PART IINarrative Summary

During April the Eleventh Marines continued to provide supporting fires for the defense of the Danang vital area and for search and destroy operations in the 1st Marine Division Tactical Area of Operations. Fire support was continued for reconnaissance teams, combined action platoons, USN, USA, CIDG, KMC and ARVN forces. Forward observers were again provided to support USMC, USA and ARVN convoys while traveling within the Division Area.

Artillery fires accounted for 489 of the 1st Marine Division's 1100 plus KIA's. The majority of the kills (377) were the result of missions fired for recon inserts operating to the south and southwest of Danang. This was the first full month for the employment of selected munitions (FIRECRACKER). On 7 April, 1st Platoon, 3rd 8" Howitzer Battery expended three rounds of "FIRECRACKER" on 80 VC resulting in "outstanding area coverage, 51 VC KIA". On 28 April, Battery I, 3rd Battalion, 11th Marines and Battery K, 4th Battalion, 11th Marines fired a coordinated illumination and shell "FIRECRACKER" mission on VC crossing a river and accounted for 62 enemy KIA. The Regiment fired a total of 75 missions for the month utilizing selected munitions (FIRECRACKER) accounting for 316 VC/NVA KIA. Each artillery unit with a selected munitions capability had fired at least one "FIRECRACKER" mission by the end of April. Total "FIRECRACKER" expenditure consisted of 554 rounds 105mm, 502 rounds 155mm, and 40 rounds 8" howitzer.

A total of 31,237 missions were fired by the 11th Marines expending a total of 152,669 rounds. Elements of the Regiment supported Operations HOUSTON, JASPER SQUARE, BAXTER GARDEN and BALLARD VALLEY.

Counter-rocket drills continued during the month. An average of eight chart drills were conducted unannounced each night by OP's in the Danang

In addition, counter-rocket firing drills were conducted four times nightly on possible rocket positions. The enemy initiated one small rocket attack during the month. Four (4) rockets were launched from the Korean Marine Corps area of operations and impacted in the vicinity of Hill 55. No casualties or damages were sustained.

During the reporting period, assistance was rendered in obtaining augmentation of two (2) Tractor Trailers for 4th Battalion, 11th Marines for the purpose of resupply of ammunition; sixty (60) Tractor Trailers for 3rd Battalion, 11th Marines for ammunition resupply, and three (3) Low Beds for movement of TD-15's and EIMCO Tractors within the Regiment.

Under the R&E program six (6) 105mm howitzers and one (1) M51VTR were received by units of the Regiment.

No major logistical problems were experienced during the reporting period. In addition to the above, logistical requests were minimal and rendered where applicable.

6. Civic Action

During the month, the people of DaSon began a general sanitation and cleaning program. Under the guidance of the hamlet chief the people have taken the initiative to clean up their yards. The sanitation program started with the distribution of 100 fly catchers. A hand water pump was requisitioned from III MAF. The PF's placed the water pump over the main well in DaSon. With this added advantage, the people are able to pump a large volume of water for their own usage. A culvert system is in the process of being constructed by the well in order to drain excess water away from the public wash rack.

MedCaps, on a regular basis, are beginning to attract more and more interest from the hamlet population.

It has been determined that soil bricks are the best solution for the fence around the school yard. The materials are being requisitioned for this project.

The hamlet chief complained about the ARVN Engineers on route 542, stopping the people of DaSon from traveling on this road leading through their compound. A solution to this problem is being sought.
