PART II

NARRATIVE SUMMARY

1. General Overview of All Activities

Third Tank Battalion, in general support of 3d Marine Division (-) (Rein), supported the 3d and 4th Marine Regiments. Throughout the month, both companies were maintained in a ready reaction status. They continued providing security throughout the month. During the month of September, there was no mine or RPG damage sustained.

2. Command Relations

During the month of September, the battalion deployed as follows:

3d Tank Battalion	G/S 3d Marine Division	1-30Sep69
Company A (Rein)	D/S 1st Bde, 5th Inf Div (Mech)	1-5 Sep69
(-)	D/S 4th Marine Regiment	6-30Sep69
Platoon	D/S 3d Marine Regiment	6-30Sep69
Company B (Rein)	D/S 4th Marine Regiment	1-5 Sep69
(-)	D/S 3d Marine Division	6-30Sep69
Platoon	D/S Dong Ha Base Coordinator	6-30Sep69

3. Missions Assigned

Third Tank Battalion, in general support of 3d Marine Division (-) (Rein), provides combat support of operations against VC/NVA forces in support of infantry operations and/or by engaging and defeating enemy armor and mechanized forces.

4. Intelligencea. Enemy Activity

(1) Activity in Quang Tri Province during the month was dominated by a series of sharp contacts between elements of the 3d Battalion, 3d Marines and an enemy force believed to be the 9th NVA Regiment. Other than this heavy fighting, enemy initiated activity was confined to attacks on 3d Marine Division Reconnaissance Teams and indirect attacks by fire.

(2) Several rocket attacks from positions in and near Base Area 101 continue to demonstrate the enemy's ability to place indirect, harassing fire on preselected targets at the time of his choosing.

ENCLOSURE (1)

~~CONFIDENTIAL~~

(3) In conclusion, it appears that the enemy's Summer-Autumn Campaign is losing its momentum. For the most part, the enemy avoided contact with our forces while his attacks by fire diminished in frequency and intensity. In view of this, the enemy may well be involved in an effort to regroup his forces and to prepare them for renewed operations, possibly in mid-October. However, when and how he may react to the redeployment of the balance of the 3d Marine Division is difficult to assess at this time. The enemy retains the capability to exert heavy pressure on our forces at a time and place of his own choosing. In the absence, as yet, of any discernable indicators, enemy intentions, not capabilities, are the impendables in the current enemy situation.

b. Mining Incidents. There were no mining incidents involving 3d Tank Battalion vehicles during the month of September.

c. Weather. The weather conditions during the month of September throughout the 3d Marine Division Area of Operations limited, somewhat, the capabilities of tank/infantry operations. The precipitation for September was 23.45 inches and the mean monthly precipitation was .78 inches, which prohibited trafficability in some areas. The high temperature was 97 degrees on 28 September. The average temperature was 81 degrees and the average relative humidity was 86%. On the 2nd, a typhoon hit the 3d Marine Division Area of operations with winds up to a velocity of 60 knots +. Relatively light damage was incurred and operations continued the next day.

As the month closed, Company A units continued providing security and H&I fires from VCB and ECB respectively.
