2. Commander's Narrative Summary of Significant Events

The Advance Party of the Battalion, under Major J. C. FLOYD, S-2/3, flew into Vietnam on 23 May 1966. The next element to arrive was part of Service Company aboard USS Mathews, AKA-96, on 27 May 1966. The Battalion Headquarters, Headquarters Company and Company B plus elements of Service Company and Company D arrived on 6 June 1966 aboard USS Ogden, LPD-5.

Companies A and C arrived on 15 June 1966 aboard USS Gunston Hall, LSD-5, and USS Fort Marion, LSD-22. Company D (-) arrived on 17 June 1966 aboard USS Stone County, LST-1141.

Company A reembarked on 25 June and proceeded to Da Nang under OPCON 7th Engineer Battalion. The remainder of the Battalion is OPCON III MAF, ADCON 1st Marine Division (REIN).

The Advance Party picked the Battalion camp site from two areas which were available, and had the camp laid out by the time the main body arrived. Work began immediately to make the area, colloquially known as the "Gobi Desert", into a home for the Battalion. The camp was located just west of Route 1 approximately a quarter-mile southeast of the Chu Lai "New Life" village. The area is covered with a fine white sand.

Concurrent with camp construction, equipment and personnel were gradually but increasingly absorbed by outside projects and work orders. By the end of the third week in June the Battalion was fully employed, with the vast majority of its efforts being spent in support of the 1st Marine Division (REIN).
