PART II
NARRATIVE SUMMARY

Many improvements were made in the Bravo Defense Sector. Blast walls were built behind all fighting positions and igloo's were erected and sandbagged at all fighting positions. A reinforced fence was installed from Post # 8 to Post # 10 and concertina wire and tanglefoot was layed between these posts.

New projects continue throughout the Headquarters Company area. An outdoor stage was built near the EM Club so more personnel could view live USO shows. Many living and working bunkers have been refurbished and tarred. Numerous smaller projects have been completed throughout the area to enhance the appearance and sanitation of the Headquarters Company cantonment.
