INTELLIGENCE

A. ENEMY

1. General. During this reporting period the number of enemy contacts made was fifty-four (54). Twenty-three (2) contacts were made during daylight hours while thirty-one (31) contacts were made during periods of darkness. Enemy initiated contacts numbered eleven (11) with seven (7) contacts being made during hours of darkness while only four (4) contacts were initiated by the enemy during daylight hours. From these fifty-four (54) contacts, the Battalion accounted for one hundred and one (101) enemy KIA's, and three (3) POW's.

Captured weapons included four (4) AK-47 rifles, one (1) SKS rifle, and one (1) 60mm mortar. The amount of rice captured and redistributed was nine thousand six hundred (9.600) pounds.

The Battalion received several reports of enemy units moving in, near, or through the Battalion TACR. Enemy units that were reported operating within or near the Battalion TACR include elements of: the R-20th Mattalion, the K-36 and CK-4 Rocket Companies, 575 Unit D Force, the 577 Rocket Battalion, and the T-89th NVA Sapper Battalion. Units reported but not confirmed as being in or near the Battalion TACR include elements of: the 31st NVA Regiment, the Q-84th Battalion, the 9th NVA Battalion, one (1) VC company from the Q-83rd Battalion, and the 141st NVA Regiment.

- 2. Items of Significance. On 18-19 October 1969, a combined operation, which included the First and Third Battalions and elements of the Second Battalion, First Marines, along with the First and Second Battalion, Fifty-First ARVN's, netted over ninety (90) Viet Cong Suspects, and over five (5) tons of rice.
- a. On 3 October 1969, a Company "M" activity found a rocket launching site believed to have been used in the previous night's attacks on Hill 55 and Da Nang. There were two (2) backblast areas ten (10) inches deep and bamboo aiming stakes were also found. The site was located at coordinates AT977633.
- b. On 7 October 1969, Company "I", working with the PF's, had one (1) Vietnamese person Chieu Hoi. The Hoi Chanh and his gear were turned over to the PF's who took the Hoi Chanh to Hieu Duc District Headquarters for interrogation.
- c. On 7 October 1969, the heavy rains of the previous few days caused the flood conditions to reach their peak. Troops were removed from bridges Marshall (AT918598) and No Name (AT924605) for safety purposes.
- d. On 30 October 1969, a patrol from Company "I" found a well camouflaged 60mm mortar tube and homemade VC bipods in a spider hole covered with plastic.

B. WEATHER

The temperatures for this month have ranged from an average high of eighty-eight (88) degrees to an average low of seventy-five (75) degrees. Heavy rain shower activity occurred causing widespread flooding during the first two (2) weeks of October. The average monthly rainfall for the month of October is normally 23.3 inches. During October 1969, the rainfall was 39.9 inches.

C. TERRAIN

The Battalion TAOR consists predominately of flooded rice paddies and scattered treelines except for the mountainous portion of our TAOR known as "Charlie Ridge". Seedling rice is presently being grown for the coming winter planting season. The monsoon season is presently in progress and is limiting troop movement to paddy dikes and raised terrain features. Ground movement at present is rated as poor.

OPERATIONS

A. ORGANIZATION AND DISPOSITION

Operations in the Western TAOR of the 1st Marines was characterized by extensive squad sized patrols and ambushes, many in conjunction with ARVN Units. Operations for the first half of the month were hampered by severe flood conditions. Activities, however, increased during the latter part of the month resulting in one hundred and one (101) VC/NVA KIA's.

Company "L" operated on Western Go Noi Island for the first five (5) days of the month. The company was moved to Hill 37 on 5 October 1969, due to the rapid rise of water in their area of operation (Go Noi Island).

On 18 October, 3/1 (-) (Rein) participated in a cordon and search operation as part of Phase V OPERATION PIPESTONE CANYON. Other units participating in the operation were: Headquarters, 1st Marines; 1st Battalion, 1st Marines; and elements from the ARVN Units of 1/51 and 2/51. Grid squares AT9758, 9759, 9858, 9859, and 9860 were encircled and swept, resulting in the apprehension of over ninety (90) VCS.

From 20-27 October, Company "C", 1/1 was under operational control of this Battalion and conducted search and clear operations on Western Go Noi Island.

On 25 and 26 October, Company "M" conducted a joint operation with the 7/59 ARVN. The ARVN Unit moved civilian personnel from the Le Sons to a resettlement village in the vicinity of AT988624. Company "M" destroyed over two hundred (200) bunkers in the operation.

During the month, Riverine Operations were conducted by Company "M" from the Cau Do Bridge (AT997704), west along the Song Cau Do. The mission was river reconnaissance and resupply of the 1st Platoon, Company "M" (vicinity AT969688). Two (2) VC/NVA KIA's resulted from these daily operations.

As of 31 October, the disposition of forces under the tactical control of the 3rd Battalion were as follows:

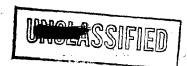

Company "I" CP was located on Hill 22 (AT953667) and was operating in the northwestern portion of the Battalion TACR.

Company "K" CP was located on Hill 37 (AT916582) while the company was undergoing an extensive two (2) week training period.

Company "L" CP was located on the Golden Gate Bridge (vicinity AT964 604). The company operated in the southern portion of the Battalion TACR.

Company "M" CP was located on Hill 55 (AT970621) and the company operated in the northwestern portion of the Battalion TAOR.

B. AIR SUPPORT/DEPENSE

1. Medevacs

During the month of October there were a total of twenty three (2) medevac missions flown for the 3rd Battalion. These missions including eighteen (18) emergency, including two (2) Vietnamese civilians and one (1) ARVN; twenty six (26) priority, including four (4) civilians; and five (5) routine, for a total of forty-nine (49) medevaced personnel. This is a decrease from the one hundred twenty three (123) personnel medevaced in September. The average time for a medevace being completed was approximately twenty-five (25) minutes.

2. Logistics

Helicopter resupply was necessary for Company "L" from October 1-5, and for Company "C" 1/1, OPCON to this Battalion, from October 20-27, at Go Noi Island. Company "I" and Company "M" (vicinity of AT953667 and AT969688, respectively), were also resupplied by helicopter. A total of eight hundred and nine (809) combat troops were air lifted by helicopter during the month of October.

3. Fixed Wing

During the month of October, there were fifteen (15) tactical air strikes, using F-4 and A-4 Jet Aircraft, three (3) beacon strikes using A-6 jet aircraft and one (1) TPQ-10 mission, resulting in a total of sixteen (16) secondary explosions, six (6) huts destroyed, four (4) bunkers destroyed and two (2) tunnels caved in. Of the fifteen (15) tactical air strikes, two (2) dropped delay fused bombs, with up to thirty-six (36) hour fuze delay on infiltration routes in Charlie Ridge (vicinity AT897607 and AT918637).

Four (4) basketball (flareship) missions, using C-130 aircraft, dropped a total of two hundred and seventy-one (271) flares and two (2) speaky missions, with AC-47 aircraft using 7.62mm mini guns, were used. There were nineteen (19) aerial observer missions of which fourteen (14) controlled tactical air strikes and five (5) were used in support of ground units, and adjusting artillery.

4. Reconnaissance Flights

There were twenty-one (21) Visual Recommaissance flights flown during the month.

The tactical value of the Beacon Hops which were controlled from Hill 37 (vicinity AT916586) has been greatly improved due to the accurate and deadly techniques employed.

ENCLOSURE (1)

C. ARTILLERY

In support of 3rd Battalion, 1st Marines against the Communist insurgent forces in Vietnam, devastating artillery and mortar fire were released upon the enemy during the month of October. The 1st Battalion, 11th Marines Artillery Regiment provided most of the artillery fire in the direct support role using Batteries "A", and "C". General support from Battery "L", 4th Battalion, 11th Marines (155mm Self-propelled Houitzer) and Battery "C", 3rd 8 inch Battery, 11th Marines supplemented the Alect support fires. As indicated: the summary below, the 81mm mercar Platoon of 3rd Battalion, 1st Marines fired three thousand nine handed twenty four (3,924) rounds of indirect fire upon the enemy. Many of the enemy kills this month were credited to this fine mortar platoon. The artillery and mortar fires supported the 3rd Battalion, the Popular and Regional Forces and the Combined Action Companies operating in our TAOR.

The Battalion Fire Support Coordination Center personnel were provided by "C" Battery 1/11 and the 31mm Hortar Platoon. 31mm Mortar and Artillery Forward Observer teams were provided to each company. Numerous classes in controlling artillery and mortar fire were given this month.

The total number of rounds fired this month exceeded 20,000 rounds. Some fire missions in October resulted in complete destruction of the enemy force, thus demonstrating the effectiveness of the Forward Observer, FSCC, Gunnery Team.

TRAINING

THE PATTALION CONDUCTED THE FOLLOWING TRAINING DURING OCTOBER

1. A formal Orientation/Indoctrination Program was conducted for ninety four (94) personnel. Lectures were presented by the Battalion Commander and all staff sections, Air Liaison Officer, Medical Section, and Communications Officer. The contact team from First Engineer Battalion conducted training on mine and booby traps. Special emphasis was placed on orders which govern the actions of the individual Marine, the Personal Response Program, the conditions of the area in which the Marines will operate, and the goals and missions of the Battalion. One full day of training was devoted to care and cleaning, safety features, familiarization firing and zeroing of the M-16 rifle. The Quick Fire/Quick Kill method was also presented.

During the month a two (2) week company training cycle was initiated, whereby one (1) company is relieved of their areasof responsibility and extensive training is conducted. Company "L" completed the training cycle and Company "K" was half through at month's end. Division Schools contact teams were used wherever possible to conduct this training.

- 2. Familiarization Firing and Quick Fire/Quick Kill method were conducted at the Battalion and Hoa Cam Rifle Range for four hundred seventy seven (477) personnel of the Battalion.
- 3. Quotas were received and filled for formal training which included:
 - A. In Country Schools

LOGISTICS

A. ENGINEER ASSISTANCE AND OTHER CONSTRUCTION

During this reporting period no engineer work requests completed. Since the Battalion has been located at Hill 37 Combat Base, it has initiated engineer assistance requests to improve living and working conditions. At present the Battalion is awaiting the construction of a 22' x 32' x 6' TSFC Bunker for the Battalion Aid Station as an emergency treatment bunker. A work order is being initiated to provide a contact team to repair the HIZ.

The Battalion continues to improve the Combat Base on a self-help program. All defensive bunkers in the Battalion TACR have been reinforced and weather proofed for the monsoon season. The HLZ has been repaired sufficiently by this unit to meet its tactical requirements. All buildings in the Battalion TACR have been weather proofed to insure dry living and working spaces during the coming monsoons.

B. SUPPLY

1. Classes I, IIIII, and IV supply support have been sufficient during October to meet the Battalion's operational commitments. This unit has received 50% of its monsoon gear, and additional rainsuits have been ordered to complete this Battalion's requirements.

This Battalion's MARES Percentages have remained significantly high during the past month due to the receipt of many major items from FLC/FSR.

C. MAINTENANCE

The following Tactical Equipment Repair Orders were submitted to Maintenance Battalion, 1st FSR/FIC during October.

TYPE	SUBMITTED	COPLETED
Motor Transport	2	2
Ordnance	89	43
Comm/Elect	24	<u>11</u> ;
Engineer	0	· 0

D. On 29-30 October, the Command Material Management Inspection (CMII) was conducted by Division Inspection Teams. The Battalion was rated satisfactory in all areas.

COMMUNICATIONS

A. PERSONNEL

As of 31 October 1969, the total strength of the Communications Platoon was seventy (70) enlisted personnel.

B. IQUIPMENT

AN/TOUR AN/TGC-II was evacuated by the 1st Narines to FSE. The third AN/TGC-II is presently on order. All down AN/TGC-25's have been replaced at direct exchange. The generator problem continues to be a major one at the Hill 37 Combat Base. The 100 KW generators are not sufficient to handle the power requirements on Hill 37. The generator at the SEABME Bridge was inoperative on numerous occasions and was replaced at month's end. The generator at the Golden Gate Bridge was turned into NSA for replacement. Not previously reported was one (1) AN/CGC-3 Teletypeuriter which was evacuated to FSE on 24 August 1969. A letter has been submitted requesting a step-up in generators for Hill 37.

C. OPERATIONS/TRAINING

During the month the Communications Platoon participated in one (1) Battalion size operation and numerous short range patrols. The Division CMMI inspection took place on 30 October, with minor discrepancies. Two (2) schools were held over a three (3) day period. Normal training was conducted for the Communications Platoon.

MEDICAL/DENTAL AFFAIRS

A. PERSONNEL

1. On 31 October 1969, total strength was one (1) Medical Officer and fifty-four (54) corpsmen. During this period five (5) corpsmen were transferred to other commands: three (3) for duty and two (2) for temporary duty under treatment. There was one (1) WIA and zero (0) KIA's for this period.

B. PATIENT LOAD

- 1. For this period five hundred forty (540) patients were seen at the Battalion Aid Station Sick Call for an average of seventeen (17) patients per day.
- 2. There were nine (9) diagnosed with V.D., seventeen (17) with diarrhea, twenty-six (26) with upper respiratory infection, nine (9) with FUO, and fifty-two (52) with skin disorders. There were no cases of malaria.

C. REEDCAP/DENTCAP

- 1. BAS corpsmen held six (6) MEDCAP/DENTCAP during the month.
- 2. Medical aid was given to one thousand one hundred fifty-three (1,153) Vietnamese civilians.
 - 3. Dental care was given to six (6) Vietnamese civilians.

D. SANITATION

1. Sanitation inspections were held weekly during the month of October and the Battalion has shown major progress. Burning of feces has been improved and few discrepancies have been noted. The messhall has shown considerable progress concerning sanitation practices. Due to hard rocky soil, drainage has continued to be inadequate and will require engineering assistance in many areas. Continued rat control measures by the Medical Department in obtaining and setting poison bait has shown a decrease of the rat population.
