				Sparrow Hawk/Bald Eagle mission; Companies "C" and "D" continued their operation along the ridgeline north of the Ba Long Valley, and Companies "I", "K", and "L" continued to man the perimeter at VCB. Company "M", 3/9, relieved Company "I", 3/9 in the lines at VCB during the afternoon, and at 1630, Company "M" was chopped OPCON to the battalion and OPCON of "I" Company was returned to its parent 3/9. At 2035, a drill was held with the Reaction Force at VCB. There was much confusion despite the fact that the S-3 of the battalion had made personal contact with a representative from each unit providing personnel to the force concerning the various assembly areas. Each unit was provided with a map (sketch) of VCB delineating the assembly areas at that time. It was 2200 before the Reaction Force was gathered together and a critique held. <u>Plans for 28 July:</u> All companies will carry out their presently assigned missions. Companies "C" and "D" will move to new positions and establish Company Patrol Bases; Company "C" at YD 093455, and Company "D" at YD 071435.
