Boats Destroyed	9
Secondary Explosions	1

The Battalion received additional fire support from E Battery 2/11, F Battery 2/11, K Battery 4/11 and B Battery 1/13.

- (3) Engineers Excellent support was again provided by Company B, 1st Engineer Battalion. Engineers were employed primarily to destroy duds, booky traps, captured enemy ammunition, enemy bunkers/fortifications and to conduct daily mine sweeps of the raid networks in the 1st Battalian, 5th Marines AO. Numerous mines and booky traps were detected by visual sightings and mine detecting equipment. Loss of lives, whoseled and tracked equipment was considerably reduced by the detailed searching efforts employed by the engineers.
- (4) Shore Party (HST). HST's were provided by Company B, 1st Shore Party Battalian. These teams provided satisfactory support in coordinating and effecting helicopter resupply and Med-Evacs.
- (5) Amtrac. A light section of the 4th Platoon, Company A, 3rd Amtrac Battalion was in direct support of the 1st Battalion, 5th Marines during this period. The LVT's provided excellent support in transporting troops and in providing security for convoys between An Hoa and Liberty Bridge.
- (6) Tanks. A light section of the 2nd Platoon, Company B, 1st Tank Battalion was in direct support of the 1st Battalion, 5th Marines. Excellent results were achieved by using the tanks to support the daily MSR mine sweeps, providing direct fire support to the daytime OP's and were also used extensively as convoy security between An Hoa and Liberty Bridge, and at night were employed into the defensive networks of Liberty Bridge.
- (7) <u>Scout Snipers</u>. Detachment Scout Sniper Platoon, Headquarters Company, 5th Marines continued to provide outstanding support for the Battalion, which resulted in 21 enemy kills during the month.

4. TRAINING

- a. The following training was conducted during the month:
 - (1) Weapons Safety
 - (2) Weapons Inspection, Care and Cleaning
 - (3) PPS-6 Radar
 - (4) Black Jack Pole Climbing (Wiremen)
 - (5) Fire Prevention
- (6) Vehicle safety and Driver's Maintenance of 151A1 (Jeep)

and M274A2 (Mule)

- b. All companies during their period of bridge defense continued to have instructions and familiarization firing of all individual and crow served weapons, including the LAAW-72, hand grenades and claywore mines.
- c. Replacement personnel received five (5) days training at 5th Marines Headquarters prior to being committed to the field.
 - d. The Battalion continued to utilize schools provided by higher headquarters. During the month, 56 members of the Battalion attended schools in the DaMang area and Okinawa.
- 5. LOGISTICS. We serious problems have occurred during this period to impair the logistical support of the Battalian.
- 6. CIVIC ACTION. During the reporting period, the Battalion worked with the people surrounding the Phu Loc (6) area. The Battalion assisted the people in constructing a new laundry shop, with an addition for the selling of sodas. Repairs to another laundry shop were made and a total of 47 ammo boxes were distributed for this purpose. One roll of screen (20 x 31), 12 pieces of tin were also distributed and a total of 1100 \$VM has been paid to the Vietnamese civilians for economic assistance. The Battalion had wanted to construct a refugee area next to the camp as security for the people, however neither the District nor the Province Chief, were aware of this project and all work must be accomplished through GVM resources.
- 7. PSYCHOLOGICAL OPERATIONS. During the reporting period the Sattalion has received little intelligence information from the village elders. All intelligent information has been turned over to the Battalion S-2 section and Counter-intelligence.

In accordance with the rewards program the following ordnance was turned in by the children of the Dai Loc area: 3 M-26 grenades; 4 M-79; 2 M1SA1; 1 105mHE; 1 155mHE and 11 50 caliber rounds. A total of 1300 \$VN has been paid from the VIP fund for this purpose. On the 10th of April, the S-5 arrested 2 Vietnam persons for selling marijuana to American troops. A total of \$90.15 MPC and approximately 4,200 \$VN was in their possession. The 2 Vietnam persons, evidence and a sign report was forwarded to 13 ITT for further action. No report has since been returned.

3, COMMUNICATIONS. During this month all communications within the Battalion were maintained in a satisfactory manner. Companies A and C participated in Muskogee Meadow in rice denial operations. Since their AO was an extended distance from the CP a Radio Retransmission team was inserted with a Recon team to facilitate communications. The PPS-6 Radar

in the Alph Card Sector has been installed and personnel trained to operate it. All Companies report that the PRC-88 squad radios are performing well and greatly speed up flow of information in the field.

7. Supporting Arms

Kit Carson Im

- (a) Aira During this period of this operation, the 1st MAW, USN and USAF rendered excellent fixed and rotary wing support, a surmary of which follows.
- (1) Fixed Wing. Fixed wing support consisted of 1 Basketball flare ship providing 2.5 hours of ground illumination; 6 Spooky gunships for 19.5 hours of target coverage; 18 TACA/AO teams for 19.7 hours of time on station for controlling tactical air strikes, providing protective cover and visual reconnaissance. 102 tactical missions were flown in support of the battalion, providing close and direct air support for contact missions, intelligence targets and targets of opportunity. TACA/AO teams controlled 5 airstrikes. 97 flights were FAC controlled, 52 of these being A-6 Beacon strikes.
- Of the total tactical missions flown during this operation bomb damage assessment is available for 67 flights as listed below:

Structures Destroyed	102
Structures Partially Destroyed	9
Bunkers Destroyed	41
Bunkers Partially Destroyed	5
Trenchline Destroyed (Meters)	330
Secondary Explosions	23
Secondary Fires	73
X BA	2

- (2) Rotary Wing. Helicopter operations, exclusive of daily resupply, consisted of 24 Med-Evac missions for 31 USMC/USN personnel, 9 of whom were emergency catagory, and 21 indigenous personnel.
- (b) Artillery, Delta Battery, 2nd Battalion, 11th Marines and one platoon of Tango Battery, 2nd Battalion, 11th Marines provided direct support for the Battalion during the operation from 0800, 7 April 1969 to 2400 20 April. A total of 44 missions were fired with a total expenditure of 1230 rounds.

In addition to the close and continuous fire support provided by the direct support batteries, the Battalion received general support and reinforcing fires from the units of the 2nd Battalion, 11th Marines. Their support permitted massing of fires on targets throughout the Battalion's area of operations.

- (c) Engineers. Excellent support was provided by Company B, 1st Engineer Battalion. Engineers were employed to destroy duds, booby traps, captured amunition, enemy bunkers/fortifications and to conduct daily mine sweeps of the road networks in the 1st Battalian's AO. Numerous mines and booby traps were detected by visual sightings and mine detecting equipment. Loss of lives, wheeled vehicles and track equipment was considerably reduced by the detailed searching efforts employed by the engineers.
- (d) Shore Party (HST). HST's were provided by Company B, 1st Shore Party Battalion. These attachments provided satisfactory support in coordinating and effecting helicopter resupply and Med-Evacs.
- (e) Antrac. A light section of the 4th Platoon, Company A, 3rd Amtrac Battalion was in direct support of the Battalion. The LVT's provided satisfactory support in transporting troops and were used occassionally as convoy security between An Hoa and Liberty Bridge.
- (f) Tanks. A light section of the 2nd Flatoon, Company B, 1st Tank Battalion was in direct support of the 1st Battalion. Excellent results were achieved by using tanks to support the daily MSR mine sweeps, providing direct fire support to the daytime Battalion OP's and on a few occasions supported company size operations on outlying road and trail networks within the AO. Tanks were also used extensively as convoy socurity between An Hoa and Liberty Bridge, and at night were employed into defensive networks of Liberty Bridge.
- (g) Scout Snipers. Detachment Scout Sniper Platoon, Headquarters Company, 5th Marines provided excellent sniper fire for the Battalion, which resulted in 11 energy kills during this operation.

Sierne.

8. Intolligence

- a. Estimate of NVA/VC strongth and disposition in the objective area.

 See Annex B (Intelligence) to 5th Marines Operation Order 7-68.
- b. Enery strength and disposition actually determined during the operation. Based on contacts, POW/Detainees, and intelligence reports received from higher headquarters, energy strongth is estimated at one regiment and two separate battalions with local force VC units deployed within the Battalion TAOR.
- c. NVA/VC units identified. Interregation of enemy POW/Detainees and onemy documents recovered revealed the following enemy units identified:
 - (1) 82nd NVA Bn.
 - (2) 41st NVA Regiment
- d. Significant intelligence goined. Enony staging areas located at coordinates: (AT 865637, 889494, 928505, 948462, 975475, 975518, 988518 and BT007553). On 28 Merch VC Province Chief held meeting with his Battalion Commander in a village (AT841532). Their mission is to blow Liberty Bridge within the next 45 days.
- (1) Local VC Operation within Liberty Road AO. Local VC normally start at the small sub-hanlet levels in groups of 5-10 in a sub-hanlet. The sub-hanlet meet on order ad form squad size units from the village La Thap (1) AT947517, An Tan (2) 956508, and Ton Bon (2) AT975517, there is local squads operating in each of those areas. Each squad is assigned missions as follows: population control, observing U.S. Marine positions and operations, resupply rice mms, booby trapping the MSR and selected areas. The local force VC use CP's (sometimes children on water bulls), children who go around the OP's on Liberty Road, surpriving firing devices, and runners for early warring of approaching friendly forces. They deploy their units to the southeast and north to avoid contact with friendly forces.
- (2) Routes utilized. Local Force, Main Force and NVA units enter the AO and travel from the Nui Dueng Thong Mountains from AT910457 north-cast to AT946430, north into the Ghau Phong area (which is a major staging area for food and supplies) at AT945500 and continue north into Goi Noi Island, which is a staging and training area for those units and also a southern approach area into the Dai Loc District and the DaNang Vital area.

- (3) River Crossings. The VC/NVA continue to cross the Song Thu Bong River in both northern and southern directions between grids AT875508 north to AT912529. Crossing attempts occur just after sunset between 1800-2030 hours. During the operation, 15 energy were killed while attempting river crossings.
- (4) Caches. One small weapons cache consisting of 2 SKS, and 1 M-1 was found.
 - e. Torrain. No change.
- f. Weather. During this operation, the weather was warm to hot during day light hours and mild to cool at night. During latter part of operation the illumination was low to medium:
- 9. Mission. 1st Battalion, 5th Marines conducted in assigned AO aggresmine offensive operations to seek and destroy enemy forces, weapons, material and positions secured and protected US and RVN installations, units and convoys.
- 10. Concept. 1st Battalion, 5th Merimes with one company, one plateon and Battalion Cormend Group established a holding position at Liberty Bridge to protect that installation and to provide security for daily mine sweeps to clear Liberty Road from Liberty Bridge to An Hoa combat base. Two plateons to keep Liberty Road open and to protect friendly convoys by constant surveillance and interdiction of enemy threat to the road by daily OP's and night ambushes and patrols along the axis of the road. Remnining companies conducted aggressive offensive operations in the An Hoa area to destroy enemy forces, and were prepared to provide reaction forces to assist the An Hoa combat base and local US and ARVN installations and units, and were prepared to deploy to any portion of the Regimental AO to conduct offensive operations.

13. Administrative Matters

- a. Supply. Resupply was accomplished by both helicopter and wheeled vehicle. The Corrend Post and units near the MSR were resupplied by wheeled ed vehicles, while units off the MSR were resupplied by helicopter. No serious supply problems have occurred during this operation to impair the logistical support of this Battalion.
- b. Maintenance. No serious unintenence problems were encountered with weapons or equipment during the operation.
- c. <u>Transportation</u>. Both helicopters and wheeled vehicles were the primary means of transportation, supplemented by LVT's. There were no significant problems encountered with transportation.
- d. Comminications. During the period covered by Operation "MUSKOGEE MEADOW", the communication within the Battalian were reintained in a satisfactory manner with no significant difficulties encountered. A radio retransmission team was inserted with Recon team "Hanover Sue" to ensure that communications would be maintained as the companies moved farther from the CP.
- e. Treatment of Casualties. Evacuation, Hospitalization and Medical Evaluation. Two permanent BAS's were in use during Operation "MUSKOGEE MEADOW", one at the An Hoa Combat Base and the other with the Forward CP at Phu Lac (6). Minor injuries incurred in the field were sent to one of the BAS's while nowe serious injuries were evacuated directly to medical facilities in DaNang. There was an outbreak of intestinal parasites in two companies, but this was adequately controlled by medication. Heat casualities were occasional problems and were treated in the field or evacuated to the BAS at An Hoa,
- 14. Special Equipment and Techniques. During Operation "MUSKOGEE MEADOW", the Battalion effectively utilized a 106mm Recoilless Bifle Platoen in the support of two companies from the Battalion operating on a rice denial operation.

A STATE OF THE PARTY OF THE PAR

15. Commander's Analysis. Enony activity during Operation "MUSKOGEE MEADOW" decreased in intensity. However, numerous contacts with small groups of enony continued throughout the operation.

Rice denial operations were conducted with outstanding success in the Southeastern AO. The concept of operations centered on aggressive offensive namuver coupled with nobile defensive tactics to secure the area surrounding the rice harvest site. Saturation day light patrolling and extensive night ambushes prohibited enemy interdiction of rice harvest operations, enabling workers to continue harvesting for 5 days resulting in a yield in excess of 200 tons.

The battalion continued night maneuver operations to enable units to move throughout the area with minimum difficulty and thereby achieving continuous tactical surprise. Particularly noteworthy was the night ambush activities which proved continually successful.

In addition to rice denial operations the battalion continued to conduct aggressive offensive and defensive operations to secure the MSR and Liberty Bridge.
