PART IINARRATIVE SUMMARY

~~CONFIDENTIAL~~
UNCLASSIFIED
 During May this Battalion fired a total of 523 observed missions, 357 unobserved missions and 2648 H&I missions in support of the 9th Marines and 3rd Marines. Ammunition expenditures were 28104 rounds of 105MM ammunition and 6277 rounds of 155 MM ammunition. Enemy casualties for May were 15 KIA (conf), 70 KIA (prob), 0 WIA (conf), 22 WIA (prob). In addition 6 artillery or mortar pieces, 26 bunkers, 5 structures were destroyed. 43 secondary explosions were observed. 1 37MM AA position was partially destroyed and 1 boat damaged. From 1 May thru 14 May the battalion provided a command group to the Khe Sanh area of action to provide fire coordination for the batteries present, Battery F, 2nd Battalion, 12th Marines, and Battery B, 1st Battalion 12th Marines. On 17 May 1967 Headquarters Battery moved out in support of the 9th Marines on Operation Hickory. On 19 May, Headquarters established its CP at Con Thien and controlled fires for Battery K, 4th Battalion, 12th Marines, Battery C, 1st Battalion, 12th Marines, Battery B, 1st Battalion, 13th Marines, and Battery E, 2nd Battalion, 12th Marines; also the Army's C-1-40 at Cam Lo. On Operation Hickory from 170001 May to 282400 May 1967, 1897 missions were fired expending 19,965 rounds of 105MM ammunition and 3530 rounds of 155MM ammunition. From 290001 to 312400 May 1967 K-4-12, B-1-13, C-1-12, and E-2-12 provided fire support to the 3rd Marines on Operation Prairie IV. 615 missions were fired expending 5492 rounds of 105MM ammunition, and 922 rounds of 155MM ammunition.

PART IIISEQUENTIAL LISTING OF SIGNIFICANT EVENTS

1. Combat Missions Assigned. Direct support of 9th Marines.
2. Significant Operations Conducted. Operation Hickory and Prairie IV.
3. Casualties Inflicted on the Enemy. 15 KIA (conf), 70 KIA (prob), 0 WIA (conf), 22 WIA (prob)
4. Casualties Sustained. 5 KIA and 98 WIA for 2nd Battalion, 12th Marines.
5. Logistics. The logistical situation within this command continues to be satisfactory. During this period the Battalion rendered logistical support to three 105 Howitzer Batteries, one 155 Howitzer M109 Battery and Headquarters Battery.

The motor transport deadline rate for the period was 9.5%, 75% of this figure was the result of insufficient 2nd echelon spare parts. During the last fourteen days of this period the Battalion supported various operations. The operations necessitated maximum utilization of the Battalion's logistical resources. The Battalion required 95% of its vehicles daily for resupply. Specifically the Battalion transported 35000 rounds of 105MM and 155MM howitzer ammunition, 2000 cases MCI's, 30,000 gallons of water as well as vast amounts of class IV and miscellaneous supplies. At this time there are no major logistical problem areas within the Battalion.

UNCLASSIFIED

6. Civic Action. Since arriving in Dong Ha operational commitments have precluded initiating a civic action program. Plans for a strong program are now being formulated at a higher headquarters. Relations with civilians around the present C.P. continue to be satisfactory.

7. Personnel. The battalion was at 98% of T/O strength at the end of the reporting period. No MOS shortages hinder the mission of the battalion. A total of 29 Marines participated in the R&R program during May.

8. Intelligence. On the 14th of May Capt J. R. TUTEN relieved Lt J. E. McCLENAHAN as S-2 of this battalion. The Dong Ha combat base was subjected to North Vietnamese Army rocket attacks on the 8th and 18th of May. Light damage resulted in each attack. At Con Thien, 1st Bn, 4th Mar and then 1st Bn, 9th Mar became the battalion's principle source of intelligence.

9. Communications. On 17 May the communications section moved out of Dong Ha in preparation for Operation Hickory with a radio relay team from 9th Marines attached. We experienced considerable difficulty on our radio nets due to the closeness of frequencies. Resolved by receiving alternate frequencies from 9th Marines and 12th Marines. On 24 May GySgt BURTON replaced GySgt BLUNT as Battalion Communications Chief.

10. Training. Due to operational commitments training was limited in the month of May. The first portion of May saw the continuation of establishing a secure, CP area. At mid-May the battalion was alerted for Operation Hickory and on the 17th a majority of the unit moved out into the field and a combat situation. As a consequence OJT became the primary instrument of instruction. Two personnel were sent to school, one to MUMMS training, Dong Ha and the second to Vietnamese Language School, Okinawa. 10 personnel from throughout the battalion were sent to a Regimental training class on the operation and firing of the M-16 on 25 May 1967.
