(4) Average strength for period 531

b. Sequential listing of significant events sepecially as they relate to:

(1) Personnel. The battalion was at 94% T/O strength at the end of the reporting period. Shortages that hinder the mission of the battalion exist in MOS's 0121, 0239, 0846, 0847, 1345, 2111, and 3041. There was one battle casualty that resulted in med-evacuation. A total of 57 Marines participated in the R&R program.

(2) Intelligence. No patrols were sent out by this Headquarters during the month of December. All patrol activities were handled by H-2-1 and are presently handled by the 2nd platoon of A-1-26 located in our battery position. Moderate enemy contact has been made during the December period.

1:50,000 maps were provided to artillery FO teams and Naval Gunfire support teams.

Extra security measures were taken and enforced during the week before the Christmas cease-fire due to reports of increased VC activity in the area. A-1-13 received three rifle grenades in and near their position no damaged reported. F-2-12 apprehended 3 VCS who were forwarded to ITT for interrogation. Sniper fire and mines/booby traps continued throughout December in TAOR.

(3) Training. Training continues to be initiated in conjunction with operational commitments. New terminology used in the Forward Observer's call for fire was put into effect by this battalion on 15 December 1966. A Battalion size formal school was conducted during December for survey personnel. Alert drills are conducted on the average of once per week in order to improve the defense posture of the command. FAM firing was conducted with all local security weapons.

(4) Operations. Operation Mississippi continued in the area south of AN HOA in Antenna Valley and terminated on 17 0830 Dec 1966. Battery F-2-12 supported the operation from its original firing position (87634720). Battery E-2-11 was displaced to coords(044343) and placed under OPCON 2-12 to support operation Mississippi. Extracts from the S-3 journal enclosure (2), indicate significant missions fired during the operation. 426-105 How rounds were expended in support of Operation Mississippi and enemy casualties reported were 2 KIA (conf) and 1 KIA (prob). Operation Sterling was conducted from 11 1600 Dec 1966 to 17 0830 Dec 1966 in the 3/9 TAOR. Battery F-2-12 displaced to its new firing position (922791) and supported the operation. Extracts from the S-3 journal enclosure (3), indicate significant missions fired during the operation. 265-105 How rounds were expended in support of operation Sterling with no enemy casualties reported. Battery A-1-13 displaced two 105 How to coord (810382), and supported Recon and ARVN elements from 091445 Dec 1966 to 17 0605 Dec 1966. 922-105 How rounds were expended resulting in 21 KIA (conf), 5 KIA (prob). The Battalion fired a total of 257 observed missions 84 unobserved missions and 2273 H&I missions in support of the 9th Marines during December expending 8947 rounds of 105 ammunition and 1758 rounds of 155 ammunition. Enemy casualties other than those listed above were 38 KIA (conf) 55 KIA (prob). Cumulative casualties by 2/12 for December were 61 KIA (conf) and 61 KIA (prob), 16 WIA (conf) and 3 WIA (prob). In addition 38 boats and 8 buildings were destroyed.

(5) Command and Control. The command post location and mission of 2d Battalion, 12th Marines remains the same. Administrative control of 2d Battalion, 12th Marines remains with 3d Marine Division and operational control remains with 11th Marine Regiment, 1st Marine Division.

(6) Communications/Electronics. Transferred NGF LN and spot team communicators and equipment to Foxtrot Battery. Held Bn inspection of all Battery communication sections. Transferred radio operators and wiremen between Batteries in order to even out RTD's. Present personnel status is O/H-118, T/O-130. Held KY-8 operational check with Foxtrot Battery. Installed modifications on KW-7 equipment.

(7) Logistics. The logistics situation within this Battalion remains satisfactory. Repair parts for 2d and 3d echelon deadlined items remain a problem. The battalion supply officer visited Battery E and Mortar Battery at Phu Bai and reported them to be in satisfactory condition. Preventive maintenance and scheduled maintenance programs and schedules have been revised showing a marked improvement in engineer and motor transport items. Battery F has begun construction of a new firing position. Major logistical problems associated with this construction have been taken care of by the 1st 8" Howitzer Battery and the 11th Marines. Battery F displaced its howitzers to the new position on 31 December 1966.

(8) Civil Affairs. Civil Affairs work during the December period continued on various projects. The 2d Bn, 12th Marines continues to support the Le Dong school. A total of 10 (2 male & female) Vietnamese were taken to USOM hospital for various treatments. Medical treatment was given to 634 persons during December. Contributed ammo boxes to five families for repairs of Vietnamese homes. \$2000 (VN) piasters was contributed by the members of 2/12 to pay the school teacher. An elders meeting was held near Battalion C.P. Officials from the Dien Ban district were present to establish communications and present government programs to the elders living in their district. Six officials and 40 elders were present. L-4-12 held a Christmas party for 80 Vietnamese children. The 1st MarDiv band provided music. Toys cookies, and cups of fruit punch were passed out. 20 pounds of garden seed were picked up from the CAO, 11th Marines, for distribution in the area.
