~~CONFIDENTIAL~~PART II. NARRATIVE SUMMARY1. General Overview of All Activities

The 12th Marines (-)(Rein) provided and coordinated fire support for U. S. and free world forces engaged in combat operations within and near Quang Tri Province of the Northern I Corps Tactical Zone until 4 November 1969. The Regimental FDC ceased operation on that date, and the 4th Battalion, 12th Marines, assumed control of the last operating 12th Marines Artillery ("H" Battery, 3d Battalion and "M" Battery, 4th Battalion) until approximately 0700 on 5 November at which time "M" Battery, 4th Battalion, (Camp Romanelli- Delta Section) fired the last rounds of the 12th Marines in Vietnam. Supported forces included the 3d Marine Division (-)(Rein), FMF, 101st Airborne Division (USA), CIDG forces in Mai Loc TAOR, Combined Action Platoons throughout the Division AO and the 2nd ARVN Regiment. The 5th Battalion, 4th Artillery (USA), was under the operational control of the Regiment until 7 November 1969. Reinforcing the fires of the 12th Marines were the following units under the operational control of the 108th Artillery Group (USA):

8/4th Arty (175/8")(SP)
 1/40th Arty (-)(105)(SP)
 C/6/33d (105)(TD)
 1st 8" How Btry (SP), FMF
 5th 175mm Gun Btry (Rein)(SP), FMF
 2/94th Arty (-)(175mm/8")(SP)

The 12th Marine Regiment (-)(Rein) supported the 3d Marine Division in Operation HIGHRISE until the operation ceased on 4 November 1969. In addition, the Regiment provided support to the 101st Airborne Division (USA), the Mai Loc TAOR, Vandegrift, Elliott, Quang Tri and Dong Ha Combat Bases. Reinforcing fires were provided to the 2nd ARVN Regiment as requested. The 101st Airborne Division (USA) began operations in the AO's formerly controlled by the 3d and 4th Marines and reconnaissance to the west of the Division AO to cover redeployment of Marine units. All AO's were relatively quiet from 1 October until redeployment of the Regiment. The majority of the 12th Marines fires were unobserved H & I's. A total of 1650 observed missions and 4371 unobserved missions were completed with an expenditure of 76,614 rounds.

Redeployment of the 12th Marines was accomplished in the following manner:

The Regimental OP at A-2, Gio Linh closed station on 19 October and moved to Dong Ha. The first increment of Regimental Headquarters/

Headquarters Battery, consisting of fifteen officers and 99 enlisted embarked at Qua Viet and departed for Okinawa on 20 October 1969. The remainder of the Regimental Headquarters Battery consisting of thirteen officers and 114 enlisted departed Vietnam in two separate increments on 4 November and 6 November. On 7 November, the Regimental Commander flew to Okinawa and was followed on 10 November by the Regimental Executive Officer and the remainder of the Regimental Staff.

On 1 October, 1st Battalion, 12th Marines, embarked with RLT-9 for CONUS. On 4 October, the command group of Headquarters Battery, 3d Battalion, displaced from Vandegrift and rejoined the rear elements of the battery at Camp Romanelli. On 22 October, the 3d Battalion ceased tactical operations and prepared for embarkation. On 3 November, the Battalion Headquarters moved to Da Nang by convoy, and on 5 November embarked and departed for Okinawa. Battery "G" displaced from Elliott to Camp Romanelli on 4 October and prepared for embarkation. On 21 October, Battery "G" left Camp Romanelli and proceeded to Qua Viet and on 23 October embarked and departed for Okinawa. Operational control of Battery "H" at Fire Support Base Fuller was passed to the 4th Battalion on 22 October because the 3d Battalion Headquarters had ceased tactical operations. On 5 November, Battery "H" moved to Dong Ha and prepared for embarkation. Battery "H" left Dong Ha on 24 November and departed Vietnam the same day. The last firing battery to occupy Vandegrift Combat Base, Battery "I", 3d Battalion, moved to Elliott Combat Base and relieved Battery "G" on 4 October. Battery "I" continued its mission through 22 October at which time they displaced to Camp Romanelli and prepared for embarkation. On 3 November, Battery "I" proceeded by convoy to Da Nang. On 5 November, the battery embarked and departed for Okinawa. Mortar Btry, at the start of October, was located at Quang Tri with a detachment of three mortars at Camp Romanelli. On 25 October, Mortar Btry displaced to Camp Romanelli and proceeded to stand down in preparation for embarkation. On 3 November, Mortar Btry joined Battery "I" and the 3d Battalion Headquarters, moved to Da Nang, and on 5 November departed for Okinawa aboard the USS Tom Greene County (LST 1159). The 1st Provisional 155 Howitzer Battery displaced from Elliott Combat base to Camp Romanelli on 19 October and ceased tactical operations. The battery was disbanded on 27 October.

At the beginning of October, the 4th Battalion Headquarters was located at Camp Romanelli. On 6 November, the 4th Battalion turned Camp Romanelli over to the 2nd ARVN Regiment and Headquarters Battery moved to Dong Ha. Headquarters Battery left for Da Nang on 18 November; they embarked, and sailed for Okinawa on the following day. On 22 October, Battery "K" displaced from Elliott Combat Base to Camp Romanelli, stood down from offensive combat operations and came under the operational control of the 3d Battalion, 12th Marines. November, Battery "K" embarked at Qua Viet and departed for Okinawa. At the beginning of October, Battery "M" was located at C-1 with a detachment of three howitzers located at Camp Romanelli. On the morning of 5 November, the detachment of Battery "M" fired the last artillery round shot by the 12th Marines in Vietnam. "M" Battery from C-1 joined "M" Delta and the Battery stood down at Dong Ha. The entire battery was reduced to zero personnel strength on 5 November and equipment transferred to Headquarters Battery, 4th Battalion, for shipment to Okinawa.

ADCON/OPCON of 2nd Battalion, 12th Marines, was passed from the 9th MAB to 12th Marines on 7 November 1969.

The last element of the 12th Marines, Battery "H", arrived on Okinawa on 6 December and thus completed the redeployment of the Regiment.

With the Regiment established at Camp Hanson, Okinawa, it assumed the new mission of training in garrison as well as providing artillery support for the Special Landing Forces "A" and "E". "D" Battery and Mortar Battery, 2nd Battalion, were deployed with BLT 1/9 (SLF "B"). "E" Battery, 2nd Battalion, and Mortar Battery, 3d Battalion, were deployed with BLT 2/9 (SLF "A"). General Military Subjects Training as well as the Okinawa Orientation Program were accomplished in accordance with the directives issued by the CG, 3d Marine Division.

Before leaving RVN the 12th Marines reported to CG, 3d Marine Division, (ltr 3900 of 19 Oct 69) that the Los Alamos Scientific Laboratory's (LASL) Acoustical Acquisition System, which was field tested by the Regiment, did not significantly enhance the target acquisition capabilities already in use.

The regiment reported to the Commanding General, III MAF, in ltr 4400 of 21 October 1969 that the Radar Set AN/TPQ-31 greatly enhanced the target acquisition capabilities within the AO. It was reported particularly effective in counterbattery fire, including rockets, but less effective in detecting mortar positions. Recommendations included the addition of a computerized readout system, that the radar be sheltered, and that four of the 360° radar units be provided to each Artillery Regiment.

No new Regimental Survey was established in RVN, but upon arrival at Okinawa, the Regimental Survey Section established survey control at the following areas:

a. Administrative control of 1st Battalion, 12th Marines, was passed from 12th Marines to the 3d Marines on 30 September 1969. The battalion redeployed to MCB, Camp Pendleton with equipment and in a cadre status. Effective 100001H October 1969, the 3d Marine Division assumed administrative control of the 1st 8" Howitzer Battery (SP) from the 12th Marines and simultaneously passed it to the 1st Marine Division. (CG FMFPAC 010102Z Oct 69 (S)). The Regiment received administrative control of the 2nd Battalion on 7 November 1969 from 9th MAB (CMC msg 1011820Z Oct 69 (S)).

b. From 13 October to 15 October 1969, the Regimental Executive Officer, as a member of the Commanding General's party, attended planning conferences on Okinawa regarding the redeployment of the Division to Okinawa. The facilities and billeting spaces at Camp Hansen, Okinawa, were initially allocated during this period. The 2nd Battalion was relocated on 20-21 October 1969 from Camp Hauge, Okinawa, to the area allocated to the 12th Marines at Camp Hansen.

c. During October and early November embarkation planning for units of the Regiment was completed. Concurrent with embarkation planning and preparation, Division directed redistribution of T/E P-4960 assets (in-country special allowances) to fill T/E deficiencies within the Regiment, to other Division units and to Marine Corps units remaining in Vietnam. Redistribution of special allowances was not completed prior to embarkation of all units; consequently, numerous items were embarked with the units and redeployed to Okinawa. 3d MarDiv msg 190418Z Dec 69 required a complete inventory of all special allowances still on hand to enable redistribution of the assets during January 1970.

d. In order to maintain continuity and continual supply support for units of the Regiment, Division directed cancellation of outstanding requisitions by Force Logistics Command, return of incoming shipments to Okinawa by FLC and cessation of shipments to RVN by 3d FSR on specific dates as follows:

11 Oct 69 - Headquarters Btry	(3d MarDiv 111334Z Oct 69)
20 Oct 69 - 3d Battalion	(3d MarDiv 200636Z Oct 69)
29 Oct 69 - 4th Battalion	(3d MarDiv 290806Z Oct 69)

e. Effective 5 November 1969, the 3d Marine Division directed that the personnel strength of Battery "M", 4th Battalion, be reduced to zero. However, all equipment and supplies were retained and maintained. The problems encountered with maintaining and storing a battery's T/E equipment and supplies without any assigned personnel were reported to the Commanding General, 3d Marine Division, by CO, 12th Marines, ltr 4/BDK/acl, 4500 of 9 Dec 69. Recommendations to alleviate the situation were made but no action has been taken as of 31 December 1969.

f. During the period 19 October to 8 December 1969 all units of the Regiment except the 1st and 2nd Battalions embarked aboard U. S. Navy amphibious ships and military aircraft and were relocated to Camp Hansen, Okinawa. The 3d Battalion began embarkation on 23 October 1969 and the last units arrived in Okinawa on 6 December 1969. The 4th Battalion, minus Battery "L", and with the equipment and supplies for the deactivated Battery "M", began embarkation on 7 November 1969 and the last elements arrived on 8 December 1969. The Regimental Headquarters and Headquarters Battery embarked in Vietnam and disembarked at Okinawa as follows:

<u>ELEMENT</u>	<u>EMBARK DATE</u>	<u>MODE</u>	<u>DEBARK DATE</u>
Asst FSCC Officer	19 Oct 69 (Danang)	Govt Air	19 Oct 69
Advance Party	20 Oct 69 (Cua Viet)	USS Clarke Cty (LST 601)	28 Oct 69

Advance Party #2	4 Nov 69 (Danang)	USS Vernon Cty (LST 1161)	17 Nov 69

XO, Asst FSCC Off, CommO	10 Nov 69 (Quang Tri)	Govt Air	10 Nov 69

g. During November and December 1969, units of the Regiment moved into their allocated facilities at Camp Hansen. No major problems were encountered except for the critical shortage of storage and maintenance facilities. Storage rooms in the barracks were utilized for armory space and work requests were submitted to provide adequate security. The maintenance section of the 4th Battalion is temporarily using a portion of the Regimental Motor Pool for maintenance of tracked vehicles until additional space is provided. Battery recreation rooms are used for storage and office space and each Company size building is used to accommodate two batteries. Additional material is stored outside under canvas or in COMEX containers

h. The readiness condition of the Regiment was maintained at condition 2 for Equipment Readiness and for Equipment and Supplies On Hand during the period. The readiness condition percentages did

drop however as the result of a large amount of equipment being declared unserviceable during technical inspections and during rehabilitation. Top priority was given to the rehabilitation of equipment and supplies by units of the Regiment and by 3d FSR. The rehabilitation program was approximately 40% complete as of 31 December 1969. The Regiment received a sudden influx of equipment from the R & E Program and from requisitions for T/E deficiencies during the last few days of December which aided in maintaining a Readiness Condition of 2.

i. One other top priority project during December was a complete inventory of all supplies and equipment on hand, reconciliation of all Responsible Officer Accounts, adjustment of supply records, requisitioning of deficiencies and redistribution of excesses. This project was approximately 75% complete by 31 December 1969. Unfortunately, the Fiscal Year 1970, 71 and 72 budget estimates had to be submitted prior to completion.

j. The supply source for the Regiment was switched to 3d FSR (MR-100) upon relocation. Due to the close proximity of units on Okinawa, a fleet stock account was not established by the 3d Service Battalion. All equipment for maintenance was taken directly to 3d FSR during the period because 3d Service Battalion did not yet have adequate facilities, equipment and personnel to perform maintenance functions other than to furnish LTI Teams.

k. During the relocation of the Division from Vietnam to Okinawa, there was a lapse in MARES/FCRSTAT Reporting of over one month by units of the Regiment. Simultaneously, equipment was redistributed, received and declared unserviceable. Some reportable items were also left in country when units were redeployed before the items could be recovered from maintenance activities. As a result, the MARES reports for units from the Regiment were completely inaccurate by 1 December when the last of the Regimental units started reporting again. On 15 December 1969 a representative from Headquarters, Marine Corps, and FMF Pacific, gave a general briefing to all personnel responsible for preparing and submitting MARES/FCRSTAT reports in an effort to clear up misunderstandings and discrepancies in the reporting system. A reconciliation of MARES reports and a briefing was held at the Division CP with each unit of the Regiment on 22, 23, 29 and 30 December 1969. The quality and reliability of the reports has been increasing rapidly as a result of this education program.

l. An initial conference was held by the Division for all S-4s and Supply Officers on 26 November 1969 regarding the submission of a mid-year review of FY 1970 budgets and budget estimates for FY 1971 and FY 1972. The submissions were made on 15 December 1969.

a. GENERAL: Significant events occurring during the months October - December follow:

- (1) 1st Lt. T.C. Dean reported on 4 Oct 1969 and assumed the billet of Assistant Regimental Communications Officer.
- (2) One half of the Communication Platoon, HQ Btry, 12th Marines departed Dong Ha, RVN with the first increment leaving on 20 October 1969.
- (3) The remaining Communication Platoon (-) maintained operational communications until 4 Nov 1969 at which time they departed for Danang to embark aboard shipping for movement to Okinawa.

b. OPERATIONAL COMMUNICATIONS

- (1) RADIO: Reliable communications were maintained through the period with frequency interference from adjacent units being the only problem encountered. Communications secured as of 20 October 1969 for all but required nets to prepare for the first increment embarkation.
- (2) RADIO RELAY/WIRE: Radio Relay was utilized to a minimum because of generator problems which plagued this headquarters. Wire support was maintained with cable breaks the only problem area.
- (3) MAINTENANCE/SUPPLY: Second echelon maintenance was performed on all equipment. FLSG "B" provided 3d echelon maintenance and DX support. A Regimental Battery Room was established for charging batteries (BB 451) and to maintain and store battery chargers. The Communications Officer conducted a complete inventory of equipment and deemed it to be complete on 9 December 1969.
- (4) COMMUNICATION CENTER: Normal Comm Center operations were maintained until 4 Nov 1969 when communications guard was passed to 9th MAB on Okinawa. The following number of messages were processed:

- (5) MISC: The use of Connex boxes greatly facilitated the redeployment and provided security and protection for equipment during transit to Okinawa.

10. Civic Action

a. During this reporting period the S-5 continued all previous Civic Action Projects. No new projects were started due to the planned redeployment. The projects as follows:

(1) The Rebuilding of the Bo De School

This project was undertaken to rebuild the front wall and roof of the two rooms of the Bo De High School. The materials used were cement, kebar, and lumber. The S-5 supplied all of the material for the project, and the Buddhists supplied the labor. Upon redeployment on 4 Nov 1969, the cement had all been poured and the reinforcements were ready to be removed. It is estimated that the project was approximately 90% complete upon redeployment.

(2) English Classes, High School level

English classes were held daily at the Bo De High School from 1430 to 1630. The classes were the last four grades of High School, and numbered about 200 students per week.

(3) English and Chinese Classes

English classes were held for the teachers of the Dong Ha School system each night of the week. Teachers from Cam Lo and several of the Buddhist Monks also attended. Since many of the teachers and all of the Monks were interested in the Chinese Character system of writing, classes were also instituted on this subject. These classes had an attendance of approximately 80 students. The classes were held from 1900 to about 2200 at night.

(4) Cam Vu New Life Hamlet Pig Cooperative

Assistance was given as usual to the people of the Cam Vu New Life Hamlet. The assistance takes the form of about 100 barrels of garbage from the 12th Marines Messhall, used tin, lumber, and a few bags of cement. Clothes were also provided.

(5) Persons treated on 12th Marines MedCaps totaled 520. No commodities were distributed because all such supplies had been turned over to units that were staying in country, such as 4th CAG.

(6) Liason was made with the Army units moving into Dong Ha and all of the 12th Marines Civic Action Projects were turned over to them. This was accomplished on the last day in country.

b. Upon redeployment to Okinawa the S-5 was discontinued.
