9. Summary of Operations Participated in With Problems Encountered and Lessons Learned

a. On 24 and 25 January 1967, the Battalion participated in Operation CLEVELAND. Because of a large land mass between the maneuvering area and the CP rear, retransmission using the AN/PRC-25 was tried but unsuccessfully due to a manufacturers defect in the radios themselves. Most of January was spent improving internal communications and operator familiarization with radio and voice circuits.

b. It is felt that with age the AN/PRC-25 radios will present a serious maintenance problem to the using infantry Battalions unless a Signal Generator AN/URM-48 is included on the present Table of Equipment.

4. Surveillance. 22 KIA (CONF), 11 KIA (PROB), 14 Boats destroyed, 1 Boat probable.

5. Remarks. Due to the number of stations on our Conduct of Fire net we have found the necessity for an additional administration net so that we could pass traffic other than fire missions. This traffic would include the following: night defensive fires, on calls, H&Is, etc. During Operation CLEVELAND the Conduct of Fire net was constantly tied up with Admin traffic and consequently reduced the effectiveness of the net.

SECTION XCIVIL AFFAIRS

1. Significant Events. The S-5 arranged for 170 bags (100#) of rice and several school desks to be hauled to the Vietnamese near CAC B3-3. The people were unable to because of impassable roads. Several hundred dolls and bars of soap, over 200 pounds of clothing, and more than 50 pounds of rice were distributed throughout our TACR. The planning stage was initiated for the construction of an orphanage near CAC B2-2. The S-5 attended a III MAF Civil Affairs conference on 27 January 1967. Approximately 35 Vietnamese people were evacuated from our TACR. An extensive distribution of reward leaflets has resulted in the recovery of several dud rounds.
2. Psychological Warfare. Several thousand Chieu Hoi leaflets were distributed by numerous air drops. Several hundred more were distributed by patrols and Med Cap units. Literature explaining the Chieu Hoi program was passed down to the Squad level. The two Kit Carson Scouts are proving to be a valuable asset.
3. Med/Dent Cap. 362 men, 509 women, 1,133 children were treated by Med Cap teams. 23 men, 17 women, 20 children were treated by the Dent Cap team.
