1 10**PART II****NARRATIVE SUMMARY**

The Battalion fired a total of 299 observed missions, 9 unobserved missions and 1125 H&I missions in the support of the 9th Marines during January, expending 6386 rounds of 105 ammunition and 2059 rounds of 155 ammunition. Enemy casualties for January were 54 KIA (conf), 105 KIA (prob), 3 WIA (conf), and 21 WIA (prob). In addition 18 boats and 6 buildings were destroyed. Battery L was in direct support of the 9th Marines for Operation Cleveland from 24 0745 Jan 1967 to 26 1730 Jan 1967. There were no missions fired in support of Operation Cleveland.

ENCLOSURE (1)

DECLASSIFIED

PART IIISEQUENTIAL LISTING OF SIGNIFICANT EVENTS

1. Combat Missions Assigned. Direct support of the 9th Marines.
2. Significant Operations Conducted. Operation Cleveland from 24 0745 Jan 1967 to 26 1730 Jan 1967.
3. Casualties Inflicted on the Enemy. Casualties inflicted on the enemy were 54 KIA (conf), 105 KIA (prob), 3 WIA (conf), 21 WIA (prob).
4. Casualties Sustained. There were 6 battle casualties resulting in 2 KIA and 4 WIA that required medical evacuation. There were also two non-battle casualties that required medical evacuation.
5. Logistics. The logistical situation within this command continues to be satisfactory. During this period this command assumed ADCON/OPCON of two additional 105mm howitzer batteries and relinquished control of another, resulting in a total of three 105mm batteries and one 155mm howitzer, M109 (SP), battery that now require logistical support. The logistical and maintenance problems with one of these newly acquired batteries is quite extensive, and every effort is being exerted to alleviate their present status. The overall motor transport deadline rate for this Battalion is 18%. Materials are required for additional ammunition and security bunkers to meet new requirements placed on this command by the new batteries. These materials are presently being requisitioned.
6. Civic Action. Civil affairs work for the month of January continued as usual. \$340.70 was donated by the officers and men of 2d Battalion, 12th Marines toward the support of Yamanaka Orphanage in Japan. An additional \$125.00 was donated for the orphanage by Mortar Battery 2/12. \$2200 VN piasters was donated by the officers and men of HQ Battery, 2/12 in order to pay the school teacher of the Le Dong school. HQ Battery, 2/12 continued to support the Le Dong School with school supplies, books etc. 422 persons were given medical treatment during the month of January. Two Vietnamese were evacuated to USOM Hospital in Da Nang. 20 bags of cement were donated to the villagers of Le Son (1) (H) to be used to repair graves for the Lunar New Year. Relations between Marines and Vietnamese in the area continue to be good.
7. Persomnel. The Battalion was at 92% T/O strength at the end of the reporting period. Shortages that hinder the mission of the Battalion are one Lt 3502 and MOS's 0121, 0239, 0846 and 0847. A total of 60 Marines participated in the R&R program.

ENCLOSURE (1)

~~DECLASSIFIED~~

8. Intelligence. On 24 January, patrol activities were resumed by this Headquarters. Two patrols received light VC small arms fire from (AT996643). Received several reports from Vietnamese civilians of VC activity in that area.

A-1-13 received about 20 rounds small arms fire from snipers during the month. No casualties reported.

Intelligence reports indicate increased enemy activity near H-3-12 position on Hill 65 (AT8757), increased enemy movement and activity south and west of A-1-13, position on Hill 55 (AT 9661), and increased contact with enemy north of L-4-12 position (AT 9867). Increased emphasis has been placed on position security training and preparation.

Sniper fire and mine/booby trap incidents continued throughout January in the TAOR.

9. Communications. Established KY-8 circuit with Battery "H", and entered covered circuit with both 9th Marines and 11th Marines. Had PU-482 taken into FLSG for 1000 hour check. Bn M.T. Chief LTI'd all communication vehicles. Received two hour instruction on radio-teletype equipment hook-up. Utilized UHF equipment for conduct of fire when AO called in a mission. Very good results as the transmissions were very clear.

10. Training. Training continued to be initiated in conjunction with operational commitments. Troop indoctrination and information periods were conducted weekly for all members of the command. FAM firing was conducted with all local security weapons. A Battalion driver's school was conducted resulting in nine (9) Marines receiving driver's licenses. Three (3) members of the command attended formal schools during January. Two (2) attended Vietnamese Language School in Da Nang and one (1) attended Motion Picture Operators School in Japan. The Battalion Legal Officer conducted a one (1) day legal class for all Battery Administrative Chiefs and clerks.
