Part II
Narrative Summary

During August 1969, the 5th 175mm Gun Battery (SP) (REIN) commanded by Major A. B. THOMPSON JR., remained under operational control of the 108th Artillery Group USA and continued in its mission of reinforcing the fires of the 12th Marine Regiment.

A command visit was paid to the Battery on 28 August 1969, by Colonel C. W. BOYD, Assistant Chief of Staff, G-3, 9th Marine Amphibious Brigade and Colonel J. H. KEITH, Assistant Chief of Staff, G-4, 9th Marine Amphibious Brigade. On 24 August 1969, the Navy Achievement Medal with Combat "V" was presented to Corporal Jesse E. JONES for his previous tour in Viet Nam. The Battery joined 2ndLt Thomas J. BARRETT on 26 August 1969. 2ndLt Michael E. BURR, 2ndLt John E. MARTINELLI and 2ndLt Jerry B. HATFIELD attended the 12th Marines Executive Officer School on 21 - 22 August 1969.

Rounds expended from Vandergrift Combat Base during August were 1661 for Alpha and 1614 for Bravo.

Charlie Platoon at Fire Support Base Elliot fired 2334 rounds of 175mm during the month of August.

The Battery fired in support of the 3d Marine Division in the following operations: Idaho Canyon, Georgia Tar, Arlington Canyon, Iroquois Grove, Project Delta and in support of unnamed operations in the 1st and 2nd ARVN, Recon and High Rise zones.

As in the past, the majority of rounds were expended in support of seismic intrusion devices and prep fires. Other targets fired were unobserved intelligence/rocket suppression and observed targets of opportunity. Target surveillance of observed missions credited the Battery with 14 bunkers destroyed, 13 enemy killed and a number of secondary explosions.

The battery personnel status is now C-1 through the month of August with critical MOS shortages still in the 2151 field.

The battery continues to support Regimental AO's within the 3d Division AO.
