2. Commander's Narrative Summary of Significant Events

During the month of November 1966 the major artillery effort was directed at providing supporting fires for the defense of the CHU LAI and DA NANG TAOR's and support of infantry operations in both areas. Additionally supporting fires were provided for elements of the 1st and 3d Reconnaissance Battalion inserted deep in Viet Cong controlled territory, CIDG/Special Forces camps, Government of Viet Nam Armed Forces units (GVNAF), and units of the Republic of Korea Marine Corps (ROK MC).

In the DA NANG area, three search and destroy operations were conducted by the 9th and 1st Marines supported by artillery comprising the 11th Marine Regiment. Operation SHASTA was conducted during the period 5-19 November 1966. Operation ARCADIA was conducted during the period 9-14 November 1966. Operation MISSISSIPPI commenced 29 November 1966.

In the CHU LAI area, Operation RIO BLANCO was conducted during the period 20-27 November 1966. This was a search and destroy operation conducted by the 7th Marines in the QUANG NGAI Province in conjunction with Republic of Viet Nam and Republic of Korea Armed Forces.

To properly support Operation RIO BLANCO it was necessary to Task Organize the following:

Command Group	3d Battalion, 11th Marines
Battery I (-) (4 105mm How)	-do-
107mm Mortar Battery (4 107mm Mort)	-do-
Plt, Battery H (2 105mm How)	-do-
Provisional Battery (4 155mm How TD)	4th Battalion, 11th Marines

It is significant to report that the Platoon, Battery H, 3d Battalion, 11th Marines with a command and FDC capability was helolifted to the CIDG/Special Forces Camp at HA THANH (BS 387708) in order to provide adequate artillery support during the Operation. Additionally the following general support artillery was made available from positions within the CHU LAI TAOR:

Battery M, 4th Battalion, 11th Marines (6-155mm How (SP))
Battery A, 2d Battalion, 94th Artillery (4-175mm Guns)
Plt B, 3d 155mm Gun Battery (SP), FMF, 11th Marines (2-155mm Guns)
Plt B, 3d 8" Howitzer Battery (SP) FMF, 11th Marines (2-8" Howitzers)

Equally significant to report is that for the first time Armed Forces of three free world countries participated in a coordinated operation; USMC, ARVN, and ROK MC. During the early part of the operation each force operated within its own zone of action and coordination was accomplished by collocating the command posts in one area resulting in a mutual exchange of information and planning. During the last phase of the operation when the three were operating in relatively close proximity with one another, the need for a fire

support coordinator superimposed over the fire support coordination center of the three separate forces was recognized and established. The Commanding Officer of 3d Battalion, 11th Marines was designated to perform this function. This additional level of fire support coordination did not interfere in any way with units maneuvering ~~with~~ their own zones of action and followed the concept of coordination of fire support at the lowest level possible.

In the CHU LAI area, the requirement to position and maintain Battery F (-), 2d Battalion, 11th Marines at TIEN PHUOC (BT 106142), the Provisional 155mm How Battery (4 155mm How TD) at QUANG NGAI (BS 60757207), as well as observation posts at AN HOA (BS 574863) and NUI TRON (BS 515780) continued through the reporting period.

In the DA NANG area, this Regiment exercises operational control of the 2d Battalion, 12th Marines; the 1st 8" Howitzer Battery (SP) FMF, and the 1st Armored Amphibian Company, FMF. This Armored Amphibian Company arrived in RVN on 22 November 1966 and OPCON/ADMIN control was passed to this Regiment on 23 November 1966.

Command Chronologies for the 2d Battalion, 12th Marines and the 1st 8" Howitzer Battery (SP), FMF are submitted via their administrative command channels. However certain events and significant items appear in this summary and are noted under the "DA NANG AREA".

For details relative to these attacks see enclosures (1) thru (7).

Additionally 65 pallets of equipment and property were moved by LST from CHU LAI to DA NANG from the Headquarters Battery element. (For details relative to total weights lifted see Appendix (F)). The 1st Anti-tank Battalion moved into the former 1st Battalion, 12th Marines position within the 11th Marines perimeter.
