PART IINarrative Summary

During October the 11th Marines (-) (Rein) continued to provide supporting fires for the defense of the Danang vital area, and for search and destroy operations in the 1st Marine Division area of operations. Fire support was also provided for reconnaissance teams operating in enemy controlled territory, for ARVN forces and for the U.S. Americal Division operating to the South of the 1st Marine Division.

With regard to organization, the major event was the displacement of the 1st Battalion, Eleventh Marines, less Battery "C", north to QUANG TRI where it was chopped to the 3rd Marine Division and assigned the mission of direct support of the 1st Marine Regiment. The 2nd Battalion (-), 11th Marines displaced northward, in conjunction with the 5th Marine Regiment, from the QUESON VALLEY area to the area vacated by the 1st Battalion (-), and assumed OPCON of Battery "C", 1st Battalion, Eleventh Marines. Displacements were completed by 10 October.

Associated with the northward displacement of 2nd Battalion (-), 11th Marines was the severance of two 155mm howitzer elements (four weapons each) from Batteries "D" and "W". These were chopped to the Americal Division to assist in artillery support during the occupation of the QUESON VALLEY area by that command. One element was returned to the 1st Marine Division in the last days of the month and attached to Battery "W", 3rd Battalion, 11th Marines on Hill 55, grid AT 965619.

SECRET

In October, Battery "L" (-), 4th Battalion, 11th Marines deployed by sea to the Division Temporary Area of Operations (north of HAI VAN PASS) to participate in operation KNOX. Three M109's of the battery were embarked in a LCU from the Amphibious Ready Group at TIEN SHA. The unit remained overnight in Danang Harbor aboard the USS HERMITAGE (LSD). On 23 October, the HERMITAGE moved north and offloaded the LCU which then landed Battery "L" (-) at grid ZD 179012 at 230800H. The beach had previously been reconnoitered by a team from the First Reconnaissance Battalion and the landing site was secured by a detachment from the 2nd Battalion, 7th Marines. Subsequent to operation KNOX, Battery "L" (-) occupied position at AT 833999 with the mission of general support of the 1st Marine Division and the primary task of providing fires in support of convoys operating on Route Number 1.

During the period, the 3rd 8" Howitzer Battery (SP) received six M-110 weapons replacing a like number of M-55's. The M-110's were declared fully operational on 24 October.

A total of 33,414 missions were fired by the 11th Marines, expending a total of 138,742 rounds of all types. Elements of the Regiment supported operations ONSLOW and KNOX. One of the most significant missions during the month involved firing for the emergency extraction of reconnaissance insert "TEXAS PETE". The 3rd 8" Howitzer Battery (SP), Battery "M", 4th Battalion, 11th Marines and Battery B, 8th Battalion, 4th U.S. Artillery fired 192 rounds in this action on 17 October and were given the primary credit for the extraction of the hard-pressed team with minimum loss of life.

The revised Counter Rocket plan instigated during September was exercised six to twelve times nightly on pre-cleared areas. Additionally, eight chart drills were conducted unannounced each night by the O.P.'s in our Southern area to test the abilities of the three participating FDC's to quickly compute accurate coordinates of rocket firing sites. No rocket attacks were initiated by the Communist insurgents during the month. Armed reconnaissance over flights continued over the rocket belt at the rate of three per day weather and aircraft availability permitting.
