(1) At 201100H, the 9th Marines Liaison Officer at DIEN BAN District Headquarters reported that approximately 300 members of the struggle committee in 14 vehicles, flying Buddhist flags, were moving in a northerly direction toward DIEN BAN. By 1200H, it was reported that the struggle committee convoy had overrun a small road block (BT 063577) set up by ARVN elements from DIEN BAN. The group reached the VINH DIEN Bridge (BT 0558) where it supposedly engaged RF/PF elements and inflicted 3 KIA and 10 WIA. The convoy remained in the area north of the VINH DIEN Bridge until about 1700H when it proceeded to move north on Highway #1. In the meantime, 9th Marines had received instructions from 3d Marine Division not to impede the movement of the convoy unless it had armor and artillery. At about 1740H, the traffic control point at PHONG LE Bridge (AT 9970) reported that it had stopped the convoy for identification. Division Headquarters was consulted a second time to determine what action should be taken. Meanwhile the convoy commander reported that the leader of the convoy threatened to shoot himself if they were denied movement across the bridge. The instructions issued earlier not to impede convoy movement unless it was accompanied by armor and artillery were confirmed. Word was received from Division Headquarters to allow the convoy to pass. Five minutes later, as the convoy started to cross, VNAF aircraft started strafing the convoy. Within an additional five minutes, at about 1800H, word was received from Division Headquarters to stop the convoy. However, by that time, the convoy had completed crossing the bridge and was advancing north along Highway #1 (AT 9971).

Two ARVN tanks positioned at (BT 010724) fired several rounds direct fire hitting one vehicle.
