PART II

NARRATIVE SUMMARY

From 1-6 October 1969 the 1st Battalion, 5th Marines participated in a rice denial operations in the Chau Phong area. On the evening of the 6th the Battalion returned to An Hoa and on early morning of the 7th B Company, 1st Battalion, 5th Marines returned to An Hoa. From 7-13 October 1969 the Battalion operated from An Hoa in company size search and clear operations Southeast of An Hoa. On 132200H October 1969 the Battalion held a cordon and search operation in Meu Chanh (2) and Thu Bon (5). On 141200H October 1969 the Battalion returned to An Hoa. On 181200H October 1969 the Battalion moved to the "Hot Dog" in the Arizona Area.

UNCLASSIFIED

DECLASSIFIED~~SECRET~~

PART III

SEQUENTIAL LISTING OF SIGNIFICANT EVENTSA. TOPICS1. PERSONNEL AND ADMINISTRATION

a. Strength. The Battalion's strength at the beginning of the month was 31 officers and 1177 enlisted. On the 15th of the month, the strength had changed to 37 officers and 1183 enlisted. By the end of October, the strength was 35 officers and 1170 enlisted. At this time there are 20 enlisted hospitalized.

b. Discipline, Law and Legal. One Summary Court-Martial and five Special Courts-Martial were convened during October. During the same period, ten Company and nine Battalion Office hours (NJP) were also held. There were seven completed investigations with one still pending for the month.

c. POW/Detainees. There were 74 detainees processed during this month. They were classed as follows:

POW's	5	NVA	5	VC	10	TOTAL
CHIEU HOI	0	NVA	1	VC	1	TOTAL
CIVIL DEFENDANTS					36	TOTAL
INNOCENT CIVILIANS					27	TOTAL

d. Morale. Morale and fighting spirit continued to be excellent.

e. Postal. Postal service continued at the same degree of excellence.

f. Awards. During October, there were 60 Navy Achievement medals, 15 Navy Commendation medals, 5 Bronze Star medals, 2 Legion of Merits, and 1 Navy Cross medal submitted for heroism and meritorious service.

g. Interior Management. Administrative procedures and proficiency continued to be excellent.

UNCLASSIFIED

~~DECLASSIFIED~~~~SECRET~~**2. ENEMY, WEATHER AND TERRAIN**

a. Enemy. The enemy has continued to avoid large scale contact in this reporting period. The enemy is continuing to gather food supplies, while conducting light attacks and probing of units for diversionary tactics. The booby-trap situation in the Arizona Area has decreased somewhat compared to the previous reporting period. B Company took 14 WIA's from SFD's in the vicinity of AT833470 in 2 days.

b. Weather. The precipitation for the first half of this reporting period was the highest of this year. This being the month commencing the monsoon period causing hinderance in visibility and movement. The latter part of this reporting period was humid and hot with intermittent rain showers.

c. Terrain. The terrain features shows the rice paddies submerged in water with the streams and rivers at a high level. This reporting period shows the dry ground to be mostly the high ground with treelines throughout the area.

3. ORGANIZATION AND OPERATIONS

a. Organization. The organization of the Battalion consisted of the following units being detached from the 1st Battalion and other units under the operational control of the 1st Battalion during the following periods:

(1) Company D, 1st Battalion, 5th Marines OPCON to 5th Marines from 010001H to 100350H October 1969.

(2) Company B, 1st Battalion, 5th Marines OPCON to 5th Marines from 100350H to 170635H October 1969.

(3) Company C, 1st Battalion, 5th Marines OPCON to 5th Marines from 170635H to 312400H October 1969.

b. Operations. 1st Battalion, 5th Marines from 1-6 October 1969, participated in unnamed rice denial operations in the Chau Phong area. On 6 October 1969 the Battalion returned to An Hoa. From 7-13 October 1969 the Battalion operated out of An Hoa. On 132230H October 1969 the Battalion held a cordon and search at Mau Chanh (2) and Thu Bon (5). The Battalion moved back to An Hoa on 141200H October 1969. On 181200H October the Battalion moved to the "Hot Dog" in the Arizona Area.

UNCLASSIFIED

DECLASSIFIED

~~SECRET~~c. Supporting Arms

(1) Air. The Battalion continued its policy of maximum employment of all available air power. During the time spent in An Hoa, the Battalion was in a rear posture and did not require any air support. However, upon moving into the Arizona Area, the Battalion relied upon heavy use of air support to ferret out the enemy and to provide cover for friendly units.

(a) Fixed Wing. Fixed wing support includes "Hostage" OU-10 aircraft, "Basketball" C-130 flareships and "Spooky" AC-47 gunships as well as close air support by jet attack aircraft. This support is summarized in the table below.

<u>TYPE</u>	<u>TIME</u>	<u>FLIGHTS</u>
Hostage (OU-10)	36 hrs 15 mins	43
Spooky (AC-47)	2 hrs	1
Basketball (C-130)	1 hr	1
Close air support		
F-4		8
A-4		1
A-6		11

The battle damage assessment from the above flights is tabulated as follows:

Structures Destroyed	50
Structures Damaged	3
Bunkers Destroyed	28
Treeline Destroyed	1750 meters
Trenchline Destroyed	400 meters
Secondary Fires	1
Secondary Explosions	1
Killed By Air	7
Total Tonnage of ordnance dropped (65 Flights)	140 Tons

UNCLASSIFIED

DECLASSIFIED~~SECRET~~

(b) Rotary Wing. The Battalion enjoyed prompt and efficient helicopter support in the form of timely med-evacs as summarized below:

	<u>USMC</u>	<u>DETAINERS</u>	<u>CIVILIANS</u>
EMERGENCY	14	3	0
PRIORITY	5	2	7
ROUTINE	0	0	0

(c) Significant Development. During October, special effort was made to provide air signalling devices to the lowest echelons within the command so that no unit would be caught without means to utilize air support under any and all possible conditions. A training program was also initiated so as to provide training to each platoon on the proper procedures to be used in the employment of air support.

(2) Artillery. During the month of October, 1st Battalion, 5th Marines was rendered artillery support by 2nd Battalion, 11 Marines. Most missions were fired by Echo, Delta, Whiskey, and Mike Battery 4th Battalion, 11th Marines.

Due to a de-escalation of the war, 1st Battalion, 5th Marines activities were somewhat curtailed for the better part of the month. Therefore, there was a smaller amount of fire missions than in previous months. There has been a very small number of contact missions. Most missions were registration of night defensive fires and prep fires coming in second.

Activity has picked up somewhat during the last part of the month due to the moving of the Battalion to the Arizona Area.

Artillery support has been very good and very responsive during this month. On the whole it has been accurate and faster than in the past.

The following is a summary of rounds expended and the types of missions fired.

In firing the above mentioned targets 1954 HE rounds were expended on fire missions, 222 WP, 4987 H&I, and 166 illumination. There were a total of 170 missions fired.

Confirmed KIA	5
Probable KIA	17
Bunkers Destroyed	4
House's Destroyed	2
Contact Missions	22

UNCLASSIFIED

DECLASSIFIED~~SECRET~~

(3) Engineers. Excellent support was again provided by Company B, 1st Engineer Battalion. Engineers were employed primarily to destroy duds, booby traps, captured enemy ammunition, enemy bunkers and fortifications. Loss of lives, wheeled and tracked equipment was considerably reduced by detailed searching efforts employed by the engineers.

(4) Shore Party (HST). HST's were provided by Company B, 1st Shore Party Battalion. These teams provided outstanding support in coordinating and effecting helicopter re-supply and Med-Evacs.

(5) Scout Snipers. Detachment Scout Sniper Platoon, Headquarters Company, 5th Marines continued to provide outstanding support for the Battalion, although there were no enemy kills during the month.

(6) Motor Transportation. A light section of Marginal Terrain Platoon, Company B, 11th Motor Transport Battalion (M1116) known as Huskies was assigned to 1st Battalion, 5th Marines from 1-31 October 1969.

(7) Scout Dogs. Detachment from 3rd MP Battalion provided marginal support to the Battalion.

4. TRAINING

a. The following training was conducted by the Battalion during the month:

- (1) Weapons Safety
- (2) Weapons Inspection, Care and Cleaning
- (3) Familiarization firing of Individual and Crew Served Weapons
- (4) Company Supply
- (5) Inventory Control
- (6) Accountability
- (7) Embarkation
- (8) Warehouse Issue Procedures
- (9) Venereal Disease
- (10) Personal Hygiene
- (11) AN/GRA-39A Operation
- (12) RC-292/AS-2236 (Antenna Erection)
- (13) AN/MRC-109 Operation
- (14) AN/PRC-25/GRC-125 Operation
- (15) AN/PRC-88 Operation/Maintenance

- (47) Use of Battery Star Starter Tester

b. Replacement personnel received five (5) days training at 5th Marines Headquarters Indoctrination School prior to being committed to the field.

c. The Battalion continued to utilize schools provided by higher headquarters in the DaNang area and Okinawa. During the month, 90 members of the Battalion attended schools in the DaNang area and Okinawa. The value of the schools is recognized; however, this had an adverse effect on the rifle-company-in-the-field strength.

UNCLASSIFIED

DECLASSIFIED~~SECRET~~

5. LOGISTICS. From 1-6 October, while three (3) companies were operating in the Chau Phong's, logistics operations were hindered by monsoon rains. Resupply helicopters could not fly due to the low cloud ceiling. Deep water in rice paddies and swollen rivers made terrain untrafficable to M1116 huskies, and the four (4) vehicles which had accompanied the Battalion to the field were extracted by helicopters. Dry clothing, hot showers, and beer were provided for each man when units returned to An Hoa on 6 and 7 October. 782 gear was replenished, and a limited technical inspection was conducted on all weapons.

Companies operating out of An Hoa for periods of two to three days, during the period from 7 to 13 October, left the combat base with three days of rations, water, ammunition and required no re-supply in the field.

During the same period, the companies remaining in the An Hoa area built floors for twenty-nine (29) tents, dug ditches, etc., to make the troop area liveable during the monsoon season.

On 13 October the civic action portion of the cordon and search operation in Mau Chanh (2) and Thu Bon (5) was supported by the feeding of approximately 500 civilians, also med-capped 500 civilians.

After the Battalion deployed to Arizona Area on 18 October, daily resupply was accomplished by helicopter.

6. CIVIC ACTION. During the reporting period the Battalion S-5 was OPCON to 3rd Battalion, 5th Marines at Phu Lao (6) in order to continue the 3 New Life Hamlet projects underway. One platoon of PF's, OM 83, from Dai Loc District, were assigned to the two New Life Hamlets located at Giao Thuy - 922543 and Hoa Yen - 920543. One platoon of PF's from Duc Duc District was assigned to the New Life Hamlet at Phu Lao (6) 926529.

The PF platoon from Duc Duc District is not conducting any activities at this time. The platoon is under orders to stay with the Village Chief, Any day/night activities will be initiated by Duc Duc Headquarters.

The PF platoon from Dai Loc District is conducting regular day/night activities initiating from Dai Loc Headquarters.

In the Giao Thuy hamlet 13 homes are now under construction, Hoa Yen hamlet has 22 homes under construction.

The Duc Duc District is in a Phase II of operations, which upon ending on the 30th of November will gather the people of Xuyen Hoa, Loc Phu, Khuong villages to be re-located at Phu Loc.

A Vietnamese Ferry Service was approved jointly by the Battalion Commander at Liberty Bridge (3/5) and the Dai Loc District Chief. This ferry service is to operate only when the Liberty Bridge is under water, caused by heavy rains, and to transport Vietnamese Nationals across the Thu Bon River. The ferry will operate under the restrictions and regulations set forth by the Commanding Officer at Liberty Bridge.

UNCLASSIFIED

DECLASSIFIED~~SECRET~~

7. PSYCHOLOGICAL OPERATIONS. During this reporting period, one USMC patrol was initiated by information received from Vietnamese civilians of a possible VC ammo cache. A negative result was reported by the patrol unit. Numerous ordinance were turned in to the S-2 at Liberty Bridge by Vietnamese youths.

Two aerial broadcasts on Chieu Hoi, rice denial, booby trap, and ordinance turn in missions worked in the entire 3/5 AO, and aerial leaflets drops of the same area were coordinated through 5th Marines. A series of rewards, sanitation, and mine posters were posted along the MSR near Liberty Bridge (coordinates 925538 through 922527). Four Vietnamese PF's will participate in a USMC training film being sponsored by 1st Marine Division (G-3) and III MAF. The use of the PF's was approved by the Dai Loc District Chief.

8. COMMUNICATIONS. The onset of the monsoon season in October forced strict rationing of AN/PRC-25 radio sets. A phone-patch system using telephone, radio and radio remoting devices was installed in the rear COC to minimize need for radios in the Battalion rear. Using the patch net, company rear echelons and Special Staff Officers can reach units in the field on the nearest phone. Full operational testing and improvement of the system should be completed by 15 November 1969.

On 13 October 1969 Communications personnel conducted a Radio Teletype (RATT) system test in cooperation with 5th Marines. The following items of equipment were employed: field Radio AN/PRC-25, Radio Remote Unit AN/GRA-39A, Terminal Telegraph TH-5, and Teletype writer AN/TGC-14A (V). The test was successful, with the following qualifications.

First, operations of the teletype requires standard AC electric current; where housepower is unavailable a portable generator must be used. This makes RATT communications highly impractical for a unit that desires mobility and stealth in the field, as generators are bulky, heavy, and noisy when in operation. Second, the AN/PRC-25 radio has a transmit/receive ratio of one (1) to (9). This means that after every minute spent transmitting a message, the sender must pause nine (9) minutes. These breaks may prove annoying and disruptive, but the alternative is a burned out radio. Transmission can be completed within safe time only if messages length is minimized. Optimal number of words is about fifty (50).
