NARRATIVE SUMMARY

During the month of March 1967, the Battalion (-) terminated operation "DESO TO/DECKHOUSE VI" that had commenced the latter part of February. The Battalion (-) also participated in operation "TIPPECANOE", conducted in the northwestern sector of the Battalion TAOR.

In addition to participating in the above code named operations, the 1st Battalion, 5th Marines executed seven (7) company search and destroy operations lasting over a two to four day period. In conjunction with Vietnamese assets, this Battalion participated in County Fair, 5-12, held in KY BICH Village, BICH NGO (2) Sub-Hamlet.

Psychological warfare operations were continually emphasized throughout the month. A total of 30,000 leaflets were hand distributed by small units conducting patrols and combat operations. Additionally twelve propaganda movies were shown and on six occasions taped broadcasts were employed. It is considered that the Kit Carson Scouts have been effective in contributing towards the establishment of confidence in the Government of Vietnam.

An extensive reconnaissance effort was undertaken to determine earliest feasibility for employment of tracked vehicles in the north and western portions of the TAOR. The rivers have receded and the rice paddies are drying and it is anticipated that mechanized patrols can be conducted within the next thirty to sixty days.

Wire communications were installed from the Battalion Command Post to the Combined Action Company Headquarters. This service has resulted in reducing the administrative traffic previously transmitted on tactical nets.

The camp improvement program continued during the month of March. Significant work was accomplished on the existing road nets and culverts. Engineer support was requested for completing turn around area to facilitate traffic flow. Concrete decks/walk ways have been installed in the recreation hut and shower unit facility.

Civil Affairs activities conducted during the month were highlighted by MEDCAP's. A total of 4650 Vietnamese received medical assistance. Additional self help projects included expansion of the pig co-operative and provision of material for the building of school desks and benches for 100 children.

SEQUENTIAL LISTING OF SIGNIFICANT EVENTS

1. 01110H Company D, 1st Battalion, 26th Marines (CPCON 1st Battalion, 5th Marines) Squad Security Patrol 26D21 at coordinates (BT 409114) received three rounds small arms fire from one sniper at a range of approximately 300 meters in vicinity coordinates (BT 409111). While searching area, patrol received approximately 15 rounds small arms fire from vicinity coordinates (BT 411111), approximately 200 meters east of patrol location. Sniper was not observed. Area was searched with negative results.
2. 011500H CAC I, 1st Battalion, 5th Marines Squad Security Patrol 5CAC1 at coordinates (BT 338165) spotted three VC at coordinates (BT 335162) approximately 500 meters from patrol dressed in black pajamas and wearing coolie hats. VC came out of brush and entered rice paddy. One VC carried a rifle. Upon seeing the patrol, the VC turned and ran in a southwesterly direction back into the brush. Patrol fired approximately 50 rounds small arms fire and observed one VC fall and then get up. VC did not return fire. Area was searched and blood found where VC fell. Search was made for wounded VC with negative results.
3. 011700H Company D, 1st Battalion, 26th Marines (CPCON 1st Battalion, 5th Marines) Squad Security Patrol 26D1 at coordinates (BT 421101) observed one Vietnamese female at a distance of 200 meters running in a southeast direction. Patrol challenged in Vietnamese for female to halt, and observed female go into house at coordinates (BT 424102). No rounds were fired by patrol. Patrol apprehended female at subject house. Vietnamese female had no I.D. card and was approximately 18 years of age. Vietnamese female appeared highly suspicious and was forwarded to 1st Battalion, 5th Marines S-2 for interrogation. Subject was very uncooperative during interrogation and evasive in answers to questions. Detainee was forwarded to 9th ITC.
4. 020130H CAC I Fire Team Security Patrol (5CAC9) in vicinity coordinates (BT 438115). PF member of the patrol tripped a booby trapped grenade wounding one PF. Medical evacuation requested and completed at 020237H. A search of the area was made from 020630H to 020800H from coordinates (BT 489103) to (BT 482116). One female detainee about 35 years of age and without an I.D. card was apprehended in vicinity of booby trap incident. Detainee was questioned by hamlet chief and she revealed location of male detainee who was later apprehended with no I.D. card. Hamlet Chief believed that he was a deserter from the Vietnamese Marines. The two detainees were not at anytime under U.S. control and were forwarded to LY TIN District Headquarters for processing.
5. 020905H CAC I Squad Security Patrol (5CAC1) was at coordinates (BT 335160) when member of patrol closed the weapon after inserting round in chamber of M-79 Grenade Launcher. The weapon fired accidentally and round exploded approximately 10 meters away wounding two USMC members of the patrol. Helicopter transporting Pay Officer medically evacuated wounded to 1st Medical Battalion at 020950H.

6. 021645H Company D, 1st Battalion, 5th Marines Fire Team Security Patrol (5D2) was at coordinates (BT 437145) when patrol approached young Vietnamese male dressed in black shorts and T-shirt. Vietnamese male started running from patrol. A PF member of the patrol shouted in Vietnamese to halt. When Vietnamese failed to halt, three warning shots were fired in the air. When Vietnamese male was halted, he was questioned and a check of his I.D. card revealed that he was about 20 years old. No one in area knew him. Detainee was forwarded to 1st Battalion, 5th Marines S-2 and subsequently to 9th JTF.

7. 031045H 1st Platoon, Company I, 3rd Battalion, 5th Marines was dropped from OFCON 1st Battalion, 5th Marines.

8. 031230H Company D, 1st Battalion, 26th Marines was dropped from OPCON 1st Battalion, 5th Marines.

9. 031800H Operation DESOTO/DECKHOUSE VII was terminated.

10. 032040H CAC I 1st Battalion, 5th Marines at coordinates (BT 349148) was informed by inhabitants of THATH KIEN (1) hamlet that the 57th VC Battalion was in the vicinity of THATH KIEN (2) at coordinates (BT 349147) and planned to assault CAC I position. CAC I was placed on 100% alert. An artillery mission was called and eight 105mm rounds were fired, 4 rounds at coordinates (BT 353140) and four rounds at coordinates (BT 351141). IX TIN District Headquarters reported having no knowledge of 57th VC Battalion being in the area.

11. 040810H Company C 3rd Platoon (5C7) Combat Security Patrol at coordinates (BT 364155) observed 3 VC, 2 with weapons, one with a pack at a range of approximately 200 meters. Two VC wore black pajamas, and one wore khaki clothing. The patrol took the 3 VC under fire with 25 rounds of 7.62mm, 3 M-79 rounds and 13 3.5 inch rocket rounds. The VC returned 5 rounds small arms fire, broke contact and fled in a southwesterly direction. A thorough search of the area was conducted with negative results.

12. 041015H Company C 3rd Platoon (5C7) Combat Patrol at coordinates (BT 358155) received approximately 75 rounds small arms fire from 3 unobserved snipers. Patrol returned 150 rounds of 7.62mm and one 3.5 inch rocket round at enemy position. An artillery mission was requested and 9 105mm HHR rounds were fired at coordinates (BT 344151) to suppress sniper fire. At 041100H, an aerial observer was called to the area. The AO received sniper fire from vicinity coordinates (BT 340154) and (BT 358157). The AO requested clearance for an air strike at coordinates (BT 358157). The area was cleared, and an air strike was conducted. Aircraft dropped 32-500 pound bombs. A large secondary explosion occurred, 2 bunkers, 11 huts and a 80 ft. trench line were destroyed. 8 huts were damaged. At 041215H, while air strike was in progress, patrol received approximately 25 to 30 rounds small arms fire at a range of 200 meters from 4 VC located at coordinates (BT 357143). Three VC wore black pajamas;

one VC wore khaki clothing and two VC carried weapons. The patrol returned approximately 100 rounds 7.62mm small arms fire. The 4 VC broke contact and fled in a southwest direction. While searching for the 4 VC, the patrol found an old trench line with new diggings running from coordinates (BT 35715) to coordinates (BT 358145). The platoon combat patrol conducted a comprehensive search of the air strike area. No additional storage areas were found and patrol returned to the combat base.

13. 041630H 50AC1 Security Patrol from the 1st Battalion, 5th Marines at coordinates (BT 350162), while conducting a routine patrol through the Bich Ngo (2) area, reported that the area had been hit by an air strike. The area of damage was from coordinates (BT 348164) to (BT 354156). The patrol observed 6 Vietnamese burying a 12 year old Vietnamese male. The Vietnamese stated that the 12 year old male had been killed by an air strike. However, there was no additional evidence to substantiate that the boy had been killed by an air strike. The Vietnamese stated that they were moving out of the area and were going to relocate at Bich Ngo (3). The indications are that no backlash from the civilian populace will occur.

14. 051050H A shot was heard by Cpl K. H. KITCHELL at CAC I 1st Battalion, 5th Marines combat base in vicinity coordinates (BT 325181). Upon investigation Cpl KITCHELL found PFC J. M. DONOVAN a member of 1st Platoon, Company C, 1st Anti-Tank Battalion dead approximately five feet behind an ontos. A .45 caliber sub-machine gun which had been fired recently was found cradled in PFC DONOVAN's arms. The Marine was moved to the supply tent for evacuation. Commanding Officer, Company C, 1st Anti-Tank Battalion; Commanding Officer, 5th Marines and Commanding Officer, 7th Marines were notified. An investigating officer was appointed by PFC DONOVAN's parent organization.

15. 061000H 2nd Platoon Company C (Rein) and 1st Platoon Company B (Rein) commenced search and destroy operations in accordance with operation order 11-67.

16. 062230H Company C Squad Ambush Patrol at coordinates (BT 369147) observed four figures moving from east to west approximately 25 meters from the ambush site. The ambush fired 150 rounds of 7.62mm and requested and received 10 minutes of illumination. Area was immediately searched for 20 minutes and at first light from 070630H to 070700H with negative results.

17. 6 March 1967 2nd Platoon Company C (Rein) and 1st Platoon, Company B (Rein) continues operation in accordance with operation order 11-67.

18. 071500H 2nd Platoon Company B (Rein) relieved 2nd Platoon Company C.

19. 081630H 1st and 2nd Platoon (Rein) Company B terminated operation in accordance with Operation Plan 11-67.

20. 091330H Company B (Rein) commenced operations in accordance with Operation Plan 12-67.

ENCLOSURE (1)

21. 09170H Company B while conducting search and destroy operation at coordinates (BT 335160) received approximately 40 rounds automatic sniper fire from an estimated one unobserved sniper at a range of approximately 500 meters in vicinity coordinates (BT 340155). Company B returned approximately 50 rounds 7.62mm small arms fire. Area was thoroughly searched with negative results.

22. 101010H Company B while conducting search and destroy operation at coordinates (BT 313153) encountered one VC dressed in black shorts and blue shirt, walking at a range of approximately 100 meters in vicinity coordinates (BT 313152). The VC was carrying an M-14 rifle and five M-14 magazines. Company B took VC under fire with 5 rounds of 7.62mm small arms fire, resulting in one VC KIA confirmed. The incident resulted in the capture of one M-14 rifle (modified); serial number 135474 and 5 M-14 magazines.

23. 101020H Company B while conducting search and destroy operation at coordinates (BT 310154) received approximately 10 rounds small arms fire from an estimated one unobserved sniper at a range of approximately 300 meters in vicinity coordinates (BT 307155). Company B returned fire with approximately 30 rounds 7.62mm small arms fire and 4 WP 3.5 inch rocket rounds. One platoon was dispatched to search the area from where sniper fire was received. The area was thoroughly searched with negative results.

24. 101150H Company B Squad Security Patrol while conducting search and destroy operations in vicinity coordinates (BT 309139) received approximately 10 rounds small arms fire from an estimated one unobserved sniper at a range of approximately 500 meters from vicinity coordinates (BT 302144). The 3 VC were dressed in black and one in white clothing. 1 VC was carrying a weapon. The patrol engaged the VC with 30 rounds small arms fire and observed one VC fall. Result of contact: 1 VC WIA probable. 81mm mortar fire was requested to block the route of withdrawal toward a hamlet. Two 81mm HE rounds were fired. Platoon deployed and pursued VC into a hamlet and found 50 pounds of rice, and 30 7.62mm projectiles removed from their casings. The patrol also noted that fires were burning in the fire places within the houses with no one around. Area was searched with negative results. The 7.62mm projectiles were forward to Battalion S-2.

46. 191735H In vicinity at CAC I, 1st Battalion, 5th Marines combat base at coordinates (BT 335175), a Vietnamese girl age 15, and a boy age 14 tripped one anti-personnel mine at coordinates (BT 335157). Shrapnel from the mine inflicted serious wounds on the girl and less serious wounds on the boy. The mine was placed by the ARVN who had occupied the position approximately one year ago. A detailed of Marines and corpsmen from CAC I's position went to the scene. CAC corpsmen administered first aid to the wounded Vietnamese. A priority medical evacuation was requested and completed at 191800H.

47. 201000H Company D Squad Security Patrol at coordinates (BT 365149), received 3 rounds small arms fire from one sniper at a range of 400 meters at coordinates (BT 361149). Patrol returned 30 rounds of small arms fire and searched area from coordinates (BT 361149) to coordinates (BT 359148). Patrol found VC literature pamphlet printed in English. VC propaganda material was forwarded to 5th Marines S-2.

48. 211530H CAC I Security Patrol at coordinates (BT 353166) received 15 to rounds sniper fire as patrol was crossing rice paddy. Patrol continued to cross rice paddy and received an additional 150 rounds small arms fire from an estimated 8 VC dressed in white and black clothing at coordinates (BT 360165). Patrol returned fire with 300 rounds small arms fire, pursued VC and searched area with negative results. A heavy Ontos section moving in position to support CAC I patrol, struck an anti-tank mine, completely destroying the Ontos. CAC I patrol moved to the Ontos to offer assistance. An emergency medical evacuation was requested and completed at 211605H. The hole made by the mine was 6 to 8 feet deep and 8 to 10 feet wide. It is suspected that Ontos ran over a 250 pound booby trapped bomb, which was controlled or pressure detonated. There were mines in vicinity of the explosion to indicate controlled detonation. Result of contact, 2 USMC KIA, 2 USMC WIA and 2 VC WIA probable.

ENCLOSURE (1)

48. 211800H CIC I Squad Security Patrol at coordinates (BT 341165) apprehended six female detainees in vicinity of Ontos incident. Patrol received approximately 30 rounds small arms fire from an unobserved VC at a range of approximately 500 meters in vicinity coordinates (BT 346165). forwarded to Battalion S-2 for processing to 5th Marines S-2. Squad continued to search area with negative results. Result of contact, 2 USMC WIA.

55. 240615H Company D defensive perimeter at coordinates (BT 352085) received 20 rounds small arms fire and 2 grenades. Company D returned 50 rounds small arms fire and one 60mm mortar illumination. The VC ceased fire, broke contact and withdrew to the northwest. At first light squad searched area and found one blood trail. Blood trail was followed with negative results. Result of contact, 2 USMC WIA, 1 VC WL probable.

56. 240830H Company D while sweeping area at coordinates (BT 351084) found 3 caves. Average size of caves were 8 feet deep, 3 feet wide and 45 meters long. Caves were searched with use of RCM with negative results. In area of caves, Company D found one wallet containing one homemade I.D. card and one name tag. Wallet was forwarded to 5th Marines S-2.

57. 241050H Company D while conducting search and destroy operations at coordinates (BT 346086) received approximately 60 rounds small arms fire from 6 VC in a trench line at a range of approximately 300 meters at coordinates (BT 345086). The VC were dressed in black pajamas and carried packs. Marines returned 200 rounds of 7.62mm small arms fire, 2 M7A2 CS grenades and assaulted the enemy position. VC fled into heavy underbrush. 3 VC fell as if wounded by Marines fire. Area was searched and patrol found one French 9mm machine gun round, 1 expended 7.62mm Russian cartridge and one ShiCom 7.62mm crimp cartridge. Crimp cartridge indicated that VC employed rifle grenades on the night of 23 March 1967. Search was concluded with negative additional results. Incident resulted in 3 VC WIA probable, and 0 USMC WIA. Captured equipment was forwarded to 5th Marines S-2.

58. 241420H Company D while conducting search and destroy operations at coordinates (BT 351078) received approximately 100 rounds small arms fire from an estimated 6 to 10 snipers at a range of approximately 350 meters at coordinates (BT 347076). VC were across a stream in a hedgerow. Marines returned approximately 100 rounds of 7.62mm small arms fire, 5 rounds 60mm HE rounds, and 2 M7A2 CS grenades. Company D requested an artillery mission and 14 rounds 105mm HE rounds were fired at VC positions. Marines enveloped and assaulted VC positions. VC broke contact and withdrew to the west. Area was searched with negative results. The incident resulted in 4 USMC WIA. An emergency medical evacuation was requested, and completed at 241450H.

59. 251055H C4C I Platoon Patrol at coordinates (BT 358167) received approximately 50 rounds small arms fire from an estimated 6 to 10 VC from two different positions at coordinates (BT 363162) and (BT 353166). Patrol returned 200 rounds small arms fire and one 81mm HE round at the enemy positions. Patrol deployed and swept the area. VC broke contact and fled in an undetermined direction. Area was thoroughly searched with negative results.

ENCLOSURE (1)

60. 251305H Company D (Rein) terminated search and destroy operation.

61. 261230H A letter was turned over to gate sentry at coordinates (BT 39714) by a Vietnamese National. Letter was translated and it accused TROUNG HOA, age 42 of giving information to the VC of Marine troop movements to and from Hill 54. TROUNG HOA was apprehended and questioned by Kit Carson Scout. TROUNG HOA admitted he had been a VC in the past, but has been supporting the RVN Government for the past 4 years. Detainee and letter was forwarded to 9th ITT.

62. 261430H Company B (Rein) went OPCON 1st Battalion, 7th Marines.

63. 270910H A member of patrol 5C1 while conducting S&C operations at coordinates (BT 384237) tripped what appeared to be a 250 pound booby trapped bomb. A hole was blown in the ground 4 to 5 feet deep and 8 to 10 feet wide. Explosion went 50 feet in the air. Patrol was well dispersed with at least 10 to 12 meters (30 to 35 feet) between members of the patrol. All personnel had on buttoned armored vests. Prior to commencement of operation, patrol was briefed on mission of patrol and mine and booby trap hazard by the Company Commander. The Platoon Commander and Platoon Sergeant thoroughly briefed members of the patrol to be cautious, look out for booby traps, change the point twice hourly and make sure all personnel kept armored vests on and buttoned and kept well dispersed. Just prior to the explosion one unarmed Vietnamese dressed in black pajamas was observed running from the area of the explosion. Patrol didn't pursue the Vietnamese. Incident resulted in 2 USMC KIA and 1 USMC WIA. An emergency medical evacuation was requested and completed at 0935H.

64. 271040H Company C Platoon Security Patrol coordinates (BT 382238) apprehended two Vietnamese, approximately 40 years of age, in vicinity where patrol had detonated booby trapped 250 pound bomb. Questioning of villagers in the area disclosed that 10 VC had planted the bomb at 260730H in vicinity coordinates (BT 384237). The villagers gave the patrol 7 of the 10 VC names. The two Vietnamese detainees had the following items in their possession: One expended shell from Russian carbine, and 13 hand written documents. The detainees, captured material and the results of the questioning of local villagers was forwarded to Battalion S-2 for further processing to 9th ITT.

65. 271630H Company C Squad Security Patrol 5C16 at coordinates (BT 395112) apprehended two Vietnamese males without I.D. cards. The detainees were approximately 20 years of age. The detainees were forwarded to Battalion S-2 for further processing to 9th ITT.

6. Supporting Arms.1. Air Support

(1) Helicopter. At L-Hour on D-Day 261100H February 1967, thirty CH-46 and twenty H-34 helicopters lifted 1st Battalion, 5th Marines (-)(Rein) from KY H<sub>4</sub> vicinity coordinates (BT 530115) to a pre-selected landing zone in vicinity coordinates (BS 744374) to commence operation "DESOTO/DECKHOUSE VI". The helicopters encountered light sniper fire during initial insertions.

(2) Fixed Wing. On D-Day six fixed wing aircraft were utilized for conducting preparation fires on the landing zone. The landing zone preparation commenced at L-45 minutes and terminated at L-01 minutes. In addition, two fixed wing aircraft flew cover in support of the helicopter insertions, plus two fixed wing aircraft were on station to provide smoke for cover.

On D-Day, four fixed wing aircraft flew close air support missions on enemy bunkers and tunnels at coordinates (BS 756382). Two aircraft expended 40 250 pound bombs, and 200 20mm rounds. A search of the target area, after the completion of the air strike revealed four huts destroyed, six huts damaged, fifty feet of trenchline and one cave destroyed. The fixed wing were controlled by TAC (A) in a Marine UH-1E.

On D+2, four fixed wing aircraft flew close air support missions against enemy bunkers and tunnels located in a railroad bed and treeline near a village at coordinates (BS 775408) and (BS 783406). The aircraft expended 24 500 pound bombs, 10 napalm bombs, and 10 250 pound bombs. The aircraft were controlled by a Marine O-1E. Damage assessment was 26 structures destroyed, 12 structures damaged, and 100 feet of trenchline destroyed.

On D+3, nine fixed wing aircraft flew missions against enemy trenchlines and bunkers vicinity coordinates (BS 808420). The aircraft expended 15 500 pound bombs, 15 napalm bombs, 76 2.75 rockets, 10 250 pound bombs and 40 20mm rounds. The aircraft were controlled by USAF O-1E. The strike accounted for numerous structures, trenchlines and bunkers destroyed. 1 VC KIA confirmed.

On D+4, two fixed wing aircraft provided close air support to Co D vicinity coordinates (BS 770418). The aircraft expended 12 250 pound bombs, 9 napalm bombs against bunkers and automatic weapon positions. The airstrike was controlled by TAC (A) Marine UH-1E. The airstrike accounted for destroying 4 bunkers, 1 automatic weapon position, an estimated 2 to 4 VC KIA, 5 to 10 VC WIA and neutralized enemy fire.

(3) TAC (A). The TAC (A) proved effective in spotting lucrative targets and enemy positions in the path of the 1st Battalion, 5th Marines advance. TAC (A) also was effective as an aerial relay for air requests.

(4) General. An increased number of air panels were used and proved invaluable for marking friendly front lines during air strikes.

CONFIDENTIAL  
UNCLASSIFIED

A. Artillery Support. Artillery support for the 1stBn, 5thMar was provided initially by 3rdBn, 11th Marines, in direct support of USMC units engaged in the operation from D-Day to D+4. On D+4, G Battery, 3rd Battalion, 11th Marines was designated direct support for the 1st Battalion, 5th Marines. Pre-assault preparation fires were utilized to a greater degree on operation "DESOTO/DECKHOUSE VI" than on previous operations in which 1st Battalion, 5th Marines participated. Artillery smoke screens and blocking fires were employed. Coverage of preparation fires and smoke screens initially were light, but by D+2 accuracy and coverage of these fires was excellent. A total of one hundred eighty-eight HE and one hundred eighty-seven WP rounds were fired during the operation.

During operation "DESOTO/DECKHOUSE VI" artillery fired five observed missions against snipers totaling 49 HE and 8 WP rounds. All five areas were searched with negative results. Nightly during "DESOTO/DECKHOUSE VI" H&I fires were planned on known VC activities, infiltration routes, assembly areas, mortar positions, and escape routes. A total of 816 rounds were expended during the operation.

B. Naval Gunfire. Naval gunfire support was provided by USS TURNERJOY. Naval gunfire was given the mission of supporting the Battalion with on call night illumination and HE missions as required. In carrying out the assigned mission NGF fired 3 rounds illumination and 3 rounds of HE on D+4.

12. Administrative Remarks

4. Supply and Logistics. All resupply was accomplished with the use of helicopters. Resupply was adequate as units submitted timely resupply request as established in the administrative plan. All resupply request were consolidated by HST and were transmitted over the HST Net to the LSA. The troops carried three centaens of water. 6 MCI's were carried by each man and proved adequate for a period of three days.

~~UNCLASSIFIED~~

B. Maintenance. No difficulty was experienced in maintenance of equipment and weapons. Troops carried ample cleaning equipment to maintain weapons and equipment in a satisfactory operating condition for the duration of operation "DESOTO/DECKHOUSE VI".

C. Treatment and Evacuation of Casualties.

(a) Medical evacuation to the Field Hospital at Nui Dang was rapidly effected. At the hospital temporary treatment could be given and evacuations were available to the USS IWO JIMA LPH-2 and other areas. Emergency cases could be treated expeditiously because of the short flying time to the LSA from the combat area. S-1 and S-4 representatives was located at the medical receiving areas to collect equipment and report medical evacuees to parent unit.

D. Transportation.

(a) Transportation utilized, was provided by 7th Motor Transport Battalion to transfer 1st Battalion, 5th Marines from the combat base to KY HI Air Facility on D-Day and from Quang Nagi to the 1st Battalion, 5th Marines combat base on D+5. Transportation provided was adequate and fast.

E. Communications.

(a) Few problems were encountered with communications on Operation "DESOTO/DECKHOUSE VI". The proper use of HST nets facilitated smoother resupply and med evac system. Wire lines were laid when the Battalion entered a night security position. These lines proved to be reliable and allowed the volume of radio traffic to be at a minimum.

(b) Minor problems were encountered with the H-138 handset which caused radios to become inoperative. Almost all of the difficult, which was encountered with the H-138 handset, was due to moisture condensation in the transmitter element.

F. Medical Evaluation.

(a) In the field, treatment of casualties was accomplished by 7 corpsmen with each rifle company and by the Battalion Surgeon and 5 corpsmen in the Battalion Aid Station. Evacuation was accomplished by helicopter to the LSA which was used as clearing area. It was found advisable in evacuees of routine classification that the Battalion Surgeon should be consulted when the evacuee is in close proximity to the Battalion Aid Station. Overall, the Battalion experienced no difficulty in evacuation of casualties. Helicopters arrived quickly to evacuate casualties from the operating area. Corpsmen carried additional high usage medical supplies, which avoided a request for resupply.

13. Special Equipment and Techniques.

(a) Wire rudders were used extensively on operation "DESOTO/DECKHOUSE VI", and proved valuable in locating caves and tunnel complexes.

(b) Two rice bags were carried by all personnel to facilitate bagging of rice caches, should any be found during the operation. No significant rice caches were found, however.

(c) Psychological warfare consisting of leaflet drops and aerial broadcasts were restricted, due to the exfiltration of enemy units and the local populace from the operating area.

14. Commanders Analysis.

(a) All attachments were effected on D-1 which permitted adequate time for planning and briefing.

(b) Operation "DESOTO/DECKHOUSE VI" afforded opportunity to employ combined supporting arms and exercise the Battalion FSC to a greater extent than during recent previous operations.

(c) All missions assigned by higher headquarters were accomplished.

15. Recommendations.

(a) It is recommended that Liaison Officers be exchanged when conducting joint operations with allied forces. Past operations have proved the value a Liaison Officer particular when allied units are operating close to common boundaries.

(b) It is recommended that equipment such as H-138 handsets and antenna bases be established in the LSAs as a float item for direct exchange during operations.

Time Zone: H

## 1. MISSION

On 11, 12 and 13 March, 1st Battalion, 5th Marines (-)(Rein) provides security, medical and logistical support necessary to assist GVN officials in the conduct of County Fair in Bich Ngu Sub-Hamlet (3), Ky Bich Village.

## 2. EXECUTION

## a. Concept of Operation

(1) County Fair will be a coordinated series of military, governmental, administrative and psychological warfare actions to re-establish GVN control over the populace of Bich Ngu Sub-Hamlet (3). It is designed to flush the Viet Cong from the hamlet in which he is a member or a parasite, while at the same time insuring that the populace is not alienated toward the government. Military actions support a vigorous civic action and psy-war program the purpose of which is to convince the people that the GVN is an effective government, that it is interested in the welfare of the people and that a GVN victory against Viet Cong is both desirable and inevitable.

(2) 1stBn, 5thMar participation in County Fair will consist of establishing a CORDON around Bich Ngu Sub-Hamlet (3) to isolate it for three days and provide limited medical and logistical assistance. GVN military police and civil authorities perform the task of selective searching of the hamlet and handling the populace. The major role throughout the County Fair operation must be that of GVN officials since the primary purpose of the operation is to restore the populace's confidence in the GVN structure and to instill sense of trust and loyalty toward duly appointed officials.

(3) Appendix 1 is a diagram depicting the steps through which the populace is taken and the type of activities and facilities to which they are exposed during the County Fair Operation. Appendix 2 sets forth the time frame for the sequence of events.

b. Collection and Assembly. The collection and assembly of civilians is handled by GVN military police and civil authorities. The civilian populace will be relocated temporarily in an area adjacent to the site of the search (BT 339171).

c. Civic Action and Psy-War. These efforts are focused around a series of activities designed to gain the villagers trust and cooperation. Facilities will be established and food provided (one meal each day consisting of rice and soup) to compensate for the inconveniences caused by requiring the villagers to walk to assembly areas to undergo administrative processing. During processing by GVN officials, the populace will be subjected to intensive Psy-war indoctrination consisting of taped messages from National officials, speeches from local officials, propaganda films, news reels, leaflets, newspapers, magazines and pledge of allegiance cards. Civic action supplies will be made available to the District Chief for distribution, to include:

FOR OFFICIAL USE ONLY

FOR OFFICIAL USE ONLY

- a. Clothing
- b. Soap
- c. Woodworking kits
- d. Mason Kits
- e. Rice and Bulgar Wheat
- f. School Kits

The operation will be concluded by a presentation of flag pole and Vietnamese Flag to the hamlet, a gift from the 1st Battalion, 5th Marines.

(a) Searching and Identification. Qualified CIT administrators process assembled villagers in Rich Ho (3). Administrative items accomplished at this stage:

- 1. Census/grievance taking
- 2. Issuance of ID cards
- 3. Initial interrogation to determine background and location of family members

VC suspects are retained for further questioning by qualified ARVNs interrogators, assisted as required by 7th CIT personnel and equipment.

(a) Medical/Dental. The Medical Officer and Corpsmen will comprise the team which provides medical assistance in conjunction with VR medical personnel. The team will administer first aid and treat minor wounds and superficial injuries. The Dental Team will distribute tooth brushes and demonstrate proper dental hygiene. Dental treatments and examinations will be conducted with emphasis on the children. ARVN Public Health Team will be available to survey the general health and sanitation conditions that exists in the hamlet.

(e) Entertainment. Music, feature movies, cartoons and VN Cultural-Drama Team will entertain the villagers to break the routine of administrative proceedings. A volleyball and net will be presented to the villagers and its utilization will be encouraged.

Encl: (1) Summarized Report of County Fair 5-12

1. The following report is the final or wrap up report for subject county fair.

A. Noon meal was served to 450 people on 11Mar67 and to 600 people on 12Mar67.

B. The Culture Drama Team presented entertainment throughout the day on 11Mar67. A flag pole was erected in preparation for ceremonies scheduled for sub-hamlet. A PF honor guard was formed for participation in the ceremonies scheduled for 121200H. Devote 6 and Vislodge 6 visited the site of the county fair and participated in ceremonies on 12Mar, which consisted of presentation of a South Vietnamese flag to the District Chief as a gift for the people of Mich-Ngo Sub-Hamlet (3). After the presentation, a flag raising ceremony was conducted. Speeches were made by Devote 6 and the Local village officials. Devote 6 initiated gift giving. The remainder of the gifts were given through the District Chief to the hamlet officials. Total commodities distributed were:

- (1) 3000 lbs Millet wheat
- (2) 3000 lbs corn
- (3) 600 lbs rice
- (4) 102 gal solid oil
- (5) 3 Boxes clothing
- (6) 4 carpenter kits
- (7) 3 masonry kits.

C. MedCaps and Dent Caps were conducted throughout the County Fair. The total personnel treated were as follows:

(1) MedCap

- (1) 152 Women
- (2) 72 men
- (3) 101 Children

(2) DentCap

- (1) 43 Children
- (2) 34 men
- (3) 64 Women

TAB C

There were a total of 76 extractions.

2. Speeches were presented by Village and District information Chief. A tape recording of a speech by Premier Ky was also presented. The Culture Drama Team was utilized with numerous presentation and movies were shown. The RD program plans for 1967 were discussed. The purpose of allied troops in Vietnam are explained. 2000 psy-war leaflets and 700 newspapers were distributed to the people.

3. County Fair 5-12 was carried out effectively in that the populace became cognizant to the fact that the RVN and allied forces will protect the people from the VC. Four families were so impressed with the County Fair that they requested to be relocated to the foothill of Ky Bich Refugee Area vicinity GORD (BT 330175). The four families were relocated 13 March 1967.

4. Commander's Analysis.

County Fair 5-12 achieved success in the accomplishment of the mission. The people were very attentive to all the speeches delivered, and displayed active response with shouts of "Go Away VC" to a few of the speeches. The aims of the South Vietnamese Government were explained to the people and the South Vietnamese Flag was raised, which contributed to the overall effectiveness of the operation. GUN officials were pleased with the operation and felt that Devote 6's visit added a great deal to the significance of the flag ceremony. The village chief was especially greatful and indicated that his people look forward to additional county fairs in the future.

6. SUPPORTING ELEMENTSA. Air Support~~UNCLASSIFIED~~

**UNCLASSIFIED**

(1) Helicopters. Helicopters were utilized throughout the operation for medical evacuations and resupply missions.

(2) Fixed Wing. On D+1 six fixed wing aircraft expended 16 250 pound bombs, 7 Napalm bombs, 6 500 pound bombs and 160 2.75 rockets at an estimated 25-30 VC, vicinity coordinates (BT 327107). The fixed wing aircraft were on target from 0915H to 0950H. Four enemy positions were destroyed and blood trails were found by the assault elements of the company. On D+4 two fixed wing aircraft were on station, but were not utilized due to close proximity of friendly troops to the target area.

(3) Aerial Observer. AO's were requested on a daily basis, but not always on station at the time requested due to aircraft availability. The O1-C aircraft was a valuable asset to the ground commander during the operation.

(4) General. The nature of enemy targets within the objective area precluded the continuous use of fixed wing aircraft. Having air support on call proved to be the most practicable method for utilization of aircraft.

B. Artillery Support. Artillery support was provided by Battery L, 4th Battalion, 11th Marines in general support. Artillery was used to best advantages on D-Day by Company C. Five missions were fired with 108, 155 rounds expended. Coverage of the targets was uniformly good. Blood trails were found.

H&I's were fired extensively by artillery and organic weapons. H&I's were fired at known VC activities, harbor sites, infiltration and escape routes located during the day. A total of 57 81mm rounds, 53 105mm rounds and 53 155mm rounds were expended. On call illumination and HE missions were planned to support tactical maneuvers and night activities.

## 7. INTELLIGENCE.

### A. Estimate of Enemy Situation, Strength and Disposition in the Objective Area.

(1) Forces anticipated in the immediate objective area.

UNIT	LOCATION	STRENGTH	TACTICAL DISPOSITION
14th LF Co	BT 3211	90	Unknown
706th LF Co	BT 3113	80	Unknown

(2) The operational objective was to locate and destroy the VC units in the objective area.

### B. VC strength and Situation Actually Found as the Operation was Conducted

Light contact was maintained as the operation was conducted. Contacts were characterized by the enemy initiating the action with heavy automatic and semi-automatic small arms fire from well concealed positions at maximum ranges, withdrawing promptly to avoid continuing contact.

UNCLASSIFIED

C. VC Units Identified.

D. Significant Intelligence.

(1) Information obtained from initial interrogation of detainees and the discovery of silhouette targets, vicinity of coordinates BT 3210, indicated that this area is being used as a training site by the 14th LF Co. This company, commanded by CONG, was said to be armed with one 60mm mortar, one machine gun and a undetermined amount of individual weapons.

(2) The Vietnamese populace screened revealed that a large VC unit travels this valley regularly. These units when moving are well dispersed, avoid main trails, and conceal weapons in bundles of wood to avoid detection.

E. Terrain.

(1) Critical Terrain.

- (a) Hill 302 NUI YA
- (b) Hill 68

(2) The terrain in the immediate objective area is composed of narrow strips of paddy land bounded by thickly brush covered hills.

(3) Obstacles. None

(4) Avenues of Approach. Trails in the operational area were from good to excellent for foot troops. A suitable route for tracked vehicle movement into the operational area was established.

(5) Cross Country Movement. No difficulty was encountered by infantry units and during the dry season little difficulty can be expected for tracked vehicle movement in operational area.

8. MISSION.

Commencing H-Hour on D-Day the 1st Battalion, 5th Marines conducts coordinated search and destroy operations in the objective area to locate and destroy local force VC.

9. CONCEPT OF OPERATION.

To move 3 companies and a Command Group via 3 routes into the operational area and conduct coordinated search and destroy operations.

(a) D-1

(1) Company B and the Command Group were pre-positioned and in the final stages of "wrapping up" County Fair 5-12, in vicinity of Bich Ngo 3 at coordinates (BT 343170). Company C moved overland from 1st Battalion, 5th Marines Combat Base into position vicinity Patrol Base 2 coordinates (BT 337124). Radio Relay was established vicinity coordinates (BT 358130).

UNCLASSIFIED

~~UNCLASSIFIED~~(b) D-Day

(1) On D-Day Company I moved from 1st Battalion, 5th Marines Combat Base into position vicinity Patrol Base 4 coordinates (BT 366090). Company B and Command Group commenced movement from vicinity coordinates (BT 343170) to Patrol Base 1 vicinity coordinates (BT 317143). When all units were in the operational area, the 1st Battalion, 5th Marines commenced coordinated search and destroy operations.

10 EXECUTION(a) D-1. 12 March 1967. (See Enclosure 1) )

(1) 121200H Company C commenced movement by foot from 1st Battalion, 5th Marines Combat Base at coordinates (BT 397145) to Patrol Base 2 vicinity coordinates (BT 368121).

(2) 121600H Radio Relay was established in vicinity coordinates (BT 358130).

(3) 121830H Company C arrived at Patrol Base 2 and established perimeter and night activities. (See Enclosure 1)

(b) D-Day. 13 March 1967. (See Enclosure 2) )

(1) 130810H 5C1 (Sqd S&D) at coordinates (BT 325115) received approximately 50 rounds small arms fire from an estimated 5 unobserved VC vicinity coordinates (BT 320112). Sniper fire was received from the southeast at a range of 300-400 meters. Patrol returned 200 rounds small arms fire and 5 M-79 rounds. Artillery was called and 12 155mm HE rounds were fired at suspected VC locations. Patrol 5C1 sustained six casualties. VC broke contact and fled in an unknown direction. Company C moved to join the patrol and searched the area with negative results. Result of contact: 1 USMC DOW, 3 USMC WLE and 2 USMC WLNE.

(2) 130930H Company D commenced movement by foot from 1st Battalion, 5th Marines Combat Base at coordinates (BT 397145) to Patrol Base 4 vicinity coordinates (BT 363088).

(3) 130930H Company B and Command Group commenced movement by foot from vicinity coordinates (BT 343170) to establish Patrol Base 1 in vicinity coordinates (BT 315143).

(4) 131130H Lead elements of Company C at coordinates (BT 321113) observed one VC, in thick brush, at coordinates (BT 321112) wearing green clothing, carrying a pack. It appeared VC was carrying a weapon. VC spotted Marines and started running. He disposed of his equipment while withdrawing. Marines pursued physically and fired 10 rounds small arms fire which killed VC. Area was searched and Company C found one homemade pack which contained assorted clothing and assorted military equipment. All items forwarded to 5th Marines S-2. Result of contact: One VC KIA confirmed.

~~UNCLASSIFIED~~

UNCLASSIFIED

(5) 131245H Company B moved to Patrol Base 1. Patrol Base 1 did not provide adequate observation for controlling the operation. The Commanding Officer established Patrol Base 1 Alpha at coordinates (BT 312139).

(6) 131200H Company B found one ChiCom grenade wrapped in wax paper at coordinates (BT 312157). The grenade was destroyed by engineers.

(7) 131305H Company B while moving from coordinates (BT 313145) toward Patrol Base 1 Alpha at coordinates (BT 315143) received approximately 10 to 15 rounds small arms fire from an estimated 2 to 3 unobserved VC vicinity coordinates (BT 305148), a distance of approximately 600 meters. Company B suppressed VC fire with 50 rounds small arms fire and 5 3.5 WP rounds and continued movement toward Patrol Base 1 Alpha with the mission of providing security for the Command Group.

(8) 131330H Company B while moving to Patrol Base 1 Alpha vicinity coordinates (BT 312138) executed a Recon by fire vicinity coordinates (BT 312139) and triggered a VC ambush consisting of an estimated 15 VC. VC fired approximately 150-200 rounds small arms fire from well concealed and well dispersed positions in vicinity coordinates (BT 307140) and (BT 308145) (Objective A). Company B returned 150 rounds of small arms fire and 15 60mm HE rounds and moved to secure Objective A. Area was searched with negative results.

(9) 131345H Company C at coordinates (BT 327109) received one round of sniper fire from a hut at coordinates (BT 328108), a distance of approximately 150 meters. Company C returned 20 rounds small arms fire, assaulted hut and observed two VC males attempting to flee from the hut. One VC was wearing black shirt and blue shorts, the other VC was wearing a checkered shirt and green shorts. One VC was killed and the other VC fell as if hit. The VC that appeared to be hit got up and started running. Marines pursued physically, but lost contact with fleeing VC due to thick brush. Area was searched and Marines found one Marine Corps towel and one pair of utility type trousers in hut where VC had been hiding. Result of contact: One VC KIA confirmed and one VC WIA probable.

(10) 131430H Company B at coordinates (BT 321138) apprehended two male Vietnamese detainees, about 50 years of age. The Kit Carson questioned the detainees and determined that the detainees had information concerning the operational area. One detainee had a notebook containing a list of supplies he had given the VC. The two detainees and the notebook were forwarded to 5th Marines S-2.

(11) 131440H Company C at coordinates (BT 329110) received 300-700 rounds .30 caliber and 10 to 15 rounds .50 caliber semi-automatic fire from an unobserved number of VC from an estimated distance of 300 meters, in vicinity of coordinates (BT 328108). Company C returned 1000 rounds small arms fire. Artillery mission was called and 67 155mm HE and WP rounds were fired in vicinity coordinates (BT 326105). Company C searched area and found blood trails which were followed with negative results. Result of contact: One USMC KIA, 3 USMC WIA, 1 USMC WIAME, 5 VC KIA probable and 5 VC WIA probable.

(12) 131605H Patrol 5B2 (Plt S&D) at coordinates (BT 303141) received approximately 350 rounds semi-automatic small arms fire from an estimated 15 to 20 unobserved VC vicinity coordinates (BT 303141) at a range of approximately 500 meters. Patrol returned 400 rounds small arms fire, 10 M-79 rounds and 4 LAWs, and assaulted the VC position. VC broke contact and fled in an undetermined direction. Area was searched with negative results. Result of contact: 2 USMC WIA.

(13) 131500H Patrol 5B2 (Plt S&D) at coordinates (BT 300143) spotted one VC at coordinates (BT 300144) wearing green type utilities and carrying an M-1 rifle. Patrol 5B2 fired approximately 10 rounds small arms fire and VC fell in a brushy area as if hit. Area was searched and 2 60mm mortar cannisters and a blood trail was found. Blood trail was followed with negative results. Cannisters were destroyed by S-2. Result of contact: One VC WIA probable.

(14) 131755H Co D at coordinates (BT 348087) received 15 rounds small arms fire from an estimated 2 VC at coordinates (BT 346087) at a range of 200 meters. VC were not observed due to heavy under brush. Co D returned 20 rounds small arms fire. VC broke contact. Most likely route or withdrawal was in a westerly direction. Area was searched with negative result. Result of contact: One USMC KIA.

(15) 131900H All companies established night defensive perimeters and night activities. Command Group was with Co B. (See Enclosure (3))

C. D+1. 14 March 1967. (See Enclosure (4))

(1) 140700H All units moved to effect a linkup with Co C. Co C established a squad blocking force and conducted search and destroy patrol activities. (See Enclosure (4))

(2) 140730H Patrol 5C1 (Squad S&D) at coordinates (BT 328109), while moving to establish a blocking position vicinity coordinates (BT 320104), received 15-20 rounds automatic small arms fire from an estimated 1-2 VC at coordinates (BT 327103) a distance of approximately 150 meters. Patrol returned 100 rounds small arms fire and 15 M-79 rounds. Patrol assaulted VC positions and searched area with negative results.

(3) 140830H Patrol 5C2 (Plt S&D) at coordinates (BT 330109) received 200 rounds semi-automatic small arms fire from an estimated 10 to 20 unobserved VC located at coordinates (BT 327107), a distance of approximately 500 meters. Patrol returned 300 rounds small arms fire, 20 M-79 rounds, 9 60mm HE rounds, and 2 3.5 WP rounds. A UH-1E on station strafed suspected VC locations. An air strike was called utilizing an A-10. Aircraft expended 16 250 pound bombs, 7 napalm bombs, 6 500 pound bombs, and 160 2.75 rockets on suspected VC locations. VC broke contact and fled in an unknown direction. A platoon searched area and found 20 freshly dug fighting holes, a pair of blood stained tan shorts and blood trails leading south and southwest. Blood trails were followed and area was searched with negative results. M-60 machine gun links and expended casings were found in one of the fighting holes, with numerous .30 caliber casings for M-1 and carbines, laying around in the other fighting holes. Result of contact: 4 VC KIA probable, and 5 VC WIA probable.

(4) 141015H Lead elements of Co B, while moving along a trail, found one booby trapped ChiCom grenade at coordinates (BT 328118). A trip wire was attached to the grenade which ran across the trail. ChiCom grenade was destroyed by engineers.

(5) 141040H Co D at coordinates (BT 346086) received 10 rounds automatic weapons fire from an unobserved VC sniper located in heavy brush at an estimated range of 200 meters in vicinity coordinates (BT 348066). Co D returned 50 rounds small arms fire and physically pursued VC. VC broke contact and fled in an undetermined direction. Area was searched with negative results. Result of contact: 2 USMC WIA.

(6) 141130H Co B at coordinates (BT 330115) while moving with Command Group in a tactical column, to effect liaison. Co C received 3 rounds of small arms fire from one VC sniper from an estimated range of 500 to 600 meters at coordinates (BT 322114). No fire returned. No search was made to locate the VC sniper.

(7) 141223H Co D at coordinates (BT 345087) spotted one VC carrying a weapon, type unknown, wearing green type utilities running up a hill at coordinates (BT 345089) a distance of 200 meters. The VC had apparently sighted the Marines and was trying to flee in a northly direction. Co D fired 20 rounds small arms fire and physically pursued VC. It appeared VC fell as if hit when Co D initially opened fire. Co D lost sight of the fleeing VC. Co D searched the area and found a notebook containing propaganda material, and two National Liberation Front Flag Cards, that the VC had dropped in his haste to get away. Notebook and Flag Cards forwarded to 5th Marines S-2. Result of contact: One VC WIA probable.

(8) 141310H Scout sniper team attached to Patrol 5C2 (Plt S&D) at coordinates (BT 321103) observed one VC wearing black pajamas and carrying a weapon moving east along a treeline in vicinity coordinates (BT 322108) at an estimated range of 600 meters. Scout sniper fired one round small arms fire at VC. VC fell behind rice paddy dyke and no further movement was observed. A fire team searched area where VC was last sighted with negative results. Result of contact: One VC WIA probable.

(9) 141630H Patrol 5B1 (Sqd S&D OP) at coordinates (BT 313111) found 3 booby traps, a 155mm round, a 105mm round and a 60mm round. The 155mm and 105mm rounds were buried about one inch under the ground, with a hole dug beside the rounds  $1\frac{1}{2}$  feet deep, 2 feet wide and 2 feet long with a trip wire running across the top of the hole. The 60mm round was standing fuse up in a hole  $1\frac{1}{2}$  feet deep, 2 feet wide and 2 feet long, with a C ration can over the fuse of the round. There were no visible wires attached. All the holes were covered with C ration boxes. Engineers destroyed the booby traps the following day.

(10) 141635H All units linked up at coordinates (BT 327106) and established a Battalion perimeter.

(11) 141830H The perimeter area was searched and found numerous caves and tunnels, which were reported and destroyed the following day. Units found 3 M-14 magazines loaded with 20 rounds 7.62mm wrapped in banana leafs, one gray uniform and five bamboo silhouette targets. Items forwarded to 5th Marines S-2.

(12) 141900 The Battalion night defensive perimeter and night activities were established. (See Enclosure (5))

(13) 141930H Co D perimeter at coordinates (BT 327108) received approximately 30 rounds small arms fire and 2 M-79 rounds from an unobserved and undetermined number of VC, from an estimated range of 150 to 300 meters at coordinates (BT 325105). Co C fired one claymore mine at suspected VC locations. VC broke contact and fled in unknown direction. The perimeter was alerted. A fire team from Co C was dispatched to search the area. Area searched with negative results.

(14) 142300H Company C received approximately 100 rounds small arms fire, 3 hand grenades, and two heavier detonations, possibly 60mm mortar rounds, from an estimated range of 200-600 meters in vicinity coordinates (BT 333105). Origin of the heavy weapons fire was not determined. Fire was received from an estimated 5 to 10 unobserved VC. Company B did not return fire. The following morning one M-26 grenade was found and destroyed by engineers. It appeared that the grenade had been thrown into the perimeter the previous night. The pin on the grenade was partially pulled. A few minutes after the VC fire subsided Company C noticed a burning sensation of the eyes and running of the nose; which indicated the use of a chemical agent. Perimeter was alerted and troops were ordered to put on field protective masks. The agent drifted from southwest to northeast across the defensive perimeter. Sectors held by Company C, Company D and the Command Group received a dose of the agent. The agent was persistent for approximately 10 minutes. Dose rate was light. Probable method of dissemination was accomplished with two chemical burning type munitions, employed approximately 200 meters upwind of the target area. All units accounted for all chemical grenades. The area was searched for possible evidence which would have indicated what method was used to disseminate the agent. Search was conducted with negative results.

D. D+2, 15 March 1967. (See Enclosure (6) )

(1) 150700H During the morning, all units conducted extensive search and destroy activities south of Objective D in vicinity grid squares (BT 3210), (BT 3310), (BT 3209), (BT 3309).

(2) 150900H Scout Sniper team attached with patrol 5C1 in blocking position at coordinates (BT 321103) observed 5 to 7 VC, moving northwest, wearing black pajamas and carrying weapons at a range of approximately 700 meters in vicinity coordinates (BT 324112). Scout Sniper team fired one round small arms fire at VC. One VC fell as if hit, the other VC picked up wounded VC and moved into heavy brush. The area was not searched. Result of contact: One VC WIA probable.

(3) 150930H Patrol 5D2 (Ht S&D) at coordinates (BT 333098) received 3 rounds small arms fire from one unobserved VC at coordinates (BT 333096) from a distance of approximately 200 meters. No fire was returned. A fire team searched area for VC sniper with negative results.

(4) 151000H Company C while in vicinity coordinates (BT 327105) found numerous caves and fighting holes. Company C filled up the fighting holes and engineers destroyed five caves with average size; 5 feet wide, 4 feet high and 8 feet long.

(5) 151025H Patrol 5D2 (Sqd S&D) at coordinates (BT 338100) received approximately 10 rounds automatic carbine fire from one VC sniper at coordinates (BT 339102). No fire was returned, and a fire team was dispatched to search the area. Fire team found 2 khaki hammocks and one haversack. Items forwarded to 5th Marines S-2.

[REDACTED] grenade with the fuse pulled, numerous fighting hole (which [REDACTED] to be freshly dug) and five tunnels, size averaging 7 feet deep, 4 feet wide and 3 feet high. ChiCom grenade and tunnels were destroyed by engineers. The fighting holes were filled by Company B.

(7) 151150H Patrol 5D2 (Plt S&D) at coordinates (BT 336103) received approximately 10-20 rounds small arms fire from an estimated 3 unobserved VC at coordinates (BT 337105) at an estimated range of 200 meters. Patrol returned 50 rounds small arms fire and one 3.5 WP round. The area was searched and the patrol apprehended 5 detainees, 3 females and 2 males. Initial questioning revealed that all 5 detainees had information concerning VC activities in the operational area. One female was suspected of being a VC nurse. The 5 detainees were forwarded to 5th Marines S-2.

(8) 151300H A helicopter resupply was requested. Resupply was completed at 1430H.

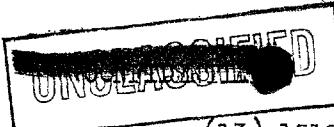

(9) 151430H All units commenced movement to conduct S&D operations in the vicinity of Objectives A, B and C. The Command Group moved with Company C. OP was established in vicinity coordinates (BT 315111). (See Enelosure (6) )

(10) 151700H Company C at coordinates (BT 325123) received one round sniper fire from a distance of approximately 300-400 meters. Company C moved toward area of VC sniper fire and received an additional 100-150 rounds semi-automatic small arms fire from an estimated 4 VC in vicinity coordinates (BT 324123). Company C returned approximately 500 rounds small arms fire, 35 M-79 rounds, 25 60mm HE rounds, and 19 3.5 WP rounds. VC broke contact and fled in unknown direction. Company C searched the area and apprehended one old Vietnamese male, when interrogated he revealed that 4 VC with weapons had been in the area, but was unable to determine what direction the VC had fled. Vietnamese male was released.

(11) 151710H Scout sniper team attached to Company D at coordinates (BT 320115) observed 2 VC dressed in black pajamas. One VC was carrying a weapon. Scout sniper team fired one round at VC carrying weapon, VC fell and appeared to be hit. The other VC helped the wounded VC into heavy brush. Area was searched with negative results. Result of contact: One VC WIA probable.

(12) 151815H Company D at coordinates (BT 310212) received 20 rounds semi-automatic small arms fire from 2 VC at a range of 250 meters in vicinity coordinates (BT 312212), VC were dressed in black clothing and were carrying carbines. Company D returned 100 rounds small arms fire, 2 M-79 rounds and 3 3.5 WP rounds. VC broke contact and fled in a northwesterly direction. Company D physically pursued VC, but lost contact. Area was searched with negative results.

12. ADMINISTRATIVE MATTERS(a) Supply and Logistics

(1) During Operation "TIPPECANOE" an LSA was established in the vicinity of the 1st Battalion, 5th Marines Combat Base and was controlled by personnel from Company B, 1st SP Battalion. Through the employment of the Helicopter Support Teams attached to the companies, all resupply requests were processed through the HST net to the LSA. No difficulties were experienced with resupply.

(2) All medical evacuations were effected through the HST. The only difficulty experienced with medical evacuations was on D-Day, it took more than 35 minutes to effect an emergency medical evacuation.

(3) Initially, all personnel carried one MCI and three canteens. Six MCI's were sufficient for a three day period.

(b) Maintenance

(1) Ample cleaning equipment was carried by all personnel to maintain weapons and equipment in a satisfactory working condition throughout the operation.

(c) Treatment of Casualties and Evacuation and Hospitalization

(1) Initial treatment of casualties was accomplished by company corpsmen. All medical evacuations were effected through the HST. Casualties were evacuated to Det, 1st Medical Battalion, CHB IMA.

UNCLASSIFIED

UNCLASSIFIED

(d) Transportation.

The only transportat ... D+4 to transport Company B and the Command Group to the 1st Battalion, 5th Marines Combat Base. Transportation was provided by 7th Motor Transport Battalion. Transportation was timely and rapid.

(e) Communications.

(1) Initially, difficulty was encountered in maintaining contact with units located in the southern portion of the operating area and with Regimental Headquarters. The basic problem appeared to be the operating terrain. Numerous "dead spots" were encountered throughout the area. An RC-292 antenna was utilized at night and this alleviated the situation.

(2) What was considered to be an excessive volume of radio traffic was maintained throughout the operation. A portion of the traffic was created due to improper functioning of the Regimental TAC Net, which resulted in Regimental traffic being passed through the Battalion Net.

(f) Medical Evacuation.

(1) Sufficient medical supplies were carried to the field to support the operation. Except for one instance on D-Day medical evacuation was timely.

13. Special Equipment and Techniques.

(a) A Scout Dog Team was requested and received on D+4. The dog proved valuable for searching caves and tunnels.

(b) Scout Sniper Teams attached to the companies excelled in proficiency. Scout Sniper Teams accounted for two VC WIA probable. VC were wounded at an estimated range of 500 to 600 meters.

(c) Chemical agents were used effectively throughout the operation to search caves and tunnels. The use of chemical agents was directly responsible for one VC KIA confirmed.

(d) The Kit Carsons were employed during the operations with success. They were employed as translators and identified one VC as a village chief.

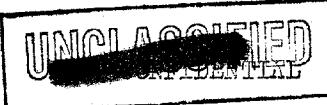

14. Commanders Analysis.

(a) A build-up in the operational area had occurred during the past month. This was verified by the number and size of local assets and questioning of civilians and detainees. In view of this information, individual small unit operations were conducted throughout the operational area to insure maximum simultaneous coverage, and to keep the VC off balance and on the move.

(b) The communication problems which were encountered are recognized and considered solvable within local assets. The operation re-emphasized the requirement for planning alternate means of communications.

(c) The assigned mission for the operation was accomplished.

UNCLASSIFIED

  
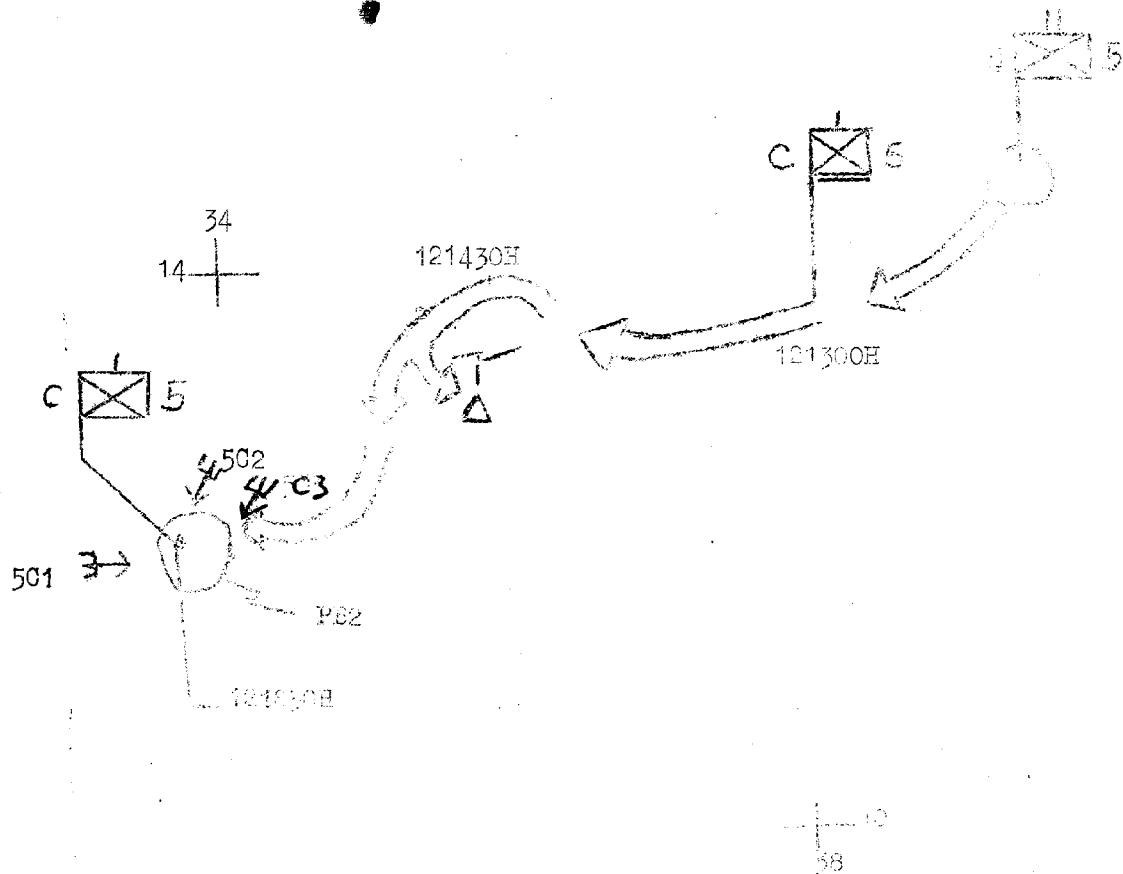

UNCLASSIFIED15. Recommendations.

(a) It is recommended that a new be made of existing procedures for effecting liaison and coordination with local ARVN Officials covering operations of Popular Forces, Revolutionary Development Forces and Regional Forces. Frequently Marine and Local Forces have chance meeting, without having prior knowledge that the other unit is operating in the area. Mistaken identity might occur which may result in contact between two friendly units.

(b) It is recommended that the Kit Carson Scouts be queried for possible intelligence during operations. The Kit Carson may have valuable information which he may consider unimportant or he may assume the information is already common knowledge.
