CIVIL AFFAIRS NEWSLETTER

Number 8

I. The Civil Affairs Newsletter is published as a means of transmitting information of interest to all who are participating and interested in Civic Action programs.

II. New Directives

a. MAF erder 5081.2, which premulgates the civic coordinator concept, was published on 12 April 1966. It should be noted that this order requires civic action coordinators to direct as well as coordinate the civic action efforts of MAF units located in respective areas of civic action responsibility.

b. Division Order 05080.4 amplifies and implements the previsions of MAF order 5081.2. This order delineates further the area of responsibility assigned to the Commanding General, 3rd Marine Division. The designation of the commanding officers of the 12th Marines, Headquarters Battalion and 3rd Tank Battalion as civic action coordinators is intended to give these units a more prominent role in civic action projects and to permit infantry regiments to concentrate their effects in more ferward areas.

III. Educational Program

The survey of additional classrooms required has been completed. This comprehensive study will serve as the basis for launching our schools building program. The survey indicates the need for a total of 103 additional classrooms in the Phu Bai and DaNang TAOR's. At a meeting conducted by MAF G-5 it was decided to allocate 23 classrooms to DaNang and 9 to Phu Bai as the first phase of construction of new classrooms. Repair of existing classrooms will precede new construction as a means toward realizing the most immediate results of our program.

Initial allecation of new construction of schools in the DaNang TAOR is shown below. It should be noted that a number of these schools include more than one classroom. An attempt was made to allocate to as many battalions as possible at least one classroom. Units are not shown in order to avoid classification of this newsletter. It is advisable to not present this construction program to hamlet and village chiefs as a definite commitment at this time.

IV. MEDCAP Supplies

- a. MAF G-5 is currently prepacking MEDCAP supplies for use by units during the conduct of tastical operations. Each package is designed to provide 150 treatments per day for a ten day period. Three such packages are to be prepared and will be most useful, particularly in the conduct of operations outside of the TAOR's
- b. Periodically we have heard from MEDCAP teams that there is room for improvement in the type of MEDCAP supplies received. For this reason we have requested that a survey be conducted to determine changes required to more adequately meet MEDCAP needs. The results of this survey will be provided to MAF.
- Vo. Food Commodities. We have asked that each unit provide an estimate of their routine weekly requirements for food commodities. This will permit mere accurate long range planning to meet the needs of each unit. Previsions will be made for having on hand food supplies to meet emergency needs.
- VI. Rice Bags. Request that you return empty rice bags to Division. They are required in Golden Fleece Operations and are difficult to obtain.
- VII. U. S. Army Refugee Teams. There are two refugee teams available to participate in operations in which significant numbers of refugees are anticipated. One Team is currently operating in Operation Georgia.
- VIII Reporting. Units participating in Operation Georgia have been doing very well in submitting their daily SITREF's via electrical transmission. The regular format lends itself to such use. Again I must remind all infantry battalions that daily SITREFs are required as a separate report for specific operations outside the TAOR, as in the case of Operation Georgia.

IX. Special Project. Major Fields of the Force Logistic Command has volunteered the services of that Command to construct a 50 foot footbridge in the 1/3 area. If they do a good job on this bridge we will consider letting them build a 150 footer in the 9th Marines area.

13. The civic action team held sick call in the hamlet of DA SON. The people were friendly and hospitable. Approximately, sixty-nine persons received medical assistance. There were twenty-eight boxes of washing powder distributed. The people of the hamlet were anxious over conditions previously reported in the hamlet. Many were afraid there would be no more medical assistance. They were assured that the dispensary would continue to operate.

The HOA HANH village chief and DA SON hamlet chief were contacted concerning removal of graves in the area. Several graves in the battalion CP area are located in such a position as to hinder some construction projects. The chiefs are making contact with the local residents concerned to determine the status of the graves. No trouble is anticipated in the project. Good working relationships are maintained between the HOA HANH village officials and 3rd Engineer Battalion.

NAPRATIVE REPORT

This day 1,500 plasters were contributed into the Vietnamese economy (Kim Bee Co.) for ice.

Today the hamlet chief, Mr. Tran Mien, of Cam Hoa hamlet, requested the aid of this unit. He expressed a desire that a population Sensus be conducted and house numbers be assigned as was previously done in Yen Bac. Cam Hoa consist approximately of 118 families distributed over 9 subhamlets with a population of approximately 664 people. Cam Hoa also has an existing school which is in need of repairs and enlargement.

The parents of Nguyen Vau Luon, a man wanted by the Hoa Vang district, approached the civic action officer and asked if he could guarantee thin their son would not be beaten if he turned himself in. Liaison will be made with the District Headquarters.

The school program, which was started in Yen Bac a few weeks ago, has far exceeded our expectations. Teday a record number of 43 children crowded into the one room temporary school building. This classroom has been expanded twice already. The children were treated to an unannouced meal prepared and provided by this unit. Words can not describe the delight that registered in the children's eyes when they confronted with the meal. Among the current students are a little boy and girl who not so long ago were near death when their little bodies were charred with severe oil burns. Both of these children were mursed back to life by the unit's civic action team. Teday they are star pupils and have been instrumental in bringing other children to school.

13. Members of the battalion civic action team made visits to both PHU HA and DA SON. In the hamlet of DA SON 49 persons received treatment at the dispensary. The people were happy and friendly. No indication of any "May Day" hostility was present. In the hamlet of PHU HA 61 persons received medical treatment. In addition to medical treatment, six textile kits were distributed by the hamlet chief.

The civil affairs officer discussed the possibilities of an expanded civic action program in the hamlet. The hamlet chief was asked for ideas. Due to a communication problem the hamlet chief could not understand. An effort will again be made along this line when more favorable conditions exist.

TO: CG, III MAF (ATTN: G-5)

SUBJ: Daily Civic Action Activity Report Period 010600H to 020600H May 66.

1. 1/1 is presently in a TAOR void of population.
1/4 is on eperations in the field, no report available.

On 1 May the 3d Marine Division Band played two civic action concerts in 2. the Ihie/Phu Bal area. The band appeared as the result of a request by Lt. Col. Khea, the Thua Thien Prevince Chief and Mayer of hue. A morning cencert took place in the village of Thuy Phuong (620179) on the Huong Thuy District High School grounds. This area was selected because Combined Action Company units were introduced into the village less than two menths age and have encountered substantial Viet Cong activity during night time operations. Approximately 300 villages witnessed the performance and drank 25 gallens of iced tea provided by the 4th Marines. In the afternoon, a public concert was held in Hue at a public park along the Parfum River. This location has served as the kick-off point for many recent political demonstrations in Hue. The band's program consisted of martial music and Vietnamese and American favorites. Approximately 2,000 Vietnamese assembled for the concert including Lt. Col. Khos, the Mayor of Hue. The Executive Officer, 4th Marines and the Commanding Officer, 2d Battalion, 1st Marines were also in attendance. I feel that "people-te-people" concerts have a considerable amount of psychological impact. The people are visibly impressed by the Marines mastery of Vietnamese music and seem to appreciate the fact that we have managed to assimilate a facet of their culture.

13. Since 2 May was a Vietnamese holiday none of the battalion indigenous employees were at work. The workers have the option of not working or working at double pay. Since most of 3rd Engineer Battalion workers have managed to work steadily through the recent period of civil unrest, they chose to take the holiday.

Sick call was held in the hamlet of DA SON and received fair attendance. Fifty-eight persons from the hamlet of DA SON were treated. Also 120 bars of soap were distributed.

The hamlet chief visited the dispensary during sick call. He was visiting in a social capacity and maintaining the holiday atomosphere. Only general topics were discussed.

13. The battalion medical team visited the hamlet of DA SON for sick call. Approximately 72 persons received treatments. In addition to treatments, 150 bars of scap, and twenty bottles of vitamins were distributed. The people from the hamlet were waiting at the dispensary when it opened and held a police call on the area before the dispensary closed. Four boys from the hamlet are learning first aid practices. They are now treating all minor cuts and scratches. They also are learning the names of various instruments. Though no formal plan of instruction is used, the boys are introduced to one new topic each week.

During the afternoon the battalion civil affairs officer was visited by representatives from HOA VANG district headquarters. The visit was of a social nature, however; some discussion centered on controlling Vietnamese Nationals in the area.

ARRATIVE REPORT:

This day 1,500 plasters were contributed into the Vietnamese economy (Kim Bee Co) for ice.

The Battalion Maintenance Section repaired one chisel, one knife and five garden hoes for the villagers of Yen Bac.

The school program is progressing rapidly. There were 56 children in attendance today and a crash program has begun to enlarge the classroom.

Mr. Earl YOUNG, USAID Representative to III MAF, and Captain G. E. YARSOROUGH, Assistant G-5, 3d Marine Division, visited the 3d Antitank Battalien, Wednesday afternoon, 4 May 1966. Colonel HEFLIN conducted Mr. YOUNG and Captain YARE ROUGH on a tour of the Eattalien Civic Action projects and discussed existing and future battalien projects.

Mr. YOUNG pledged USAID assistance with the following:

- (a) Providing fingerlings for the fish projects.
- (b) Obtaining pigs for the pig project.
- (c) Providing one (1) hand water pump on experimental basis.
- (d) Furnishing one (1) windmill water pump for Yen Bac hamlet.

The 3d Antitank Battalion has started a "free lunch" program for school children in Yen Bac with left-over messhall food. This varies from day to day based on the availability of left-over food and is limited through lack of sating utensils. It is recommended that regular food be provided for this worth while program and also that disposable eating utensils, plates or bowls be furnished through Civic Action Agencies.

13. The battalion medical team visited the hamlet of DA SON for sick call. Approximately 61 persons were on hand to receive medical attention. Four boys from the hamlet are being instructed on general first aid measures. These boys are enthusiastic about their instruction, and they are conscientious students. The boys are currently learning personal hygine and its importance. It is planned that these boys will in turn teach other members of the hamlet, good personal hygine habits.

The hamlet chief was on hand during sick call. He helped control the people. The hamlet chief also distributed ten "CARE" textile kits to needy women in the hamlet.

- 1. 1/1 is presently in a TAOR void of population.
 1/4 and 3/4 are on operations in the field, no report available.
- 2. On 3 May, Thus Thism Province conducted a meeting with local district and village officials concerning the removal of graves within the Phu Bai perimeter. The meeting was occasioned by a halt in grave removal caused primerily by a lack of provincial funds on hand for quick recuneration. The Province Chief insured the people that funds have been requested from Saigen to cover all claims. This has induced many villagers to resume work on the removal of their ancestral graves. The regimental S-5 has agreed to supply empty 105mm ammunition boxes to the village of Thuy Phu for grave removal purposes.

Respectfully submitted

From: Commanding Officer

To: Commanding General, III MAF (Attn: G-5)

Subj: Daily Situation Report

Ref: Force NCCO 5081.1A

1. Narrative Summary, COUNTY FAIR:

a. COUNTY FAIR number 12 concluded at 061100H. During the operation National Police checked 700 I.D. cards. 555 villagers received medical care and 47 received dental treatment. The people consumed 1200 pounds of rice, 8 cases of soup and 1680 boxes of candy. 1000 bars of soap and 600 magazines were distributed. The 3d Marine Division Band was on hand for a one hour performance on the second morning of the operation. The band held the interest of the villagers, particularly the children, and helped break the monotony of confinement.

- b. No enemy contact was made during this reporting period but two caves were destroyed and 400 litres of fish oil, 280 litres of kerosine, 160 kilograms of salt and two bolts of cloth were found and confiscated.
- c. It was noted than THANH QUIT hamlet has a total of 6 classrooms in two school buildings. Both school buildings are in good repair and both have blackboards and furniture. One building with four rooms located at BT 037627 appears to have been the village school while the other building with two rooms located at BT 033623 was the hamlet school.

2. Incident Reports

a. The Pacification Cadre Leader reported that the hamlet chief of LA BONG hamlet, HOA LOI Village was kidnapped by a platoon of VC on the night of 5 May. At the end of this reporting this report was confirmed by neither HOA VANG District nor Pacification seadquarters.

13. The battalion civic action team visited the hamlet of RA SON for sick call. There were fifty-eight persons present at the new dispensary for treatment. In addition to nedical treatment everyone who needed soap was given scap. The hamlet chief was on hand to help with distribution. The hamlet chief made personal distribution of ten "CARE" textile kits. The people were happy to receive the various items.

Four boys from the hamlet continued their training in first aid techniques. They are making satisfactory progress.

The battalion indigenous labor force has now reached its planned employee level. Persons are still being processed to acquire the necessary security clearance. It is hoped that a "ready reserve" of trained workers can be built up in order to maintain the current level.

MARRATIVE REPORT

The 3d TANK BN participated in the Fhong Bac School graduation coremonies today. The coremonies commenced at 1000 at the Phong Bac School (998708).

The 3d TANK BN CO was the honored guest and speaker at the ceremony which lasted about one hour. The CO spoke on the benefits of freedom, love of country, education, and democracy. The people were very enthusiastic over the speech and seemed moved by the Marines ceneers.

Following the speech the top 3 students in each of the four grades were presented with gifts in recognition of thier achievements. The gifts consisted of crayens, pencils, tablets, erasers, GARE school kits, colored pencils, rulers, and bars of scap.

The Battalian Givic Action Team visited the boy in the USOM hospital who is recovering from a hairlip operation. He should be able to return to his home on Wednesday, 11 May 66.

The people of the hamlet were very receptive to all Marines in the area today.

13. Members of the battalion civic action team and the battalion chaplin attended mass in the hamlet of PHU HA. At the request of "Father Peter" the hamlet priest, members of the civic action team attended ten o'clock mass at the hamlet church. Prior to mass, sick call was held in the hamlet. The civic action team was well received. The people of the hamlet were friendly and outgoing.

Progress was noted on the new church being constructed by the people of PHU HA. Some advice was solicited on building techniques that would be best used. Arraingments were made to provide an engineer advisor to the workmen from time to time as the work requires. The workmen from the damlet need technical assistance periodically. This technical assistance will be provided when requested.

In the hamlet of DA SON, sick call was held during the afternoon. The people of DA SON were friendly to the civic action team.

SUBJ: Daily Civio Action Activity Report Ported 070600H to 089600H May 66.

- 1. 1/1, 1/4 and 3/4 are on operations in the field, no report available.
- During the period 5 7 May, the 4th Marines participated in "Operation Cherokee" in Phong Dien District. The operation took place in territory which has long been under the control of the Viet Cong.

 During the three day period approximately 1,035 divilians were evacuated to district headquarters (YD524347) for screening and relocation. Of this group, 76 were found to be VCC or VCS. The remaining 959 were taken to the village of Dong Lem (558318) for resettlement. There appears to be adequate room in this area to absorb the large number of refugees since Dong Lem is very lightly populated. The bulk of its population was evacuated when the village was under V.C. control and the villagers have settled alsowhere.

MEDCAP terms from Hendquaters Company, 4th Marines and "D" NED treated 40 Vietnamese on 5 May and 270 on 6 and 7 May. 900 bars of scap were given out and a clean-up period was held on the local children. After the children had been sorubbed, 55 lbs. of clothing and 20 pairs of shoes were

Approximately 30 tons of rice were captured on the operation and delivered to District headquarters. The bulk of this rice will be used to feed the refugees. Twenty-five (25) lbs. of eardy were also given out by Marines. Hany civilians collected on the first day were obviously terror-stricked at being confronted with Marines. This can be attributed partly to the V.C. propagenda which was recovered in the area and aimed at U.S. Forces. At the conclusion of the operation, however, many families expressed their desire to remain at Dong Lem.

The 1st Battalion, 4th Marines will remain in the area and provide security while the villagers return to collect household effects and drive over 300 head of buffalo and cattle back to Dong Lem.

Plans are presently being made to assist the refugees during the initial stages with the provision of necessity items. The Thus Thion Province USAID representative has agreed to accompany the S-5, 4th Marines to Dong Lem to determine requirements.

Respectfully submitted

1. Narrative Summary, COUNTY FAIR:

m. COUNTY FAIR number 13 began as scheduled in LE SON, (AT 976646). By the end of this reporting period seven VC were KIA and three VCC were captured. Two individual weapons, one directional type mine, (Viet Cong manufacture) and an undetermined number of grenades were captured along with a map showing exact locations of the Marine Company positions in AN TRACH.

2. Narrative Summary, Operation GEORGIA:

- a. The 3/9 Psy-War Officer reported that face to face contacts with the people of DUC DUC District reveal that leaflet drops and, to a lesser extent, aerial loudspeaker broadcasts have succeeded in giving wide coverage to USMC/GVN propaganda themes. The people are aware of the reason for Marine presence and are familiar with the CHIEU HOI program.
- b. Two CHIEU HOI returnees who surrendered to GVN authorities in 6 May were instrumental in locating and killing five VC and capturing two individual weapons.
- o. The 3/9 Psy-War Officer reported that both the I Corps Psy-War Audio Team and U-10 loudspeaker aircraft assigned to 3/9 for the duration of operation GEORGIA departed AN HOA on 6 May. No reason was given for the move.

3. Incident Report:

a. The Pacification Gadre Leader of HOA LOI Village reported that the LA BONG Hamlet Chief kidnapped by VC on 5 May was held for 24 hours and released. Because of his son's participation in VC activities the chief was not harmed or further detained. The cadre leader stated that the Hamlet Chief was publicationed about Marine Units and activities in his area and was warned against cooperating with the Marines.

NARRATIVE REPORT

This date 5,300 plasters were contributed into the Vietnamese economy for services rendered.

- a. 1,800 piasters to Kim Bee Co. for ice.
- b. 3,500 piasters to Orient Laundry for laundry services.

The Battalion Civil Affairs Officer accompanied Dr. CLYBURNE of USAID to purchase four American pigs for the hamlet of Yen Bac. The pigs will be interbred with the local stock to produce a superior hybrid hog. This is the last big step in launching our hog program. The pigs will be kept in the recently completed model pig pen and fed messhall garbage and corn which is donated by the battalion for meritorious acts, such as participating in self-help programs.
