NARRATIVE SUMMARY

During the month of September 1969, the 11th Marine Regiment continued to provide close and continuous fire support for the First Marine Division (Rein) in defense of the DA NANG Vital Area and in other operations throughout QUANG NAM Province. In addition, the 11th Marines continued to provide supporting fires for Division and Force Reconnaissance Teams, Combined Action Platoons, USA, CIDG, ROKMC, and ARVN forces.

The month was characterized by a fairly consistent, but relatively low level of enemy activity. The only significant enemy actions were small, scattered and ineffective attacks by fire, with the exception of one unsuccessful sapper attack against the 1st 175mm Gun Battery on the night of 5 September. The attacks by fire against the DA NANG Vital Area and 11th Marine units included 16 rocket attacks, six mortar attacks, three "lob bomb" incidents, five sniping incidents and one command detonated mine. Apparently the enemy has experienced difficulty with fuzing his "lob bombs", since of the 21 bombs "lobbed" into the 11th Marine positions, 15 failed to detonate, including one 250 pound bomb which lodged in a bunker in the Second Battalion, 1st Marines area.

The most significant event in regards to enemy activity occurred on 3 September when the President of North Vietnam, HO CHI MINH, died. In his honor the NVA/VC declared a three day truce. However, there were several violations of that truce by the enemy in the form of sniping incidents, mortar attacks, and several attempted sapper penetrations including the unsuccessful attack on the 1st 175 Gun Battery on the night of 5 September mentioned above.

Various intelligence sources indicated that the enemy would launch a major ground offensive, in commemoration of HO, at the end of the truce. The indicated ground attack did not materialize. However, commencing at 0100 on 6 September the enemy launched over 40 rockets in nine separate attacks, five of which were directed at the DA NANG Air Base. At the same time AN HOA Combat Base sustained an attack of approximately 20 82mm mortar rounds, eight RPG's and 50 rounds of small arms fire.

Though the enemy declined to initiate any further ground troop action, there were many sightings of large groups of NVA/VC made during the month, illustrated by these significant fire missions:

At 1800H, on 2 September, Batteries D and F fired on 20 NVA/VC at grid AT 834410, observed from Hill 200 (Recon OP), resulting in 13 confirmed KIA.

At 2230H, on 2 September, Batteries D and F fired on an estimated 60 NVA/VC at grid AT 845512 observed from Hill 200 (Recon OP), resulting in 20 confirmed KIA.

At 1000H, 3 September, Battery H fired on caves and bunkers at grid AT 984295 observed by an observer from 2/7, resulting in 96 secondary explosions.

UNCLASSIFIED

At 1847H, 9 September an 11th Marine Aerial Observer sighted an estimated 25 - 30 NVA/VC with assorted weapons and equipment. The helicopter took heavy ground fire at the time of the sighting. While waiting for an artillery mission, the observation ship and its chase gunship took the enemy under fire with their own ordnance and then adjusted artillery fire on the target, resulting in ten confirmed and 15 to 20 probable NVA/VC KIA.

At 0550H, on 10 September, Batteries A and B fired on 35 NVA/VC in the open at grid BT 074635 observed by an observer from 2/1, resulting in nine confirmed enemy KIA and 17 probable KIA.

At 1750H, 13 September, Battery H, fired on 13 NVA/VC at grid BT 006394 observed by an observer from 2/7, resulting in 12 confirmed KIA.

At 0820H, on 22 September, Battery G fired on 30 NVA/VC in the open at grid BT 025504, observed by an observer from 3/7, resulting in six confirmed and 15 probable KIA.

At 1110H, 28 September, a MACV Advisory Team with a Regional Forces unit reported taking small arms fire from an unknown size enemy force at grid BT 087507, and requested fire support from Third Battalion, 11th Marines. Battery I and 81mm mortars from the 7th Marines took the target under fire. The Regional Forces unit then swept the area and discovered 26 NVA KIA. Interrogation of nearby villagers disclosed that the enemy carried off 40 WIA from their village.

Apparently the enemy's goal during September was to collect rice and other foodstuffs, and to establish storage sites before the advent of the seasonal rains expected in October. An extensive rice denial program has been put into effect by the 1st Marine Division and the 11th Marines in an attempt to halt, or at least severely hinder, NVA/VC rice collecting actions. The result of this program is still undetermined, but it is considered to have been somewhat successful.

Other significant events occurring during the month of September 1969:

On 1 September Colonel Don D. EZELL relieved Lt. Col. Corbin J. JOHN-SON as the Commanding Officer of the 11th Marine Regiment at an informal change of command ceremony attended by all subordinate commanders and their Sergeants Major/First Sergeants.

Artillery operations in the expanded TAOR south of the QUE SON Mountains was marked by the air mobility of the firing batteries of the Third Battalion, 11th Marines. All of the firing batteries of the Third Battalion were involved in a total of six helicopter operations, in which there were five lifts of 105mm batteries and one lift of a 4.2" mortar platoon. Also in the same area Marine Engineers and SEABEE's continued building bunkers and living spaces in each of the battery positions. Additionally, FSB BUSHEWHACK, a new fire support base, was constructed atop a mountain peak in the QUE SON Mountains (VIC BT 016464) and was occupied by a 105mm firing

UNCLASSIFIED

battery. Construction of FSB BUSHWHACK is part of a plan which includes the selection and preparation of other sites in the QUE SON Mountains which will present a series of mutually supporting fire bases which can be occupied with little or no preparation.

On 11 September, the mission of Battery M, Fourth Battalion, 11th Marines was changed from General Support to General Support/Reinforcing Second Battalion, 11th Marines. At the same time the mission of Second Platoon of the 3rd 8" Howitzer Battery was changed from General Support to General Support/Reinforcing Third Battalion, 11th Marines. On 18 September, the mission of the Second Platoon of the 3rd 8" Howitzer Battery was again changed to General Support/Reinforcing Second Battalion, 11th Marines.

A total of 132,446 rounds were expended on 13,474 missions during the month of September 1969. Artillery fires accounted for 217 of the 501 confirmed kills within the Division's area of operations. Also, there was a reported 314 probable enemy KIA's. The 11th Marine units fired 8 missions on a reported 807 NVA/VC during the month. Of these missions, the only surveillances possible were "Rounds on target, no observed casualties", due to darkness, bad weather, or the elapsed time between the fire missions and a survey of the target area by aircraft or patrols. Besides the normal fire missions, such as contact missions, intelligence targets, rocket and mortar suppression fires, preemptive fires and preparation fires, a considerable amount of artillery was expended in an effort to suppress the effects of the surprise firing devices used extensively by the enemy.

During the month of September 1969, the 11th Marines participated in only one named operation: Operation PIPESTONE CANYON, which was conducted by the 1st Marines, with the First Battalion, 11th Marines in direct support. For details of Operation PIPESTONE CANYON see enclosure (1) of Appendix 5 to Annex C.

Unannounced counter-rocket drills continued nightly throughout the month. Chart operators, observation post personnel, fire direction personnel, gun crews and communicators derived benefits and increased their skills as a result of these drills.

Extensive preparations against the expected heavy rains and possible flooding conditions during the rainy season continued throughout the 11th Marine Regiment.

a. The month of September 1969 was characterized by a fairly consistent but relatively low level of activity. The most significant event occurred early in the month when HO CHI MINH, leader of North Vietnam died, presumably of old age. In commemoration, the NVA/VC declared a three day truce. Various intelligence sources indicated that a major offensive in memory of HO would commence at the conclusion of the truce. However, the expected offensive failed to materialize.

During the month, there were 16 rocket attacks, six mortar attacks, three "lob bomb" attacks, five sniper incidents, one mining incident and one sapper attack. The enemy is apparently having difficulty fuzing his "lob bombs", because of the 21 bombs "lobbed" into friendly positions, 15 failed to detonate, including one 250 pound bomb which lodged in a bunker in 2/1's area.

3. Organization and Operations.

a. Units of the Regiment participated in one operation during the month of September: Operation PIPESTONE CANYON from 1 - 30 September 1969. For details see Appendix 5 to Annex C.

4. Training.

a. Forward observer training for non-artillery personnel was again conducted for the month of September. Recipients of this training were personnel from Combined Action Group, Combined Action Platoon Schools, 1st Engineer Battalion, Scout Snipers and 1st Reconnaissance Battalion. A total of 206 received two to three hours of classroom instruction and four to six hours of practical application.

b. One officer and 29 enlisted Marines attended in-country Division Level schools, and three officers and four enlisted Marines attended out-of-country schools.

5. Logistics.

a. On 26 September 1969, while I/3/11 was involved in a helicopter movement, a 105mm howitzer was dropped from a helicopter. Due to the extensive damage to the piece and the inaccessability of the area the howitzer was destroyed by thermite grenades.

b. It was necessary to increase the ammunition allocation for 105mm (DOD A/C C462) by 950 rounds; for 155mm (DOD A/C 561/62/63) by 200 rounds; for 8" (D684) by 70 rounds. An increase of large enemy sightings and rocket attacks against the DA NANG Vital Area necessitated this increase.

c. Only 3 lowboys were provided by Division to augment transportation for movement of tracked engineer equipment to various locations in the Division TAOR. No vehicles were requested for movement of munitions.

6. Civic Action Report for Headquarters Battery, 11th Marines.

a. On Wednesday, 10 September, a cow injured by stray U.S. rounds from ASP #1 on 23 August died. A claim has been filed against the government for equitable monetary restitution. The woman from Da Son injured in the same incident of 23 August remains at U Som Hospital in DA NANG. She suffered a flesh wound of the right calf. A solatium payment has been made to her by this office.

b. An outing was held in the Da Son Civilian Internal Defense Group compound on Sunday, 14 September. Most notable individuals present were Captain W. F. ELLIS, C.O., 11th Marines, the Hoa Vang District Chief, the Hoa Khanh Hamlet Chief, the Assistant Village Chief of Da Son, and Lt.

UNCLASSIFIED

~~SECRET~~

G. W. O'NEILL and Staff Sergeant B. HARRIS. Following speeches, Lt. O'NEILL and SSgt. HARRIS were presented certificates of merit for their endeavors in the village of Da Son. Seventy-five Vietnamese and 20 Marines enjoyed steaks, salad, beans, and other refreshments.

c. On Wednesday, 17 September, a boy from the village of Da Son was struck by a motor vehicle from 11th Motor Transport Battalion. He was treated at the 11th Marine RAS and transported to NSA Hospital. Three days later on Sunday, 20 September, the boy died in his sleep. The body was transferred to U Som Hospital in DA NANG where it was picked up by the boy's family and representatives of this office. This office provided transportation and an escort to the village of Ha Lay on Monday, 22 September, enabling the family to bury the boy in the family burial plot.

d. Four-hundred pounds of food were given to the villagers of Da Son on Saturday, 27 September. A meeting was held between members of this office and the Da Son Elementary School teachers to determine the specific school supplies and books needed for that school. On Friday, 26 September, a list was submitted by the headmaster of the school to this office, where it was forwarded to Force Logistics Command for fund approval. On Saturday, 27 September, the request was approved, and the books were purchased from the Ky Son Book Store in DA NANG. A total of 334 books were purchased for 18780\$VN.

e. MEDCAP, held daily except Sunday and Wednesday from 1300 to 1500, treated 1178 villagers during September.

f. DENT CAP, held on Fridays in conjunction with MEDCAP, treated 50 villagers with various denture problems.

7. Air Observation

The 11th Marines AO Unit flew 60 sorties during the month of September in support of the 11th Marines and other 1st Marine Division units. A total of 198.2 hours of aircraft time and 129.0 hours of AO on station time were recorded. This is a decrease from the previous month due to poor flying weather and aircraft mechanical problems.

During the month the AO Unit was supported by light observation helicopters attached from Company A, 123 Aviation Battalion, Americal Division, USA. In addition, UH-1E gunships from the 282nd Aviation Battalion, USA, were provided as cover aircraft and flew a total of 69.2 hours in support of the 11th Marines AO Unit.
