Summary of Period's Action					
Companies "A" occupied FSB Neville and conducted patrolling in the area. A line check uncovered some TNE and a ChiCom grenade.					
Details in spot report #85					
Company "B" commenced their move to the DMZ and extraction of two Recon Teams. They took small arms fire into their LZ at 1625 as a helicopter landed with resupply. At the days end the company was still withdrawing the teams from the DMZ. See spot rep #84					
Company "D" arrived at their new position at XD 780560. Move was made without incident.					
Company "C" continued to defend LZ Catapult and conducted 1 day ambushes in their area.					
Plans for 10 June					
Companies "A" and "B" and "D" will continue to defend and conduct patrolling operations from their present positions. Company "C" will launch a two day platoon size patrol north of the Cam Lo river.					
Company "B" will continue to defend LZ Beaver and the withdrawal of the two Recon Teams from within the DMZ. Should this mission be completed in sufficient time to allow for a few hours of day/light the company will commence their move back to LZ Catapult. More than likely they will remain at LZ Beaver until 11 June.

				<u>Summary of Period's Action</u>	
				The primary action throughout the day continued to be the effort to extract the Recon Reaction Force and the Sparrow Hawk platoon from C/1/9. Word changed throughout the day on whether the lift would actually take place. At day's end it was determined that helicopters would not be available and Company "B" moved south to the Cam Lo River, received an emergency resupply of MCI's and set in for the night. One platoon of the company completed their move to Catapult.	
				Company "C" (-) commenced their move toward FSB Neville, leaving one platoon at Catapult.	
				Companies "A" and "D" continued their assigned missions with negative results.	
				<u>Plans for 12 June</u>	
				Company "A" will commence a two-three day sweep to the northwest, with three day sweep to the northwest , with the ultimate objective of establishing a company patrol base at hill 838. From this position they will conduct extensive patrolling operations in the northern Lang Ho valley.	
				Company "B" will complete their move to Catapult, bringing the unit ^{Recon} and C/1/9 personnel with them. Their extraction will take place from Catapult once helicopters become available.	
				Company "C" will complete their move to FSB Neville and relieve Company "A" in place.	
				Company "D" will continue extensive patrolling operations in the Lang Ho Valley.

				Summary of Periods Action	
				Company "A" continued their sweep toward Hill 838 with negative results. An A6 on station took small arms fire from the vicinity of Hill 838.	
				Companies "B", "C", and "D" continued to defend their present position and conducted patrolling and ambush actions in their areas with negative results. At 0835 a patrol from Company "C" discovered an old bunker with a pair of sneakers nearby. Wires leading from them led the patrol to believe that they had been boobytrapped. Patrol had no explosives with them so they were left in place.	
				Plans for 14 June	
				Company "A" will continue to sweep toward Hill 838.	
				Company "B" after a day of little activity following their trek from the DMZ, will commence 2 day platoon size patrols north of the Cam Lo River.	
				Company "C" will continue to defend FSB Neville and conduct patrolling operations in the area.	
				Company "D" will continue extensive patrolling operations in the southern portion of the Lang Ho Valley.
