L. CIVIL AFFAIRS/CIVIC ACTION.

The Hamlet of My Hue (1) was assigned to this organization on 16 September 1966. Six visits have been made with emphasis on the Med Cap program. A total of 54 dental and 260 Medical patients were seen and treated. Two culverts were fabricated from artillery cannisters and implaced with joint effort of two Vietnamese and members of this organization.

The initial reception by the villagers was one of apprehension and distrust. Probably a good measure of this caution was due to the fact that the hamlet chief had been assassinated only the night before the first visit by our team. By the sixth visit relations had improved, a new hamlet chief elected, and more villagers were being treated.
