PART IINARRATIVE SUMMARY

During March this battalion fired a total of 405 observed missions, 81 unobserved missions and 2770 H&I missions in support of the 9th Marines. Ammunition expenditures were 18,709 rounds of 105MM ammunition, and 1657 rounds of 155MM ammunition. Enemy casualties for March were 73 KIA (conf), 198 KIA (prob), 17 WIA (conf), and 8 WIA (prob). In addition 13 boats and 10 structures were destroyed. From 040700 March to 070700 March 1967 the 3rd Platoon, 1st Armored Amphibian Company and one platoon from Battery L, 4th Battalion, 12th Marines were in direct support of the 2d Battalion, 26th Marines for Operation Gulf. 23 missions were fired expending 33 rounds of 105MM ammunition and 100 rounds of 155MM ammunition. From 240700 March to 251800 March 1967 Battery A, 1st Battalion, 13th Marines and Battery L, 4th Battalion 12th Marines reinforced the 1st Battalion, 11th Marines in Operation Early. 15 Missions were fired expending 5 rounds of 105MM ammunition and 249 rounds of 155MM ammunition. From 240700 March to 251800 March 1967 Battery H, 3rd Battalion, 12th Marines provided fire support to the 2d Battalion 5th Marines in Operation New Castle. 53 missions were fired expending 55 rounds of 105MM ammunition.

ENCLOSURE (1)

PART III

SEQUENTIAL LISTING OF SIGNIFICANT EVENTS

1. Combat Missions Assigned. Direct support of 9th Marines.
2. Significant Operations Conducted. Operation Gulf from 040700 March to 070700 March 1967. Operation Early from 240700 March to 251800 March 1967. Operation New Castle from 240700 March to 251800 March 1967.
3. Casualties Inflicted on the Enemy. 73 KIA (conf), 198 KIA (prob), 17 WIA (conf), 8 WIA (prob).
4. Casualties Sustained. 1 WIA at Battery A 1st Battalion, 13th Marines.
5. Logistics. The logistical situation within this command continues to be satisfactory. The battalion is presently rendering logistical support to three 105 Howitzer Batteries, one 155 Howitzer M109 Battery, one 8" Howitzer Battery and Headquarters Battery. The overall motor transport deadline rate for the battalion is 08%. Three M-35 and ten M-35A2 trucks were received this month. This command continues to receive force feed items of galley equipment, many of which are of little or no value to this organization while in our present combat environment. The difficulties experienced last month in receiving certain class IV supplies, such as concertina and sand bags, have been somewhat alleviated.
6. Civic Action. Headquarters Battery continues to support the LeDong School with a enrollment of 60 students. During the month, members of the battery repaired the screening on the school and donated a new Vietnamese flag for the school's use. The teacher was paid \$2200 VN piasters from donations of battery personnel. The battery continued in its efforts to get an artificial leg for Dang XI, an 11 year old boy, whose leg was blown off by a VC mine last October. The battery donated \$9000 VN piasters for support of Dang XI and his family. The battery has also initiated efforts to send a 15 year old vietnamese girl to school. B-1-13, and 1st 8" Howitzer Battery continued to support the Ap Ai Ngai Dong School. Headquarters Battery, L-4-12, B-1-13, and 1st 8" Howitzer Battery continued their MEDCAP program, treating over 500 persons. Relations with civilians were excellent.
7. Personnel. The battalion was at 92% of T/O strength at the end of the reporting period. Shortages that hinder the mission of the battalion exist in MOS's 0239, 0846, 0847, and 0848. A total of 78 Marines participated in the R&R program.

ENCLOSURE (1)

8. Intelligence. Battalion patrols found and disarmed one CHICOM fragmentary mine, and destroyed one fighting hole and one VC stone hut. Only four small arms sniper incidents were reported for the month of March with no friendly casualties taken. Increasing VC activity noted east of Headquarters CP and south of Hill 65. All information received on 140 MM rockets and units using them indicate the enemy will continue to use them to hit major installations from in and around our supported area.

9. Communications. Now have a daily comm check with 12th Marines, using PRC 47's (approximately 100 miles). We run a "covered circuit" utilizing KY-8's with all battery's three (3) times a week. Changed the load on generator PU-482 in order to balance out the three phases. Inspected 1st 8" Howitzer Battery. Attempting to set up a covered RATT shot with 12th Marines in order to send traffic straight to them; bypassing infantry and division comm centers.

10. Training. Training continued to be initiated in conjunction with operational commitments. FAM firing was conducted with all T/O weapons. Troops indoctrination information periods were conducted weekly for all members of the command. Three (3) members of the command attended formal schools during March. One (1) attended Motion Picture Operators School in Japan, One (1) attended Registered Publications Custodian School in Japan, and one (1) attended Embarkation School in Okinawa.
