2) personal letters. Articles forwarded to 1-1 Command Post.

3. Charlie Company: Company reports ITT Team attached to Charlie interrogated (50) females and (4) males. Civilians report Viet Cong were last in village about two to three weeks ago. Villagers were told to stay in dwellings after dark due to heavy mining of the area. ITT reports marked absence of young males in area. Women stated males were either working in DA NANG or were conscripted in RVN. They stated that they had not seen men in sometime.

4. Delta Company: ITT reports the following information obtained from one VCS and documents captured in Hamlet #4, CAM HAI Village, HIEU NHAN District. The areas of Hamlet #3 (BT100635), Hamlet #4 (BT110636) and Hamlet #5 (BT098-632) are areas of operation for (2) platoons of village guerrillas. There are approximately (35) men in each platoon. Guerrillas armed with M-1, K-44, K-50 and carbines. Also in this area a Province Force Company of approximately 100 men operate. Province forces are armed with (1) 81mm mortar, (1) 60mm mortar, (2) 30 caliber machine guns, (8) BAR's (2 with each platoon) and assorted small arms. The primary area of operation of this province force company is at Hamlet #1 (BT127625) and Hamlet #2 (BT123623). This area is known as a VC strong hold. The entire south bank of the Song HAI XAU River is heavily mined and booby trapped from (BT100627) to (BT110627). Captive states that the tunnel which provided (1) VC KIA has (2) more VC in it and that the first bunker/family shelter blown by the Americans had (1) VC, possibly Mrs. HUNG, hiding in it. Mrs. HUNG is VC Cadre Woman for CAM HAI Village. There are (2) platoons of government soldiers located at TAN THANH #2 vicinity (BT181590). The VC headquarters of the province force is located along with (2) province force companies within GS (BT1856). The people of this area have been forced to make large numbers of litter recently.

3. Summary of enemy activity

a. 150810H - Engineers on mine-sweep located an anti-vehicle mine at (BT078696). Mine was composed of (20) pounds of TNT housed in sheet metal container. Mine was rigged for electrical detonation with wires leading from charge to bushes in front of a house at given coordinates. The mine was believed to have been planted during the night. Engineers blew mine in place.

b. 150910H - Ontos at (BT128634) detonated an anti-vehicle mine resulting in (2) USMC WIA and serious damage to vehicle. Mine is believed to have been a TNT charge, detonation method not established. Crater produced by explosion was approximately (2) feet deep and (7) feet in diameter. (2) USMC WIA.

c. 151100H - Alfa patrol at (BT049677) was fired on by estimated (2) to (3) Viet Cong at (BT048675). Approximately (20) to (30) rounds incoming fire were received. Patrol returned fire with (30) rounds 7.62mm. Viet Cong fled into village. Patrol initiated flanking movement and swept area apprehending (2) VCS. VCS were dressed similar to snipers. VCS forwarded to 1-1 CP.

d. 151155H - Mike Company at (BT085702) found a booby trap over Viet Cong bunker. Device consisted of a can about six inches long packed with unknown type of explosive agent. Fragmentation elements packed on top of charge. Detonator was either pressure or pull type. Booby trap blown in place.

e. 151255H - Alfa patrol at (BT049679) apprehended one male VCS. Man is approximately 45 years old. May be one of the Viet Cong who fired on patrol earlier. VCS forwarded to 1-1 CP for interrogation.

f. 151345H - Mike patrol at (BT086696) tripped a booby trap resulting in (1) USMC WIA. Booby trap consisted of plastic covering with self-contained shrapnel. Activation by pull-type device. (1) Chicom grenade discovered nearby. Grenade blown in place. Not believed to have been booby trapped. (1) USMC WIA.

g. 151515H - Alfa patrol at (BT077673) found a booby trapped 60mm mortar illumination cannister. Cannister was booby trapped with M-26 fragmentation grenade. Booby trap blown in place.

h. 151945H - Situate 41 (Advisors 1st Bn., 51st ARVN) at (BT043703) sighted (50) VC in village at (BT043693), after receiving fire from that vicinity. Called for Marine artillery fire. Request cleared. Whiskey Battery 1/11, fired (14) round mission with good effect on target. Results unknown.

i. 160615H - Alfa Company sweep force at (BT075678) incurred (1) WIA when a booby trap was detonated. Booby trap consisted of a punji trap containing an M-26 fragmentation grenade. Marine stepped in punji pit activating pull type mechanism on grenade. (1) USMC WIA.

ACTIVITY REPORT

1. ITT Team at 1-1 CP obtained the following information from VCS interrogated:

There are (10) VC, including cadre and guerrillas, presently in KHAI TAY Village (BT049679). (5) guerrillas are armed with M-1 rifles. The (5) cadre do not carry weapons. Each guerrilla has (4) to (5) hand grenades. Some of the cadre carry grenades. VCS claims no knowledge of mines or booby traps in the village area. The suspect gave names and ages of Viet Cong in this area:

NGUYEN CHINH, 20, Cadreman
HUYNH SANG, 40, VC Farmers Association Leader
NGUYEN MAN, 25, VC Hamlet Chief
NGUYEN MAT, 25, Guerrilla
NGUYEN CUU, 22, Guerrilla
NGUYEN TUNG, 25, Guerrilla
HUYNH CA, 20, Guerrilla
NGUYEN THO, 23, Guerrilla

Five of the original Viet Cong organization were killed by Marines during February of 1966. The guerrillas run in all directions when Marine Corps units sweep area. VCS claimed no knowledge of caves or tunnels in village. He was forwarded to HOA VANG District for further interrogation.

Following report from another VCS interrogated by ITT:

On 12 June 1966 At approximately 1930H, (7) Viet Cong entered the hamlet of CAM SA (4), GS (BT0864), and spoke to the people. The villagers were warned to stay in their houses at night. Viet Cong were armed with rifles (type unknown). They wore either grey or black clothing, and spoke in the central dialect. They stayed in the hamlet for about (2) hours.

2. Delta Company: Cadre Team from HOI AN attached to Company "D" interrogated (5) children on 15 June. The youths reported (20) Viet Cong guerrillas at hamlet of HA MY TAY (3), (BT11626). One Viet Cong Main Force Company is located between hamlets of HA MY DONG (2), (BT131616) and HA MY TAY (1), (BT127617). That portion of the hamlet complex at (BT123625) is heavily mined.

Children are vital to Viet Cong. When Marines approach they shout "Hey Joe". This is a prearranged signal for VC to take cover. In addition, children are utilized to observe company CP's at all times. They take special note of numbers of Marine personnel in specific positions, number and position of crew served weapons.

2. 171000H to 181000H June 1966
3. Summary of enemy activity
 - a. 171630H - Approximately (15) VC opened fire on Company "C" at (BT-084611) and Company "B" at (BT078607) from a position at (BT081605). Company "B" received approximately (400) rounds of enemy small arms fire and (8) rifle grenades. Company "C" received approximately (200) rounds of small arms fire. The VC were located on the boundary between "B" and "C" Company. As a result of the initial VC fire, Company "B" sustained (1) USMC WIA (evacuated). Company "B" moved troops into the area from which the fire came, supported by tanks and Ontos. The Marines and tanks fired as they advanced toward the VC position. The VC fire stopped and Company "B" Commander called for an 60mm mortar fire mission to cut off the withdrawal of the VC. A fire mission of (60) rounds of 60mm mortar was fired. One VC tried to run out of the area and in doing so, moved into Company "C" zone. The VC was killed by small arms fire from Company "C". The sweep elements from Company "B" moved into and through the VC position. There was no further VC contact. Five VCS were apprehended. Three were casualties and later med-evacuated. The VC had withdrawn carrying all casualties sustained as a result of action with Marine units. Total casualties as a result of the action: (1) USMC WIA, (1) VC KIA, (2) VCS captured, interrogated by FTF personnel and released, and (3) VCS WIA evacuated. Total ammunition expended by friendly units: (5,000) rounds 7.62mm, (10) rounds M-79, (60) rounds 60mm mortar and (15) rounds 90mm (tank).

3. Summary of enemy activity
 - a. 181800H - Bravo Company reports that (2) Vietnamese children were injured by a VC booby trap at 067615H. One critical and one serious, both med-evacuated. C.O. of Bravo Company believes that VC are placing mines and booby traps in area north of his position to hamper movement of friendly civilians to north. Civilians apparently were not notified of mines and booby traps.
 - b. 182005H - R&S Company patrol (Yankee 2) at (BT080662) received approximately (10) rounds of sniper fire from (2) to (3) VC at (BT080-661). Returned (30) rounds of 7.62mm and searched area with negative contact. No USMC casualties.
 - c. 182130H - Bravo Company at (BT073607) received (1) rifle grenade and approximately (15) rounds of small arms fire from (3) to (4) VC at (BT076613). Returned fire with (5) rounds 90mm and (200) rounds 7.62mm. No friendly casualties; enemy casualties unknown. The Company TAC radio keyed out at this time. C.O. believes that the VC were jamming the net.
 - d. 190850H - Charlie Company destroyed a 105mm dud at (BT066626). A patrol destroyed (1) homemade anti-personnel mine at (BT094678). The mine was constructed from an empty flare tube filled with explosive, and screwed into a cast iron base. The tube was 6 inches long and 1 1/2 inches in diameter. When destroyed it made a large crater. This mine was placed within the last five days.

1. 221000H - Information from [redacted] interrogation report dated 21 June 1966.
Name of prisoner: MAI VAN DUOC, age 22, VC Hamlet Guerrilla, captured by
4-1-1 on 190900H at (BT080673).

Captive stated that he had worked in DA NANG until he received his draft notice. Rather than be drafted he joined the Regional VC Forces.

Captive stated he was in his home at the time of capture and was aware that the Marines had entered the hamlet, but he decided not to run and to surrender. He admits that the cartridge belt, M-26 grenades, bayonet, Viet Cong mine and .30 caliber ammunition were his, but claims there was no other explosive such as C-4 in his possession.

In August 1964, at the time of the big flood, his house in XUAN NHAM was destroyed and his wife became ill. He asked permission to return home and received it. When he got home he was told by the Viet Cong that he could not return to his unit. He was left alone until October 1965, when he and about 100 others were forced to carry rice from HOA VANG District to TRUONG SON Mountains. The trip took about (2) months and then captive returned to XUAN NHAM (II). In March 1966, he was told he would have to become a member of the HOA LONG guerrilla unit. He was given training in grenade throwing and how to load and fire a Springfield rifle. Captive stated that at that time there were seven (7) guerrillas in HOA LONG Village. They were armed with (4) rifles and when a mission was called, operated as one unit. Otherwise they stayed in their respective hamlets. Captive claims he was the only guerrilla in XUAN NHAM. His duties were to patrol the hamlet and watch for enemy forces. Also he picked up and delivered to DI all propaganda leaflets found in XUAN NHAM Hamlet.

The operating area of his unit was HOA LONG Village which included three hamlets of HOA HAI Village as established by the government. These hamlets were HOA CHAU, XUAN NHAM, TRUONG KHE.

Captive has participated in (3) missions since he became a guerrilla. The last time was on 15 June 1966. The unit gathered in CON BO Hamlet, HOA LONG Village and went to harass what captive called CAY LANH Post. He stated the post was manned by Marines and his mission was to deliver one or two rounds of fire and retreat to his hamlet. Captive stated that only six people participated in this mission. Three of the HOA LONG Village guerrillas had been killed previously, so the remaining four and two others, TONG and DI, who he believes are District Viet Cong, took part in the action.

All equipment, weapons and ammunition was supplied by DI. Captive claims he does not know where DI got the material but thinks it must have come from the mountains.

The mine which he had in his possession was to be activated by trip wire

and he had had it for approximately one week. He was supposed to plant this mine on the trail near the stream by XUAN NHAM Hamlet every night and remove it in the morning. He stated the mine is detonated instantly when the wire is pulled. Captive was told that the remaining guerrillas in HOA LONG Village also were given one mine each.

Since the mines are put out only at night they are not marked in any way.

Propaganda leaflets have been dropped over XUAN NHAM Hamlet many times, the last time about 14 June 1966. One of captive's duties was to collect and deliver these to DI. No threats were made to the people of the hamlet about reading them.

Captive states that the HOA VANG District Force moves constantly through the area, mostly at night. Claims no knowledge of the amount of men or weapons.

Claims no knowledge of other Viet Cong forces operating in area.

Captive stated he had had a weapon, a 1903 Springfield. He stated that he had left the weapon in the cave which he showed to the Marines, but when Marines arrived there, the weapon was gone. He thinks either DI or TRANG recovered the weapon.

Captive named the following personalities in HOA LONG Village.

NGUYEN LANG, 30; guard - lives in AP NAM Hamlet
HUYNH CUONG, 28, Thompson SMG - lives in LAP NAM Hamlet
HUYNH TRUC, 30; 2 grenades - lives in KHAI BANG Hamlet
MAI HUNG DI, 30, position unknown
PHAM TONG, 30; probable district cadre
TRANG, 40; Viet Cong Village Chief HOA LONG Village
THAN, 35, Viet Cong Security Chief, HOA LONG Village

INTERROGATOR COMMENT:

Captive was cooperative and concise in answering. He stated papers found in his house belong to TRANG, who had been staying the night and escaped when Marines entered the hamlet.

POLYGRAPH EXAMINERS COMMENT:

Polygraph examination indicated the captive was truthful when he indicated the papers discovered in his house belonged to TRANG. Captive was also truthful when he denied knowledge as to location of the HOA VANG Viet Cong District Force. Captive was untruthful when he denied a position within the Viet Cong other than guerrilla.

DISPOSITION:

Viet Cong Guerrilla. Sent to ONSS HOI AN.

INTELLIGENCE SUMMARY

1. 1st Battalion, 1st Marines/106-66
2. 221000H to 231000H June 1966
3. Summary of enemy activity
 - a. 220925H - Bravo Company at (BT063596); apprehended (1) VCS, destroyed (1) tunnel, and captured a number of documents. VCS forwarded to ITT. Documents forwarded to Blade.
 - b. 221310H - Bravo 3 at (BT075677) located a booby trap when a Marine stepped into a camouflaged hole on trail. Hole was booby trapped with a Viet Cong, homemade, landmine (AP). Mine was to detonate when trip wire was activated. Mine failed to detonate. Hole in which mine was employed was about 18" square, and 18" deep. Covered with straw matting and sand. Entire booby trap was blown in place. No USMC casualties.
 - c. 221200H - Approximately (100) Vietnamese civilians came to 1-1 CP with the bodies of one man, about 70; one woman, about 60; and one small boy. Vietnamese were from HOA HAI Village (BT084687). They claim people were killed by artillery round. Incident is being investigated by 1-1 Civil Affairs Officer.
 - d. 221515H - Linemen, troubleshooting line at (BT087625), observed (15) Vietnamese males. Marines did not see any weapons. When line detail approached, Vietnamese scattered and took cover behind a ridge. Squad was dispatched from Charlie Company. Checked entire area with no contact.
 - e. 221645H - Bravo 2 patrol at (BT081600) located a Viet Cong booby trap on trail at given coordinates. Booby trap consisted of ChiCom grenade, buried on side of trail with trip wire running to a bush on the other side. Device was destroyed in place. Area searched, no other booby traps discovered.
4. Enemy personnel and equipment losses
 - a. (1) VCS apprehended and (2) booby traps destroyed

1. 1st Battalion, 1st Marines/106-66
2. 231000H to 241000H June 1966
3. Summary of enemy activity.
 - a. 230950H - Wire repair team at (BT078656) detonated a Viet Cong booby trap resulting in (1) USMC KIA. Team was tracing wireland to forward position. Break was found. When wireman pulled loose end, what is believed to have been a fragmentation grenade was detonated. Area search was initiated. No further mines located. (1) USMC KIA.
 - b. 231215H - Charlie 2 patrol at (BT090616) was informed by attached cadre that house at given coordinates belonged to VC village chief. House was subsequently burned. Several reports were heard. Believed to have been small arms rounds, set off by fire.
 - c. 231400H - Today 2 patrol, on intelligence mission, moved into hamlet of CM SA (2) from the northwest. At (BT094644), as patrol moved through hedgerow, (4) Viet Cong were seen less than (100) meters away. VC and patrol sighted each other simultaneously. Viet Cong immediately bolted into dense vegetation. Marines gave physical pursuit and fired (40) rounds 7.62mm. VC were lost in dense hedgerows. All four were armed. Two carried K-50 submachineguns, other (2) had M-33-36 carbines. Khaki uniforms were worn, with camouflaged neck scarfs, and floppy hats. (All uniforms were identical). One Vietnamese male about (60) was apprehended. He had been sitting approximately 25 feet from Viet Cong. When questioned said he had no knowledge of VC in the area. Later interrogated by IPT, found to be totally intoxicated. Subsequently released.
 - d. 231900H - Bravo patrol at (BT080599) found a booby trapped ChiCom grenade in suspicious location, (ie) in open sight. Grenade was blown in place uncovering a ChiCom (AP) landmine which had been rigged to detonate when grenade was picked up. Mine also blown in place.
 - e. 232115H - Charlie 3 at (BT097608) received (10-15) rounds small arms fire from (BT093608). Returned fire with (1) round 40mm M-79. Two fireteams dispatched to check area. Found nothing. No USMC casualties.
 - f. 232150H - Bravo Company at (BT078602) received (6-8) rounds small arms fire from estimated (3) Viet Cong at (BT075602). Rounds were fired at LVT to the rear of position. Returned fire with (30) rounds .30 caliber from tractor. No USMC casualties.

COUNTERINTELLIGENCE SPOT REPORT 5-6-66

Viet Cong Monthly Situation Report of April 1966
Cam Duong Village Security Section

1. The Enemy Situation: Many methods the enemy uses to destroy the National Liberation Front section in the village is by military operations, artillery shelling, ambushes, patrols and night bombing.

Example - On 13 April 1966, there were three (3) ambushes at Dien Phuong Village by the American Imperialist. After 13 April 1966, the enemy overran the 5th Zone of the Village (The V.C. use the word "Zone" in place of Hamlet) burning homes, shooting cows and the "keys and helicopters bombed the village and landed troops.

2. The situation of 10 informers: The lackeys have organized 3 man cells and the cells have orders to report the situation. They use the tradesmen who go to the markets in the enemy area to act as couriers. The enemy uses the people who are apprehended to gain information regarding the present situation and then they release them - Example - Le Thi Trang and Ngo Thi Thiet, who live in our area was captured by the enemy who used them to get information which they report to the Village Headquarters. During the time of the political struggle, THLET also went early in the morning in order to make her reports.

The neutral people now want to join the enemy, and only a few want to follow us.

3. The Religious Situation

a. Cao Dai Religion. In the past the Cao Dai follow us but now they are afraid and they try to follow the enemy. They pretend to be ill so they will not have to work for us. A young man of the religion was captured by the Americans and taken to DaNang and then to Hoi An. After that he was released because he was a government lackey.

b. Buddhist Religion - Dai, the Adjutant to the Temple Chief, was active against us this month. Dai is a man working for Nguyen Man Lam, who is a government lackey. He went to the DaNang Pagoda (Tinh Hoi) and at night time he comes back to the temple to sleep. Dai is a stupid man and usually goes to Hoi An to sell.

c. Catholic Religion - Nguyen M, contracted Dien at Cam Hai Village and the sea shore area between the 2nd Zone of Cam Duong Village. Before this area was controlled by the Catholic people and now M goes often to this area and he had in his possession a document that proves he is against

UNCLASSIFIED

us. That document has been sent to the Security Section already but we have not received any assistance for the plan. (Note: From the way the report was written it indicated that they had retrieved the papers of AM and they had presented a plan for his capture).

Nam Ton Religion: Nothing has happened within this religion.

Protestant Religion: Nothing has happened within this religion.

4. Parties: All parties participating in the undercover activities within the above religions have gone to Danang or Hoi An. They were apprehended many times in the temple. Some of them stayed home and did not have any activities and they hide grenades in the My Luc Temple. The grenades were found 3 months ago (already reported).

5. Citizen Situation: The citizens still have bad (low) morale because of the enemy fighting. The speaker this month said that they will fight the enemy but not inside the village because they are afraid their homes will be damaged. They want them to be safe. The religious people also want to be safe and go to the enemies area. They are afraid of being killed so some of them will be lackeys for the enemy.

On the list of March 1966, although the enemy controls a lot of our area, the spirit of the farmer, seller and fishermen is still good and they receive good education.

Village Cadre: They have activities to help the citizens and the cadre did not give the citizens any trouble.

Outside Cadre: The cadres from outside the village did not help the citizens very much, so we decided to train them to be better cadres.

COUNTERINTELLIGENCE SPOT REPORT 6-6-66

A Work Report and Plans from 1 May 1966 to 30 May 1966 at Dien Duong Village of the Security Section.

The enemy had many sweeps and the government has used many informants. Besides that the propaganda cadre talked to the guerrillas in an attempt to convince them to return to the government. In order to prevent this, there is a new 3 point plan.

1. Force the people, teach them the way of revolutionary. Teach the illiterate groups in order to serve the liaison between the government and the people.

2. In order to protect the revolutionary area we must use a strong method to control the villagers with a 5 point plan.

(Agents Note: The 5 point were not described in the document.)

UNCLASSIFIED

3. Always use propaganda on the villagers in order to control the situation in the area. Keep information away from informants outside the area in order to protect the revolutionary area.

In order to take precautions regarding security situation in the village we suggest the 3 above points to the National Liberation Front in the village to keep the mission plan safe in the village for activities in the future.

Agents Notes: The document was dated 29 April 1966.

COUNTERINTELLIGENCE SPOT REPORT 7-6-66

On 14 June 1966, "D" Company, 1st Battalion, 1st Marines discovered three (3) school type notebooks plus various other handwritten documents at coordinates (BT105644). A brief description of the information contained in the books and documents follows.

One book appeared to contain a list of families within a hamlet with the names, sex, age of each person living in each house. The ages of the persons were entered in different columns which appeared to indicate the husband, wife, children (the male and female children were listed in separate columns) and relatives. There was no identifying data as to the village or hamlet or as to what each column stood for but the bulk of the documents discovered dealt primarily with Cam Dong Village.

Another book was a Viet Cong Black List of Vietnamese personnel that are known or suspected of working for the government. The book contained the names, ages, positions and the reason for the name being on the Black List plus the area where they are presently living (if known).

The third book contained notes regarding subjects to be discussed at various National Liberation Front meetings in different villages plus it listed the various speakers. A more detailed translation will be made of the information contained with this book.

A document dated 20 April 1966, signed by a "CHANH" and designated to be sent to the Security Section for approval was a background statement about Le Thi Trang, 32 years old, living in Cam Dong Village Hoi An and suspected of working as an informant for the government. The writer of the document recommended that TRANG be captured and sentenced to 3 months in jail.

Agents Notes: TRANG was mentioned in the "Monthly Situation Report of April 1966" which is translated in C.I. Spot Report #5-6-66).

A document dated 18 April 1966, also signed by CHANH, designed to be sent to the Security Section for approval was a Background Statement on Le Thi CHAU, Cam Dong Village, Hoi An, 52 years old and suspected of being a government informant. This document recommended capture but did not mention any certain amount of time of confinement.

UNCLASSIFIED

A document dated 14 May 1966, signed by "CHANH" and intended for the Security Section was a background report on Nguyen Thi CHI, Cam Duong Village, Hoi An and stated that CHI was presently in jail for being an informant.

A personal history statement written by Nguyen Thi TA, 40 years old, dated 30 May 1966, stating that she was a member of the Cao Dai religion and was not giving information to the government as accused by the National Liberation Front.

One of the documents was a request from Tran Thi MAT, Cam Duong Village, Hoi An, addressed to the National Liberation Front of South Vietnam asking for the release of her husband, Nguyen HAN, who had been captured by the Viet Cong in September 1965. She stated that he would not be a lackey for the government if he was released. Nguyen DON and Nguyen Mai KY, relatives of HAN signed the request stating that they would guarantee HAN's parole and that he would not work for the government.

One document titled "A Monthly Situation Report for the Month of April" written by the Cam Duong Security Section, contained information about the effects that military operations, artillery shelling, ambushes and patrols had on the goals of the National Liberation Front plus the introduction of informants by the government into the village. That report cited the present activities by villagers of various religions. (For additional information see C.I. Spot Report #5-6-66).

One document titled "A Work Report and Plans for the Month of May 1966" dated 29 April 1966, told of a 3 point plan to counteract all the military operations conducted by the Americans and ARVMS plus all the other government activities. The primary points were:

a. Force the people to follow the way of the revolutionary, teach the illiterate to oppose the government and discontinue the liaison between the government and the people.

b. To protect the revolutionary a strong method to control the villagers must be used and a 5 point plan was recommended but no explanation was made of the 5 points.

c. A continuous use of propaganda directed to control the village situation and an attempt would be made to keep information away from the informants. (For additional information regarding this document refer to C.I. Spot Report #6-6-66).

POB: Quang Len (H) Vinh Xuan (V) Dien Ban (D)
PRES ADD: Same as POB
OCCUP: Farmer
FATHER: Vo Nhu Ty (Deceased)
MOTHER: Le Thi Hanh
HUSBAND: Le Van Dang Age: 1938
CHILDREN: One (1) girl (20 months old)

CAPTIVE states her ID Card was kept by her Village Chief after her capture.

CAPTIVE stated she picked up a bandolier of ammunition (without knowing its contents) along with left over rations, etc and took it all to her home. After discovering that it was ammunition in the "bags", she hid it under a water can to prevent her small daughter from playing with it. Marines had seen her with the bandolier and had come to her house to retrieve it.

HER husband is a VC guerilla. HER husband was drafted on 20 November 1964 into the RVN, completed training and returned home for "TET" in 1965. At that time captive and husband had a fight in which he beat her and threw her and her child out of his home in Vinh-Ha Village. SHE returned to her mother's home where she has since resided. HER only knowledge of her husbands activities as a VC has been what she has been told by her village authorities.

CAPTIVE has no knowledge of VC or their activities other than what she has been told by others. SHE has always lived in a RVN controlled area.

DISPOSITION: Recommend release to Dien-Ban District as an innocent civilian.

INTELLIGENCE SUMMARY

- 1: 1st Battalion, 1st Marines/110-66
- 2: 271000H to 281000H June 1966
3. Summary of enemy activity
 - a. 271430H - Charlie 2 at (BT100615), apprehended one male, age 20. Interrogated by company interpreter and Vietnamese cadre. Will be forwarded to IFF for further questioning. Believed to be an ARVN deserter.
 - b. 271715H - Village chief of NUI KIM SON (BT072703), reports anti-vehicle mine on road between (BT069691) and (BT068688). Stated mine electrically fused and covered with boards and glass. Unit dispatched to check area indicated.
 - c. 271900H - 1/1 CP received report of rocks across road with wire leading into field at (BT068684). Dispatched personnel to check report. When Marines arrived at given location, saw wire being pulled out across field. Moved out to trace wire. Movement ceased. Approximately (30) children who had been tending cattle in field ran to village as Marines approached. Wire traced to a sand bank approximately (600) meters from road. At this point Marines frightened two head of cattle which bolted through hedgerow. Seconds after cattle passed brush an explosion of about hand grenade size took place. Believe cattle detonated grenade type mine. Many punji pits were noted in fields on western side of road. Questioned one boy, age about 10, he was very uncooperative. He was taken to 1-1 CP for further questioning. To be released in morning. S-2 Comment: This is probably the mine referred to in entry b.
 - d. 272125H - Bravo Company at (AT075605) received approximately 50-60 rounds incoming small arms fire from estimated (4) Viet Cong at (BT076607). One Marine received minor wounds. Fire returned with (400) rounds of .30 caliber machinegun, and (12) rounds 90mm gun fire from tanks of 2nd Platoon, "B" Company, 3rd Tank Battalion, and (100) rounds 7.62mm. One squad and one tank sent to search area. Received one more round sniper fire then made no further contact. (1) USMC WIA (not evacuated).
 - e. 272200H - Bravo 1 ambush at (BT081578) opened fire on (2) VC who were moving along trail toward CO LUV Hamlet. One VC male, mid 20's, was killed. The other Viet Cong is believed wounded. He fled across rice paddy. No weapon or documents were found on the body.
 - f. 280700H - Bravo Company initiated squad sweep of area from which fire was received last night. In a deserted house; vicinity (BT076607) a large pool of blood and pieces of flesh were found, indicating (1) VC was probably killed or wounded seriously in the action. In addition the house also contained the body of a 50-year old Vietnamese who had died of shrapnel wounds about three days ago.
4. Enemy personnel and equipment losses
 - a. (1) VC KIA (confirmed), (1) VC KIA (probable), (1) VC WIA (probable), (1) VCS and (1) grenade type mine.

ACTIVITY REPORT

1. Alfa Company reports: Found and destroyed (2) dud 105mm rounds at (BT144613) and (BT144614). Discovered a trench approximately (250) meters in length extending from (BT152602) to (BT155608). This trench was lined with punjii stakes. One trench located at (BT152602) about (100) meters in length; another (50) meter trench located at (BT150603). All trenches destroyed. No mines or booby traps encountered in this area. One VCS captured, will send to Today CP tomorrow morning. Destroyed (200) punjii stakes in the vicinity of (BT147598).

2. Bravo Company reports: While sweeping TAN MY Hamlet (1) discovered numerous fighting holes (approximately 200), an estimated (300) meters of trench-lines, and numerous tunnels. All fighting holes were connected to trench-line by (5) to (10) meter trenches. Thorn fences and about (2000) punjii stakes were also discovered during the sweep. All houses and tunnels were searched, approximately (300) meters of trench-line, (40) fighting holes, (2000) punjii stakes, (6) punjii pits, and thorn fences were destroyed. Much of the trench-line and many fighting holes could not be destroyed due to location, too close to houses, etc.

3. Charlie Company reports: Interrogated (20) males and (10) females. No significant information obtained.

INTELLIGENCE SUMMARY

1. 1st Battalion, 1st Marines/111-66
2. 281000H to 291000H June 1966
3. Summary of enemy activity
 - a. 280950H - Bravo platoon sweeping hamlet of TAN MY (1), GS (BT0659), and rice paddy west of hamlet, collected (100) women and children and (38) men. Vietnamese cadre attached to Bravo interrogated civilians. Designated (2) men; age 51 and 46, as VCS. Cadre stated both live in hamlet at (BT067612). VCS forwarded to 1/1 CP for further interrogation. Will be forwarded to IIT 3rd MAF.
 - b. 281130H - Alfa 3 at (BT121621) apprehended (1) VCS, age 37. Man had no identification, acted suspicious. Forwarded to 1/1 CP for further interrogation. (Forwarded to IIT, III MAF).
 - c. 281315H - Delta 3, on platoon sweep, at (BT088667) received 50-60 rounds incoming semi-automatic weapons fire from an estimated (4) Viet Cong at (BT086667). Returned fire with (150) rounds 7.62mm, (10) rounds 40mm M-79, (14) rounds 60mm mortar, and (2) LAWs. (2) squads swept area from which fire originated. No further contact. No USMC casualties.
 - d. 281425H - Chinstrap FO sighted (7) Viet Cong with rifles and a machinegun, wearing shorts and multicolor shirts at (BT075705). FO called fire mission on VC. Squad was dispatched from 3rd platoon Kilo Company, along with (2) tanks from "C" Company, 1st Tank Battalion, to search area at given coordinates. AO on station reported seeing the VC enter hamlet at (BT084705); go to boats along the beach, and then reenter hamlet. Kilo squad moved into hamlet and made search, linking up with tanks on beach. Search of the boats produced one body, later determined to be that of a special forces security guard. FO had previously observed VC pulling (2) bodies from the water. Believe both were security guards, (1) possibly captured by the Viet Cong. ARVN/Marine operation to be held in area on 29 June.
 - e. 281630H - approximately (100) civilians gathered outside 1/1 CP at given time. They brought (2) litters. One contained the body of an (8) year old boy, dead of a single gunshot wound, right chest. The other contained a calf with (4) bullet wounds in body. Villagers stated casualties occurred when Marines and Viet Cong became engaged in a firefight earlier in the afternoon. (Reference ISUM entry c.). People intimidated (2) more head of livestock were injured. Mediation began, and a civic action patrol will be dispatched to the hamlet on 29 June. Not determined if casualties were inflicted by Marines or VC at this time. Complete report to follow.
 - f. 282040H - Bravo Company squad at (BT079602), moving toward ambush site; received approximately (30) rounds incoming fire. Point man, moving about (50) meters in front of the squad detected noises in brush about (30) meters away. Incoming fire was received immediately afterward. Squad returned (100) rounds 7.62mm and Viet Cong withdrew. Another squad, was dispatched from Bravo CP to reinforce original squad. Systematic search of area was begun. Contact was not regained. Search of hamlet in vicinity of contact revealed all civilians had left. Appears action initiated by VC was a preplanned ambush. No USMC casualties.

Capturing unit: B-I-1
Date/time of capture: 271100H June 1966
Coordinates of capture: BT078590

Name: DO THI KEO, age 69, from VINH XUAN Hamlet, NHI LOU Village, DIEN BAN District, QUANG NAM Province.

Captive stated the following: She was at her home in VINH XUAN, vicinity (BT0759), resting when apprehended by Americans. The captive claims she had four sons. One was killed by artillery fire. Two of the remaining three joined the Viet Cong and have been captured by DIEN BAN officials and imprisoned. The remaining son is at home and is a VC Farmers Assn. Member. He is forced to stand guard for the Viet Cong on occasions. Interrogators comment: The captive is nearly senile and was very difficult to interrogate. Captive had in her possession a letter from son who is a Viet Cong. Letter was of no intelligence value and was returned to captive. Disposition: VC Women's Assn. member of VINH XUAN Hamlet sent to DIEN BAN District Headquarters.

Capturing unit: B-I-1
Date/time of capture: 271100H June 1966
Coordinates of capture: BT078590

Name: DO THI CHO, age 33, from VINH XUAN Hamlet, NHI LOU Village, DIEN BAN District, QUANG NAM Province.

Captive stated the following: She was at home in VINH XUAN, vicinity (BT0759), when Americans came into VINH XUAN and concentrated the people for a meeting. During this meeting she was pointed out as a Viet Cong squad leader by a person, or persons unknown. (Captive was pointed out by the Vietnamese cadre team attached to the company). The captive has been the leader of a 12 member cell of the VC Women's Assn. of CAY SOP Sub-hamlet, VINH XUAN, since May 1965. Her duties were to help concentrate the people for VC meetings upon instructions from the VC, and supervise the women in making fencing, and cooking for the VC when they would come to CAY SOP. The last appearance of a VC unit was about 2 June 1966. Approximately (40) VC armed with rifles and grenades came to CAY SOP at that time. They wore gray and blue clothes, camouflage hats, and back-packs. They stayed in CAY SOP approximately (2) hours watching an ARVN convoy. The unit designation of these VC is unknown. They come to CAY SOP at irregular intervals. In CAY SOP, about (5) young men have been forced to follow the VC and become guerillas. They are armed with grenades, no weapons. Their duties are making sharpened bamboo stakes and planting them in holes, and digging foxholes for their and the people's protection from bombings and artillery fires. The captive claims no knowledge of caves, tunnels, mines, or booby traps. The punji traps are located near all the cross-roads in VINH XUAN. The (5) guerillas concentrated the people of CAY SOP for a meeting about 12 June 1966. They told the people that if they heard shoot-

Coordinates of capture: BT093626

Name: LE VAN DAN, age 35, from HAU BAN Hamlet, CAM HAI Village, DIEN BAN District, QUANG NAM Province.

Captive stated the following: He was in his toilet room at home in HA BAN Sub-hamlet, HAU BAN Hamlet, vicinity (BT0962), urinating when Americans came in and apprehended him. He gave his identification card to one of the Americans but it was not returned. There were (2) guerillas in HA BAN Sub-hamlet who stood guard at night. They were killed by artillery fire in May 1966. HAU BAN has approximately (20) guerillas armed with rifles and grenades. Their duties are to stand guard during the night, and force the people to dig trenches. Captive claims no knowledge of mines or bobby traps, and that all punji traps have been destroyed by troops or Amtracs. HAU BAN has been Viet Cong controlled since about March 1965. At this time the captive joined the Viet Cong Farmers' Assn. Duties were to dig trenches and make fencing for the Viet Cong and pay one piaster per month dues to the Viet Cong. Another duty was to try to guide American Amtracs around the rice paddies. The captive named DIEU, age 45, as the autonomous chairman of HAU BAN. Interrogators comment: The captive was of low intelligence and evasive. He was very apprehensive about treatment he might receive as an American captive. Disposition: VC Farmers Assn. member sent to DIEN BAN District Headquarters.
