E. NEW TECHNIQUES EMPLOYED. The Regiment effected liaison with 1st Marine Air Wing to utilize reconnaissance type jet aircraft in gaining battle damage assessment on targets fired in NVN. This technique has been employed on approximately seven occasions and has yielded battle damage assessment on two occasions. In addition, the pilots of these aircraft have successfully adjusted artillery fire in NVN on two occasions.

F. COMMAND RELATIONS. So significant events.

G. EQUIPMENT. The motor transport deadline for the Headquarters Battery for the month of March was 28%.

H. LOGISTICS. No significant events or problem areas.

I. CIVIC ACTION.

(1) **MEDCAP:** Ten MEDCAPS were conducted in the City of PONG HA. A total of 3085 VN civilians were treated.

(2) PROJECTS

(a) Cement (70 bags) was delivered to the Bo Ban temple in TRIEU TRACH village for the purpose of aiding the village populous in refurbishing the temple.

(b) One hundred bags of fertilizer was delivered to the Ai-Tu Refugee Village in an effort to aid them in beginning a productive farming program. In addition, the locals from the same village are receiving cooking oil in return for work projects they accomplish for the Regiment.

(c) The 12th Marines Civic Action Officer is now formulating plans for a clean-up program in the City of PONG HA.

(d) Provided three loads of scrap lumber for Pastor DICH in PONG HA, to construct tables and chairs for his religious "Reading Room".

(e) English classes continued in DONG HA. Classes are being taught by the Regimental Chaplain twice per week for a hour each class. Although, originally intended for the local school teachers, additional attendance has included several ARVN personnel, children, and adults from the local area.

(3) PLANS: At the present time the majority of 12th Marines projects are centered in the DONG HA area. However, within the next two weeks the regiment intends to begin spreading Civic Action attention into the village and hamlets between Route 9 and the SONG CAM LO and from the EW grid lines YD 13 to 23, while continuing presents in DONG HA City.

J. PERSONNEL.

(1) This regiment joined 22 USMC officers, 174 USMC enlisted, 2 USN officers and 6 USN enlisted.

(2) Dropped 19 USMC officers, 244 USMC enlisted, 3 USN officers and 2 USN enlisted.

(3) Critical shortages exist in the following MOS's:

0121	0848
0239	2529
0847	2822

K. INTELLIGENCE.

(1) Target acquisition/damage assessment efforts for Operation HIGHRISE continues to improve with photo interpretation sources and aircraft (both O10 and F9J) assisting in obtaining targets and battle damage assessment in NVN.

(2) Enemy troop concentrations and activity continued along the DMZ and in the CON THIEN area. Composite Artillery Battalion reported being fired on by artillery located in the DMZ and the southern portion of NVN.

(3) Counter-Battery/counter-mortar fire response continued to improve with timely flash sightings and improved planning. Utilization of alidades in recently installed towers have improved this effort.

(4) Improvement of weather conditions enabled Regimental AO's to increase reconnaissance efforts. Fifty four missions were flown for a total of 118.2 hours.

L. COMMUNICATIONS.

(1) General.

(a) There were no significant communication changes effected during this reporting period. All units continued to improve the efficiency and reliability of their communication systems.

(b) A slight decrease in efficiency of communication equipment can be expected with the coming of the high temperatures and winds. Continuity loss may occur in the next month when four of the six Communication Officers in the Regiment rotate back to CONUS.

(2) Radio

(a) The radio section continues to supply men and equipment for liaison with Rough Rider Convoys. Continued reports of interference on a number of Regimental radio circuits have necessitated frequency changes among units within the regiment.

(b) The Regimental Command Net is being actuated on a daily basis with 2/12 and 4/12. The net is guarded on a 24 hour basis by Hq Btry with a scheduled radio check at 0930 daily. Covered voice communications continue with daily radio checks between DONG HA and GIO LINH at 1000 and 1900.

(3) Wire. All units continued to improve their wire construction by overheading burying, etc. This Headquarters experienced several incidents of wire tampering during the past month. The first reported incident occurred on March 6, when the OP-2 line from the Regimental FDC to DONG HA was cut; since that time the wire cuttings have continued to occur on an almost daily basis.

(4) Radio Relay

(a) The operational bunker at Headquarters Battery was completed and occupied on 25 March.

(b) The operational link between GIO LINH and DONG HA has been fairly satisfactory for the month of March, operating at a 95.31% of efficiency. Most equipment failures were caused by a shortage of Planartriod tubes which were enroute from DANANG.

(c) The four channel AN/MRC-62 radio relay link from DONG HA to Camp J.J. CARROLL has been replaced by an 8 channel TRC-27B. The channel allocation is as follows:

Channel 1:	order wire
Channel 2:	12th Mar to 3d Marines
Channel 3:	12th Mar to 3d Marines
Channel 4:	12th Mar to 1/12
Channel 5:	12th Mar to 2/94
Channel 6:	12th Mar FDC to 2/94
Channel 7:	12th Mar FDC to 3d Marines FSCC
Channel 8:	12th Mar to 1/12

(5) Communication Center.

(a) A sole-user teletype channel from 12th Marines to Division (Fwd) was approved and became operational in early March. Although it has improved the service somewhat, the heavy overload of traffic frequently precludes the use of this circuit by this Headquarters.

(b) During the month of March, the 12th Marine Communications Center processed 1404 incoming messages and 409 outgoing. This is an increase over last month of 142 incoming messages and 117 outgoing.

c. A hole has been dug for the construction of a bunker for the 12th Marines Communication Center. The need for the early completion of this bunker is apparent, as it will keep the equipment cooler with the hot weather ahead. The outlook on acquiring the needed materials looks dim because of the overwhelming number of requests for bunkers.

(6) Supply and Maintenance.

(a) External supply and maintenance support is still considered marginal.

(b) On 6 March 1967, two (2) RT-252 AN/TRC-27B's were turned into FLSU at DONG HA for repair on a priority 02 request. As of 31 March 1967, the same RT-252's were still awaiting evacuation for repair.

M. WEATHER. Advent of clear weather increased target acquisition capability.

N. FIRE SUPPORT

(1) During the month the regiment fired the following missions:

Observed missions	2368
Unobserved missions	5892
Registrations	10
H&I missions	13847
Total	<u>33107</u>

(2) The following ammunition was expended firing these missions:

105mm High Explosive	85,503
105mm Illumination	2,675
105mm Smoke WP	4,741
107mm High Explosive	2,790
107mm Illumination	65

155mm High Explosive	17,106
155mm Illumination	406
155mm Smoke WP	862
8" How High Explosive	296
155 Gun High Explosive	610
155 Gun Smoke WP	89
175 Gun High Explosive	2,333
Total	<u>134,603</u>

O. AIR SUPPORT. Not applicable.

P. ACTIVATIONS/DEACTIVATIONS/REDESIGNATIONS. None

Q. CHAPLAIN ACTIVITIES.

(1) Divine Services:

Conducted by Regimental Chaplain	31
Attendance	628
Catholic Services in units	44
Attendance	984
Memorial Services in units	1

(2) Professional Counseling:

12

(3) Pastoral Calls:

"D" Med	12
Field Contacts	480

(4) Conferences Attended:

Regimental Officers	16
Regimental Commander	2
Division (Fwd) Chaplain	3

(5) Trips Accomplished:

- (a) Weekly to CAM LO, GIO LINH; one to KHE SANH to conduct services.
- (b) One to NSA area to visit personnel at USNH.
- (c) One to Sacred Heart Orphanage in DANANG.

R. TRAINING. The following recaps the training during the period 1-31 March 1967.

(1) Formal School quotas filled:

- (a) R.P.S. School - 1
- (b) Motion Pictures Operators School - 1
- (c) Mums training - 1

(2) A one day school was conducted during the period 18-20 March 1967, at FLSU, on the operation and maintenance of generators. A total of nine personnel (3 per day) attended the school. Personnel in attendance were from Headquarters Battery, 12th Marines and Battery K, 4th Battalion, 12th Marines.

(3) Training was initiated and conducted throughout the regiment in conjunction with operational commitments. Informal schools were held stressing the role of U.S. Armed Forces in Vietnam and desired relationship with the Vietnamese Forces and people, as a part of the Troop Indoctrination Program.

(4) Maintenance and operation of Multi-Fuel vehicles was covered again to orient drivers prior to this vehicle being placed in operation.

(5) Construction of defensive barriers, parapets and bunkers received a high priority in training due to the increase in enemy action against artillery positions.
