PART II

MARRATIVE SUMMARY

3rd Battalion, 5th Marines continued securing and pacification operations in a combined AO with the 51st ARVN Regiment in Quang Nam Province, I Corps Tactical Zone throughout the month of June 1970. The combined AO encompasses a portion of the territorial Districts of Dai Loc, Dien Ban, and Hoa Vang. The AO Extension west of HILL 52, renewed on a monthly basis, remained in effect throughout the period.

The 51st ARVN Regiment maintained their CP at HILL 55 (AT 964603) with subordinate units conducting operations in 5th Marines, ROKMC, and Thung Duc CIDG TAORs. 2nd and 3rd Battalions, 51st ARVN remained in the field conducting operations in support of the Thung Duc CIDG Camp. The 4th Battalion rotated with 5th Battalion and continued security operations along Routes 1D and 4 to the south and east of HILL 55 in support of MCB-62 and 7th Engineers road upgrading. Elements of Company A, 1st Battalion, 5th Marines were assigned operational control to the Battalion throughout the month and combined with elements of 4th Battalion, 51st ARVN to prevent enemy interdiction of this LSC.

A coordinated operation took place during the period 7-8 June in cooperation with elements of the 51st ARVN Regiment. Company K (-) (Rein) performed a block mission while 3 companies of the 51st ARVN reinforced with armored personnel carriers performed a sweep of the objective area (AT - 948604). At approximately 1000 on 7 June, contact was established with an estimated platoon size VC unit. 15 enemy were killed, 9 were captured, and 7 indigenous personnel apprehended as detainees in the ensuing fire fight. 5 enemy individual weapons were seized from the battlefield. Company K (-) (Rein) killed 3 enemy as they attempted to evade the sweep force. 1 enemy crew served weapon (RPG) and 1 individual weapon was seized from the battlefield. It was ascertained from interrogation of POWs that the principal enemy unit encountered was an element of local force guerrillas. 2 members of 2nd Company, 42nd Reconnaissance Battalion, Front 44 were captured. Contact was negligible throughout the remainder of the operation. This successful preemptive operation reduced the capability of the enemy to discredit securing and pacification operations being conducted by U. S. and District Forces in the Chau Son area.

The artillery cantonment at HILL 55, manned by "F" Battery, 2nd Battalion, 11th Marines, was reinforced twice during the reporting period in anticipation of a ground attack. Company M provided a platoon size force during the period 1-11 June and again from 25-27 June. This threat did not materialize due to preemptive operations being conducted by the 5th Marines and 51st ARVN Regiment.

Company M provided one platoon operational control to Company K on 11 June for the purpose of providing security for Company C, 7th Engineers road upgrading operations along Route #4 east of HILL 57. This mission will continue into the next reporting period.

"G" Platoon, 3rd 8 inch HOW (SP) Battery, Force Artillery remained at HILL 52 throughout June and provided reinforcing fires in support of operations being conducted in the CIDG TAOR. Ammunition bunkers, as well as

**UNCLASSIFIED**

**UNCLASSIFIED**

living bunkers, were completed during the period. Also, additional protective wire was laid at the southern end of the HILL.

The Battalion continued to perform daily security missions for engineer mine sweeps along Route #540 north to 5th Marines boundary and south to 2nd Battalion, 5th Marines AO. In varying days, security was provided for engineer mine sweep operations west of HILL 65 along Route #4 to HILL 52 enabling truck resupply to be effected.

A land clearing operation took place on 8 June to the east of Phu Huong (H) vicinity of AT 833570. This area just to the north of Route #4, covered with scrub brush and grass, served as a possible harbor site for enemy to command detonate mines.

Security efforts of the Combined Unit Pacification Program (CUPP) units, Company N, 3rd Battalion, 1st Marines, and 5th Marines CUPP Platoon continued to be effective during June as a result of the relatively high degree of rapport established with the populace during previous months. GVN forces supporting the CUPP are from PF and RF units from Dai Loc and Dien Ban Districts.

Proficiency in the conduct of security patrolling and ambushing was stressed throughout the period. A Battalion Mobile Training Team, specializing in patrolling and ambush methods and techniques, conducted instruction and practical application during the period with each CUPP unit. This training program was well received by Marines and RF/PF forces and undoubtedly will enhance future securing operations. Improvement of operational efficiency in this manner will continue during the coming months.

In view of the increased importance of Vietnamization and the continuing high threat against both GVN forces and civilian populace, renewed emphasis was placed on the importance of operations efficiency by District Forces. Items stressed to PF/RF soldiers and the Dai Loc and Dien Ban District Chiefs were:

Continued security patrolling.

Selecting ambush sites and night defensive positions that have good observation and fields of fire.

Digging protective fighting holes.

Surreptitiously moving to ambush sites and the exercise of stringent light and noise discipline.

Maintaining a minimum of 75% alert in ambush and night defensive positions.

Practicing strict fire control and fire discipline.

Collecting and reporting intelligence information.

CUPP units assisted District Forces in providing periphery security.

**UNCLASSIFIED**

**UNCLASSIFIED**

for Hamlet elections on 22 June. This concept called for voting booth security to be provided by National Police Field Forces while CUPP units patrolled in close proximity to the hamlet areas. Security was again provided on 28 June for Provincial elections utilizing this same concept. There were no enemy initiated incidents during either period of elections.

During the early morning hours of 18 June, a large size force of enemy conducted a well coordinated attack on CUPP 2 located vicinity AT 815549. The attack was initiated with small arms fire and B-40 rockets. The enemy assaulted the position throwing satchel charges resulting in 3 Marines killed. The Plt of RF Company 759 working with CUPP 2 withdrew at the first sign of contact. The enemy then concentrated his effort against CUPP 1 located vicinity AT 824532. The rapport between RFs and Marines was impaired by the performance of RFs during these contacts. Improvements in tactical procedures, principally ambush methods and techniques, have resulted in some improvements in the operating capability of the combined unit.

The Marine contingent of the CUPP CP displaced from HML 25 during the period to enable the Platoon Commander to closely supervise operations and training at squad level. Coordination problems are precluded or readily resolved by the CUPP Platoon Commander or his Platoon Sergeant being on the scene at BMS SQN/RF Platoon level. Logistical as well as administrative support to the three USMC Squads more appropriately falls under the direct cognizance of the Platoon Commander. With helicopter resupply effected to the three squads in the field, the previous vulnerability of the 1/4 ton resupply vehicle has been eliminated.

## PART III

SEQUENTIAL LISTING OF SIGNIFICANT EVENTS1. TOPICSa. Personnel and Administration

(1) Strength. The Battalion began the month with a total strength of 43 Marine Officers, 1274 Marine Enlisted, 3 Navy Officers, and 69 Navy Enlisted. 3rd Battalion, 5th Marines now has a total on board strength of 40 Marine Officers, 1220 Marine Enlisted, 3 Navy Officers and 71 Navy Enlisted.

(2) Morale. Morale and fighting spirit was and continues to be excellent. Eighty-four personnel participated in the out of country R&R program, and seven personnel participated in the in-country R&R program at China Beach during the month. The Battalion Chaplain conducted a total of 46 worship services with a total attendance of 724. The weekly worship schedule for Protestant services was as follows:

## SUNDAY

0800	Company M
0930	HILL 65 Chapel
1100	D Battery
1600	Company M (CUPP Company)
TUESDAY	Company I
WEDNESDAY	5th Mar CUPP Plt
THURSDAY	Company L

Catholic services were conducted by Chaplains from the 4th Battalion, 11th Marines each Sunday at HILL 65. Masses were also held during the month at HILLS 52 and 25 and at the CUPP units in between whenever possible. Chaplain Grotowski from 2nd Battalion, 5th Marines held Sunday Services at the Western units of the Battalion while Chaplain Boyer of 3rd Battalion, 5th Marines conducted services at Liberty Bridge. The Battalion Chaplain also conducted three memorial services for eight Marines killed in action, and held 36 counseling sessions during June 1970.

(3) Postal. Postal service during the month continued with efficiency especially considering the widely disbursed nature of subordinate units within the Battalion TAOR. Some delay in receiving mail the first part of the month was experienced due to the Memorial Day long-weekend in CONUS. Mail delivery continues to be accomplished by a regularly assigned courier on a daily basis, either by vehicle or by helicopter.

(4) Discipline. During the month there were 46 office hours and 11 court martials.

(5) Awards. There were 5 Bronze Star Medals, 5 Navy Commendation Medals, 1 Navy Achievement Medal, 28 Purple Hearts, 4 Vietnamese Cross of Gallantry Medals and 1 Vietnamese letter of commendation awarded to members of the Battalion during the reporting period.

Enclosure (1)  
~~UNCLASSIFIED~~

~~UNCLASSIFIED~~

(6) Promotions. There were a total of 129 promotions during the month of June. The breakdown, by rank, is as follows:

REGULAR PROMOTIONS

Sgt	- - - - -	1
Sgt	- - - - -	24
Cpl	- - - - -	5
Lcpl	- - - - -	87
PFC	- - - - -	1

MERITORIOUS PROMOTIONS

SSgt	- - - - -	1
Cpl	- - - - -	6
Lcpl	- - - - -	4

(7) Internal Management

(a) Administrative procedures and proficiency continued with the Battalion S-1 and all companies receiving their semi-annual administrative inspection on 10 and 11 June 1970. The overall results were satisfactory with discrepancies.

(b) Courier service was provided to issue RPS distributed material to units in the field on 5 separate occasions, and the S&C courier made 10 Regimental courier runs to Division Headquarters.

(c) In compliance with a CMC letter on professionalism, there were eight recommendations for administrative discharges processed during the month, with 6 returned approved as of 30 June 1970. Continued emphasis is being placed on administrative discharges in order to separate Marines who do not conform to retention standards.

(d) A total of 44 Marines were processed and returned to CONUS during the Month of June.

(e) Casualties sustained by the Battalion during June were as follows:

FRIENDLY CASUALTIES

KIA	- - - - -	9
WIA	- - - - -	31
DOW	- - - - -	1
NBC	- - - - -	19
WIANE	- - - - -	4
NBCD	- - - - -	1
MIA	- - - - -	0

b. Enemy, Weather, and Terrain

(1) Enemy. Enemy initiated incidents during June continued to be characterized by intelligence gathering and counter pacification activities. Mine and booby trap incidents increased significantly as the enemy carried out his predicted LOC interdiction mission. Post election activities were begun by the enemy when on 30 June the Hamlet Chief and PSDFs from Lam Phuong (H) were killed by a claymore mine on the way to work.

(2) Weather

1. Rainfall: Medium

~~UNCLASSIFIED~~

2. Temperature:  
 (a) Avg. High 95  
 (b) Avg. Low 13

3. Light:  
 (a) Avg. Sunrise 0619  
 (b) Avg. Sunset 1920

(3) Terrain. The predominant terrain features for the reporting period were the flat lowlands of the Arizona Territory, the small foothills leading into Charlie Ridge, and the mountainous terrain and double canopy of Charlie Ridge.

(4) Enemy Casualties Inflicted

11 VC KIA 4 NVA KBtry 27 Detainees

(5) Enemy Weapons Captured

4 AK-47 rifles 2 B-40 Rocket Launchers

(6) Enemy Munitions Found/Captured

22 Chicom Grenades 4 B-40 rockets 5 AK Magazines

(7) Enemy Equipment/Foodstuffs Captured

4 Cartridge Belts 3 Boats Assorted Medicines

(8) Significant Enemy Caves, Tunnels, and Bunkers Found

3 Tunnels 1 Bunker

(9) Mines/Bobby Traps Found/Detonated

TOTAL: 40 FOUND: 20 DETONATED: 20

CASUALTIES: KIA's: 4 WIA's: 27

TYPES/NUMBERS: Box Mines - 4 155mm round - 1 AP Mines - 5  
 60mm rounds - 5 Chicom Grenades - 2  
 M-26 - 5 175mm round - 1 8" round - 1  
 Others - 16

c. Operations. Extensive combat patrols were conducted throughout the month to interdict enemy movement into the AO. Emphasis continued to be placed on screening operations on the periphery of secure or pacified areas in order to deny ingress and egress routes to the enemy.

d. Supporting Units/Agencies

(1) Engineers. 3rd Platoon, Company B, 1st Engineer Battalion supported 3rd Battalion, 5th Marines during the reporting period. The primary mission continued to be the accomplishment of mine sweeps along LOC's within the AO. Also, fortification construction and improvement continued at a high priority of work.

~~UNCLASSIFIED~~

~~UNCLASSIFIED~~

(2) Shore Party. HST support was provided by Company B, 1st Shore Party Battalion with teams located at HILL 65, 55, 52, 37, 25, and 3rd Battalion, 5th Marines CJPP Platoon.

(3) Mine/Booby Trap Detection Teams. Three (3) Mine/Booby Trap Detection Teams were employed by subordinate units of the Battalion contributing significantly to the reduction of casualties during the period.

(4) Interpreters. Twelve (12) interpreters were employed by the Battalion and its subordinate elements during the period.

(5) Snipers. Ten (10) snipers from 5th Marines Scout/Sniper Platoon supported subordinate elements of the Battalion during the period.

(6) Ground Surveillance. Fifteen (15) strings of a combination of Mini-SIIs and MAGID-SIIs remained operational throughout the period and were monitored by a detachment of personnel from the G-2 Scamp Platoon.

e. Supporting Arms

(1) Air

(a) Support of the Battalion by the First Marine Air Wing was excellent during June 1970. Marine Air Group 16 completed a total of 75 medevacs for the month. Twenty-nine emergency medevacs were completed of which 21 were Marines, five VN military, and three VN civilians. Thirty-five priority medevacs consisted of 21 Marines, two VN military, and 12 VN civilians. Fifty-two routine medevacs were completed including 19 Marines, 27 VN military, and one suspected VC. Eleven of these were permanent routine - nine Marines and two VN military.

(b) In addition, mission 20 helicopters made 90 stops at HILL 65, picking up 199 passengers. A total of 13 missions were flown by gun ships during June, expending ordnance on enemy positions. Mission five helicopters flew daily visual reconnaissance missions in support of the Battalion. Transport helicopters completed six (6) troop lifts, transporting 256 personnel. VMO 2 provided 27 Aerial Observers, fifteen of which directed air strikes.

(c) Fixed wing support flew 20 beacon missions and 15 tactical Air Strikes giving excellent target coverage.

(d) Illumination was provided by two flare ships and one "stinger" which also expended on-board ordnance as suppressive fire.

(1) Artillery

(a) During the month of June the amount of artillery support utilized by 3rd Battalion, 5th Marines increased substantially. While there was a slight decrease in the number of fire missions controlled by the forward observers (32 missions with 489 rounds expended), the number of intelligence targets and preemptive fires nearby doubled over May's output. With 2nd Battalion, 11th Marines providing the bulk of the support, artillery fired on 679 intelligence/preemptive targets utilizing 5,043

~~UNCLASSIFIED~~

~~UNCLASSIFIED~~

rounds. The heaviest concentrations were found in the troublesome Chau Sons, southwest of Hill 55, the Northern Arizona Territory, and the avenues of approach from Charlie Ridge. The well planned and frequent use of these targets no doubt contributed to the enemy's inability to increase his disruptive activities in 3rd Battalion, 5th Marines TAOR.

(b) The 1st of June also witnessed the administrative transfer of forward observer teams and FSCC personnel to "D" Battery, 2nd Battalion, 11th Marines thus facilitating closer coordination with the Battery providing the majority of 3rd Battalion, 5th Marines support.

f. Training

(1) Division Schools. Members of the Battalion attended the following Division Schools during June 1970.

<u>SCHOOL</u>	<u>LENGTH</u>	<u>ASSIGNED</u>	<u>COMPLETED</u>
SNCO Leadership School	5 days	2	2
NCO Leadership School	2 weeks	6	6
Land Mine Warfare School	3 days	44	44
Combined Action Force School	2 weeks	5	5
Embarkation	4 weeks	1	1

(2) Regimental Indoctrination School. In June 1970, all newly arrived persons attended Regimental Indoctrination School.

(3) Battalion Training. The following is a report of the courses of instruction scheduled and completed on the Battalion level by this command during June 1970.

<u>SUBJECT</u>	<u>INSTRUCTION TEAM</u>	<u>DURATION</u>

g. Logistics

(1) General. During the month of June the logistics situation in the 3rd Battalion, 5th Marines has remained approximately the same as the previous month. The Battalion continued to operate with a split CP, the rear being located at An Hoa Combat Base and the forward CP at HILL 65. Additional positions were located at HILLS 52, 25, 37, 55 and a Combined Unit Pacification Program (CUPP) Platoon located between HILLS 25 and 52. All Company rears are located at An Hoa with the exception of Company M, 3rd Battalion, 1st Marines CUPP, headquarters at HILL 55, and Company K at HILL 37.

ENCLOSURE (1)  
UNCLASSIFIED

**UNCLASSIFIED**

(2) Helicopter Resupply. Helicopter resupply functioned efficiently during the month of June. Helicopter resupply continues to operate every three (3) days with the exception of the CUPP squad located in the Chau Son AO (AT 95E803) and the CUPP Platcon located between HILLS 25 and 52 which are resupplied every two (2) days. Helicopter resupply totals for the month are as follows:

<u>LIFTS</u>	<u>TOTAL WEIGHT</u>
85	145,825 lbs.

Both CH-53 and CH-46 helicopters were utilized for resupply. Requesting units received all ammunition requests with the exception of B535 White Parachute which was not available at Logistics Support Unit, Ammunition Supply Point on 11 June 1970. In addition, all units received the proper quantity of C-rations and Sundry Packs. Supply items that were unavailable or available in limited quantities included poncho liners, small utilities, batteries for the MK-15 mine detector, candles, camouflage face paint, BA 30 batteries, plastic  $2\frac{1}{2}$  gallon water containers, ponchos, air mattresses, paper plates and cups, plastic knives forks and spoons, paint (with the exception of green paint for mount-out boxes), flashlights, grease pencils, black ink pens, blank dog tags, straw brooms, wire brushes, scrub brushes, memo books, nails, paper tablets, clip boards, and T-shirts. HILL 65 continued to receive resupplies daily from Force Logistics Command in DaNang. Force Logistics Command supplied a 1000 gallon water tanker to HILL 65 approximately three (3) times a week. The tanker was utilized to resupply HILLS 25 and 52 with water from HILL 65.

(3) Supply. During the month of June, Battalion Supply continued to inventory and consolidate all classes of material. Consolidation within the field warehouse yard resulted in the dispatch of five (5) tractor-trailers of assorted equipment to Force Logistics Command Retrograde Facility. Improvement was made in the supply storage area to protect equipment from the elements by leveling the storage area and filling it with five (5) loads of gravel. Increased emphasis was placed on requisitioning TE deficient items. In addition, Supply continued to stress embarkation readiness.

(4) Ordnance. On 29 and 30 June 1970 the Battalion Ammunition Technician held a battalion wide inspection concerning ammunition storage procedures. Minimal discrepancies were noted at ammunition storage positions. Inspections are now scheduled on a monthly basis to insure that all ammunition storage areas meet existing ordnance regulations.

(5) Motor Transport. During the month of June, continued emphasis was placed on driver's preventive maintenance of assigned vehicles. Weekly motor stables initiated in a previous reporting period are now a matter of policy. In addition to the motor stables, 1st echelon maintenance classes of two (2) hours duration are now required of all drivers. During June, there were three (3) driver schools held by the Motor Transport section; one (1) for the M-151A1 and two (2) for the M274-A2s. The M-151A1 school lasted for five (5) days and six (6) licenses were issued. The M274-A2 schools lasted for three (3) days each and twelve (12) driving permits were issued.

**UNCLASSIFIED**

**UNCLASSIFIED**

(6) Embarkation. A number of outsized mount-out boxes were received from First Engineers during June. They have been assembled and made ready for embarkation. A representative of Division Embarkation inspected Battalion Supply and Communications resulting in a satisfactory rating.

(7) Cantonment Improvement. The physical appearance of the 3rd Battalion, 5th Marines rear at An Hoa changed very little during June. Three (3) badly needed tent decks were built in the An Hoa Augmentation Company area. The rear area was rated satisfactory on the Division Preventive Medicine Inspection held on 29 June 1970. HILL 65 also continually emphasized police and sanitation and was also rated satisfactory by Division Preventive Medicine. Other improvements on HILL 65 during June were as follows:

5-15 June, 12 16' x 32' tent decks constructed.  
 8-10 June, generator shed constructed.  
 12 June, CO1 bunker entrances rebuilt.  
 13 June, one 10' x 24' bunker dismantled for the 8" howitzer platoon.  
 14 June, new entrance built at BAS.  
 14-19 June, 165 feet of culvert assembled.  
 19-21 June, improved access road to HILL 65.  
 21 June, 106 RR position leveled off.  
 23-24 June, culverts installed on the access road to HILL 65 and lower access road.  
 23-27 June, a new pot shack constructed.  
 25 June, cantonment roads regraded and ditched.

(8) Battalion Aid Station

(a) Personnel. At present there are 60 enlisted personnel and two Medical Officers with distribution of corpsmen as follows:

<u>LOCATION</u>	<u>NUMBER</u>
An Hoa	11
HILL 65	6
BAS (TAD)	1
Company I	7
Company K	6
Company L	7
Company M	6
Company M C/1 CUPP	11
5th Marines CUPP Platoon	4

**UNCLASSIFIED**

**UNCLASSIFIED**

(b) Sick Call. Approximately 1200 patients were seen during the month of June, with approximately 150 being Vietnamese civilians. Various types of problems encountered among the military were,

(1) Venereal diseases - 18 cases; one suspected syphilis and 16 cases of gonorrhea confirmed by urothelial smear. Nine of these were contracted in country and seven out of country.

(2) Superficial bacterial skin infections (cellulitis, abscesses, etc.) - 125.

(3) Superficial fungal infections - 44

(4) Minor upper respiratory infections and influenza - 25

(5) Fever of unknown origin - 13

(6) Malaria - 11 (70% falciparum).

(7) Diarrhea (intestinal parasites, food poisoning, viruses and dysentery) - 80

(8) Psychological and psychiatric counseling - 15

(9) Separation physicals - 58

(10) Orthopedic complaints - 175

(11) Prescriptions for glasses - 40

(12) Miscellaneous: eosinophiles, dog bite, hemorrhoids, heat rash, acute tonsilitis, auditory problems, urinary infections, lacerations, scabies and hernias. No cases of heat casualty or immersion foot were seen. No case of drug abuse was seen on a voluntary basis. One patient was Medevac'd to CONUS due to recurrent pyoderma. There were approximately 300 prescriptions written and 180 lab tests performed.

(c) Medcaps. 3rd Battalion, 5th Marines Battalion Aid Station conducts 4 medcaps each week in local villages. Normally there is one medcap at Tam Hoa (AT 868573), one at Dai Phu (AT 886573) and two at Thanh Xuyen (1) (AT 867478) each week. Approximately 60 patients are treated during each visit. An estimated 750 patients primarily children were seen last month. These are usually superficial bacterial and fungal infections. Six patients with fever of unknown origin and one with probable osteomyelitis were referred to Vietnamese hospitals locally and in DaNang for further treatment. Three medcaps were cancelled in An Hoa due to a lack of security.

(d) Immunizations. Vigorous measures to keep health records and vaccinations up to date continue to be made, but have been hampered the past month due to a dearth of biological vaccines. As a result, the percentage of companies up to date in shots has decreased, a problem that will be rectified when supplies again become available.

**UNCLASSIFIED**

~~UNCLASSIFIED~~

(e) Supply. At present, adequate supplies are the most critical problem. Numerous everyday items have been backordered since early March. Many of these items are being picked up at Force Logistics Command now that they are available. The list currently includes 32 commonly used medications for treating common ailments in sick call. The supply room itself is being enlarged and reorganized, new shelves are being installed and new index cards kept up to date.

(f) Field Sanitation and Preventive Medicine.

(1) Twice weekly field inspections for sanitation are being held at both An Hoa and HILL 65 as well as less frequent visits to smaller 3rd Battalion, 5th Marines units. The overall adequacy of sanitation of the Battalion is improving. The preventive medicine unit at Da Nang makes monthly visits and offers suggestions. The inspection of 29 June was highly favorable for 3rd Battalion, 5th Marines at An Hoa, while HILL 65 was graded satisfactory with minor discrepancies. The mess hall and barber shop were found to be satisfactory. Replacement urinal barrels are being made and sent to HILL 65. Showers in the company area, An Hoa, are being repaired or replaced. Regular water supply is not entirely reliable and emergency water supplies are provided by a water trailer at the rear aid station.

(2) Currently numerous cantonments of 3rd Battalion, 5th Marines report a rodent and scorpion problem with the advent of spring rains. Poison and traps have been issued to counter this problem. Adequate stores of salt tablets and malaria pills, as well as insect repellent and halizone tablets are kept at the Battalion Supply. These items are issued to the troops with instructions for their correct use. In addition, fungicidal foot powder is now regularly in use among the troops. The Battalion Aid Station is continuing to supervise and administrate weekly malaria pill rosters, with excellent cooperation by individual units.

(g) Training. Lectures by the Chief and Battalion Surgeon were given on a variety of subjects covering field sanitation, immersion foot, heat casualty, venereal disease and malaria. On the job training was given to all corpsmen in minor surgery, administration of sick call, treatment of common diseases, supply, laboratory medicine, pharmacy, health and service records and refresher courses were given to new corpsmen in-country via indoctrination school. Formal lectures to the corpsmen were given by the Battalion Surgeon on the subject of liver disease, fainting and dizziness, antibiotics, Parkinsons disease, analgesics and tranquilizers, rebies, temtamus, cardiac arrest and bacterial skin infections.

(h) Dental. All Lima Company personnel had their teeth checked and necessary dental work done by 1st Dental Company personnel.

(i) Miscellaneous. The Battalion water point at HILL 65 continued functioning effectively pumping water from the Song Vu Gia River to supply the water needs of HILL 65.

h. Communications

(1) Battalion operations were supported by the use of FM radio equipment-AN/PRC-25, AN/PRC-77 and KY-38. AN/PRC-41's and AN/PRC-93's were

~~UNCLASSIFIED~~

~~UNCLASSIFIED~~

used by the Battalion TACP. AN/PRC-88's and wire communications equipment were employed in support of the base defense of HILL 65.

(2) The Battalion Comm Officer visited all the Battalion units in a continuing effort to increase the awareness of both commanders and troops in the necessity of Communications Security.

(3) On the 23rd of June the Division changed both frequencies and call signs. The change over within the Battalion went smoothly and to date only a minimum of interference problems have been realized.

i. Civic Action, Psychological Operations, and Industrial Relations

(1) Civic Action. The Civic Action Program was geared to help those newly elected village and hamlet officials put some of their ideas to work. Aid through this program included the following:

VILLAGE

Dai Phu

Ha Nha

Trung An

Dai Loc  
Phuoc Ai

Dien Ban

CIVIC ACTION

Wood for hamlet chief's office, wood for village entrance signs.

Cement for four (4) wells, wood for hamlet entrance signs, paint for Pro-GVN signs and banners.

Engineering advise was given on draining market place, and surrounding area for excess water.

Wood for new school building. Culvert to supply water for irrigation across road.

Wood and tin for a school.

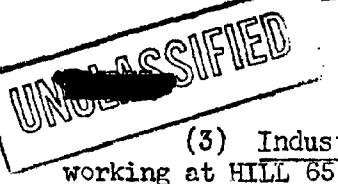

(2) Psychological Operations

(a) Eight aerial leaflet drops were made in the Battalion AO. The messages included Chieu Hoi information, rewards for mines and booby traps, and operation Save-a-leg. Aerial broadcasts included messages about the GVN, Anti-VN and themes promoting CJFP. One earlyword was held this month utilizing an NVA Hoi Chan from Dai Loc District. The message was broadcast over five target areas, followed by leaflet drops.

(b) An Armed Propaganda Team and a Culture and Drama Team were utilized this month in the Battalion. The Culture Drama Team put on shows in Trung An, Tam Hoa, Dai Phu, Truong An, Phu Que, and Phu Loc. The Armed Propaganda Team, furnished with a blacklist, infiltrated hamlets searching for information and talking to wives and relatives of blacklisted people. They spread word of the benefits of Hoi Chanhs and other Pro-GVN messages.

(c) The Combat Broadcast Team was utilized by almost every unit in the Battalion. One movie was shown at Dai Phu, with an excellent turn-out of the local populace.

~~ENCLOSURE~~  
~~UNCLASSIFIED~~

**UNCLASSIFIED**

(3) Industrial Relation Activities. Presently, 22 civilians are working at HILL 65. Five civilians work in the messhall under the appropriated fund system. The Battalion has 17 civilians working under AIK funds. 15 work for S-4 and two work at BAS.

3-13

TIME IN	SERIAL CJT	DATE/TIME: NO	INCIDENTS, MESSAGES, CUEWS GROUP	ACTION TAKEN
JOURNAL OPENED				
0001H	0001H	1	270001H	JOURNAL OPENED:
0630H	0723H	2	270630H	MCB-62 (See Bee) received one (1) unknown S-3/F rd believed to be lob bomb out side perimeter resulting in negative damage or casualties.
0940H	1053H	3	270940H	3/5 Co M 11 while at AT894601 pat moving W along N side of Wish Bone Lake observed three VN crossing lake from S to N in boat. VN were wearing white shirts and shorts. Fired two M-79 rds. 200 meters in front of boat to stop them. Three VN beached boat and began running toward Charlie Ridge. SEM 1/1 presently checked area where boat landed. Results negative.
1010H	1112H	4	271010H	3/5 Co M 11 Follow up-spot report at AT 888599 searched area of previous sighting of three VN persons. Point man walked over hill observed two VN running down hill about 150 meters distance from Charlie Ridge. Point man called for individuals to stop one wearing dark camouflage shirt & trousers. The other wearing white clothing, they continued running from Marine. Point man fired one M-16 rd wounding VN wearing camouflage, continued search found two VN children.
0545H	1045H	5	270545H	Follow up-after investigation by Co Lob Bomb was determined to be 122mm rocket. Impact grid at 968611. Rocket was fired from from SW, believed to have come from vic Rok Marine Boundary. After further consolation it is believed that 5 other explosives near HILL 55 this morning were 122mm rockets also these were previously thought to be intel targets. Can not check area due to mine field. Results negative.
1300H		6	271435H	3rd Plt A 1/5 replaced 2nd Plt A 1/5 as of 1200 27 June 70.
1445H	1500H	7	271435H	3/5 Co M 13 at AT893561 observed one (1) VC crouched in brush on S bank of Song Vu Gia River. Observing Marines approach, unit fired 10 rds M-16. Could not search due to water barrier. Results negative.

cordance with Annex B (Time/Movement Schedule). Assume responsibility for AO and conduct Category I and II operations in accordance with Annex C (Operations Overlay).

b. Co I

- (1) Commencing 031400 July 1970, conduct footmarch to HILL 65 in accordance with Annex B (Time/Movement Schedule).
- (2) On completion of footmarch to HILL 65, assume responsibility for Central AO. Annex C (Operations Overlay).
- (3) Be prepared to conduct securing operations as directed; provide forces for engineer mine sweep security along RTE #4 and for augmentation of HILL 65 defenses.
- (4) Provide one plt OPCON Co M for purpose of providing security for Co C, 7th Engineers along RTE #4.
- (5) Be prepared, on order, to conduct coordinated Recon in Force throughout N Arizona AO.
- (6) Be prepared, on order, to provide platoon (Rein) size force to relieve/reinforce CACO or District Forces in assigned AO.

c. Co K

- (1) Commencing 031000 July 1970, conduct helolift to An Hoa Combat Base in accordance with Annex B (Time/Movement Schedule).
- (2) On completion of helolift to An Hoa Combat Base, pass OPCON to 5th Mar as Base Augmentation Co.

d. Co L

- (1) Commencing 031100 July 1970, conduct helolift from An Hoa LOC to HILL 52 in accordance with Annex B (Time/Movement Schedule).
- (2) On completion of helolift to HILL 52, assume responsibility for Western AO. Annex C (Operations Overlay). Primary mission of interdicting enemy movement into AO from the west, south, and north.
- (3) Employ one plt (Rein) between grid 83 and 86 with assigned mission of route security and periphery screen for 3/5 CUPP Plt and CAP 4 (vicinity 865573).

CONFIDENTIAL

- (4) Conduct coordinated operations in cooperation with District Forces.
- (5) Coordinate daily with CUPP Plt to insure coordinated day/night operations.
- (6) Provide 81mm/60mm mortar support to CUPP Plt as requested.
- (7) Be prepared, on order, to provide plt (Rein) size force to relieve CACO, CUPP, or District Forces in assigned AO.

e. Co M

- (1) Commencing 021300 July 1970, conduct footmarch by echelon to HILL 37 in accordance with Annex B (Time/Movement Schedule).
- (2) On completion of footmarch to HILL 37, assume responsibility for Eastern AO. Annex C (Operations Overlay). Primary mission to prevent enemy interdiction of Route #540 in accordance with reference (b).
- (3) Maintain no less than one plt south of HILL 37. Primary mission route security.
- (4) Maintain no less than one plt north of HILL 37. Primary mission route security.
- (5) Assume ~~6~~ 6 PERSONS the plt Co I and assign mission of providing security for Co G, 7th Engineers along Route #4.
- (6) Coordinate with CO, Co D, 7th Engineers and provide mine sweep security forces north along Route #540 to 5th/1st Mar AO Boundary and south to Liberty Bridge CBT Outpost.
- (7) Coordinate all operations with CO, 2nd CACO, 1st Plt, Co M (CUPP Company), and SA Dai Loc District.
- (8) Be prepared, on order, to provide plt (Rein) size force to relieve CACO, CUPP or District Forces in assigned AO.

f. Co M (CUPP Company). Continue security and pacification mission in coordination with Dai Loc and Dien Ban District Forces.

g. 3rd Bn, 5th Mar CUPP Plt. Continue combined security and pacification mission in coordination with Dai Loc District Forces.

CONFIDENTIAL

- h. Bn Reserve. Designated Plt (Rein), Co I: be prepared for commitment anywhere within Bn AO on 30 minute standby.
- i. Coordinating Instructions
  - (1) Annex A (Intelligence).
  - (2) Annex B (Time/Movement Schedule).
  - (3) Annex C (Operations Overlay).
  - (4) Annex D (Terminology).
  - (5) Invoke strict measures to counter mines/booby traps in assigned AO. Operations within Restricted Operating Areas prescribed by reference (c) on approval of the CO only.
  - (6) Ensure compliance with reference (d) and (e); date/time for inspecting party will be passed by field radio message.
  - (7) Minimize noncombatant casualties and destruction of VN property and foodstuffs in accordance with reference (f).
  - (8) Vehicle occupants of authorized vehicles on RTE #4 west of HILL 65 limited to driver and one occupant. In case of cargo to protect, a third Marine is authorized to ride in cargo bed of vehicle to prevent theft. Utilize VR/Resupply helo as becomes available to transport personnel.
  - (9) Initial SPOT REPORTS will be submitted within 30 minutes of the time of contact/incident. Submit follow up SPOT REPORTS as necessary; final SPOT REPORTS immediately upon termination of action or event.
  - (10) Advance parties on location minimum one (1) day prior to unit relieving another in place. Utilize Turnover Files of relieved unit in order to effectively commence operations on assumption of responsibility for assigned AO.
- 4. ADMINISTRATION AND LOGISTICS. No change
- 5. COMMAND AND COMMUNICATIONS - ELECTRONICS

## ANNEX A (INTELLIGENCE) TO OPERATION ORDER 16-70

Ref: (a) AMS Map, Vietnam 1:50,000, Series L7014, Sheet 6640  
 IV  
 (b) BMO P3000.1M Section II  
 (c) Ltr on Air Photo 2/L00/db over 3800 of 1 June 1970  
 (d) Ltr on Intell Sqd 2/L00/db over 3800 of 17 June 1970

1. Summary of Enemy Situation.

a. VC/NVA units and personnel depend on their capability to make periodic penetrations into populated villages and hamlets within the 3/5 AO for the purpose of collecting taxes, foodstuffs, disseminating propaganda, gathering intelligence information, and conducting widespread terrorist activities. Harassing fire from Mortars, Rockets, Lob Bombs, RPG's, M-79's, Automatic and Small Arms is aimed at friendly installations and small friendly units to allow the enemy to move more freely in their activities among and against the civilian populace. Emphasis placed on depacification and terrorism has been demonstrated in the past by a high level of propagandizing, abductions, and assassinations. These incidents are aimed at resettlement hamlets, RF/PF and ARVN units in an attempt to cause dislocation among military and para-military ranks, to force civilians back into VC/NVA controlled areas, and cause ill feelings among Vietnamese and US personnel.

b. The VC/NVA has the capability of attacking friendly installations and units within the 3/5 AO at any time of his own choosing, however, to mass an all out attack against any installation would drain his resources to such an extent that this action is highly improbable. It is expected that the enemy will continue attempts at discrediting the pacification program and conducting small harassing attacks against friendly units and patrols. An all out attack by the enemy cannot be predicted in the foreseeable future. Mining of friendly resupply routes and attempts at discrediting pacification will hold a priority in the enemy's plans.

2. Essential Elements of Information.

a. Enemy Force. The following intelligence is sought concerning the enemy force:

- 1) Enemy Unit Locations
- 2) Enemy Unit Size, Strength, and Combat Effectiveness

CONFIDENTIAL

CONFIDENTIAL

- 3) Capability of Enemy Force to launch an attack on permanent installations and disrupt lines of communications.
- 4) Identify all pertinent information concerning enemy cadre and unit leaders operating within assigned AO.
- 5) Relationship with and support received from Civilian Population.
- 6) Location of Enemy Camps, Assembly Areas, Rendezvous Points, Cache Sites, Cave, Bunker, and tunnel complexes, and Trails.
- 7) Enemy Force Arms
- 8) Enemy Force Methods of Operation

b. Civilian Population. Because of the close nature in which the enemy works with elements of the Civilian Population, much of the Intelligence concerning the enemy is available by questioning friendly indigenous personnel. Intelligence required concerning the civil populace includes the following:

- 1) Identity of VCI and VC sympathizers operating in various hamlets.
- 2) The Size and Proportion of the Civilian Population, within a given hamlet, estimated to support the enemy.
- 3) The ability of the local populace to furnish food and supplies to the enemy.

c. Terrain. An intimate knowledge of the terrain is necessary for effective counter-guerrilla operations. Terrain information is continuously sought concerning the following:

- 1) Areas likely to serve as Enemy Base Camps, Rendezvous Points and/or Assembly Areas, Cache Sites, Cave, Bunker, and Tunnel Complexes.
- 2) Roads and Trails approaching traversing, and connecting suspected or known Enemy Areas.
- 3) Roads and Trails in the vicinity of friendly installations and lines of communication frequently used by the enemy.
- 4) Location of River Crossing Sites.
- 5) Areas where drinking water is or is not readily available.

CONFIDENTIAL

CONFIDENTIAL

- 6) Areas where foot travel is difficult or impossible.
- 7) Location of likely Ambush Sites.
- 8) Potential Helicopter Landing Sites.

3. Intelligence Acquisition Tasks. Intelligence Acquisition Tasks for subordinate units will be in accordance with this Annex and as periodically directed by the Intelligence Officer.

4. Measures for Handling Personnel, Documents, and Material.

a. All measures for handling personnel, Documents, and Material will be set forth in reference (b).

5. Documents and/or Equipment Required.

a.

a. Aerial Photograph Requests.

1) Aerial Photographs may be requested following the format set forth in reference (c).

b. Map Request.

1) Maps may be requested either verbally or in writing to the Battalion S-2. In each case the Map Sheet and number of copies required should be included.

c. Sensor Devices.

1) Sensor Devices (P-SIDS and PSR-1's) may be requested from Battalion S-2 by letter indicating number and type sensors desired.

6. Counter Intelligence.

a. Indications have pointed to an increase in the use of children and young attractive girls in the Enemys efforts at collecting intelligence information. In addition, local villagers and farmers living around or working in U. S. installations have been instructed to gather as much information as possible. Periodic debriefs by the enemy of these low level collection agents enables the enemy to receive valuable information on friendly troop movements and operations. Children are also being used to transport food from local markets to VC controlled areas and to bring in munitions set to explode after being turned over to Marine personnel. One method to help effectively combat the enemys intelligence effort is the education of Marine personnel in regards to their association with the droves of children invariably found wherever Marines go.

CONFIDENTIAL

~~CONFIDENTIAL~~7. Reports and Distribution.

a. Periodic Intelligence Reports will be made by the Battalion Intelligence Office on an impending basis as the need arises. Distribution of such reports will be made by the Battalion S&C Office or directly from the Intelligence Office.

8. Miscellaneous Instructions.

a. Auxiliary Agencies. The Battalion Intelligence Squad may be requested by following the instructions set forth in reference (d).

J. S. GESTSON  
LtCol USMC  
Commanding

Annex D (Terminology) to Operation Order 16-70

Time Zone: H

1. Terminology:

Category I. Operations in populated areas designed to destroy or neutralize VC/VCI/guerrillas and local forces.

Category II. Operations designed to locate and destroy those NVA and VC Forcesunits which operate in the peripheries of populated areas, make incursions into populated areas, and/or provide logistical or other support to VC/VCI/guerrillas and local forces and thus hamper pacification efforts.

Securing Operations. Joint military and civic operations conducted for purpose of establishing an area under permanent government control, free from communist influence.
