UNCLASSIFIED

PERSONNEL/ADMINISTRATION

SECTION II

A. Summary

During this reporting period, the battalion was located at Camp Schwab, Okinawa. The battalion continued to receive replacements, and most of the critical MOS billets were filled. An inspection of the battalion's administrative activities was conducted on 9 January 1967. On 16 January BLT 1/4 was reactivated with all of the supporting units brought out of RVN returning to the command of 1st Battalion, 4th Marines. On 21 January all non-deployable personnel were transferred to Headquarters Company, RLT 26. Also during this period, personnel changes occurred in some key billets as indicated under the significant events paragraph. On 26 January 1967, Company "C" (Rein) and Company "D" (Rein) embarked aboard the U.S.S. VANCOUVER in preparation for joining the SLF.

B. Significant Events

On 9 January 1967 an administrative inspection was conducted by the Ninth Marine Amphibious Brigade.

On 11 January 1967 Captain B. F. EMMIS was assigned as Battalion Adjutant.

On 16 January 1967 Battalion Landing Team 1/4 was reactivated.

On 21 January 1967 Captain E. R. RAISBY was assigned as Commanding Officer, Company "E".

On 21 January 1967 all non-deployable personnel were transferred to Headquarters Company, RLT 26.

On 24 January 1967 Captain B. G. SIMES was assigned as Commanding Officer, Mortar Battery 3/12.

On 26 January 1967 Company "C" (Rein) and Company "D" (Rein) embarked aboard the U.S.S. VANCOUVER.

C. Problem Areas/New Developments

1. The battalion and all supporting elements of the Battalion Landing Team received replacements to fill most critical billets and were brought up to manning level in most MOS's. The most significant shortage at this time is in the MOS 6707, Forward Air Controller. The battalion is authorized two (2) officers with the 6707 MOS. Presently the battalion has one Captain 7302 who is filling the billet of Air Liaison Officer 6708.

Vacancies exist in the two Forward Air Comptroller billets. The results of the administrative inspection conducted by the Ninth Marine Amphibious Brigade revealed major discrepancies in the areas of Postal and Registered Publications and S&C. All other areas were considered satisfactory with minor discrepancies. All discrepancies were corrected, and the above mentioned areas were reinspected and found to be satisfactory during this reporting period.

D. Personnel

4. Awards - The following awards were presented during this period:

- 3 Bronze Stars
- 1 Navy Commendation
- 1 Army Commendation
- 9 Purple Hearts

E. Discipline - Courts-Martial, Non-Judicial Punishments

1. Discipline during this reporting period remained good.

2. The following data is reported:

a. Courts-Martial

Awarded:

- Summary - Three
- Special - One

Completed:

Summary - Two
Special - None

b. Non-Judicial Punishment

Battalion Commander: Nine
Company Commander: Fifteen

F. Morale, PX, Postal Affairs, Liberty, R&R

The morale is excellent. All hands enjoyed the maximum liberty feasible during this period. PX facilities, a library, and other recreational facilities were available to all personnel. Postal Services continue to be adequate.

G. Chaplain's Activities

The Chaplain, Lt. Stephen E. ALLASY, conducted a total of twenty-two (22) masses during the period 1-26 January 1967. Instructions and counseling continued throughout this period for all personnel who were seeking assistance.

INTELLIGENCE

SECTION III

A. General. (period covered: 1 January 1967 to 26 January 1967)
The battalion was engaged in a replenishment and refurbishment cycle at Camp Schwab, Okinawa during the reporting period.

The Intelligence Assistant was transferred to S-2, RIT-26 on 3 January. One Intelligence Assistant and two Scouts were transferred to the section from Headquarters Company, RIT-26 on 6 January.

The section satisfactorily passed an inspection administered by G-2, 9th MAB on 11 January.

Replenishment of office supplies was accomplished during this period. The Battalion Scouts were attached to the separate rifle companies for scheduled training throughout the period.

One of the section scouts and the S-2 Officer graduated from Vietnamese Language School at Camp Sukiran, Okinawa on 20 January. On 21 January, the S-2 Officer was transferred to RIT-26.

Embarkation preparation was conducted 18-25 January.

OPERATIONS/TRAININGSECTION IV

A. Mission. During the period 1-26 January 1967, the battalion continued training, replenishment of supplies and equipment in preparation for assuming duties as the Special Landing Force. Missions are as follows

| | |
|--------------|---|
| 1-26 January | Training, replenishment/refurbishment at Camp SCHWAB, OKINAWA. Prepare for embarkation. |
| 9 January | BLT 1/4 Activated for planning (Ref: RLT-26 Msg 060310Z) |
| 16 January | BLT 1/4 Activated for operations (Ref: RLT-26 Msg 060319Z) |

Summary of Operations/Activities

B. The battalion conducted the following training utilizing company, platoon and squad size units.

Counter-Guerrilla Warfare
Jungle Lane & Trap Line Orientation
Demolition & Landmine Orientation
Raid Training
Helicopter Training

During the reporting period, 106RR mounted on LVTP-5's, were successfully fired. The battalion was able to fire all weapons except the 60mm Mortar, which could not be fired due to faulty mortar ammunition.

GED & PRT tests were administered to the battalion and refresher schools were attended by communications personnel.

An inspection team from 9th MAB conducted an inspection on 11 January 1967. The results were satisfactory with complimentary observations on training and off duty education.

Company "A" conducted raid training utilizing USS MEDREGAL. The Battalion participated in change of command ceremony for the Commanding General, 9th MAB on 4 January. Battalion Competitive firing was conducted for the M-14, Cal. 45 automatic pistol, and crew served weapons.

On 9 January 1967, BLT 1/4 was activated for planning. On 16 January 1967 the BLT was activated for operations. (Ref: RLT-26 Msg 060310Z)

While the BLT attachments were hosted by their like units, each attended Counter-Guerrilla Warfare, Demolition & Landmine school, and the

Jungle Lane and Trap Line courses. In addition, helicopter training was conducted and FAM firing of their respective weapons was accomplished.

On 20 January, Combat Cargo Officers began arriving from SLF shipping and began preparation of loading plans. Loading plans for all ships were finished by 23 January. On 23 January SLF Staff representatives arrived for a planning conference. The BLT began staging equipment on 24 January. Companies "C" and "D" boarded the ship on 26 January, with the remainder of the BLT loading on 27 January. BLT 1/4 chopped to CTG 79.5 at 27 0800I. (Ref: CTG 79.5 Msg 280310Z)

C. Training Problems Encountered. Untimely return of weapons from FSR resulted in cancellation of training exercises for 81mm Mortars, 50 cal. machine guns, M-60 machine guns and the 106RR. Although 81mm Mortars, 106RR and 50 cal. machine guns were rescheduled when weapons were made available, training time was severely reduced. The BLT received 43 M-60 machine guns during the last three days prior to embarkation, consequently only test firing could be accomplished.

Administrative requirements reduced the amount of training time available within the training period.

Section VLOGISTICS

1. Logistical Situation. During the period 1 - 26 January 1967 the battalion was based at Camp Schwab, OKINAWA and completed its refurbishment and training and prepared to embark aboard shipping as the Special Landing Force.

2. Supply

a. Class I - Alpha rations were served at all times while units were based at Camp Schwab. Over 25,000 MCI were issued to units training at the Northern Training Area.

b. Class II - Class II, Type I and Class II, Type II items were requisitioned through the appropriate issuing activity.

c. Class III - POL was provided by the Camp Schwab distribution point.

d. Class IV - N/A.

e. Class V - An allowance as set forth in Brigade Order 8011.1 was the guideline set forth for training. In addition, 400 rounds of 60mm practice mortar ammunition was received for training purposes, however, these proved to be of no use inasmuch as the tail assemblies were rusted and the increments were wet.

3. Evacuation and Hospitalization. See Section IX

4. Transportation. The battalion was supported by two 3/4 ton commercial trucks, three 3 ton commercial trucks and one 25 ton semi-trailer daily. This was in addition to an average of seven M422AL's which were used as safety vehicles while companies were on firing exercises.

5. Miscellaneous. Towards the end of the reporting period it was necessary to walk-through FSR all documents for combat essential items considered critical. The main reason for this was two-fold:

a. The non-availability of some spare and repair parts on OKINAWA.

b. Ordnance items returned for additional repair.

COMMUNICATION-ELECTRONICSSECTION VI

1. General. During the period 1 through 26 January 1967, the battalion Communications Platoon conducted refresher MOS training and participated in GMS training conducted by H&S Company. MOS training was conducted for personnel in their assigned MOS and also in related communication fields. Cross training was designed to broaden individual knowledge in communications and to give personnel sufficient knowledge to perform basic duties in related fields.

a. The Communications Platoon embarked with the battalion for SLF operations on 27 January 1967.

b. The bulk of the platoon (1 officer and 58 enlisted) embarked on board the USS IWO JIMA, while seven personnel embarked with communication vehicles on board the USS VANCOUVER.

2. The Communications Platoon underwent an operational readiness inspection by 9th MAB on 12 January 1967. Results of the inspection were satisfactory.

3. Equipment. Extensive efforts were directed toward refurbishing communication-electronics equipment. Upon return from 3rd FSR, equipment was painted, remarked, and generally reconditioned. With the exception of one AN/MRC-83 radio set, T/E shortages were replaced either by procurement of new equipment or by temporary loan of equipment from 9th MAB units. Major items on temporary loan include:

| | |
|---|-----------|
| 1 | AN/MRC-83 |
| 1 | AN/MRC-87 |
| 1 | AN/PRC-41 |

Additionally, certain critical component items, i. e. antennas and antenna bases; and BB-451 wet cell batteries were provided from 9th MAB units.

a. In preparation for SLF operations, steps were taken to provide the capability to operate AN/PRC-25 and AN/PRC-47 radios from within the LVTC during amphibious operations. Special antenna lead-ins were fabricated to permit utilizing organic external antennas on the LVTC to operate AN/PRC-25 radios. A transmission line was also fabricated to allow operation of one AN/PRC-47 from within the tractor.

b. Tests were conducted with AN/MRC-109 and KY-8 Secure Speech Equipment. Successful operation was achieved and it is anticipated that this equipment will be employed during SLF operations.

4. Message Center. Message Center operations were normal for the period.

a. Message totals for the period:

AIR SUPPORT/DEFENSESECTION VIII.

A. Air Support. During the month of January, the air support requirements of the battalion consisted primarily of helicopter troop lifts to the Northern Training Area and return to Camp SCHWAB / Camp HANSEN. In addition, a few administrative flights were requested and received.

AIR SUPPORT REQUEST

1. Helicopter

(a) Resupply
Missions 0

(b) Evacuations
Missions 1

(c) Training 16

2. Fixed Wing Missions NONE

3. Air Strikes NONE

B. Air Defense. No air defense measures were employed during the month.

MEDICAL/DENTAL AFFAIRSSECTION IX

1. During the period 1 January through 26 January 1967, 281 visits to sick bay were made by BLT 1/4 personnel.

2. Significant and prevalent diseases , excluding venereal disease, encountered during this period were:

URI: 148
 Pneumonia: 1
 Fever, Undetermined Origin: 55
 Gastroenteritis: 10
 Fractures: 5
 Sprains: 31

3. Two femoral fractures were encountered as the result of automobile accidents; otherwise no significant cases of trauma were incurred.

4. The incidence of venereal disease was 34 cases. These were divided as follows by disease entities:

Gonorrhea: 26
 NSU: 8
 Syphilis: 0

Breakdown by unit is as follows:

1st Battalion, 4th Marines: 29
 Attached Units: 5

5. No cases of malaria were encountered during this period. Weekly administration of Chloroquine-Primaquine Anti-malarial Prophylaxis tablets was continued on a weekly basis throughout the month of January.

6. 173 consults were sent to U. S. Army Hospital, Camp Kue, Okinawa from 1 January through 25 January 1967. Types of consults were:

| | |
|----------------------|----|
| Allergy Clinic | 5 |
| Laboratory | 4 |
| Pharmacy | 2 |
| EENT Clinic | 39 |
| Ophthalmology Clinic | 8 |
| Orthopedic Clinic | 22 |

| Dermatology Clinic | 13 |
| Urology Clinic | 8 |
| Medicine Clinic | 15 |
| Neurology | 1 |
| Cobbler Shop | 5 |

SECTION IX

| | |
|-----------------------|----|
| Emergency Room | 1 |
| Physio-Therapy Clinic | 10 |
| Brace Shop | 2 |

7. The program of Stannous Fluoride treatments for all BLT 1/4 personnel begun in late December by the Dental Department of Camp Schwab was continued into the month of January. Approximately all personnel of BLT 1/4 have now been treated. There were 46 routine dental consults.

8. During this period, the Medical Department held sick call in conjunction with the medical staff of the Camp Schwab Dispensary. The Battalion Aid Station was utilized for purposes of administration, supply and screening sick call.

9. Chest x-rays of all personnel taken at the end of the previous month failed to reveal any significant acute or chronic pulmonary disease.

10. On 15 January 1967, the Battalion Landing Team was joined by a Reinforced Clearing Platoon of Delta Company, 3rd Medical Battalion which consisted of three Medical Officers, 24 Hospital Corpsmen, four Marine drivers and one Marine mechanic. The medical personnel of this unit were integrated into sick call for the duration of the stay in Okinawa.

11. Prior to embarkation, medical and dental personnel were divided between the USS IWO JIMA (LPH-2) and the USS VANCOUVER (LPD-2) as follows:

a. The Battalion Surgeon, one Chief Hospital Corpsman and 12 corpsmen were to be billeted aboard the USS IWO JIMA (LPH-2).

b. The Assistant Battalion Surgeon, one Chief Hospital Corpsman and four corpsmen were placed aboard the USS VANCOUVER (LPD-2).

c. The BLT Dental Officer and his enlisted assistant were to be placed aboard the USS IWO JIMA (LPH-2).

d. Personnel assigned to the LPD boarded their ship on 26 January 1967. The boarding of personnel assigned to the LPH was not accomplished during the period encompassed by this report.

12. The Medical Department debarked from Okinawa with essentially its full complement of IOL equipment. In order to obtain quantities of routine sick call items which were unobtainable in Okinawa, an advance party of two senior Hospital Corpsmen was sent on TAD orders to Subic Bay, Phillipine Islands. This party was also responsible for obtaining 246 pairs of glasses for BLT 1/4 personnel.

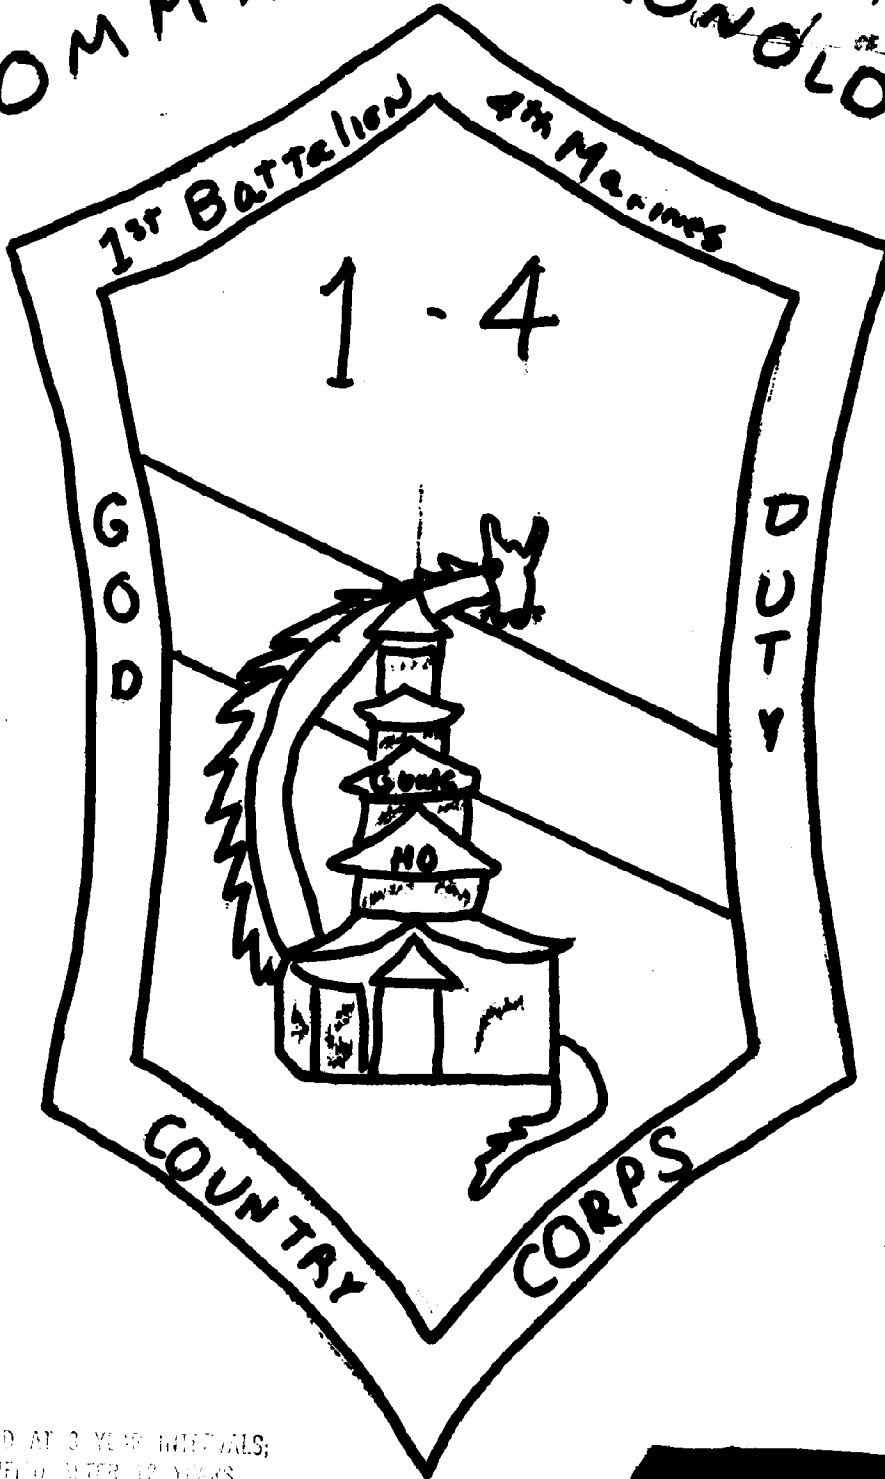

SECTION IX

14. Significant Disciplinary Action during this period was limited to one Battalion Commander's Office Hours for unauthorized absence of three days duration.

PERSONNEL/ADMINISTRATIONSECTION IIA. SUMMARY

During the period covered by this report, 27-31 January 1967, Battalion Landing Team 1/4 was aboard the USS IWO JIMA, USS VANCOUVER, and USS POINT DEFIANCE. On 27 January, Company "A", Company "B", and H&S Company with their supporting elements, embarked aboard the USS IWO JIMA to prepare for duty with the Special Landing Force. On 28 January, all three ships with Battalion Landing Team 1/4 aboard, departed Ckinawa for Keelung, Taiwan and arrived in that port on the morning of 29 January 1967. The USS VANCOUVER, with Company "C", Company "D" and the 107 Mortar Battery aboard was unable to obtain a suitable berthing space and departed for Subic Bay in the Phillipine Islands during the afternoon of the same day. The USS POINT DEFIANCE with "C" Battery 3/12 aboard, sailed for Subic Bay on 31 January and the IWO JIMA with the remainder of the Battalion Landing Team aboard, remained in Keelung until the following day. All Marines took advantage of the liberal liberty policy while in Keelung, although, the planning and preparation for Exercise Mud Puppy was also in progress.

B. Significant Events

On 27 January 1967, Company "A", Company "B" and H&S Company with supporting elements embarked aboard the USS IWO JIMA.

On 28 January 1967, the USS IWO JIMA, USS VANCOUVER AND THE USS POINT DEFIANCE sailed for Keelung, Taiwan.

On 29 January, Battalion Landing Team 1/4 arrived at Keelung, Taiwan aboard the three ships indicated above.

On 29 January 1967, the USS VANCOUVER departed for Subic Bay in the Phillipine Islands.

On 31 January, the USS POINT DEFIANCE sailed for Subic Bay.

C. Problem Areas/New Developments

1. The Battalion received no replacements during the reporting period since the input of personnel had been terminated when embarkation commenced. However, the replacements previously received brought the Battalion up to manning level in most occupational fields. The most significant shortage is in the Officer MOS 6707, Forward Air Controller. The Battalion rates two by manning level and has none. The only other significant shortage is in the Enlisted MOS 0141. The Battalion rates 22 and has 16.

4. Awards - There were no awards presented during this reporting period.

E. Discipline - Courts-Martial, Non-Judicial Punishment

1. Discipline during the reporting period was excellent as evidenced by the following information:

a. Courts-Martial

Awarded:

Summary - None
Special - None

Completed:

Summary - None
Special - None

b. Non-Judicial Punishment

Battalion Commander: None
Company Commander: None

F. Morale, PX, Postal Affairs, Liberty, R&R

The morale was excellent. A very liberal liberty policy prevailed while in Keelung. PX facilities and a library aboard each ship were available and movies were shown every night. No mail was received while in Taiwan, however, a mail delivery was scheduled upon the ship's arrival in Subic Bay.

INTELLIGENCE

SECTION III

A. General. (period covered: 27 January 1967 to 31 January 1967)
The Battalion was embarked aboard the USS TWO JIM as the Landing Force element of the Special Landing Force during the reporting period.

The S-2 Section was engaged in writing Annex E (Intelligence) to Operation Order 1-67, MID PUPPY III during the reporting period.

OPERATIONS / TRAINING

SECTION IV

A. MISSION. During the period 27-31 January 1967, the ELT embarked aboard ABG shipping. ELT 1/4 chopped to CTG 79.5 at 270800Z. (Ref: CTG 79.5 Msg 280310Z) assuming duties as the Special Landing Force. Missions were as follows:

| | |
|--------------------|---|
| 27-31 January 1967 | Boarded SLF Shipping, Training Aboard ship and preparing for Landing Operations |
|--------------------|---|

SUMMARY OF OPERATION / ACTIVITIES

B. During the reporting period the ELT conducted the following training utilizing lecture and application techniques for platoon and squad size classes.

- (1) Shipboard orientation, stressing emergency drills.
- (2) Crew Served and small arms classes stressing the proper care and cleaning methods.
- (3) Individual and Group training for MCI courses.

Section VLOGISTICS

1. Logistical Situation. During the reporting period 27 - 31 January 1967, the battalion moved from Camp SCHWAB, OKINAWA, embarked aboard ARG shipping, and assumed duties with the Special Landing Force. The ships assigned were the USS IWO JIMA (LPH-2), and the USS POINT DEFIANCE (LSD-31). The CP group, Headquarters, and Service Company, and two letter companies embarked aboard the USS IWO JIMA while a detachment from Headquarters and Service Company and the remaining two letter companies embarked aboard the USS VANCOUVER. The SLF departed OKINAWA at 0800 on 28 January 1967, bound for KEELUNG, TAIWAN.

2. Supply.

A. Class I - Three MCI per individual were issued on 27 January 1967, for the embarkation period. While embarked aboard shipping, three meals of "Alpha" rations were served daily.

b. Class II - N/A

c. Class III - N/A

d. Class IV - N/A

e. Class V - N/A

3. Evacuation and Hospitalization. See Section IX

4. Transportation. Transportation was provided in abundance to execute and complete the embarkation of the battalion from Camp SCHWAB to WHITE BEACH, OKINAWA. However, during the initial stages of movement from Camp SCHWAB to White Beach, only four semitrailers, stake, 12-ton, 4-wheel, were provided to move the Command Group, H&S Co., two letter companies, and attachments with personal gear and line four items. This caused an approximate five hour delay in embarking.

5. Services. Movies were provided daily while embarked. Further services available were the ships libraries, ships stores, and post office facilities.

6. Miscellaneous. 1/4

COMMUNICATION-ELECTRONICSSECTION VI

1. General. The Communications Platoon embarked aboard the USS IWO JIMA (LPH-2) on 27 January 1967. During the period 27 through 31 January 1967, the platoon continued preparations for SLF operations.

2. In order to support SLF operations, an increase in the battalion allowance for KAA-60 (Authentication Code) and KAC-138 (Numeral Code) was requested on 29 January 1967 (see BLT 1/4 message 291300Z JAN 67). The increase was approved by CG FMFPAC on 1 February 1967 (see ADMINO FMFPAC message 010241Z FEB 67). The battalion allowance is now thirty (30) for each code.

3. Message Center. The BLT Message Center was established immediately upon embarkation. Message handling procedures were coordinated with the SLF Communication Center and the ship Communication Center. Operations have been normal. Message totals for the period:

Classified: Incoming - 133
Outgoing - 5

Unclassified: Incoming - 124
Outgoing - 21

ARTILLERY / NAVAL GUNFIRE

SECTION VII

A. Artillery. From 27 Jan 1967 until 31 Jan 1967, BLT 1/4 FSCG had no tactical responsibility. FSCG prepared for Operation Mud Puppy III and classes were held on FO and radio procedure.

No missions were fired in support of 1st Battalion, 4th Marines.

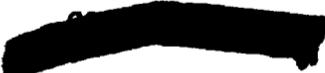

B. Naval Gunfire. From 26 Jan 1967 until 31 Jan 1967, the BLT 1/4 shore fire control party conducted training exercises in SUBIC BAY, PHILIPPINES.

C. 81mm Mortar Missions. No missions were fired during this period.

AIR SUPPORT / DEFENSE

SECTION VIII

A. Blt 1/4 departed OKINAWA on 28 January 1967 and moored in KEELUNG, TAIWAN on 29 January 1967. During the period of 27-31 January, there were only two administrative helicopter missions flown.

MEDICAL/DENTAL AFFAIRSSECTION IX

1. There were 74 sick call visits by BLT 1/4 personnel aboard the USS IWO JIMA (LPH-2), USS VANCOUVER (LPD-2), and the USS POINT DEFIANCE (LSD-31).
2. There were 5 dental consults during this period aboard the IWO JIMA.
3. Significant and prevalent illnesses encountered include:
Upper Respiratory Infection: 39
Gonorrhea: 8
Malaria: 1 (Plasmodium Falciparum)
4. There were three admissions to the sick bay ward during this period.
5. No significant cases of trauma were encountered.
6. On 27 January 1967, the medical personnel of BLT 1/4 assigned to the USS IWO JIMA (LPH-2) boarded the ship. These included the Battalion Surgeon, one Chief Hospital Corpsman and 12 corpsmen, and all of the medical personnel of the Collecting and Clearing Platoon. Corpsmen and the Assistant Battalion Surgeon assigned to the USS VANCOUVER (LPD-2) were boarded and IOL equipment was loaded aboard the LPD prior to the period covered by this report.
7. Every effort was made during this period to integrate BLT 1/4 medical personnel with the ship's medical department. The IWO JIMA's sick bay facilities were fully utilized for BLT 1/4 sick call.

Task Organization: Annex A (Task Organization)

1. SITUATION.

a. Enemy Forces.

- (1) Annex B (Intelligence)
- (2) Current Intelligence Summaries.

b. Friendly Forces.

- (1) Amphibious Ready Group (CTG 76.5) provides transport, UDT, Support and simulated Naval Gunfire support.
- (2) (CTG 79.3) Provides close air support.
- (3) HMM 363 Provides helicopter support.
- (4) Attachments and Detachments: Annex A (Task Organization)

2. MISSION. Commencing at L-hour on D-day land by helicopter into landing zone EAGLE and DOVE. Commencing at H-hour on D-day land over BEACH GREEN #2 and into PULANTUEIG, ALFA and NAGIBA rivers. Conduct riverine search and destroy operations in sectors COCODILE and TURTLE. On order conduct search and destroy operations in sector SNAKE. Establish and maintain control of waterways and prevent ex/infiltration of the area of operations.

3. EXECUTION.

- a. Concept of Operations. Annex C (Concept of Operations)

CONFIDENTIAL

CONFIDENTIAL

b. Company "A" (REIN)

- (1) Commencing at L-hour, D-day land by helicopter in Landing zone DOVE, seize and defend the landing zone and establish a combat operating base.
- (2) Establish River/Road Control points at junctions UQ125756 and UQ130752.
- (3) Conduct deliberate search and destroy Operations in sector TURTLE to include riverine operations along NAGIBA and ALFA rivers.
- (4) On order, execute tactical withdrawal.

c. Company "C" (REIN)

- (1) Commencing at H-hour on D-day land over BEACH GREEN #2 in LVT's.
- (2) Seize and defend the vital beach area and secure the river mouth entrances of the PULANGTUBIG, ALFA, and NAGIBA rivers.
- (3) Coordinate the security of the beach support area and adjacent artillery positions.
- (4) On order, conduct Riverine search and destroy operations inland along the NAGIBA and ALFA rivers.
- (5) On order, execute tactical withdrawal.

d. Company "D" (REIN)

- (1) When ordered on D-day, land by helicopter in landing zone EAGLE, seize and defend the Landing zone and establish a combat operating base.
- (2) Establish River/Road control points at junctions UQ096781 and UQ105772.
- (3) Conduct deliberate search and destroy operations in sector GHOODELE to include riverine operations along PULANGTUBIG river.
- (4) On Order, execute tactical withdrawal.

e. Battery G 3/12 Annex E (Artillery)

CONFIDENTIAL

f. Mortar Battery 3/12 Annex E (Artillery)

g. H&S Company (-)

- (1) Land on order in landing zone FAICON.
- (2) 81mm Mortar Platoon (-) and 106RR Platoon (-) in General Support of the BLT.

h. 4th Platoon Co. B 1st Antrac Bn.

- (1) Land elements of BLT in accordance with Annex H (Landing Plan).
- (2) Provide cross country and riverine transportation.
- (3) Provide Prime Mover support to Battery G as required.
- (4) Provide IVTC for BLT Command Group.

i. 4th Platoon (-) Co. B 3rd Engr Bn.

- (1) Land on order over Beach GREEN #2
- (2) Provide Engineer Support to BLT.

j. 1st Platoon Co. C 3rd SP Bn.

- (1) Land on order over Beach GREEN #2
- (2) Provide normal Shore Party Support to BLT.

k. 2nd Platoon Co. A 3rd Recon Bn.

- (1) Land on order by helicopter and landing craft in sector SNAKE.
- (2) Conduct Reconnaissance and surveillance in accordance with Annex B (Intelligence).

l. BLT Reserve (Company B)

- (1) Land on order in accordance with Annex H (Landing Plan)
- (2) Be prepared for employment anywhere within the area of operations.
- (3) Provide 1 Platoon (-) (REIN) Sparrow Hawk on board USS IWO JIMA (LPH-2)

CONFIDENTIAL

m. Coordinating Instructions

- (1) Annex K (Rules of Conduct)
- (2) Safety precautions will be strictly adhered to employment of blanks and pyrotechnics.
- (3) Search and destroy operations will not be conducted in controlled or populated areas.
- (4) Helicopter Landing Zone will be marked in accordance with Annex J, Reference b.
- (5) Centered Beach Coordinates are: BEACH GREEN 1 UQ146770, BEACH GREEN 2 UQ123782 and BEACH GREEN 3 UQ107790.
- (6) Centered Helicopter Landing Zone coordinates are: EAGLE UQ093781, DOVE UQ123758, ROBIN UQ144743 and FALCON UQ126780.
- (7) Grid Reference Code: DOGS 1178, GIALS 1475, and CARS 1676.
- (8) Map Grid is UQ.
- (9) R-day 3 Feb 67
D-day 4 Feb 67
L-hour 1300H (Tentative)
H-hour 1330H (Tentative)
- (10) Withdrawal in accordance with Annex I (Withdrawal Plan)
- (11) W-hour to be announced.
- (12) Code name for withdrawal: VALENTINE

4. ADMINISTRATION AND LOGISTICS

- (a) Administration Order 1-67
- (b) IWO JIMA is LECS
- (c) TAC LOG established on LSD 28, USS THOMPSTON and LPH-2 USS IWO JIMA

5. COMMAND AND COMMUNICATIONS-ELECTRONICS.a. Communication-Electronics.

AMEMB (Intelligence) to Operation Order 1-67

Ref: (a) Maps: Central Philippines, 1:50,000; Series 8733; Sheet #3259 I, 3259 II, 3260 I, and 3260 III. (Standard Battle Map.)

(b) See AMEMB L (Reports), Spot Reports and ISUMs.

1. SUMMARY OF ENEMY SITUATION.

a. See Current Intelligence Summaries.

b. See Intelligence Periodicals and Special Intelligence reports as issued.

2. FINDINGS

a. Determine the enemy's capability to defend his present positions, if so, in what strength.

b. Determine the enemy's capability to attack and possible routes of advance as well as his strength.

c. Determine the locations to where the enemy may withdraw, how far, and possible modes of withdrawal.

d. Determine the enemy's capability to delay advancing friendly forces and in what strength.

e. Determine whether the enemy has relief elements available and when and where they may be expected and in what strength.

3. CONCLUSIONS

a. Special CVR will be issued for Operation Mad Puppy III. The following items of CRIS have been found:

(1) Determine the location of fixed enemy installations such as tunnel systems, caches, and supply caches.

(2) Determine enemy techniques for sabotage, espionage, and terrorism.

(3) Determine enemy capabilities for resupply.

(4) Determine the enemy's vulnerabilities and weaknesses.

(5) Determine the enemy's physical condition and morale.

(6) Determine the condition and quality of enemy equipment.

CONFIDENTIAL**5. COUNTERINTELLIGENCE**

- a. Insure that all personnel are instructed in the Code of Conduct in case of possible capture.
- b. Maximum security protection must be afforded the exact location and date of execution of an operation.
- c. All personnel will be instructed in the proper use of Password and Countersign.
- d. BLT S-2 will be immediately notified when compromise of the Challenge and Password is suspected.

6. REPORTS

- a. Spot Reports. Accurate, complete spot reports of incidents will be forwarded to the BLT S-2 as soon as the tactical situation permits. Corrections to spot reports must be expedited to BLT S-2 immediately. (Format for Spot Report see ANNEX L (Reports) to Operation Order 1-67).
- b. Intelligence Summaries. The BLT S-2 will submit intelligence summaries at 0800 and 2000 daily.

APPENDIX 3 (Black-Grey-White Personalities List) to ANNEX B (Intelligence)

1. BLACKINFORMATION

Name

Juan Elorde

Main Guerrilla leader, Former HUK.
Imprisoned by R.P.I., 1953-1955,
age 58, POB: Olangapo, P.I.

Santos Elorde

Son and main Lieutenant of Juan Elorde,
visited Cuba 1964. Age 28, POB:
Quezon City, P.I.

Maria Bombon

Mistress of Juan Elorde. Has been used by
him for espionage, age 19, POB: Manila, P.I.

Jesus Anoling

Acts as advisor to Juan Elorde.
Possibly not a Philippine national.
Attended insurgency school in Havana 1963.
Sighted in Algeria 1964, Indonesia 1965.
Age 34, POB: Unknown.2. GREY

Pietro Magasawangtubic

Community leader village of Nagiba.
Convicted of smuggling 1948. Age 53,
POB: Nagiba, P.I.

Cesar Uslog

Keeps homes in Naujan and Calapan.
Owner of 25 acres of coconut grove.
Fought against Japanese 1942-45.
Refused to aid P.I. government during
HUK revolt. Age 49, POB: Calapan, P.I.

Augustos Ladron

Lives in Naujan. Known smuggler, controls
about 48 junks and sampans. Is for hire
to anyone able to pay him. Age 35, POB:
Manila, P.I.

Annex D (Fire Support Coordination) to Operation Order 1-67

Ref: (a) MAP: Central Philippines, 1:50,000, Series S733 Sheet 3259 I,
 3259 IV, 3260 II, 3260 III.
 (b) CTG 79.5 Operation Plan 302-66
 (c) FMFM 7-4

Time Zone: H

Task Organization: Annex A (Task Organization)

1. Situation.

a. General.

- (1) Annex K (Rules of Conduct) to Operation Order 1-67 will be closely adhered to in control and coordination of supporting arms.

b. Enemy Forces.

- (1) Annex B (Intelligence)
 (2) Current Intsams.

c. Friendly Forces.

- (1) Annex F (Naval Gunfire)
 (2) Annex G (Air Operations)
 (3) Annex E (Artillery)

2. Mission. BLT 1/4 fire support coordination center (FSCC) will exercise responsibility for planning and coordinating all supporting fires for the BLT after responsibility for control and coordination is passed ashore.

3. Execution.

a. Concept.

- (1) Fire support coordination afloat will be coordinated and controlled by SACC.
- (2) The BLT will establish a FSCC ashore for coordination of supporting arms. Control of supporting arms, less air, will be passed ashore on request of the BLT and approval of the CLF and the CATF. Control of air will remain afloat with SACC. Control of supporting arms will be passed back to SACC prior to commencement of the amphibious tactical withdrawal.

CONFIDENTIAL

CONFIDENTIAL

- (3) The JLT will plan preparatory pre H-hour and I-hour fires for helicopter landing zones and landing beaches.
 - (4) Close air support will be under the positive control of the TAEF PAC, TAC(A) or TAO. Airborne Controllers will establish communications with friendly units for positive location before attacking a target.
 - (5) Artillery and naval gunfire will be under the positive control of the JFCP, FO or airborne spotter.
- b. Coordination of Air Support. All close air support requests coordinated by the ALO must have final approval by SACC.
- c. Coordination of Artillery and Naval Gunfire.
- (1) When control of supporting arms is passed ashore to FSCC, SACC will be notified of all missions prior to firing. The following information will be passed to SACC.
 - (a) Unit or ship firing.
 - (b) Coordinates of target.
 - (c) Maximum ordinate
 - (d) Estimated time that firing will commence
 - (e) When mission has been completed.
 - (2) When control of supporting arms is afloat, the FSCC will notify SACC of changes to unit locations.
 - (3) The SACC will immediately pass all information on supporting fires within the AOA to HDC to insure the safety of helos.
 - (4) SACC and HDC will transmit "Save-- A - Planes" to all aircraft entering the AOA over the TAD nets and HD nets respectively.
- d. Target information.
- (1) Initially maintained by CATF.
 - (2) FSCC will maintain a target list when ashore.
 - (3) Target numbers will be assigned in accordance with reference (c).
 - (4) Night defensive fires and H&I fire plans will be transmitted by the FSCC to CLF and SACC.
 - (5) Annex B (Intelligence).
 - (6) Current intsums.

CONFIDENTIAL

e. Aircraft Safety.

(1) Air sentries and lookouts.

- (a) Air sentries will be positioned at artillery firing batteries and will cease fire when friendly aircraft are observed approaching danger areas.
- (b) Artillery forward observers, naval gunfire spotters and airborne spotters will check fire when it appears that the trajectories of artillery and naval gunfire will endanger friendly aircraft.
- (c) Unless special coordination measures are prescribed, fires on helicopter routes are restricted to observed fires where the observer is capable of ensuring the safety of the helicopters using the routes.

f. Coordination techniques.

- (1) Restrictive fire plans will be established by CATF while coordination of supporting fires is afloat. When coordination is passed ashore restrictive fire plans will be established and reported to SACC; changes by overlay or message.
- (2) Boundaries, no fire lines, and fire coordination lines will be established and reported to SACC; changes by overlay or message.
- (3) Bomb lines will be established by CATF as required.

4. ADMINISTRATION AND LOGISTICS. See Administrative Order 1-675. COMMAND AND COMMUNICATIONS-ELECTRONICS. Annex J (Communications - Electronics)

Time Zone: H

Task Organization: Annex A (Task Organization)

1. SITUATION.

a. General.

- (1) Annex K (Rules of Conduct) and Annex D (Fire Support Coordination) to Operation Order 1-67 will be closely adhered to at all times.

b. Enemy Forces.

- (1) Annex F (Intelligence)
 (2) Current Intelligence

c. Friendly Forces.

- (1) Annex A (Task Organization)
 (2) Annex F (Naval Gunfire)
 (3) Annex G (Air Operations)

2. MISSION.

- a. Battery "G" (-)(REIN), 3rd Battalion, 12th Marines will land in accordance with Annex H (Landing Plan) to Operation Order 1-67 and occupy position in vicinity BEACH GREEN # 2 in direct support of BLT 1/4. Maintain tactical FDC to support landing force artillery elements.
- b. Mortar Battery, 3rd Battalion, 12th Marines will land in accordance with Annex H (Landing Plan) to operation Order 1-67 and occupy position in vicinity of LZ FALCON to provide reinforcing fire for Battery "G".

3. EXECUTION.

a. Concept of operation.

- (1) Landing forces artillery will support the landing force by providing direct support and reinforcing artillery fires.
- (2) Battery "G" (-)(REIN), 3rd Battalion, 12th Marines will be deployed to provide maximum fire in direct support of BLT 1/4.

CONFIDENTIAL

- (3) Mortar Battery, 3rd Battalion, 12th Marines will be deployed to provide maximum support to landing forces by reinforcing the fires of Battery "G".
- b. Battery "G" (-)(REIN), 3rd Battalion, 12th Marines.
 - (1) Direct support of BLT 1/4.
 - (2) Land on order by surface means over BEACH GREEN #2.
 - (3) Position Area and zones of fire to be designated by Battery Commander.
 - c. Mortar Battery, 3rd Battalion, 12th Marines
 - (1) Provide reinforcing fires for Battery "G" in support of BLT 1/4.
 - (2) Land on order by helicopter means in LZ FALCON.
 - d. Coordinating Instructions.
 - (1) Position areas and fire capabilities. Report to FSCC when established to consist of following data.
 - (a) Position Location
 - (b) Direction of Fire
 - (c) Ammunition Status
 - (2) Survey. To be provided by Battery "G", 3rd Battalion, 12th Marines.
 - (3) Priorities of Fire. As required.
 - (4) Direction of Fire. As designated by Battery Commander upon occupying position.
 - (5) Target Numbers. In accordance with reference (c).
 - (6) Restriction on Fire. Annex D (Fire Support Coordination).
 - (7) Counterbattery. Counterbattery policy active.
 - (8) Countermortar. Counterbattery policy active.
 - (9) Ammunition - Restriction. Batteries will not expend more than seventy-five percent of available supply rate without approval of of BLT Commander.

Annex F (Naval Gunfire) to Operation Order 1-67

- Ref: (a) MAP: Central Philippines, 1:50,000, Series S733, Sheet 3259 I, 3259 IV, 3260 II, 3260 III.
 (b) CTG 79.5 (Operation Plan 302-66)
 (c) EIRM 7-2
 (d) EIRM 7-4

Time Zone: H

Task Organization:

TU 76.5.1 Naval Gunfire Support Unit Co. MEADICK
 USS MEADICK
 USS DIACHENKO

SITUATION.

- a. General. Reference (b) states that in other than built up areas Naval Gunfire may be directed against enemy forces in contact, in accordance with normal procedures. When not in contact, unobserved NGF will be directed only at targets declared hostile by indigenous personnel, ground observers or airborne spotters. Further, unobserved Naval gunfire will be employed only under exceptional circumstances and in cases where:
 - (1) The requested Naval Gunfire mission cannot be observed due to Geography, weather, or other factors; or
 - (2) No U.S. TACP, BCP, FAC's or Airborne artillery spotters trained in Naval Gunfire spotting are available.
- b. Enemy Forces.
 - (1) Annex B (Intelligence)
 - (2) Current INTSUMS
- c. Friendly Forces.
 - (1) Annex A (Task Organization)
 - (2) NGF Support (TU 76.5.1)

CONFIDENTIAL

2. MISSION. Naval Gunfire support unit (TU 76.5.1) supports the landing and operations ashore of LT 1/4 with Naval Gunfire.

3. EXECUTION.

- a. Naval Gunfire support unit (TU 76.5.1) will support the BLT maneuvers ashore.

b. Coordinating Instructions.

- (1) Fire support areas and stations, boundaries and zones of responsibility of fire support ships will be promulgated by CATF.
- (2) SACC will control and coordinate naval gunfire until passed to FSCC ashore.
- (3) When BLT FSCC is established ashore, coordination of Naval Gunfire with other supporting areas will be in accordance to reference (c).
- (4) Request for naval gunfire support will be made to the gunfire support ships by spot teams, forward observers, air observers and other qualified to adjust fires.
- (5) VT and MTF fuze projectiles not set on safe will not be fired over the heads or within 300 yards of friendly ships, troops, landing craft, or assault boats, unless specifically requested by the supported unit.
- (6) Use UTM grid reference system for all target locations.
- (7) Restrictive fire plans will be in accordance with Annex D (Fire Support coordination).
- (8) Creeping methods of adjustment will be used in all dangerously close missions.
- (9) All spotters will give the naval gunfire ship, upon completion of a mission, "End of Target" Following by a Damage assessment and effectiveness of fire.
- (10) The SFCP will report to the Naval Gunfire ship(s) friendly positions every hour or when there is a significant change.
- (11) BLT Commander will coordinate Naval Gunfire zones of responsibility to correspond to the boundaries of the supported troop unit.
- (12) All naval Gunfire missions require positive clearance and approval by SACC/FSCC.

CONFIDENTIAL

- (13) BLT will submit requirements to CLF for D-day schedule of fires.
- (14) The BLT commander will coordinate screening smoke with organic units and CLF.
- (15) Rockets will not be fired over the heads of friendly troops, landing craft, assault boats or shipping.
- (16) Illumination missions will be fired only upon approval of BLT Commander.
- (17) SFCP will establish radio Communications with direct support ships at H-60. In the interval before SFCP commences functioning ashore, NGF ships will execute scheduled fires using an Airborne Spotter. Airborne Spotter (TAO) may request repetition, acceleration, reduction, or shifting of scheduled fires as the situation dictates.
- (18) Coordination of Air support, Artillery, and Naval Gunfire in accordance with Annex D (Fire Support coordination)

4. ADMINISTRATION AND LOGISTICS.

Details published as required.

5. COMMAND AND COMMUNICATION-ELECTRONICS

Time Zone: H

1. SITUATION.

- a. General. Reference (a) defines the AOA. CAS missions will be coordinated primarily to provide the BLT PAC's and ALO Teams with the necessary training in order to provide the BLT with the required support in accomplishing its mission.
- b. Enemy Force.
 - (1) Annex B (Intelligence)
 - (2) Current INTSIMS
- c. Friendly Forces.
 - (1) Annex A (Task Organization)
 - (2) SLF Frag Order for each operation will indicate aviation support available.
 - (3) TF 76.5.0.2 provide coordination and control of all air assigned to support the operation; establishes TADC and provides HHC Liason as appropriate; coordinates and controls ~~sig~~ operations; and control all friendly air operation within the AOA.

2. MISSION. Conduct air operations in support of the Landing Force.

3. EXECUTION.

- (a) Annex C (Concept of Operation)
- (b) Annex D (Fire Support Coordination)

G-1

CONFIDENTIAL

DECLASSIFIED

- (c) The MOA is defined by reference (b).
- (d) Restrictive fire plans will be in accordance with Annex D, (Fire Support Coordination) and references (b) and (c).
- (e) CAS will be under the positive control of TACP or TAC (A).
- (f) Primary and alternate helicopter LZ's and landing beaches will be scheduled for preparatory fire prior to landing troops.
- (g) The UTM Military Grid reference 6-digit system will be used for target designation.
- (h) Other helicopterborne and tactical air support operation will be conducted in accordance with reference (d) and (e).
- (i) Panels or other suitable substitutes will be displayed to mark friendly front line prior to calling air strikes.
- (j) Helicopter will be available for logistic resupply as the situation permits.
- (k) Helicopter will be available for medical evacuation. Medical evacuations requests will be given priority precedence. If a casualty is in serious condition, emergency precedence will be used.
- (l) Use standard mission request forms for calling missions.
- (m) Helicopter landing zones are: (center HLZ coordinates)
 - EAGLE UQ093781
 - DOVE UQ123758
 - ROBIN UQ144743
 - FALCON UQ126780

Ref: (a) NTP 4

Time Zone: H

1. Conditions of aircraft readiness in accordance with reference (a):
 - (a) Condition 1 - Aircraft launch within 2 minutes.
 - (b) Condition 2 - Aircraft launch within 5 minutes.
 - (c) Condition 3 - Aircraft launch within 15 minutes.
 - (d) Condition 4 - Aircraft launch within 30 minutes.
 - (e) Condition 5 - Aircraft launch on pre determined schedules.
2. Condition aircraft that are launched will be replaced by other aircraft in the same condition of readiness. Replacement aircraft will add the letter "A" for the first relief, "B" for the second relief and subsequent lettering for following relief aircraft.
3. Time on station (TOS) is that time an aircraft reports to the controlling agency over the assigned orbit or entry point.
4. Plus and minus figures combined with H-hour and L-hour are in minutes unless otherwise indicated, such as H+30 means 30 minutes after H-hour, etc.
5. If it becomes impossible to fulfill events scheduled because of reduced availability of aircraft, a reduced number of aircraft will be provided, but the entire scheduled mission will not be deleted.

TAB E (Air Schedule Notes) to Appendix I (Aircraft schedule) to Annex G (Air Operations) to Operation Order 1-67

Time Zone: H

1. Flight leaders shall report position to the controlling agency prior to entering the AOA or as soon as possible after becoming airborne. Aircraft reporting in will remain VFR.
2. Upon establishing radio contact with the controlling agency, the flight leaders will give the following information to the Tactical Air Control Center (TAC) on TATC net:
 - (a) Voice call or flight leader
 - (b) Event number
 - (c) Number and type of aircraft
 - (d) Ordnance
 - (e) Position and altitude
 - (f) Estimated time departure (that time an aircraft must depart the farthest point in the AOA to approach and land safely at home plate - for jets use sea level BINGO)
 - (g) Any pertinent remarks (an aircraft in the flight without receiver, etc).
3. Act as flare plane during hours of darkness if required.
4. During hours of darkness decrease to 2VA vico 4VA on station.
5. This event becomes effective upon completion of events 105, 106, 107 and 108.
6. Events 105, 106, 107 and 108 will be prepared for backloading on order.
7. All helicopters will be available for medical evacuation as situation permits.

G-1-E-1

CONFIDENTIAL

CONFIDENTIAL

8. If control of air is not ashore, the Tactical Air Observer (TAO)/Tactical Air Controller (Airborne)(TAC(A) when controlling fixed wing close air support (CAS) aircraft on strikes, within the specified Tactical Area of Responsibility (TAOR), must be in radio contact with Fire Support Coordination Center (FSCC) if established, in order to permit coordination of all supporting arms.
9. Condition V aircraft for this event will normally be required on an emergency basis.
10. If UH-1E aircraft are not available, UH-34 aircraft will be substituted.
11. Be prepared to provide helo escort.
12. Be prepared to provide CAS.
13. Provide A-1 aircraft when available.
14. Night CAS with paraflare support will be launched only on emergency basis when ground or airborne controller has target area in sight and can call flare drop.

JACK WESTERMAN
Lieutenant Colonel. U.S. Marine Corps
Commanding

DISTRIBUTION: Annex C (Distribution) to Operation Order 1-67.

(PFI-2)
 10800N January 1967

 APPENDIX 2 (Aircraft Armament) to Annex G (Air Operations) to Operation
 Order 1-67

 1. General Instructions

a. Ordnance carried will be for missions against targets generally soft in nature. This applies to CAS/helo escort fixed wing aircraft only. Suggested ordnance for specific mission is as follows:

- (1) Helo Escort - Forward firing arms (20MM, rockets)
- (2) Strike/LZ Prep - 240/260 FG/GP Bazzy cutter fuse, Napalm, 20MM Rockets.
- (3) Close Air Support - 250/260# contact fuse or 500# contact fuse, rockets.

b. After the completion of each CAS mission, the flight leader will report to the controlling agency ordnance expended, damage assessment and enemy intelligence of immediate tactical importance.

2. Ordnance Codes for various weapons follows:

| | |
|-----|-----------------|
| B-1 | 1000 # GP |
| B-2 | 500 # GP |
| B-3 | 250 # GP |

Annex H (Landing Plan) to Operation Order 1-67. MUD PUPPY III

Ref: (a) CTC 76.5 Operation Order 303-67
(b) CTC 79.5 Operation Plan 302-66
(c) CTC 79.5 Frag Order #1

Time Zone: H

1. GENERAL.

a. This plan calls for:

- (1) landing one company (Rein) at L-Hour by helicopter in Landing Zone DOVE.
- (2) Landing one company (Rein) on order by helicopter in Landing Zone Eagle.
- (3) Landing one Company (Rein) at H-Hour in LVT's over Beach GREEN 2.
- (4) Landing one 105MM Howitzer Battery on order in LVT's over Beach GREEN 2.
- (5) Landing one 107MM Mortar Battery on order by helicopter in Landing Zone FALCON.
- (6) Landing of the BLT reserve by helicopter in Landing Zones to be designated.

b. See appendixes for detailed instructions.

2. CONTROL MEASURES.

- a. Ship-to-Shore control in accordance with reference (a).
- b. Tac-Log groups organize and function in accordance with Administrative Order 1-67.

 3259 I, 3260 I, 3260 J, 3260 K.

- (c) CTG 76.5 Operation Order 303-67
- (c) CTG 79.5 Operation Order 302-66
- (d) CTG 79.5 Frag Order 1

Time Zone: H

Task Organization: Annex A (Task Organization)

1. SITUATION.

a. Enemy Forces.

- (1) Annex B (Intelligence)
- (2) Current Intelligence Summaries

b. Friendly Forces.

- (1) Amphibious Ready Group (CTG 76.5) provides naval gunfire support.
- (2) CTG 79.3 provides close air support.
- (3) HHL 363 provides helicopter support.
- (4) Tac (A) provides aerial reconnaissance and surveillance for withdrawal.

c. Attachments and Detachments. Annex A (Task Organization)

2. MISSION. To conduct a tactical withdrawal of the BLT from the objective area when ordered by the Landing Force Commander.

3. EXECUTION.

- a. Concept of Operations. When directed, BLT 1/4 will withdraw by helicopters and landing craft from the Objective Area under the protective fires available.
- b. Company "D" (REIN) On order, move to designated LZ and embark aboard assigned helicopters and return to LPD 2.

CONFIDENTIAL

CONFIDENTIAL

- c. Company "A" (REIN). On order, move to designated LZ and embark assigned helicopters and return to LPH-2.
- d. Company "C" (REIN). On order, move to BEACH GREEN #2. Provide security for Artillery and Shore Party units, embark aboard LVT's and return to assigned shipping.
- e. H&S Company (-). On order move to LZ FALCON. Embark aboard assigned helicopters and return to assigned shipping.
- f. 4th Platoon Company "B", 1st Amtrack Bn.
 - (1) On order, move to BEACH GREEN #2, withdraw designated units to assigned shipping.
 - (2) On order, move to assigned shipping and embark.
- g. 4th Platoon Co "B", 3rd Engr. Bn. On order move to BEACH GREEN #2, embark aboard designated LVT's and withdraw to assigned shipping.
- h. 1st Platoon Co "C", 3rd SP Bn. On order, move to BEACH GREEN #2, embark aboard designated LVT's and withdraw to assigned shipping.
- i. 2nd Platoon, Co "A", 3rd Recon Bn. On order move to assigned LZ for extraction.
- j. BLT Reserve (Company "B"). Be prepared to support the withdrawal of the elements of the BLT.
- k. Coordinating Instructions.
 - (1) Code name for withdrawal: VALENTINE
 - (2) W-hour to be announced.
 - (3) Equipment that cannot be recovered will be destroyed completely or damaged sufficiently to deny use by Enemy Forces (Constructive).
 - (4) All units will report to this Hq when commencing withdrawal.
 - (5) Upon completing withdrawal to assigned shipping units will muster and report to this Headquarters.
 - (6) When coordination of supporting arms can no longer be effectively controlled by this headquarters Return of coordination to SACC will be requested.
 - (7) Priority for withdrawal of units is assigned as follows.

1. SITUATION.

a. Enemy Forces.

- (1) See Annex B (Intelligence) to Operation Order 1-67
- (2) The enemy has the capability to conduct active and passive electronic countermeasures (ECM) operations.
- (3) Enemy ECM operations may include;
 - (a) Radio Intercept
 - (b) Jamming
 - (c) Imitative Deception
 - (d) Wire Tapping
- (4) Enemy makes maximum use of discarded communication-electronics equipment. All discarded batteries and wire must be thoroughly destroyed.
- (5) Abandoned communication equipment may be booby trapped.

b. Friendly Forces.

- (1) See Operation Order 1-67.
- (2) Amphibious Task Group (TG 76.5) provides communication and crypto guard for BLT 1/4 during SLF operations.
- (3) Signal Posts.

(a) Signal Post.

b.

b. Ashore. All landing force units report CP locations when established.

2. MISSION. Commencing at H-60, D-Day BLT 1/4 communication-electronics elements provide communications and electronics support for the amphibious landing and subsequent operations ashore.

3. EXECUTION.a. Communications Platoon, 1stBn 4thMar.

(1) Provide organic battalion communications in accordance with reference (a) and this order.

(2) Provide communications personnel and equipment for battalion TAGLOG group as required.

(3) Be prepared to attach one (1) wireman (2511) to each assault rifle company.

(4) Be prepared to install hot-line telephone circuits aboard ship as required.

(5) Be prepared to provide J-2 electronic support to the (1stBn 4thMar) in accordance with annex J to reference (b). CONFIDENTIAL

b. Large Communications.

(1) Provide organic communications as required.

(2) Be prepared to install hot-line telephone circuits aboard ship as required. See appendix 1

CONFIDENTIAL

(5) Be prepared to provide communication equipment to SLF (CTG 79.5) within capability, in accordance with Annex J to reference (b).

b. All Attached Units.

(1) Provide organic communications as required.

(2) Guard supported unit tactical net as required. See Appendix 1 (Radio Plan).

c. 1st Platoon Co "A" 3rd Shore Party Bn.

(1) Provide communications personnel and equipment for SP/LZ Control Teams as required.

(2) Establish liaison communications with Naval Beachmaster units as required.

d. Attached Artillery Batteries.

(1) When the tactical situation permits install two (2) wire lines to the battalion FSCC switchboard.

e. BLT Artillery Communications. See Annex E (Artillery) to Operation Order 1-67 and Appendix 1 (Radio Plan).

f. Naval Gunfire Communications. See Annex F (Naval Gunfire) to Operation Order 1-67 and Appendix 1 (Radio Plan).

g. Air Support Communications. See Annex G (Air Operations) to Operation Order 1-67 and Tab A (Air Support Radio Plan) to Appendix 1 (Radio Plan).

h. Coordinating Instructions.

(1) Message Center.

(a) Cryptographic instructions. See Appendix 2 (Cryptographic Instructions).

(b) Maintain message center afloat throughout SLF operations.

(c) Effect distribution of authentication and numerical codes as directed.

(2) Messenger Service.

(a) Helicopter messenger service will be available upon request. to the S-4

J-3

CONFIDENTIAL

CONFIDENTIAL

(b) Vehicle messenger service to be established as the tactical situation permits. Schedule to be announced.

(3) Radio.

(a) Radio Silence until H-60 Minutes or until lifted by CATF.

(b) See Appendix 1 (Radio Plan)

(c) Radio call signs in accordance with reference (c) and Appendix 3 (Radio Call Signs).

(4) Wire. See reference (a).

(5) Integrated Wire-Radio. See Appendix 4 (Integrated Wire-Radio Plan).

(6) Visual and Sound.

(a) See Appendix 6 to Annex J to reference (b).

(b) Pyrotechnic/Smoke signals pocket guide to be published separately.

h. Interference and Jamming. See Appendix 7 to Annex J to reference (b).

(1) Report suspected jamming or deception to the BLT Communications Officer immediately, by PRIORITY message. Include: frequency designator, time, brief description of jamming, i. e. voice, CW signal, noise; and effect of jamming on friendly communications.

(2) In the event of suspected deception, immediately challenge suspect station. If station does not authenticate properly, report incident to BLT Communications Officer by PRIORITY message. Include: frequency designator, time and brief description of incident.

4. ADMINISTRATION AND LOGISTICS.

a. See Administrative Plan 1-67.

b. Submit emergency requests for resupply of communication-electronic items directly to BLT 1/4 Communications Officer.

Ref: (a) CTG 79.5 OPPLAN 302-66

Time Zone: H

1. See Annex J to reference (a).

2. Cryptographic.

a. KY-8. Effectice edition KAK-3245.

b. Authentication. KAA-60 (TRITON)

c. Numeral Code. KAC-138

3. Special Instructions:

a. Authentication will be mandatory when:

- (1) Enemy Intrusion/Deception is known or suspected
- (2) Lifting Radio Silence
- (3) Challenged
- (4) Entering or leaving a net
- (5) Tactical orders/instructions are issued
- (6) Contact or amplifying reports are passed in plain language.

b. Numeral codes afford minimum security and must not be used to protect information requiring protection more than 24 hours. The system will not be used to protect:

- (1) Friendly positions known or believed known by the enemy.
- (2) Coordinates of enemy positions to include target locations for friendly supporting arms.
- (3) Radio frequencies. Use assigned frequency designators when referring to radio frequencies.

J-2-1

CONFIDENTIAL

CONFIDENTIAL

- c. Authentication and numeral codes become effective at 0001 H Daily.
 - d. Message originators should indicate "MOD CLEAR" on field message form when protection of numerals is desired.
4. Maximum use of checkpoints, phase lines and grid code references is encouraged in order to minimize possibility of compromising numeral codes.

Annex K (Rules of Conduct) to Operation Order 1-67

Ref: (a) CTG 76.5 Operation Order 303-67

Time Zone: H

1. Do not touch the women.
2. Be polite at all times.
3. Do not eat any native food or drink water without halazone.
4. Do not steal from the people.
5. Use Tagalog expressions:

Good morning: Mah-gahn-DAHNG oo-MAH-gah

Good afternoon: Mah-gahn-DAHNG HAH-pohn

Good evenings: Mah-gahn-DAHNG gah-BEE

Thank you: Sah-LAH-maht POH

How are you sir: Koo-moos-TAH Ka-HOY-POH

6. Do not damage crops, livestock, graves, fish farms, or fences, or cut vegetation.
7. Pile up used C-Rations and cans neatly and give to people at end of evening meal. Bury all trash which is not accepted by people.
8. Keep the Filipinos out of your perimeter, but welcome the Filipino officials to your base camp. The Filipino is cordial and practices the Motto, "mi casa es su casa" (my house is your house). But tactfully explain your government will not let you go to his house.
9. Do not disturb Filipinos during siesta in early afternoon.
10. The Filipino enjoys a good laugh, but do not joke about his family or personal life.

Annex M (Rehearsal Plan) to Operation Order 1-67

- Ref: (a) MAP: SUBIC BAY 1:50,000, Series S711, Sheet 3064 IV.
 (b) CTG 76.5 Operation Order 303-67.
 (c) CTG 79.5 Operation Plan 302-66.
 (d) CTG 79.5 Rehearsal Plan for MUD PUPPY III.

Task Organization: Annex A (Task Organization)

1. SITUATION.

a. Enemy Forces. NONE

b. Friendly Forces.

- (1) Amphibious ready Group (TG 76.5) lifts and lands elements of the SLF participating in the rehearsal.
- (2) Special Landing Force (TG 79.5) conducts a rehearsal of the Ship to Shore movement in accordance with reference (a) at SUBIC BAY, Republic of the PHILIPPINES.

2. MISSION. Commencing at L-hour and H-hour on 16-day conduct heliborne and waterborne landings into landing zone SWAN and over BEACH GREEN. On order conduct withdrawal to assigned shipping.

EXECUTION.

a. Concept of Rehearsal.

- (1) All personnel to land during the assault phase will participate in the rehearsal; however, only assault rifle companies, 107mm mortar Battery, Scheduled elements of Battery "G", and BLT command and communication elements will debark. Those elements to be landed will cross LOD's/DP's and proceed toward designated beach and landing zone as scheduled in Annex H. (Landing Plan)
- (2) After touchdown amphibian vehicles will disembark troops turn to the left flank of the beach and remain clear of all incoming waves. On order embark troops, move to parent ship by the left flank of the beach lane.

- (3) Landing parties will remain on the left flank of the beach lane outside the Surf Zone to guide LVT's to Parent Ships.
 - (4) Helicopter waves will emplane and land serials of the assault companies, 107mm mortar battery, Blt command and communications elements.
 - (5) Units not actually debarking during the rehearsal will rehearse movement to debarkation stations.
- b. Companies "A" and "D"
- (1) Commencing at L-hour on R-day conduct rehearsal of heliborne serials in landing zone SWAN.
 - (2) On order conduct withdrawal to assigned shipping.
- c. Company "C"
- (1) Commencing at H-hour on R-day conducted rehearsal of scheduled serials over BEACH GREEN.
 - (2) On order conduct withdrawal to assigned shipping.
- d. Battery "G"
- (1) Commencing at H-hour on R-day conduct rehearsal of scheduled serials over BEACH GREEN.
 - (2) On order conduct withdrawal to assigned shipping.
- e. 107mm Mortar Battery
- (1) On order on R-day land heliborne serials in landing zone DOVE.
 - (2) On order conduct withdrawal to assigned shipping.
- f. H&S Company
- (1) On order, on R-day, land designated serials of the BLT command and communication personnel in landing Zone DOVE.
- g. Coordinating Instructions.
- (1) All personnel will debark from LVT's and helicopters in a tactical manner move rapidly disperse and seek cover and concealment.
 - (2) No tactical maneuvers will be conducted subsequent to initial landings.

1. SUPPLY

a. General

- (1) Supplies landed will at no time exceed 1 DOS.

b. Supply Source

- (1) The LPH is the primary source of supply.
 (2) Supplies will be prepared and staged aboard all assigned shipping and ready for loading by helo or surface lift on D-4.
 (3) Prescribed loads will be drawn from BLT supplies.
 (4) Resupply of all classes will be requested through the S-4. (See Annex A)
 (5) Service platoon elements assigned to TAC LOG have the responsibility of staging and preplanning supplies as directed by TAC LOG.

c. Prescribed Loads

(1) Class I

- (a) Two full canteens of water.
 (b) Three MCI's per individual.
 (c) One box of trioxane per individual.

(2) Class II

- (a) Individual Marine uniform and equipment will consist of:

Jungle utilities.
 Jungle boots with trousers bloused.
 Helmet w/cover, green side out, and mosquito net.
 Light marching pack w/following items:

301638

UPGRADED AT 3 YEAR INTERVAL
 DECLASSIFIED AFTER 12 YEARS
 DOD DIR 5200.10

CONFIDENTIAL

3 pr cushion sole socks
 1 pr trousers jungle
 1 coat utility jungle
 2 pair green drawers
 1 poncho
 1 towel, green
 1 bottle insect repellent

(note) Each squad will carry 3-30 foot ropes.
 Each fire team will carry 1-3 foot toggle line.

(3) Class III

1 can gun oil per individual
 Gun patches and cleaning rags

(4) Class IV

None for Operation Mud Puppy.

(5) Class V

| | |
|-----------------|----------------------------------|
| Aggressor force | 5000 rds blank 7.62 |
| | 20 colored hand smoke |
| Rifle Co | 5000 rds blank 7.62 |
| | 20 colored hand smoke |
| Recon unit | 20 rds blank 7.62 per individual |

(6) Communication per platoon:

Two AN/PRC 25
 One battery (BA 386) in each radio, two carried outside.
 One EE-8.
 Two sound powered phones.
 One half mile wire WF-1/TT.

(7) Medical (Annex B)

(a) Complete basic outfit (ICL) plus 3 day high usage items. Eight salt tablet per individual per day. 12 halizone tablets per individual per day.

d. Supplies and Equipment Available

(1) Control and Distribution

(a) Control

1 The BLT will establish a TAC LOG aboard the LPH and the LSD with sub units on other shipping.

CONFIDENTIAL

CONFIDENTIAL

2. Custody, control and distribution is a BLT responsibility. Request for transportation will be submitted through the S-4.

3. Every effort will be made to ensure supplies and equipment are safe guarded against damage, capture, and pilferage from both friendly and enemy forces.

4. Report all classes of supplies expended or consumed by type and quantity to the BLT S-4 upon completion of operations.

(b) Distribution

1. Levels of supply in the objective area will not exceed one DOS for any class unless approved by the BLT Commander, or the S-4.

2. Landing of supplies and serials will be reported to BLT S-4 when completed.

3. Captured material (See Intelligence Annex)

4. Salvage

a. All material requiring salvage will be reported to the BLT S-4 and returned to the amphibious shipping by the most expedient means.

b. No material of potential use to the enemy will be left unguarded or unattended.

2. EVACUATION AND HOSPITALIZATION

a. See Annex B (Medical) to Administrative Order 001-67.

b. All class V will be removed from casualties prior to being evacuated.

c. Upon arrival of the casualty to the flight deck aboard the LPH, designated personnel from collection and clearing platoon will search the Helo and casualty for any class V prior to admitting him to the operating room.

3. TRANSPORTATION

a. Land. The landing of wheeled and tracked vehicles will be restricted to those required to accomplish the mission. Vehicles will be designated and debarked on order.

b. Sea. 20 River boats and 20 outboard engines will be embarked aboard SLF shipping. SP will coordinate and dispatch these boats to using units on order. Strict accountability will be observed by SP Commander for the condition of boats checked out and returned. Boats and motors will be marked with masking tape for identification. SP Commander will ensure that motors are flushed with fresh water upon completion of each days use.

CONFIDENTIAL

CONFIDENTIAL

c. Air. As directed and approved by CTG 79.5.

4. SERVICEa. Functions

(1) Construction as required.

(2) Maintenance to be provided by the service attachments of the BLT. Maximum use will be made of contact teams and end items replacements.

5. PERSONNEL. See Annex D (Personnel) to Administrative Order 001-67.

6. MISCELLANEOUS

a. Security of all supplies, equipment and personal effects while aboard is the responsibility of the embarked unit commanders.

c. When operating ashore, all expended dry cell batteries will be returned to the LPH for disposal.

d. Deadlined equipment will be reported immediately to this Headquarters (Attn: S-4).

e. Prior to re-embarkation, unit commanders will ensure Class V items recovered are free of rust, dirt, and moisture.

f. Supply economy will be enforced at all times.

g. On D-Day minus one, Recon units draw prescribed loads.

h. On D-Day minus one, aggressor forces and tactical units draw prescribed loads.

i. Safety

(1) Hand grenades will not be removed from their containers prior to L-2 or H-2 whichever is applicable.

(2) Magazines will not be loaded prior to L-2 or H-2 whichever is applicable.

(3) Grenades will not be suspended from cartridge belts, belt suspenders, pockets of utility coats or any other area that may cause the pins to disengage from the grenade at any time.

 (d) CTG 79.5 FragOrder 1
 (e) FMFM G-3
 (f) USS IWO JIMA (LPH-2) Helicopter Request (Ref Aug 66)

Time zone

1. GENERAL

- a. See Annex C (Concept of Operations) OpOrd 1-67.
- b. This plan calls for landing by a combination of helicopterborne and waterborne amphibious assaults.
- c. An amphibious assault in a riverine operation will reflect the tactics and techniques contained in reference (b).

2. EXECUTION

- a. All tactical elements debarking will debark with full B/A.
- b. By 1800 hours on D day, all HLZs and beach areas will be provided with one DCS, one DCA, and two hours of Class V illumination.
- c. There will be no floating dumps.
- d. The LPH Iwo Jima will be the primary source of all classes of supplies.
- e. Resupply will be accomplished as follows:
 - (1) Tactical units request all resupply through S-4.
 - (2) S-4 forwards request to TAC LOG.
 - (3) TAC LOG Request Helo lift in accordance with serialized loads.
 - (4) Service platoon breaks supplies out on the flight deck and stages them according to unit by serials.
 - (5) Helos are dispatched with serials to appropriate HLZ.
 - (6) All helicopter request will be in format of reference (f).
- f. Emergency resupply may be had at anytime by requesting through channels, or direct to TAC LOG, if required, by emergency.

A-1

CONFIDENTIAL

CONFIDENTIAL

g. Heavy loads (105), (107), and (90)mm may be directed by TAC LOG to be landed at the beach area by surface craft if conditions permit.

h. BLT TAC-LOG will organize, embark, and function in accordance with reference (a).

i. Serialized helo lifts of supplies will be requested in accordance with annex H, Operation Order 1-67.

3. WITHDRAWAL PLAN

a. The withdrawal plan is essentially a ship to shore movement in reverse.

b. Backloading of non-tactical supplies and equipment shall be accomplished if practical prior to W-hour.

(1) Tactical units utilize LZC teams to request helos well in advance of W-hour.

(2) LZC teams back-load most critical equipment and supplies first.

(3) Request for lifts of supplies, equipment, and personnel for W-Hour will be in accordance with subparagraph 2.e. above.

 (e) DO P6000.4d (Medical SOP)
 (f) FMFM 4-5 (Medical and Dental Support)

Time Zone: H

ORGANIZATION: ANNEX A2. MISSION.a. Medical Support

- (1) Land on order with 1st Battalion, 4th Marines and establish a Battalion Aid Station. Provide replacement personnel as needed.
- (2) Collecting and Clearing platoon will land on order and establish a collecting and clearing station in a designated area.
- (3) If seaward evacuation of casualties for second echelon care is more desirable, the attached medical units will be prepared to integrate with and complement the medical department of the casualty receiving ship.

b. All Medical Units

- (1) Provide markers on evacuation routes to designate location of unit.
- (2) Be prepared to furnish emergency treatment to civilian populace.
- (3) Test local water for potability.

3. SANITATION AND PREVENTIVE MEDICINE

a. Reference (a) and Appendix 1.

b. Troop Commanders at all echelons will require maximum sanitary discipline under combat conditions.

c. Information on disease which may be expected in the objective area. See Annex B (Intelligence) to Operation Order 1-67 and Appendix 1.

d. Food and water will be consumed from authorized sources only.

e. Bathing will be permitted only where service shower units have been installed.

CONFIDENTIAL

f. All troops will have routine immunizations brought up to date, and will be immunized for smallpox, typhoid-paratyphoid, tetanus-diphtheria, poliomyelitis, typhus, cholera, plague, and gamma globulin prior to embarkation.

4. EVACUATION

a. Reference (e).

b. Movement

(1) After departing port of embarkation, casualties occurring aboard ship, which require care beyond the capability of that ship, will be transferred to designated casualty receiving ships at the earliest practicable time.

(2) The health of all troops embarked is the responsibility of the Amphibious Task Force Commander.

(3) Troop medical personnel will render all practicable assistance to ship's medical personnel as regards medical service to embarked troops.

c. Assault Plan

(1) Waterborne Force

(a) Ship-to-shore

1. Living casualties in the landing craft will remain in the craft for return to the casualty receiving ships as directed.

2. All dead occurring in the landing craft will be placed on the beach above the high water mark for collection by Graves Registration personnel of the Shore Party.

3. All dead occurring in amphibious vehicles will remain in the vehicle for return to the beach for collection by the Graves Registration personnel of the Shore Party.

(2) Helicopterborne Forces

(a) Ship-to-shore

1. Living casualties occurring in the helicopterborne force will be evacuated by returning helicopter to the LPH.

2. All dead occurring will be returned to the LPH by returning helicopter in the helicopterborne force. Alternatively, they may be left in the landing zone until linkup with ground forces. The choice will be determined by the extensiveness of the commitment of returning helicopters to carry living casualties.

d. Ashore

CONFIDENTIAL

- (1) Initially, casualties will be evacuated via landing craft or helicopter to casualty relieving ships.
- (2) Report location of medical installations when established.
- (3) In no case will evacuation of casualties be delayed solely for lack of complete medical records or other administrative requirements.
- (4) Priority will be given to rapid casualty collection and evacuation to Amphibious Task Force medical facilities.
- (5) Normally, casualties will be evacuated to ships of the Amphibious Task Force as soon as possible, either directly by helicopter or via shore party evacuation facilities.
- (6) Evacuation of all casualties will be direct to the LPH by helicopter.
- (7) The LPH will be designated the casualty relieving ship.
- (8) The LPH and LPD, when ready to receive casualties will fly an oversize MIKE flag. At night a blinking green light will be used for identification.

e. Air Evacuation

- (1) Helicopter evacuation.
 - (a) All casualties occurring in the helicopterborne force will be evacuated via helicopter to LPH.
 - (b) Upon completion of the landing of helicopterborne troops, ambulance helicopter will be available for evacuation.
 - (c) Requests for helicopter for shore-to-ship evacuation will be made to the CECO.
 - (d) In requesting ambulance, helicopter, units will use the following classification system for indicating priority of casualties.

Emergency: Those requiring immediate evacuation for emergency treatment.

Priority: Those requiring emergency treatment but whose condition will allow a one to three hour delay.

Routine: Those requiring helicopter evacuation because of the nature of their injury. No emergency treatment necessary but smooth evacuation desirable.
- (2) On order, detainee casualties will be evacuated.
- (3) Indigenous civilian casualties will be evacuated from the objective area at the discretion of the Amphibious Task Force Commander.

5. HOSPITALIZATION

CONFIDENTIALa. Ship Medical Facilities

(1) The ships of the Amphibious Task Force will provide hospitalization. The LPH has been designated to receive the more serious casualties throughout the operation.

(2) At the discretion of the Amphibious Task Force Surgeon, overflow facilities for minor casualties will be established aboard the LPD.

b. Detainees

(1) Detainees will receive prophylactic injections of smallpox, typhoid-paratyphoid, tetanus-diphtheria, poliomyelitis, typhus, cholera, and plague.

(2) Detainees will be hospitalized as directed by the Landing Force Commander.

(3) Maximum use of captured medical personnel and supplies will be made in the treatment of detainees.

c. RAMP's. (Recovered Allied Military Personnel)

(1) All RAMP's will receive prophylactic injections of smallpox, typhoid-paratyphoid, tetanus-diphtheria, poliomyelitis, typhus, cholera, and plague.

(2) RAMP's will be isolated from troops, civilians and detainees in a detention area on the beach.

(3) RAMP's requiring hospitalization and casualties requiring emergency treatment will be evacuated in the normal chain seaward.

6. MEDICAL SUPPLYa. Landing Force

(1) Reference (f).

(2) Requests for emergency supplies by air drop will be made as indicated.

(3) Captured medical supplies will be salvaged for the care of detainees.

(4) The LPH will be stocked with and act as distribution center for whole blood.

7. MEDICAL ADMINISTRATIONa. Location of Landing Force Surgeon

(1) Afloat: LPH

CONFIDENTIAL

CONFIDENTIAL

(2) Ashore: To be announced.

Administrative Order 001-67

(a) Manual of Preventive Medicine (NAVMED P-5010)

Time Zone H

1. MISSION. To promote and maintain the health and well-being of all troops in the field prior to, during, and after combat operations.

2. SITUATION

a. (Due to conditions and poverty, the country containing the objective area has a distinct impediment toward progress in health and sanitation measures.

b. As a result of the problem, many diseases are widespread and sanitary measures are almost nil. Vectors of disease are widespread and due to climatic conditions, epidemics of many diseases are almost continuous.

3. DISEASE INFORMATION

a. Diseases of Special Military Importance

- (1) Malaria: Greatest mortality cause - widespread.
- (2) Dysenteries: Next in importance - widespread.
- (3) Plague: Occasional epidemics - widespread.
- (4) Cholera: Occasional epidemics - widespread.
- (5) Venereal Diseases: Prevalent in large communities.
- (6) Typhus Fever: Occurs in hill country.
- (7) Dengue Fever: Yearly epidemics - southern and central portions.

b. Diseases of potential military importance

- (1) Malaria: Sporadic outbreaks but preventive medication will keep incidence low.
- (2) Plague: Sporadic outbreaks but control measures may keep incidence low.

CONFIDENTIAL

CONFIDENTIALc. Miscellaneous Diseases

(1) Typhoid Fever: Common among civilians due to contaminated water supply.

(2) Smallpox: Controlled by vaccines.

4. INSECTS AND DANGEROUS ANIMALSa. Vectors of disease.

(1) Mosquitoes: Anopheles most prevalent.

(2) Flies: Many varieties the year around.

(3) Lice: Very common.

(4) Fleas: Tropical fleas most prevalent.

(5) Rodents: Many varieties of rats and rat-like animals transmit typhus fever.

b. Snakes and other dangerous animals(1) Poisonous snakes

Time Zone: H

Task Organization: Appendix 1 (Task Organization)

1. SITUATION

- a. Enemy Forces. See Landing Force Operation Plan. (1-67).
- b. Friendly Forces. See Landing Force Operation Plan (1-67).
- c. Attachments and Detachments. See Landing Force Operation Plan (1-67).

2. MISSION

The mission of the shore party organization is to facilitate landing and movement off the beaches of weapons, equipment, and supplies of BLT 1/4; to evacuate from the beaches casualties and detainees; and the beaching, retraction, and salvage within the Landing Zone. The landing zone control team is to facilitate the landing and movement of helicopter-borne forces, equipment, and supplies; and to evacuate from the landing zone casualties and prisoners of war.

3. EXECUTION

a. Concept of Operations

(1) Shore party organization provides logistic support throughout the operation. One shore party team will be employed to operate and organize Beach Green 2.

(2) Beach Green 2 will be developed as the major area for resupply of the BLT.

b. Headquarters, Shore Party Team

- (1) Issue orders over Beach Green 2.
- (2) Coordinate all Shore Party Operations.
- (3) Plan, coordinate and conduct the BSA defense.

CONFIDENTIAL

CONFIDENTIAL

- (4) Install and operate bulk fuel facilities as required to support amphibious tractor and other units operating out of the BSA.
- (5) Provide two landing zone control teams for two assault rifle companies.
- (6) Be prepared to support back-loading on completion of Operation Mud-Puppy III.

c. Shore Party Team

- (1) Land on order over beach Green 2 and develop the beach for operations
- (2) Organize and establish BSA on Beach Green 2.
- (3) Provide logistic support to assault elements as required. Be prepared to provide unit distribution by amphibious tractors and helicopters.
- (4) Install a bulk unloading station by D+1.

d. Coordinating Instructions

- (1) Annex H (Landing Plan) to TG 79.5 Operation Order 1-67.
- (2) Annex A (Plan for Landing Supplies) to TG 79.5 Administrative Plan 1-67.
- (3) Work Priorities .
 - (a) Mark the beach .
 - (b) Obstacle removal .
 - (c) Improve beach exits and trafficability .
 - (d) Establish evacuation station .
 - (e) Establish helicopter landing points .
 - (f) Initiate CP installations .
 - (g) Establish Class V dump.
 - (h) Establish Class III dump.
 - (i) Establish Class I dump.
 - (j) Establish BSA defense.
- (4) Be prepared to conduct round the clock operations.

CONFIDENTIAL

CONFIDENTIAL

- (5) BSA Green 2 dump levels to be ashore by 1800, D-day are:

Class I - I day.

Class III - I day.

Class V - I day.

- (6) Maximum dump levels of all classes on Beach Green 2 established at one DOS.

- (7) All supplies disbursed and revetted.

- (8) All cargo nets and life jackets will be recovered and returned to appropriate ships.

4. ADMINISTRATIVE AND LOGISTICS. See TG 79.5 Admin Plan 1-67.

5. COMMAND AND COMMUNICATION-ELECTRONICS

a. Communication

- (1) Annex J (Comm-Elect) to TG 79.5 Operation Plan 1-67.

b. Command Posts

- (1) Afloat

(a) Shore Party Team LSD-28.

- (2) Ashore

(a) Shore Party Team 125780.

- (3) Report changes in CP locations as necessary.
