Daily Summery 180800-190800

8" and 155 Guns were utilized in firing a mission developed from a SPAR report on a possible VC Battalion (A-1).

Missions adjusted by Recon on 2 VC on a trail resulted in 1 probable KIA; on 2 VC in a boat resulted in 1 KIA (Conf), 1 Kia (Prob). & 1 WIA (Prob).

A mission was fired for 2/3 on a village (positively cleared by Squire) and FO reported VCS running from village.

One planned group of fires plotted 700m West of Hill 124. Infantry units in the area were warned of the times of firing.

At 2315 A Btry reported several incoming tracer rounds. On rechecking this report, it was determined that a listening post saw tracers being fired from the old fort SW of A Btry. The fire was not directed at the Btry.

At 0028 Mort Btry X0 reported OP 2 was being hit by mortars. Wire communication was broken during this report. 3 minutes later, W reported by radio that they were being hit by Mortars and S/A. Mort Btry requested preplanned illum fires and reported their 81 mm firing illum on Nam-O bridge. Crowd 24 reported a tank at Nam-O bridge had taken the mortor flashes under fire with a 50 cal. MG.

A delay in C Btry illum mission for W Btry was caused by one gun not being layed on the given Df&QE. One gun was ready to fire but the Exec Pit W/O failed to fire the one gun laid. Corrective axtion was immediately taken by C-6. 2guns were laid on Nam-O bridge immediately. Four guns of C Btry were later laid on the suspected Mortar site.

An illum mission (8 Rds) was fired at the area of VC activity and this mission was assumed by a flare ship. 44 illum round were fired over W Btry. OP2

OP 2 reported 1 USMC WIA (slightly). W reported 1 VC KIA on or near defensive wire and 1 VC KIA (Prob) believed to be part of battle field clean up team.

1/3 reported D Co 1/3 sank a boat with 10 VC. No bodies recovered. Song Ca De. 1/3 later reported mortar tube, belts and packs captured near coordinates of initialy reported mortar flashes. (922832).

Op 1 reported flashes from area of VC activity-report was late due to comm delays.

Burke reported at approx 0200 that D-1-3 was under attack. Report erroneous an AO had sighted D-1-3 firing 81 mm mortars.

Engineer sweep team was requested through Regt S-3 to check Mortar Battery entrance road.

DECLASSIFIED

3rd Engineer Bn. will commence at first light.

At 0330 Mortar Battery commenced firing illum over their position.
