PART II, NARRATIVE SUMMARY

010001-302400 November 1968

The 12th Marines (-) (Rein) provided tactical fire control and coordinated fire support for free world forces engaged in combat operations within and near Quang Tri province of the Northern I Corps Tactical Zone. These forces were the 3d Marine Division (-)(Rein) FMF, Task Force Clearwater, and the 1st and 2nd ARVN Regiments. The 12th Marines consisted of the organic battalions less Mortar Battery, 1st Battalion, 12th Marines which is serving with the Special Landing Force. Attached to the Regiment during this period was the 1st Searchlight Battery (-), FMF and the 1st 8" Howitzer Battery (FMF)(8")(SP). The 5th Battalion, 4th Artillery (U.S. Army) and the 2nd Platoon, 1st Armored Amphibian Company, FMF were under the operational control of the Regiment. Reinforcing the fires of the 12th Marines were the following units under the operational control of the 108th Artillery Group (U. S. Army):

8/4th Arty (-) (175mm/8")(SP)
 C/6/33 (105mm)(TD)
 1/40th Arty (105mm)(SP)
 2/94th Arty (175mm/8")(SP)
 1st 8" How. Btry (SP) FMF
 5th 155 Gun Btry (Rein) (SP) FMF

The regiment supported the Third Marine Division in operations KENTUCKY, LANCASTER II, SCOTLAND II, NAPOLEON/SALINE, and DAWSON RIVER. Additional roles were participation in Operation HIGHRISE and support of the 3d Reconnaissance Battalion Training Area. Direct support and reinforcing fires were provided to the 1st and 2nd ARVN Regiments as requested. During this period the Division AO increased from 856 square miles to 1,290 square miles when the area previously occupied by the 1st Air Cavalry Division was added.

During November the weather remained surprisingly favorable for the continuation of search and destroy missions throughout the AO. New fire-support bases were built at Mink (XD 985356), Dick (YD 144334), Shiloh (YD 107267), Tun Tavern (YD 059327), Russell (XD 911391), and Argonne (XD 678572). As the month closed, there were twelve firing batteries occupying nine fire support bases.

The month began with the cessation of friendly firing north of the southern boundary of the DMZ. The enemy, in return, stopped firing artillery from in and north of the DMZ into the Division AO. This provided artillery positions along the DMZ a welcome relief from systematic shelling. However, on 10 November the position of "C" Btry, 1st Battalion, 12th Marines at C-2 was shelled by 140mm rockets, killing two Marines, one of whom was the battery commander.

Later in the month the rules of engagement were modified to permit firing north of the southern boundary of the DMZ for defensive purposes and to prevent the enemy from using the area south of the Ben Hai River. There has subsequently been a moderate amount of firing into the DMZ (Operation HIGHRISE), primarily in the area near the coast.

SECRET

Reconnaissance patrols sent into the southern portion of the DMZ were guarded by a heavy shield of artillery fire.

Heavy artillery fires were put into the area northwest of Cam Lo during this period. This was in response to activity in this area and ambushes near C-2. The 5th Battalion, 4th Artillery executed a program of intensive fires into the 101 Base Camp area during several days near the end of November.

Search and cordon operations were performed in several parts of the AO. The 1st Searchlight Battery provided important assistance to units conducting these, notable in the Mai Loc and Ha Thanh areas.

Highlights of the above operations, significant missions fired and other pertinent data are shown on the daily Sitreps (Supporting Documents, Part IV).

2. INTELLIGENCE

a. ENEMY ACTIVITY. In November, coincident with the bombing pause, contact with NVA ground troops came to a virtual halt, with only sporadic incidents involving small groups being reported. At the same time, VC type activity increased, generally road mining incidents, booby traps, and sniping at convoys.

No confirmed tube artillery was fired into the Division AO after the heavy shelling of 1 November of Dong Ha and Cua Viet by 130mm guns in and north of the DMZ. In the first eleven days of the month there were repeated rocket attacks on C-2, these attacks being conducted from both sides of the southern boundary of the DMZ. These attacks ceased after heavy retaliatory action was taken. Mortar attacks occurred sporadically throughout the AO but followed no specific pattern.

Major elements of NVA ground forces remained unlocated at the end of November. No NVA forces have appeared to replace the 320th Division which exfiltrated from the area west of the Rockpile in late September. The 138th Independent Regiment remains located in the eastern portion of the DMZ north of A-2, and elements of the 126th Naval Sapper Battalion are presently located along the Cua Viet River, while the 812th, 814th and 808th Independent Battalions, the K-32 Artillery Battalion, and 10th Engineer Battalion all remain in the vicinity of Base Area 101.

b. COUNTERBATTERY

(1) Policy. The counterbattery policy remains the same.

(2) Counterbattery Radar. The AN/MPQ-10A and the AN/MPQ-4A radars were up sporadically during the reporting period. Four MELLEY 15KW generators were obtained on temporary loan from FLC, Danang helping to alleviate much of the previous difficulties with the generators for the AN/MPQ-10A. Repair parts for the radars, however, remain a problem.

(3) GROUND SURVEILLANCE RADAR. The AN/TPS-25A radar located at Gio Linh remained down for the entire reporting period. The two AN/TPS-25A radars evacuated to 63rd Maintenance Signal Shop in Quang Tri, on 12 October have not yet been repaired. Arrival of a PU-346 generator for the radar at Gio Linh has alleviated generator problems,

but at the end of the month, the radar set remained non-operational.

c. Observation

(1) Air observation was not restricted by the weather during the period. The number of missions flown increased again this month due to the arrival of four new AO's. There are now eight AO's in the 12th Marines actively flying; 1stLt A. R. AVERSA, O102461, 1stLt M. S. IAFROMBOISE, O103623, 1stLt G. E. WISE, O103897, 1stLt G. N. SAMARAS, O101669, 2ndLt M. W. GRANWEHR, O104576, 2ndLt J. G. WAGNER, O104810, 2ndLt G. L. MAXEY, O104864, 2ndLt C. R. TRATHOWEN, O104369.

TOTAL FLIGHT HOURS	293.6
TOTAL ARTILLERY SPOT MISSIONS	148

(2) Ground. The Regimental observation post at Gio Linh continues to provide observation for General Support Artillery and intelligence on enemy movement in the North East Sector of the Division TACR and into the DMZ. 1stLt C. N. SOMMER was relieved by 1stLt J. WILLIAMSON as the OIC of the American Forces at Gio Linh.

d. Personnel. Major C. W. NEWTON was assigned as the S-2, relieving 1stLt D. H. WILLARD, who became the Asst S-2.

e. Weather. Weather for November was a pronounced change from the month before, with the first half of the month receiving only slightly more than 1 inch of rainfall and the latter half, slightly more than 2 inches. As a whole the weather was mild, with warm sunny days interspersed with days of light, drizzling rain.

1. RegtBul 4600 was written and published on 1 November 1968 -- Subj: Consecutive numbers for Mount Out and Cargo, assignment of.
2. RegtO 8010.5 was written and published on 7 Nov 1968 - Subj: Explosive Rounds in Hot Cannon Tubes.
3. CO 12thMar ltr 4/DJM/nsk of 4 Nov 1968 to CG 3dMarDiv (SC-15) - Subj: Engineer Assistance, Request Number 16-68 for a 100 man messhall for "L" Btry, 4th Battalion, at Rockpile.

7. CO 12thMar ltr 4/GAW/am over 4015 of 22 Nov 1968 to CMC (Code A04G) Subj: Request for Modification of Special Allowance. This request recommended increases in the present allowance of Field Artillery Digital Automatic Computer (FADAC) and Generator, PU668/G and initial allowance of Chain Saw, Remington for this Command.
The Tactical situation in ICTZ often makes it necessary to displace Fire Direction Centers as well as firing batteries on short notice during an operation. These displacements are often to remote Fire Support Bases that must be hewn out of the dense undergrowth and rain forest found in the north western portion of the ICTZ. The requirements for chain saws is apparent. These widely separated small unit/single battery size FSB's have greatly increased the requirement for the safe, speedy and accurate firing data provided by additional FADACs. Experience gained from actual operations in the ICTZ have clearly demonstrated that extra generators must be provided if continuous dependable FADAC operations are to be provided.
8. CO 12thMar ltr 4/RJB/nsk over 11000 of 29 Nov 1968 to CG 3d MarDiv (SC-15) - Subj: Facilities Required to Establish the 5th 155 Gun Battery (SP) (Rein) CP at Dong Ha Combat Base West.
9. Constructed and Issued 80 Alidades for use at 12th Marine OP's, all observation towers in Dong Ha and Quang Tri Combat Bases; each firing position/fire base and other selected locations.
10. 12th Mar msg 160100 Nov 1968 (S) was drafted and sent to CG III MAF - Subj: Fire Control Equipment - outlining the problem areas of sights, sight mounts and gunners quadrants. The shortage of these items.

PART III, SECTION 6, CIVIL AFFAIRS

MEDCAP: Headquarters Battery Corpsman saw more than 1000 patients at its 7 MEDCAPS last month. Besides the regular Firday MEDCAP in Dong Ha, another was initiated and held once a week in Dong Le Village Headquarters. This is a remote area that had never had a MEDCAP before, and the results are very encouraging. An effort is being made to train the local Vietnamese nurse at the same time that the Corpsmen are holding the MEDCAP and this program appears to be successful. Medical supplies are being donated to this nurse, and also to the Vietnamese dispensary in the Dong Xuan Village Headquarters. There are many Vietnamese dispensaries in the Dong Ha area, and they are all in need of the most basic supplies.

The education program received the most emphasis during the past month, and consequently showed the greatest results. Headquarters battery officers and men taught 52 hours of English classes in the Bo De and Ban Cong high schools in Dong Ha. A new program was also begun at District Headquarters where approximately 20 village officials meet three nights a week for one hour for an English class. The Vietnamese appear to be very enthusiastic about this program, and it is very effective in allowing Marines to meet with the Vietnamese. Both of these programs allow for any Marine that is interested to come along either as an observer or as an additional tutor for the English classes.

Construction has begun on the new office and head for the Bo De High School. Although it was hoped that the Vietnamese would be able to provide all the labor for this project, it appears that they will be unable to do so. As a result, 12th Marines have agreed to attempt to defray all the labor costs by donating damaged cement to the contractor. No contract was made and the only agreement was that the contractor would tell 12th Marines every Saturday how much labor cost was incurred during the previous week. At these times it would be decided whether he would be repaid for labor costs. Total labor cost will be around 90,000\$VN (or 250 bags of cement).

12th Marines finally completed their contract with the Vietnamese contractor who built the village head in Dong Ha by paying him 100 bags of cement. This cement was damaged cement recovered from the Dong Ha ramp. The head is being used and maintained by the Vietnamese. It is proving to be a very successful project.
