r. Intelligence Summary

Enemy activity decreased substantially during the month of November in the Northern I Corps Area. Reconnaissance patrols continued to make significant sightings. Reconnaissance patrols continue to make numerous sightings and contacts around Gio Linh and Qua Viet. Activity north of Ca Lu continues to increase as does activity in the Khe Sanh area. The Khe Sanh activity indicates an increase in enemy infiltration from Laos with Route 926 as a major infiltration route. There also has been an increase in activity in Base Area 101 and the Da Krong Valley. Reconnaissance sightings and contacts west of Quang Tri Combat Base also indicates continued increase of enemy activity in this area.
