CONFIDENTIALPersonnel and Administration

Section II

a. Summary. The Battalion spent the entire month operating from the Phu Bai enclave in defense of the vital area. Twice during the month the Battalion assumed the responsibility for the FSCC from Regiment. During the month the CAC program was increased by one additional village. Toward the end of the month, there was a Change of Command Ceremony for the Battalion Commanding Officer. Lieutenant Colonel Jack WESTERMAN replaced Lieutenant Colonel R. E. SULLIVAN as Commanding Officer.

b. Significant Events.

- 5 June - New Executive Officer, Major M. C. CAFFEN assumed duties.
- 8 June - Battalion assumed the responsibility of FSCC for the entire enclave.
- 24 June - The CAC Unit was enlarged by the addition of one more hamlet to the program.
- 25 June - Battalion assumed operational control of Company "M", 3rd Battalion, 4th Marines.
- 26 June - Battalion had a Change of Command Ceremony in which Lieutenant Colonel Jack WESTERMAN replaced Lieutenant Colonel R. E. SULLIVAN as Commanding Officer.

c. Problem Areas/New Developments.

- 1. The present problem area which shows no promising relief at least not until after October is the critical shortage of officers. A total of nine officers rotated during June and were replaced by five new officers.
- 2. There were no new developments this month.

f. Morale, PX, Postal Affairs, Liberty, R&R.

Morale is excellent, the battalion's fighting spirit has remained high throughout the month. The entire period was spent in the relative comfort of the Phu Bai Combat Base; hot "A" and "B" rations meals were served, showers were available three times daily, the clubs maintained a good supply of liquid refreshment, and movies were available to all hands not on watch. PX facilities were available to all Marines in the enclave, and provided adequate "health and comfort" items. Mail service has improved and is quite regular; liberty was not authorized to the command during the period. R&R quotas have increased for the month, and at the present rate all members of the command should be able to take advantage of the opportunity.

g. Chaplain's Activities.

1st Battalion, 4th Marines was without a Chaplain for the first few days of the month. On 4 June 1966 Chaplain Stephen E. ALMAY was assigned; he undertook and continued Chaplain MOODY's fine program. The initial period of this assignment was taken up with establishment of office space and coordinating activities with Regiment for needs of the service. Each Sunday three to four services were conducted covering, besides 1st Battalion, 4th Marines, 3rd Battalion, 4th Marines, 8th RRU, and HMM 161. Each day services were conducted at Regimental Chapel, at 1700; also Memorial Services

CONFIDENTIAL

at CAC villages. A visit was also made to a Vietnamese Orphanage, in which soap was distributed. Regular visitation made to the Medical Ward and assisted at A-Med. Counseling military personnel amounted to approximately seventy-five for the month of June. Extension of activities outside scope of 1st Battalion, 4th Marines is necessary for support with other units, as well as our dependence upon them for use of their Protestant Chaplain.

CONFIDENTIALINTELLIGENCE

SECTION III

- A. General. (Period covered: 1 June 66 - 30 June 66) The Battalion was actively engaged with Viet Cong elements throughout the reporting period with the majority of contacts being made during the period 7 Jun 66, to 22 Jun 66, by patrols and ambushes. Also several probing attempts were made by small VC elements along the Battalion's defensive perimeter. During the period 1-7 June contact was light and few in number. During this time the majority of the contacts made were initiated by VC in groups of 1-3 or by lone snipers expending only a few rounds per incident. Marine retaliation, usually involved illumination and the return of a heavy volume of fire to the enemy position and a physical search or sweep of the area. The period 7-22 June was characterized by a marked increase in VC activity resulting in an average of 5 incidents daily, most of which occurred during the hours of darkness. Throughout this period, the Battalion was credited with 2 VC KIA (Conf), 13 WIA (Prob), 11 VCS and 2 weapons captured. The majority of the action during this period involved the Combined Action Company (CAC) (Co. C, 1st Battalion, 4th Marines) while on patrol and/or ambush.

At 082345H, CAC-7A patrol ambushed 3 VC on a trail at YD820177 resulting one VC KIA (Conf), one weapon captured, and 2 VC WIA (Prob).

At 112040H, CAC-7B patrol fired on 4 VC at YD826167 resulting in one VC KIA (Conf), one weapon captured, and the apprehension of one VCS.

At 130142H, Co. A patrol fired on 3 VC at YD889123 resulting in one VC WIA (Prob).

At 151000H, Co. D with PF's attached conducted a company size operation in the hamlet of Loi Nong GS YD8319 along the Song Loi Nong River. Contact was extremely light with one incident of the attached PF's firing on 4 VC across the river. The operation ended with the location of freshly prepared positions in the southern end of the hamlet.

At 182340H, CAC-7B patrol apprehended one VCS at YD819183 near the scene of a small arms incident.

At 202255H, CAC-7A patrol ambushed five VC at YD830172 resulting in one VC WIA (Prob).

At 211030H, Co. B on a sweep apprehended one VCS at YD839163.

At 221615H, CAC-7A patrol engaged 10 VC at YD839195 resulting in two VC WIA (Prob).

At 221800H, CAC-7A patrol engaged 15 VC at YD841194 with a heavy volume of S/A fire resulting in five VC WIA (Prob).

At 222235H, CAC-1 patrol apprehended four VCS at YD878117 as a result of acting upon a report from PF's of a VC meeting taking place.

The remainder of the reporting period produced a decrease in the number of enemy contacts. On 27 and 28 June 66, two VCS were apprehended. Also on 28 June 66, a request for an artillery mission was processed through the Battalion FSCC and fired, resulting in eleven VC KIA (Conf by ARVN)

CONFIDENTIAL

and three weapons captured by the ARVN. On 30 June 66 at 2000H, a CAC-7 patrol fired on two separate VC resulting in two VC KIA (Conf), one automatic weapon captured and the apprehension of one VCS.

Summary of enemy units reported in the TACR and vicinity during the reporting period were: C-41 MF company at YD843042, C-116 LF company at YD850030, 120 MF company at YD790080 and the K-80 MF company at YD850095 on 1 June. An unknown battalion reported on 5 June at YD800084, an unknown company at YD967135 on 7 June, an unknown company at YD850210 on 8 June, an unknown battalion at YD790108 and YD786118 on 9 June. The F-118 LF company (Possibly C-118 LF company) at YD835196 on 12 and 23 June, a battalion size unit at YD815075 on 14 June, an unknown company at YD900100 on 15 June 66. On 17 June the C-117 Prov LF Company was reported at YD797244. This company is known to operate in Phu Vang District and is believed to have supported and possibly directed the local guerrilla activity encountered by the elements of this battalion. Of other significance was the capture of 2 K-58 magazines of a Czech automatic weapon recently introduced or discovered in the VN conflict.

CONFIDENTIALOPERATIONS/TRAININGSECTION IVMISSION

1. During the month of June 1966, 1st Battalion, 4th Marines executed the following mission:

- a. Defend the HUE-PHU BAI vital area.
- b. Conduct operations and extensive patrol and ambush activity in assigned sector of TAOR to deny enemy passage through or buildup in that area.
- c. Coordinate defensive efforts of all units within the vital area perimeter.
- d. Be prepared to assume responsibility and command of the HUE-PHU BAI TAOR upon displacement of the 4th Marines Headquarters for operations outside the TAOR.
- e. Maintain the Combined Action Company to provide security for assigned village/areas with the TAOR.
- f. Maintain the Sparrow Hawk.
- g. Maintain Combat Outposts on Hills 180 (YD 855133) and 225 (YD 848087).
- h. Conduct a vigorous Civil Affairs program within assigned sector of TAOR and those areas assigned for operations.

OPERATIONS. During its stay to date at the HUE-PHU BAI Combat Base the battalion has been involved primarily in the manning of its portion of the vital area perimeter and two combat outposts. In conjunction with the manning of the lines numerous daylight and night-time patrols of fire team and squad size have been conducted. In addition, observation posts and listening posts have been employed. Besides these normal defensive type activities the battalion has been involved in other tactical matters.

At 011850H two tanks were assigned to CAC-7 for providing assistance to Lieutenant Colonel KHOA an officer loyal to the national government threatened by dissident elements. The tanks were dispatched and along with CAC-7 provided assistance to Colonel KHOA within the CAC-7 compound (YD 819178) with orders to fire only to protect U. S. property and lives. The tanks set in as a roadblock which initially was manned day and night but eventually only at night. As the situation improved the units were secured from their assigned mission.

CONFIDENTIAL

On 2 June command of the 3rd Platoon, Company K OpCom of Company D changed from Lt HOPGOOD to Sgt HENSARLING. The platoon continued in its mission of providing security for Battery M, 3/12 in Company D's operating area.

At 041345H H&S Company employed two snipers from regiment in their lines in the hope of countering any VC sniper activity, however there was no contact.

An action typical of those encountered in the defensive area occurred at 052145H when an estimated two VC fired twenty rounds of semi-automatic weapons fire and threw one grenade at the CP of C&C-7 (YD 819178). The Marines illuminated, returned fire, and diverted a patrol to sweep the area. As was often the case in this type contact, the sweep produced negative results.

On 6 June movement on Highway #1 outside the vital area was restricted to an extent by the placing of altars in the roadway by Buddhist elements. Resupply of C&C units was effected by use of helicopters, and operations continued as adjusted to the situation. This condition persisted until 18 June with varying degrees of restriction.

Effective at 071215H the battalion released OpCom of the 3rd Platoon, Company K, 3/4 who had been providing security for Battery M, 3/12 in the south-eastern portion of the TAOR. Both units vacated the position and returned to their parent commands.

H&S Company occupying a portion of the vital area perimeter along with the rifle companies received its share of the month's contacts. In one instance at 080305H three VC walked into an H&S Company ambush site and received approximately fifteen rounds of semi-automatic weapons fire. No fire was returned, and one VC WIA probable was reported. On this same day at 2000H the battalion assumed regimental FSCC responsibility for the HUE-PHU BAI TAOR during the absence of the regimental headquarters command group from the area on Operation FLORIDA.

An enemy kill was obtained at 090145H when a patrol from C&C-7 spotted two VC moving along a brush line (YD 820176). The patrol opened fire expending approximately 100 rounds of 7.62mm ammunition and eight M-79's. During a sweep of the area at first light one VC body was recovered along with two magazines of ammunition, one CHICOM grenade, one anti-personnel mine, and cleaning gear. At 1200H this day the helipad in the regimental headquarters area was closed. Helicopter operations for the remainder of the month initiated from the HMM-161 area at the HUE-PHU BAI airfield. Action the night of 9 June and then again on 10 June centered along the Company B sector of the perimeter with several contacts being made and small arms rounds exchanged. In addition an Ontos was employed on the line and its main battery fired. Despite the fire power put forth no VC casualties were discovered during after-action sweeps.

Action shifted back again to C&C-7 when at 112025H its patrol sighted four VC in a brush line (YD 826178) and fired on them. One VC was killed. The patrol recovered the body and one CHICOM automatic weapon. The next day at 121600H 4th Marines assumed responsibility for the HUE-PHU BAI TAOR FSCC, the regiment having returned from Operation FLORIDA.

CONFIDENTIAL

On 13 June Company D provided a platoon for one of the commitments commonly assigned to the battalion, an alert platoon on standby during movement of the ROUGH RIDER resupply run from Da Nang to Phu Bai. Occasion did not arise for the platoon to be committed to action. That evening at 2055H a Company B patrol received four to five rounds of small arms fire and one fragmentation grenade. The patrol returned fire at the suspected enemy position (YD 896154) and threw one fragmentation grenade. One VC was observed running across the rice paddy. The next day at first light a sweep of the area revealed a blood trail leading into a village (YD 896157) and to a straw mat covered with blood, evidence of one VC KIA.

Company D moved out early on the morning of 15 June and conducted a company size operation in the hamlet of Loi Nong (YD 837197) on the northern boundary of the TAOR. Intelligence reports had indicated VC activity in that area. The company trucked to the area, debarked, and crossed a rice paddy to the hamlet where a slow and deliberate search was conducted. The company made no contact and returned to its CP area that same day.

Personnel of Company D were again involved when at 181057H Sparrow Hawk was alerted for drill purposes to test its responsiveness. Thirteen minutes later the unit arrived at the HMM-161 helipad and upon being inspected was found to be well prepared for any appropriate mission.

From mid-month on the AN-TPS-21 radar was employed on the line in Company A's area. It proved helpful in tracking friendly patrols as they moved forward of the lines and on several occasions picked up sightings which were later lost.

On 191100H Sparrow Hawk was launched to assist a reconnaissance unit that had come under heavy fire. The Sparrow Hawk lifted off the HMM-161 helipad under OpCon of Recon Group B but was not inserted due to thick jungle canopy. Extraction of the recon unit was made by hoist lift and later pickup from a cleared area. Sparrow Hawk returned to the Company B area at 191325H.

At mid-month a counterattack plan was developed for the battalion and on 192150H a drill was conducted. Without being previously alerted, units responded and traveling from different points within the vital area were in position within thirty-eight minutes. A total of seventy-two infantrymen, five corpsmen, and two Ontos participated.

Effective 200700H the battalion lost a small portion (Grid squares YD 7817, 7917) of its TAOR in the northwest to 2/1 for use as an impact area. The change was not large enough to affect the CAC unit in the area.

Acting as a followup to contact by CAC-7 with VC the night before in Loi Nong Hamlet (YD 837197), Company D was sent into the area again on 23 June 1966. Crossing the line of departure at 0800H the company advanced, moved into the hamlet, and swept east and west. The search and destroy operation produced no VC, and the company was back in its company area by 1345H.

CONFIDENTIAL

Two days later at 241800H the battalion once again assumed FSCC responsibility for the HUE-FHU BAI TAOR. This commitment was still in effect as the month ended. Also in effect as the month ended was the attachment of Company M, 3/4 to the battalion initially effective 250800H. Company M was given the mission of providing security for Battery I, 3/12 in the southeast portion of the TAOR and for a new CaC unit being established at the Truoi Bridge (YD 966064). Responsibility for the Truoi operating area was assigned to the battalion effective 252000H. This added a significantly large operating area to the TAOR in the southeast. The new CaC unit, designated CaC-11, was established within the newly assigned area on 25 June. Another CaC unit planned for LOC DIEN in the operating area was not activated due to the nonavailability of PF's.

On 26 June command of the battalion changed from Lieutenant Colonel R. E. SULLIVAN to Lieutenant Colonel Jack WESTERMAN. An appropriate change of command ceremony was held.

Sparrow Hawk was alerted for the second time during the month for other than drill purposes at 290905H. After an air recon by the Battalion Executive Officer it was committed to the Song Hong River area (YD 901062) to sweep that area in which an air strike had been conducted. A reinforced platoon from Company D with a headquarters group followed in trace, helilifted in. OpCon of the Sparrow Hawk was assumed by Company D CO. Both units swept the area with negative VC contact. Sparrow Hawk was retracted and returned to its company area at 1530H. Company D searched further and was then retracted arriving back 1855H. The next day, 30 June, Battery I displaced from its position in the vicinity of Company M (YD 932059) and moved north to support regimental operations. Company M continued operations in its area.

As the month drew to a close another counterattack drill was conducted on 302030H. Company A responded with thirty-four troops; Company D with thirty-five troops; three tanks and three Ontos also participated. OpCon of the assembled units was assumed by Company B CO whose area had supposedly been penetrated. The drill secured at 302130H.

A patrol from CaC-7 encountered 2 VC along its route (YD 833172). While being searched the first VC contacted reached for a grenade in his shirt and was immediately shot and killed. The second VC opened fire and was killed by return fire.

Other activity engaged in to a considerable extent by the rifle company members during the month was the providing of security of Vietnamese grave digging details, for medical evacuations, and for truck convoys. In addition tank/infantry operations of platoon size were conducted on two occasions.

During the month the battalion supported Operation DODGE taking place north of the TAOR by conducting intensified patrol activity in the northern portion of the TAOR.

The month ended with the battalion continuing in its assigned mission.

CONFIDENTIAL

TRAINING. Training consisted primarily of on-the-job type instruction within the rifle companies and H&S Company. Those classes that were held were mostly on the platoon level and dependent upon the availability of personnel from their assigned commitments. Classes dealt with general military subjects applicable.

Classes for CAC personnel were attended by PF's in addition to the Marines. Advantage was taken of the proximity of the ARVN Dong Da training Center and the availability of its ranges for firing on Sundays. Weapons fired by members of the battalion included the M-14 rifle, the .45 caliber pistol, the 60mm and 81mm mortars, the M-60 machine gun, and the 3.5" rocket launcher.

Instruction conducted by staff section representatives consisted of instruction on radio procedures, FO procedures, and information reporting procedures.

Eighteen personnel attended a two day course of instruction on the regimental level dealing with mine warfare and booby traps. One officer attended a two week course of instruction at division level on a man packed personnel detector.

Orientation and indoctrination briefings were conducted for all hands joining the battalion.

CONFIDENTIALJUNECHRONOLOGICAL ACCOUNT OF SIGNIFICANT EVENTS

- 4 At 040050H a CAC-7 patrol reported receiving 30-40 rounds of semi-automatic small arms fire from 100 meters south of their IP. No return rounds were fired due to friendly units being in the area. The area was thoroughly searched with negative results.
- 5 At 052155H CAC-7 received 20 rounds of automatic small arms fire and one fragmentation grenade. Marines manned their defensive positions and returned fire.
- 6-7 At 072300H CAC-7B patrol sighted 3 VC crossing a field and heading south. The patrol opened fire, and the VC then began to return fire, expending 10 rounds of carbine ammunition and throwing one grenade. Marines expended 100 rounds 7.62mm, one round M-79, and 8 rounds of 81mm illumination. Two Marines suffered minor superficial wounds of the leg; cause was undetermined.
- 8 At 080305H a Company B patrol reported 3 VC walked into their ambush site. The patrol fired 15 rounds automatic small arms fire. One VC WIA probable was reported. There was no return fire. CONFIDENTIALCOMMUNICATIONS/ELECTRONICSSECTION VI

During the month, the wire section installed a new wire system to more efficiently handle the communications commitments of the Battalion in the Enclave. This installation was done in three phases.

Phase I

Included the installation and overheading of telephone lines within the Battalion Command Post and to the individual Company administrative offices and command bunkers. Lines were then installed along each of the company bunkers. Wire no longer in use in the Battalion Area was then recovered and will be serviced and salvaged.

Phase II

Individual Telephone lines were installed to each of the CAC posts emanating from a switchboard in the Company C Office thereby giving the Company Commander the ability to talk directly with any one or all of the CAC posts by land line. This system also affords lateral telephone communications to the individual CAC's, thus reducing the load on existing radio facilities. All lines were overheaded.

Phase III

Separate, overheaded telephone lines were installed from the Battalion Switchboard to each unit participating in the defense of the Enclave, including the observation/radio relay position on Hill 180. This system provides for rapid, direct incident reporting to the Battalion Operations Center, supporting fire requests to the Battalion FSCC and lateral communications among the participating units.

The Battalion has installed approximately 85 miles of WDL/TT communications wire, 90% of the installation being overheaded.

3. Special Civil Action Projects

A project to build an aid station in Thuy Phu Village was undertaken. The aid station was completed by Marines and Popular Forces Personnel.

4. Apparent Results of Civil Affairs Program

The attitude of the villagers is receptive and friendly. The medical assistance has been especially effective. During the political turmoil in Hue, Buddhists placed altars on National Highway 1. These altars impeded military traffic. Military traffic, therefore, was kept to the bare minimum. Boy Scouts and Girl Scouts kept watch over these altars. Several banners were displayed that read, "Down with US vehicles that upset and run over our Buddhist altars". However, in midst of the tense political situation, there were no violent outbursts of anti-Americanism in any of the villages within the Battalion TAOR. There were no conflicts of ARVN units with Marines. Buddhist altars have been removed from National Highway 1. Military traffic on National Highway 1 has resumed.
