PART II

NARRATIVE SUMMARY

The battalion hospital continues to operate with companies A, B, and C centrally located at Quang Tri Combat Base. One of the new semi-permanent wards was opened on 19 March 1969.

Company D continues to be assigned in support of the Dong Ha Combat Base with an additional mission as the "Third Marine Division Memorial Children's Hospital". The operating beds available at D Medical Company are fifteen beds for U.S. military personnel and an additional thirty beds for children.

Elements of Headquarters and Service Company continue to be assigned medical support responsibilities for Task Force Hotel and are located at Vandergrift Combat Base. There are no operating beds at Vandergrift Combat Base.

The total admissions for 3rd Medical Battalion were 1,247. There were 2,657 patients triaged during March.

PART III

SEQUENTIAL LISTING OF SIGNIFICANT EVENTS

1. FMF organizations not committed to combat

a. Medical Support

(1) The Medical Battalion continues to operate three of its' collecting and clearing companies (A, B, & C) as a division hospital in support of the Third Marine Division and other attached units.

(2) On 19 March one of the semi-permanent wards under construction was completed and opened. The five quonset wards and three M.U.S.T. unit wards provide 228 operating beds. The

fourth M.U.S.T. unit ward is now being used as a heat casualty treatment center.

(3) An additional 15 beds for U.S. Forces are available at D Medical Company, Dong Ha Combat Base.

(4) Although no designated beds are available at Vandergrift Combat Base, significant emergency medical care is provided to Task Force Hotel by elements of H&S Company (CHARLIE MED) which support this area.

(5) In addition to support provided to Third Marine Division personnel, support has also been provided to the Army's 1st Brigade, 5th Infantry Division (Mechanized) upon the redeployment of the Army's 18th Surgical Hospital. This also has required the Third Medical Battalion to assume greater responsibility in the evacuation and hospitalization of ARVN, and Vietnamese civilians in all TADRs under the cognizance of the Third Marine Division.

(6) While B Company, 75th Support Battalion of the 1st Brigade, 5th Infantry Division (Mechanized) operates a 30 bed medical facility at Quang Tri Combat Base, all urgent/emergency U.S. Army casualties are normally evacuated directly to Third Medical Battalion.

(7) Moreover, outpatient consultation services are furnished to U.S. Army personnel in the areas of internal medicine, general surgery, orthopedic surgery, psychiatry, dermatology, and laboratory services.

(8) Significant statistical data are as follows:

(a) Number of sick days 6,854 (Hostile 1,239; Non-hostile 921; Disease 4,694).

(b) Average patient stay 4.1 days

(c) Peak census 224

(d) Operating room procedures 1,547

(e) Number of patients evacuated by fixed wing 621

(f) Number of patients evacuated by helicopter 803

b. Personnel and Administration

(1) The average number of enlisted Navy personnel decreased from 252 to 242 under the previous month. The battalion continues to provide hospital corpsmen on a TAO basis to CAG Units and Provincial Rifle Companies at the expense of lost man-days that appear to be creditable to this unit. At present seven corpsmen are involved. Navy staffing is considered satisfactory during the month of March.

(2) Marine enlisted promotions during March were as follows:

(a)	Cpl	<u>2</u>	Ltjg	<u>6</u>
	Sgt	<u>4</u>		

(3) The following awards were awarded:

(a)	Bronze Star	<u>2</u>	Vietnamese Cross Gallantry	<u>3</u>
	Purple Heart	<u>4</u>		

c. Training

(1) Training during the month of March consisted of two general areas which are as follows:

(a) The following is a list of the GMS taught in March:	
<u>Subject</u>	<u>Hours taught</u>
.50 Cal. Machinegun	<u>1</u>
First Aid	<u>1</u>
Field Sanitation and Hygiene	<u>1</u>

(b) Familiarization Firing of M16A1 Rifle - Personnel from the Medical Battalion are Fam Firing every two (2) weeks by the Division M16 Contact Team. During the month of March two (2) sessions of three (3) hours each were accomplished.

d. Logistics

(1) No major problems with back ordered items and current orders being received without undue delay.

(2) Medical Supply has no major problems.

(3) A total of 74 primary movers logged 16,936 miles in making 787 runs during March 1969. No significant problems exist within this section.

g. Command Relations

(1) A normal command relationship for a Medical Battalion operating ashore under the Landing Force Commander exists.

r. Community Relations

(1) In addition to the support given CAG teams and the "Third Marine Division Memorial Children's Hospital" previously delineated in this report, individual medical officers continue to volunteer their time to work in the Quang Tri Provincial Hospital. The Medical Battalion also provides out patient consultation service on a limited basis to other medical facilities who refer Vietnamese patients. Also medical evacuation service is provided to the hospital ships on station.

A total of eleven in patients and 110 out patients were treated at Third Medical Battalion during March. In addition, Delta Medical Company's primary effort is directed to the care of Vietnamese children. Consequently, there were a total of 151 Vietnamese admissions and 1,193 sick days accumulated at Company during March.
