PART II

NARRATIVE SUMMARY

1. During the month of April 1281 small unit patrol activities were conducted. They resulted in 60 contacts, of which 38 were initiated by friendly forces and 22 by the VC. Enemy casualties are listed in Part III.
2. Intensive saturation patrol activity utilizing small-unit, long range, patrols was conducted throughout the month to deny the enemy access to the rocket belt, and rocket launching sites.
3. Training during the month stressed small unit leadership, fire discipline, techniques of fire, application of battle sights, and care, cleaning and employment of the M-16. Also covered were rules of engagement, and treatment of POW's in accordance with the Geneva Convention. Gas mask training was also conducted during the month utilizing gas chambers set up at Hills 10, 22, and 41. Approximately 99% of the Battalion has received this training.
4. The following Company was SpCon during the month:

Unit

20-23/7

28-30 Apr 68

PART III1. IIRF Organization Committed to Combat.

a. Combat Mission Assigned. Occupy and defend assigned TACR. Maintain a saturation level of patrol activity within the TACR. On order, be prepared to conduct offensive operations outside the TACR. Interdict and deny the use of waterways and other routes of egress or ingress to the enemy. Provide security for the road net and traffic within the TACR. Locate, capture or destroy enemy forces attempting to move material or rockets into the rocket belt. Conduct a pacification program in support of the GVN. Assist in the training of Popular Forces. Assist in the Revolutionary Development Program.

b. Significant Operations Conducted. Rice Denial Operations for the month of April resulted in more than 35,000 pounds of rice. Rice seized as part of an enemy cache will be distributed to local PF/RF personnel and to refugee hamlets within the District. Rice seized from individuals as being in excess of the amount that the District Chief considers adequate for their current needs will be returned as the individuals require.

e. New Techniques Employed. Extensive use of COMBAT munitions was made during the month of April. Utilization of the 1st Engineer Battalion, Land Clearing Team to clear a heavily booby trapped and VC infested area is proving most satisfactory.

f. Equipment. No major shortages.

g. Command Relations. Normal.

h. Logistics.

(1) The exchange of chrome chambered M16A1 rifles for the original M16A1's used by the Battalion has been conducted by a contact team from FLC. All but 100 rifles have been changed, the final exchange date will be on 1 May 1968 at Hill 10.

(2) A 1st Marine Division Command Material Readiness inspection was conducted on 27 April 1968.

(3) The fill rate of requisitioned items of supply is continuing slowly but steadily.

(4) A serious problem exists in the Battalion Messhall due to the lack of a proper drainage system, however this problem has been partially alleviated by a concrete drain installed by the Messhall personnel.

(5) A dam constructed by the 1st Engineer Battalion has partially alleviated a serious water problem.

(6) The motor Transport situation remains unchanged with over 50% of our vehicles deadlined due to shortages of repair parts.

(7) Logistical support for the month was provided by truck transportation from 11th Motor Transport Battalion.

(8) 1st Shore Party Battalion has completed 65% of the trench to surround Hill 10.

(9) The MSR is open to all vehicular traffic.

i. Civic Action.

(1) Liaison with Hien Duc District Headquarters has continued to be both effective and friendly.

(2) A total of 594 Vietnamese were treated by the Battalion Company. Additionally, the Battalion Surgeon held weekly MED-CAP's for the more seriously ill. A facility was erected at the front gate to provide medical aid for the immediate populace.

(3) Korean medicines were distributed in coordination with MACV.

j. Administrative. No significant problem areas.

k. Personnel. The Battalion is currently at C-2 level. The total strength is 3 Marine Corps Officers, 992 Marine Corps Enlisted, 3 Naval Officers and 56 Navy Enlisted.

l. Communications.

General.

(1) The Communication section continued its vigorous program of buffer building. The section also carried out normal 1st and 2nd Echelon Maintenance on all communication equipment. The 1st Marine Division Command Material Maintenance Inspection was held 24 April 1968 with this section receiving a satisfactory with minor discrepancies. The Battalion COC has been completely rewired for power.

= Radio.

(1) The new AN/PRC-93 radio set, serial number 219679, was received through the supply system. The set was received without appropriate accessories so it is not operational. Accessories are being placed on order. Two AN/PRC-93 UHF radio sets were given to this command for testing and evaluation. The radio is presently being tested in the field by the Tactical Air Control Party of this Battalion.

Wire.

(1) The wire section continued maintenance of the Battalion's wire system. A continuous police of extraneous wire lines is also in effect. The wire section installed a new guard phone system, where each sector NCO presently has a phone connected to the guard switchboard in the COC.

m. Special Services.

(1) A new motion picture projector and cinemascope screen were procured from Division Special Services. This gives us a total of 3 Projectors, one located at each of the Co, Enlisted Club, and one at the Officer's and Staff NCO Club.

o. Intelligence.

(1) Enemy situation during the period 1-30 April 1968.

a. Numerous low level agent reports were received indicating the continued presence of up to regimental size units operating within the 1st Battalion, 7th Marines TACR. Aside from several unidentified units, the 368B NVA Artillery Regiment is the main unit, consisting of two battalions in 1/7's TACR, including the Regimental Headquarters. One of the battalions has 122mm rockets with a T/O of 18 launchers. The other battalion was previously armed with 140mm rockets but now is believed to be acting in a security and logistical support role for the regiment. Recent usually reliable sources indicate that the headquarters unit is in the western "Charlie Ridge" area in the general vicinity of Hill #1235. The battalions have been located in the same general area and north to the north side of "Happy Valley". Although the 122mm rocket battalion suffered losses as a result of counter battery fire in January, (attacks against Da Haeg), it must be carried as combat effective as no information is available to indicate the contrary.

b. The 31st NVA Infantry Regiment of the 341st Division arrived in the 1/7 TACR in January 1968. During the latter part of January the 3rd Battalion (AKA-103rd Battalion) was engaged by 1/7 units and suffered substantial losses. The engagement of the 3rd Battalion by 1/7 prior to TET may have precluded this units active participation in the TET offensive. The 2nd Battalion was engaged by 1/7 in March and April of this year with virtually all of the enemy casualties from Operation WORTHE being credited to that battalion. The enemy losses attributed to the 2nd Battalion would probably make that battalion only 45% combat effective as of this time.

c. There have been no recent identifiable contacts with the 402nd Battalion. It is believed that they are operating in tactical support of and as guides for the 31st Regiment. The Q-16 Company is believed to be in logistical support and acting as guides for NVA units within 1/7's TACR. A POW reported a Transportation Regiment tentatively identified as the K-600, located in the vicinity of western "Charlie Ridge", just west of the 1/7 TACR.

(2) Significant trends noted during the subject period.

a. The enemy has very definitely avoided any significant contact in the 1/7 TACR.

b. The booby-trap incidents have increased considerably during the reporting period. Areas of heaviest concentration were along the Sang Ton River and the Khuong My/Dong Bich areas. The enemy mined the main supply route through the TACR on four different occasions but all were found.

c. The enemy's rice collection effort was accelerated for the subject period.

3. Enemy Weapons, Equipment, and Supplies Destroyed/Captured.

Weapons: 9 ChiCom/Russian AK-47's
1 ChiCom K-44 Rifle
1 ChiCom SKS Rifle
1 M-1 Carbine (US)
1 B-40 Rocket Round
1 VC Claymore Mine
18 AK-47 Magazines
1 M-14 Magazine
1 M-16 Magazine
1 M-1 Carbine Magazine
Approximately 700 rounds of S/A ammunition.

Equipment: 1 Flashlight, 1 PRC battery w/comm wire,
1 water proof bag, 5 cartridge belts,
3 ponchos, 2 canteens, 1 canteen cover,
1 trip flare, 1 AK-47 magazine pouch, 1 US
helmet liner, 1 NVA helmet, 1 bush hat,
1 animal trap, assorted clothing and numerous
documents and personal papers.

Supplies: Small amount of medical equipment and supplies.
Approximately 500 pounds of rice from small
unit contacts. Several thousand pounds were
confiscated during rice denial operations
during the reporting period. Assorted
quantities of Vietnamese food.

Terrain. No change.

p. Fire Support.

(1) Artillery.

a. Battery G, 3rd Battalion, 11th Marines continues in direct support of this battalion, and the five (5) GAP units within 1/7's TAC.

b. Marine personnel in the GAP units have been instructed in procedures for fire mission requests and adjustment of fires. No problems have occurred.

c. During the month of April approximately 12,710 rounds were fired by G-11 in support of 1/7, resulting in 18 confirmed KIA's.

(2) Air Support.

(a) Air Defense.

(1) 41 tactical fixed wing close air support missions were flown in support of the Battalion in April.

(2) C-123 aircraft were utilized 41 times for aerial observation and reconnaissance.

(3) Helicopter missions flown were as follows:

a. Med-evac - 49

(1) 62 Marines

(2) 8 civilians and ARVN

b. Troops and Logistics - 1

(1) Cargo - 0

(2) Troops - 128

c. Unit Commander Mission - 3

q. Psychological Operations. Psychological Operations were conducted through broadcasts and leaflet drops. The Rewards/Chieu Hoi Program was the main theme of all broadcast and leaflet drops. Leaflets were distributed by patrols within the respective Company SAR's.

r. Activation/Deactivation/Redesignations. None.

s. Medical.

(1) General. The overall health of the command is excellent with no major outbreaks of illness. There has been a small increase in the number of malaria cases for this month.

(2) Evacuation. Evacuation of casualties continue to be good with no problems in this area.

(3) Supply. No significant problems in this area.

(4) Other. Sanitation remains good.

t. Chaplain. The Battalion Chaplain conducted 17 Protestant Worship Services and held 3 Memorial Services during the month of April. Chaplain MICHIE (3rd MP Battalion) celebrated 4 Masses and Chaplain EVANS (3rd Battalion, 7th Marines) celebrated 8 Masses for this battalion.
