MARRATIVE REPORT

Today the battalion civis action team received 126 bags of cement from the Division civic action for foot bridges, wells and school improvements in Cam Hoa AT970704 & Yen Bac AT95708 hamlets.

The people of Yen Bas continued improvements on three wells. Much work is needed in this area of civic action. There is a definite need of technical team to provide assistance and conduct surveys. The trial and error method is costly in materials and man power.

- 1. Enclosures one (1), two (2), three (3), feur (4), and five (5) reviewed and forwarded.
- 2. On 29 June 300 lbs. of clothing and a MEDCAP mount-out block were received from 3rd MarDiv G-5 for civic action use in Operation Jay. This material along with 1,000 lbs. bulgar wheat, 1,000 bars of soap and 50 lbs. of candy arrived at 2/4 CP en the morning of 30 June accompanied by the 2/4, S-5 and the lst AA platoon, 29th Civil Affairs Company. Medical and Personal assistance figures for 30 June are included in enclosure (2).

Recent reports indicate that 900 civilians coming mostly from My Phu Hamlet (566424) have returned to find their kemes and much of their personal effects severely damaged. Phong Dien District has set up a center at Luong Mai combat base to handle the homeless. Most of the RVN Nationals questioned, however, have expressed a desire to remain on their lands rather than become refusees. Much of their food and livestock was salvaged and appears to be sufficient to previde subsistence for the villagers.

Approximately 120 tons of rice were captured in the "Jay" area. The bulk of this is being removed by Marines and ARVM forces to a Thua Thien Province collection point. A three (3) month supply will be left with the My Phu villagers and dispensed by the village ad-

ministrative council.

10,000 lbs. will be delivered to Luong Mai Base for emergency purposes. An additional 200 lbs. of bulgar wheat, 15 gal. of cooking oil, and 100 packages of iron tablets were airlifted to 2/4's position on 1 June.

2/4 will continue to carry out civic action in the Jay area and submit deily SITREPS via electrical transmissions.

Respectfully submitted

Today, the Battalion, Civic Action NOO, Interpreter, the Hamlet Chief of NAM-O (AT935835), and the Headmaster of the school at NAM-C. discussed painting the school house. Twelve (12) gallons of paint was presented to the Headmaster and work will begin on the 8th of July. The Headmaster also expressed a desire to build a reading room at the school for which wood will be needed for the bookshelfs.

Morter Bettery Civic Action NCO delivered 20 pounds of food to the femily of the rear who was injured by a grenade. This contribution of food will help sustain the family until he is able to go back to work.

MARRATIVE REPORT

- 1. Difficulty in getting refugees into temporary shelter is still being snoountered. Problems seem to be that people resent being under canvas and want houses built. I have explained manytimes that this is only a temporary measure but this appears not to get across. District chief today stated that screening of the families and setting up temporary shelters have began 0/4 3Jul at the latest.
- 2. The total number of refugees previously reported now appear to include old and new refugees. Old refugees are those who have wondered into the Dai Loc area almost one year age because they could not live under VC rule and harrassment. New refugees are those who have arrived since 12Jun (Operation Georgia) to date. Assistant District Chief and District Chief say these number approximately 1400 families. It will take almost a week to come up with a compitent list of these new refugees. I have told District Chief that food will only be distributed to the new refugees in the future. Most of the old refugees have built permanent housing and are what I would consider to be resettled. If there are old refugees without housing they, too, will be offered temporary shelters and assistance.

J.Attitude of people(refugees) is good. Attitude of village chief and Asst Chief is to get all t ey can while the Hand-out lasts. This must be stopped and the proper solution lies in feeding and assisting only those who help themselves by moving and building their own temporary shelters.

MARKATIVE REPORTS

Minety-two (92) children from two Hea Hamlet and Seventy-eight (78) shildren from Yen Hac Hamlet accompanied by Mine (9) adults were guests at a party given by the Officers and men of the 3d Antitank Mattalion. The party was held in the 3d Antitank Mattalion Messhall with a 4th of July metif. The children were served a meal which included hot dogs and ice cream. It was interesting to watch the children's reaction to the ice cream. Since the children and adults alike insisted on dipping their salad and hot dogs into the ice cream, it can only be assumed that they took the ice cream to be a superior type of Mucc-Mam (Fish sauce). Each child departed with gifts someisting of sear, writing paper, pencils and toys.

The people of Yen Sac picked up 41 bags of cement today for hamlet projects. The people also spread fertilizer which was recently distributed thru USAID. Rice fields previously fertilized are a real sys opener and are a testimeny to the efforts of USAID.

13. Members of the 3d Engineer Battalion Civic Action Team were invited to a party given by the hamlet priest at PHU Ha. Unfortunately, many members could not attend since the invitation was given at short notice and prior commitments had been made. The invitation was a gesture characteristic of the friendship that has developed between hamlet members in PHU HA and the 3d Engineers.

Training has continued with the Vietnamese nurse. Arrangements have been made for her to work in the Industrial Relations Office where medical treatment may be provided the indigenous employees.

13. Future projects contemplated by the 3d Engineer Battalion Civil Affairs
Team were reviewed and discussed. Of primary importance was the consolidation
and coordination with in the team of distribution of civil affairs materials.
This will be achieved by redefining areas where aid will be directed. In
DA Bon aid will be offered of a medical nature only. In PHU HA the distribution
of materials will continue and will be directed towards the refugee families
who increase by week.

In forward areas liaison was reestablished between 3d Engineer Civil Affairs Officer and Civil Affairs Officers of 2/3 and 3/3. Aid given to families along Route #5 South of the floating bridge will continue with the cognizance of the 3d Marines Civil Affairs Office. The participation in County Fair operations and operations with combined action units prevent the forward battalions from providing this type of distribution.

The training of the Vietnamese nurse continues with members of the Battalion's Medical Staff.

1. Marrative Summary, 9th Marines:

The U. S. Army Refugee Control Team assigned to DIEN BAN District reported that 841 refugee families have been registered by District Officials. An undetermined number of families remained unregistered at the end of this reporting period. The villages producing refugees were: KY QUANG, 59 families; KY CHAU, 138 families; KY NCOC, 348 families; PHV HURC, 16 families; KY TAN, 157 families; and VINH HAO, 222 families. Each registered refugee family has received a week's supply of wheat, corn, milk and rice. Those without shelter have been given temporary quarters in the DIEN BAN District High School, (BT 058587). Additional supplies of rice and wheat are being made available through the USAID warehouse at HOT AN. One 6x6 truck is being furnished to DIEN BAN District Headquarters through the 9th Marines. The truck will be used to haul commodities from DA NANO and HOT AN. Through the 9th Marines an I Corps Audio Visual Team has been requested to augment District VIS personnel. The Refugee Control Team reported that the refugee problem is being handled afficiently by the District Chief. Et this point no serious difficulties seem imminent.

- 1. Enclosures (1), (2), and (3) reviewed and ferwarded.
- 2. On 2 July the S-5, 4th Marines; the C.O. of C Company, lat Battalion, 4th Marines; and the squad leader of CAC-4 attended a village meeting in Loc Bon (927102) to discuss an incident which occured on 29 June in which air and artillary were called on civilians by mistake, killing 3 and wounding 18. The village administrative council, selected elders, and 400 villagers were in attendance. The village chief, Ho Ngoc Hoa, teak the appearantly to discuss current topics of interest in the village such as recent developments in Hue and several Viet Cong assassinations which have taken the lives of Loc Bon villagers including that of a 17 year-old boy on 29 June.

The regimental S-5 expressed the serrow felt by Marines at the death of immocent civiliens, but werned that as long as the Viet Cong continue to mingle with the people, the lives of law abiding citizens will be in danger.

Phergency supplies consisting of 60 lbs. of clothing, 60 lbs. of rice, 100 lbs of wheet, 5 gal. of whole milk, and assorted canned vegetables were presented to the village chief to be distributed to the injured.

The village chief then outlined a boundary ground the village, agreed upon by the 4th Marines, beyond which woodcutters and begtamen would not venture under any circumstances. Villagers were instructed that violations of this boundary could result in their being mintaken for Viet Cong with appropriate action taken by allied units.

MARRATIVE REPORT:

- 1. A large amount of usable lumber was delivered to the hamlet of Cam Hoa today. It will be utilised to build new school desks and benches as well as in reinforcing the existing school edifice. Mails and sandpaper were also contributed.
- 2. Contact with Cam Hos hamlet indicates the existence of strong and viable hamlet leadership. There is apparently a tremendous interest taken in community development. Leadership is direct, well organised and indicates tremendous potential for further development.
- 5. Continued efforts are being made to irrigate the Cam Hoa, Yen Bac Hamlet complex. To date over 6 million gallons of water have been pumped into the paddies of the complex.
- 4. Well construction and improvement prejects have been initiated in Cam Hoa. To date construction has begun on three new wells and improvements have been made to four (4) others

13. Over a period of a month, a total of 3 persons from DA SON hamlet have received treatment for rabies at the hamlet dispensary or at the battalion aid station. At the present time the hamlet chief's daughter is receiving this treatment. In each of the three cases the vatients have responded well.

The Civil Affairs Officer accompanied by the Battalion Chaplain visited the hamlet of PHU HA. Thepurpose of the visit was to survey areas for future projects in the hamlet. It was planned to include the hamlet chief in a brief tour of the hamlet but hisabsence from the hamlet prevented this. Arrangements have been made to make another visit to the hamlet when the chief is available. A social call was made to the home of Mr. Le Tuyen. He and his family are refugees who have recently moved into PHU HA. Mr. Le Tuyen has done some work for the battalion at the utilities section.

2nd Battalion, 3rd Marines DAILY CIVIC ACTION ACTIVITY SIT-REP

Other U.S. Arency Support. (The 29th DP Tees, U.S. Army)

The following is a nerrative which Major T. J. BRANTLEY, U.S. Army wrote for his daily civil affairs report which he sends to 3rd Marine Amphibious Force.

- 1. Meeting we held with the Dai Lee District Chief this morning to emphasize the continued construction of temperary shelters, the continued screening of refugee families to determine which families are VC oriented, and the purification of the number of new refugees who have been registered. Lt Phuong , the District Chief, assured me that work continues on all projects indicated. A list of the VC families is being compiled and will be given to the undersigned upon completion.
- 2. Sick calls have become inadequate due to the loss of one (1) medic from 41et (PCS) and the return of our Public Health doctors. Too much of my time is being consumed in coordinating medical assistance. Today, we evacuated one (1) adult and two (2) children to Hoi An. There is an urgent need for weekly visits by a physician. Plans should be made now for a Public Health survey of the Dai Loc District to determine "new life" improvements in this area, is, new dispensary, public toilets, new well placements and testing of water.
- 3. Supplies arriving today were 100 bags of rice and 67 tarps. Distribution was begun this afternoon of the rice. It. Duong, who is a member of the ARYN CA Team, organized the distribution and three (3) kilogram per family is being passed out. The distribution will continue tomorrow untill all families are sup lied.

### MARRATIVE REPORT

ANOTHER of the regularly scheduled English classes was held this evening.
17 students were present. These are all boys between 8 and 15 years old.
They are very enthusiastic and anxious to learn and they seem to form the hard core of the class. Each night there are a few other children and adults who attend, but they cannot be classified as regular students. The class centinues to be very successful.

### 1. Narrative Summary. 9th Marines:

a. Land broadcasts were conducted in grid squares AT 9661 and 9761 near Hill 55. The themes of the broadcasts were an explanation of Marine presence in the area and an appeal to villagers to report VC activity.

b. In anticipation of the possible generating of large numbers of refugees during phases two and three of operation MACON, an aerial loud-speaker broadcast was conducted directing the villagers to move to DUY XUYEN District Headquarters. Civilians can be expected to begin moving out of the operations area on 8 July. DUY XUYEN District Headquarters was notified of the broadcasts through U. S. Army advisors at HOI AN. A U. S. Army Refuges Control Team was requested for DUY XUYEN from the G-5, 3d Marine Division.

#### MARRATIVE REPORT

- 1. A survey of canvas tarps which had been distributed to the refugees was conducted this morning. These tarps had been distributed to village chiefs by Lt. Doung, ARVN. The canvas is ready to be used, but two villages report that they cannot obtain the bamboo needed for frameworks because the bamboo is located in VC controlled areas. We are taking steps to provide troops to accompany bamboo cutting expiditions.
- a. The following is a breakdown of the six refuges camps to which tarps have been issued:

Loc Hung	100 tarps issued, of which 49 have been erected
Loc Chanh	150 tarps issued, of which 129 have been erected.
Loc An	59 tarps issued, none yet erected, foundations now being completed
Loc My	84 tarps issued, none yet erected, foundations now being completed
Loo Fhong	100 tarps issued, none yet erected because bamboo supply lies in VC area
Ky Tan	65 tarps issued, 6 are erected, bamboo supply lies in TC area.

- 2. Supplies received today were 34 additional tarps and 100 replacement school kits. Two of the samp chiefs stated that their people are extremely concerned about their childrens education.
- 3. Dr. (Captain) Platt and Specialist Holbert held sick call twice today, once in the morning and once in the afternoon. To induce more refugees to use the camps already established, the sick calls were held in the two camps most nearly completed. Loc Chanh and Loc Hung. (See report form for breakdown of patients) After sick call, it was noted that substantially greater number of persons did remain in the camps.
- 4. Food distribution was made today, again under the supervision of Lt. Boung. (See report form for breakdown) Distribution was made directly adjecent to Loc Hung Camp, again to induce greater use of the camps, and this policy will be continued in the future.

#### 1. Narrative Summary, 9th Marines:

Arrangements were made to bring three THANH SON Village cadre, one KY MINH Village efficial and one KY QUANG Village efficial to Hill 55 where they can reestablish contact in their respective villages. It is anticipated that the village efficials will be able to curtail VC activity in the area because of their knowledge of the population. The DIEN BAN District Chief stated he believes the cadre personnel can influence some of the local guerillas to return to the GVN under the CHIEU HCI policy. The 1st Battalion, 9th Marines agreed to provide the cadre feed and shelter. In addition 1/9 well provide transportation to and from DIEN BAN District Headquarters and security while the cadre work in their humlets. The five cadre are scheduled to arrive at Hill 55 at 11120CH.

b. The DIEN BAN District Chief reported completing registration of 1054 refugee families totaling 5999 people. The following villages were sited as the source of the refugees:

KY NGOC VINH HOA KY TAN KY CHAU KY QUANG PHU MY PHU HUNG	148 families 223 families 165 families 154 families 89 families 47 families 16 families	2132 people 1362 people 1073 people 752 people 322 people 217 people 89 people
T ANH PHONG	12 families	52 people
Total	1054 families	5999 people

VC families numbered 112, 61 of which were from KY NGOC. These families, totaling approximately 500 people will be detained in a temperary reindectrination camp according to the District Chief.

Subj: Daily Situation Report

Ref: Force NCCO 5081.1A

#### 1. Narrative Summary. 9th Marines:

a. The 3d Battalion, 9th Marines reported that 205 refugees have come to DHC DHC District Headquarters as a result of operation MACON. These refugees have been easily absorbed into existing camps but are not expected to remain after the operation terminates.

b. The DIC DIC District Chief reported difficulty in acquiring foodstuffs for his permanent refugee camps which now hold approximately
8000 people. He stated that food from GVN sources are in increasingly
short supply and that a two month lead time is normal for filling his
orders. Accordingly, 5000 pounds of bulgur wheat per week were requested
by 34 Battalium, 9th Harines on behalf of the District Chief. The request
was forwarded. USAID officials were made aware of the problem and the
Civil Affairs Flatoon from the U. S. Army 29th Civil Affairs Company
operating in direct support of the 3d Battalion, 9th Marines requested
a Refugee Control Team to analyse the refugee situation in the District.
